**Submission to
Local Board
Plan:**

To Local Board Members, Thank you for the opportunity to comment on the priorities for our community for the next 3 years. I strongly support making smokefree a priority for our area. Smoking is a serious health issue and we should do all we can to reduce the impact of smoking across our community, especially for our children. I would like you to: Assign budget for smokefree signage; Go beyond the policy and make town centres, beaches, & outdoor dining areas smokefree before 2018; Make smokefree a priority in our Local Board plan. Thank you for creating a healthier future for our children.

Sub #	Name	Smokefree Pro Forma: Additional Comments
7313	Colin Taylor	Seeing the impact this unsocial habit has had on someone from a personal perspective makes me strongly opposed to any exposure to first or second-hand tobacco smoke - especially for children who have no choice in whether they will inhale poisonous substances via secondhand tobacco smoke or not. I personally believe that smoking should not be permitted in ANY public places whatsoever but only designated and highly signed areas specifically set aside for tobacco addicts (as opium dens were for opium addicts).
7314	David Gregory	Smoking should be banned, given the health issues it creates and the associated health costs.
7316	Carol Smith	Would like to see public areas such as bus stops smokefree.
7317	Matt Ansley	Please give children the best possible start in life.
7318	Karen Stevens	Make the throwing of cigarette butts onto the ground a littering offence that attracts a fine of \$50 per butt.
7321	Win Le Shwe Sin Ei	Make parks smokefree, and reinforce the regulations in smokefree areas.
7323	Barbara Hodson	I certainly endorse never starting smoking.
7324	Susan Koo	Fully supports the Auckland Cancer Society Smokefree drive.
7326	Aravind Thangavelu	Thank you for taking necessary precaution to save many lives. Creating a smoke-free environment will be a live saver step for the community. As a Public Health student it's my responsibility to maintain the community health, I am interested to take part in it, if I get an opportunity. Please let me know if I can participate in your programme.
7595	Dean Hewett	Make smokefree a priority in our Local Board plan. Thank you for creating a healthier future for our children. Outside bars and cafes need to be smoke free. I want to be able to sit outside a cafe for a drink, coffee etc and not sitting next to a smoker. The main CBD / shopping area in towns should be smoke free.
7596	Racheal Hira	Going SMOKE FREE everywhere, airports, Marae, outside schools, parking areas, sports fields and clubs.
