- c) **Requests council staff to provide regular updates on the impact of the hire fees and the performance of council-managed community facilities as part of the quarterly reports.**

CARRIED

19 Update on Māngere-Ōtāhuhu Local Board Engagement and Communications Strategy

Resolution number MO/2015/53

MOVED by Member TW Togiamua, seconded by Member CF O'Brien:

That the Māngere-Ōtāhuhu Local Board receives the report.

CARRIED

20 Local board advocacy and feedback on Long-term Plan 2015 – 2025 proposals

The updated advocacy list tabled at the meeting is attached to the back of the minutes.

The revised pie-chart (Agenda page no. 121) is attached to the back of the minutes.

Resolution number MO/2015/54

MOVED by Chairperson L Sosene, seconded by Member EP Skelton:

That the Māngere-Ōtāhuhu Local Board:

- a) **Receives the report on summary of feedback from Māngere-Ōtāhuhu local board area consultation report, including the revised pie-chart 2) Fixing Transport – Preferred transport funding option (on page 121 of the agenda) tabled at the meeting.**
- b) **Resolves to continue the local board policy enabling free universal entry to the two swimming pools in the local board area.**
- c) **Recommends that the Governing Body adopts for inclusion in year one of the Long-term Plan (2015/2016) a targeted rate set as a uniform charge per separately used or inhabited part of a property, on residential properties in the Māngere-Ōtāhuhu local board area. Further, that the local board notes that the targeted rate is estimated to be \$30.53 (GST included) per annum per household in Māngere-Ōtāhuhu local board area and is for the purpose of fully subsidising entry for persons 17 years and over to swimming pools at Moana-nui-ā-Kiwa Leisure Centre and the Ōtāhuhu Recreation Precinct.**

CARRIED

Resolution number MO/2015/55

MOVED by Chairperson L Sosene, seconded by Member EP Skelton:

That the Māngere-Ōtāhuhu Local Board:

- d) **Confirms an updated list of advocacy points for the discussions with the Budget Committee on 24, 28 and 29 April (tabled at the meeting).**

CARRIED

Member TF Lauese left the meeting at 7.56 pm.

Member TF Lauese returned to the meeting at 7.59 pm.

21 Mangere-Otahuhu Local Board - Feedback on Auckland Film Protocol

Resolution number MO/2015/56

MOVED by Member TF Lauese, seconded by Member CF O'Brien:

That the Māngere-Ōtāhuhu Local Board:

- a) **Approves the Auckland Film Protocol feedback (Attachment A).**
- b) **Note that the summary of submissions will be reported by officers and considered by an appointed hearing panel.**
- c) **Notes that following deliberations/recommendations will be considered by the Governing Body on the final fees and amendments to the Auckland Film Protocol.**

CARRIED

22 Developing the Empowered Communities Approach

Resolution number MO/2015/57

MOVED by Member TW Togiamua, seconded by Member CF O'Brien:

That the Māngere-Ōtāhuhu Local Board:

- a) **Receives the Developing the Empowered Communities Approach report.**
- b) **Accept a late report for its 20th May 2015 meeting so that the board can provide feedback during the period 5 May – 3 June.**

CARRIED

Item 8.1

Smokefree Māngere- Ōtāhuhu

Māngere-Ōtāhuhu LB Plan

“Harm from smoking is something of concern for people in Māngere-Ōtāhuhu. We will continue to encourage reduction in harm from smoking through signage, communication and at local events.”

Council Smokefree Targets

Auckland's People target:

"By 2025 all parks and reserves, children's play areas and other public spaces identified in bylaws will be Smoke-free"

Southern Initiative health and safety target:

"By 2025 the level of residents 15 years and over that smoke will fall below 3%"

Smokefree Auckland Policy

Phase 1 - from July 2013

Playgrounds, skate parks, sports fields, parks and reserves
Outdoor areas associated with council
Transport hubs

Phase 2 - from May 2015

Shared spaces
Plazas and civic squares

Phase 3 - from May 2018

Sports clubs
Al fresco dining
Urban centres
Beaches

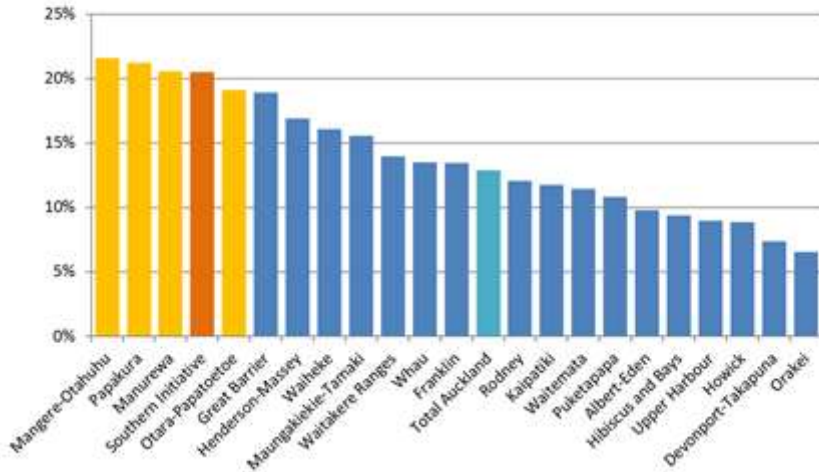

Other

Regional policy locally applied
Council advocacy to government
Policy/bylaw review now 2015

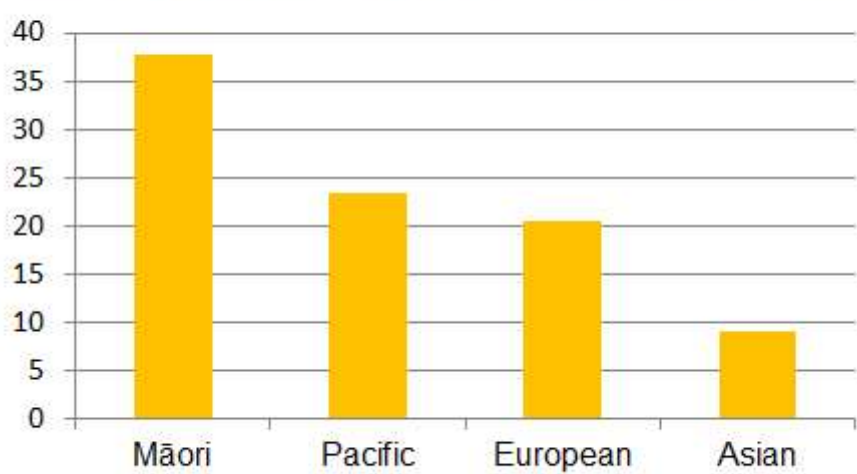

Smokefree is a priority in SI

Percent Regular Smokers by Local Board (of the population aged 15+) - 2013 Census

Smoking prevalence by ethnicity in Māngere-Ōtāhuhu

South Auckland Findings

- Low awareness and high confusion of Smokefree public places
- The majority of people who smoke have smoked in Smokefree public places
- High support for Smokefree public places

- Prefer bylaw to current non-regulatory approach

It's About Our Tamariki

Outcomes:

Innovative Bylaw model developed

- Inform Council Smokefree policy and bylaw review (now 2015)

Community Engagement:

- South Auckland communities engaged in development of a Smokefree bylaw model
- Identify and working with community champions

Actions for Māngere-Ōtāhuhu

Communicate the policy to increase awareness and improve outcomes

- Articles/comments in newsletters and media
- Promote Phase 1 of Smokefree policy and ensure prominent signage installed
- Promote "Here to help you Quit 0800 569568" (CMDHB only)
- Smokefree event/launch
- Smokefree promoted on Facebook page

Ensure all events are Smokefree

- All events required to be Smokefree and to promote SF (e.g. on all communications: tickets, promotions, key messages at the event)

Actions for Māngere-Ōtāhuhu

Create more Smokefree local places

- Work with Māngere market to become Smokefree

LB leadership for bolder Smokefree measures

- Actively participate in the Policy Review to ensure 3% targets are achieved
- Gather local data on compliance of SF policy (prep for SF policy review)

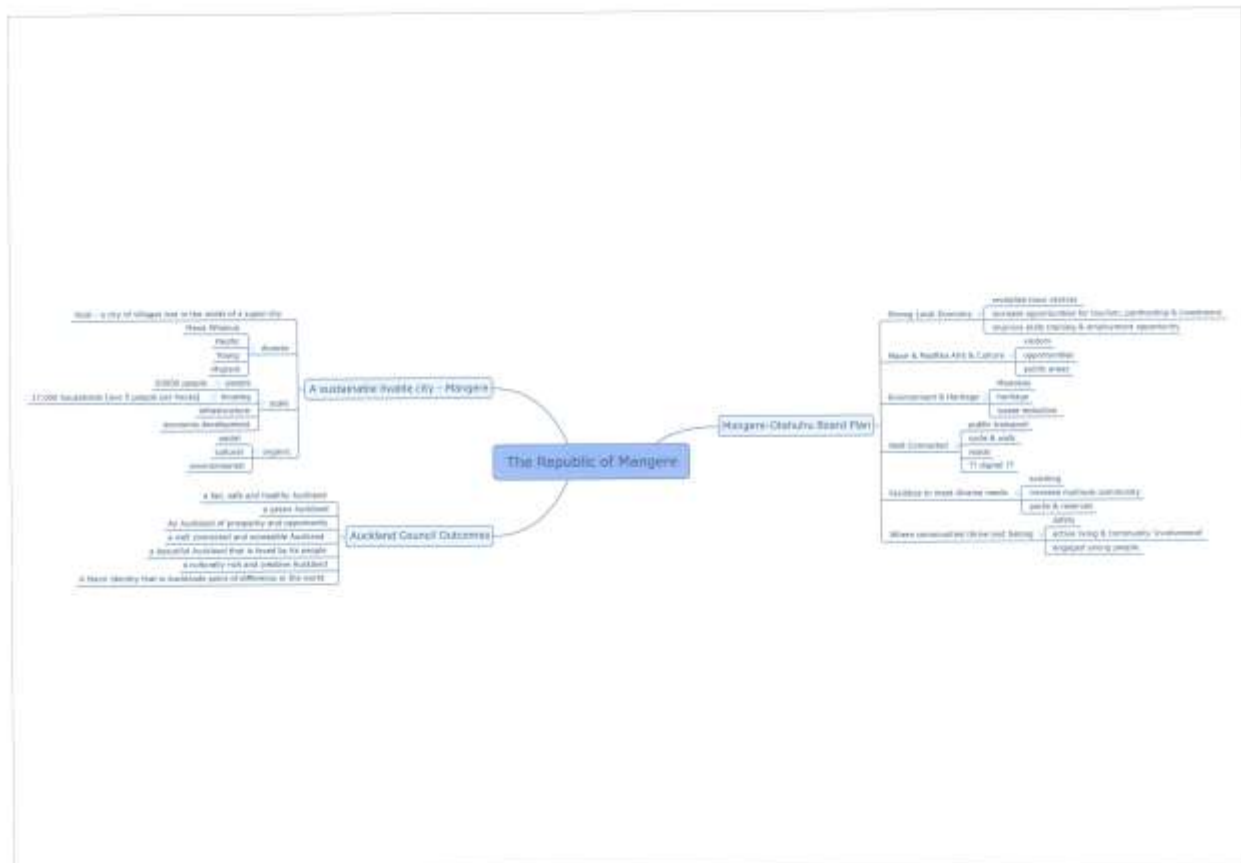

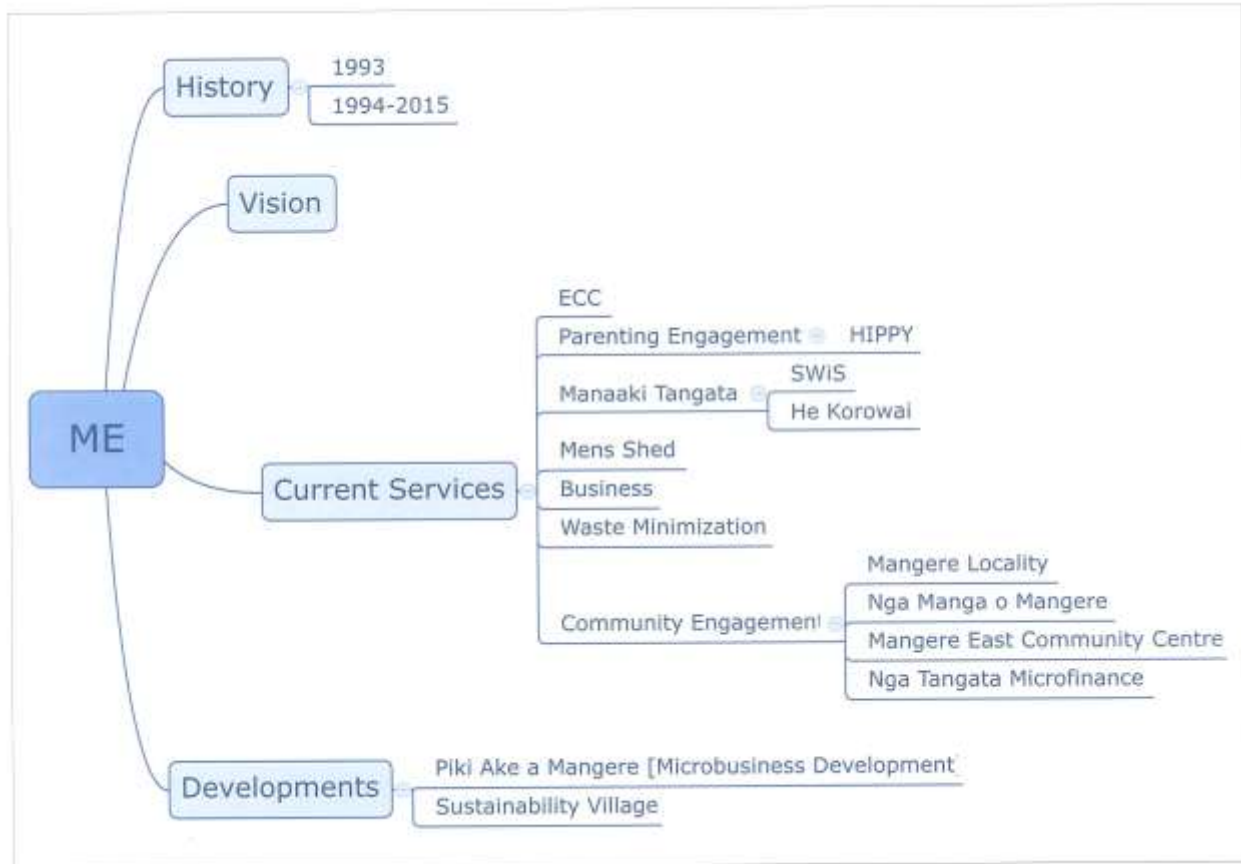

Call to Action

The Māngere-Ōtāhuhu Local Board:

- Reaffirms their commitment to implementing the Smokefree policy including all events.
- Notes the upcoming Smokefree policy review as a key opportunity to work with Council to achieve the targets (to reduce smoking prevalence in the SI to less than 3%).

Item 8.2

ITEM 12 Cr Anae Report

Dialogue and workshop on social inclusion, good policies and practices (for disabled people in Asia and the Pacific)

Sponsored by UNESCO and Auckland Council
18 and 19 March 2015, Manukau, Auckland

Councillor Arthur Anae served as Auckland Council's main proponent for this conference. Mayors, governors and councillors from the Asia-Pacific region were in attendance; including key officials from UNESCO. Countries that sent their local government representatives to the conference include Bhutan, Indonesia, Kiribati, Niue, Mongolia, Philippines, Singapore and Thailand. Auckland Council's advisory panels' representatives and David Taipari of IMSB were also present and gave presentations and provided further insights about what they do to through questions and answers. Ms. Philippa Reed, Diversity Manager talked about how her office manages diversity, inclusiveness and Council's statutory obligations as an equal opportunity employer.

The programme included a wiki tour of facilities and infrastructures within Auckland that cater to people with disabilities including a tour of shared spaces in Elliott Street at the CBD. Mayor Len Brown hosted a dinner for the participants at Town Hall.

Councillor Anae considers the conference an opportunity for involved parties to learn from one another and for them to incorporate the learnings into the practice and approach towards a more inclusive society. It was also an opportunity to showcase Auckland and our country's drive to bring about a just and inclusive New Zealand. (*Conference documents are attached for reference.*)

Manukau Ward Local Boards April 2015

The Coalition of Cities against Discrimination in Asia and the Pacific (APCAD) is a network of cities and municipalities interested to meet, discuss, share ideas, experiences, think and act together. In order to develop and strengthen their policies to counter all forms of discrimination that will allow a more efficient implementation of policies for greater social inclusion of their city dwellers in full respect of their human rights and fundamental freedoms in the political, economic, social, cultural or any other field of public life.

A *Ten-Point of Action Plan* relating to the Asia and the Pacific has been developed, covering different areas of competences to local authorities, such as education, culture, housing and employment.

Ten-Point of Action Plan/Commitment for Asia and the Pacific:

- 1) Assessing Racism and Discrimination and Monitoring Municipal Policies;
- 2) Providing Political Leadership at the City and Community Levels;
- 3) Promoting an Inclusive Society;
- 4) Strengthening Support for the Victims of Racism and Discrimination;
- 5) Facilitating Greater Participation and the Empowerment of City Dwellers through Access to Information;

- 6) Promoting the City as an Equal Opportunities Employer and Service Provider;
- 7) Promoting the City as an Active Supporter of Equal Opportunity Practices;
- 8) Challenging Racism and Discrimination through Education;
- 9) Promoting Cultural Diversity;
- 10) Preventing and Overcoming Racist Incitement and Related Violence.

International Conference of the Coalition of Cities on Social Inclusion: Good Policies and Good Practices for Disabled people in Asia and the Pacific

Auckland Declaration

The Coalition of Cities Against Discrimination in Asia and the Pacific was founded in 2006 and includes a variety of local governments such as municipalities, cities and provinces.

The members of the Coalition reaffirm our commitment to the Ten Point Action Plan that aims to reduce and eliminate racism and discrimination based on our common values and principles reaffirmed during the Auckland conference.

We agree that our goals can be achieved through the development and on-going assessment of practical plans and actions at all levels of governance with urban and rural communities;

We, the members of the Coalition which includes all local government units will build an international community to promote social inclusion that shall inspire and mobilize all citizens to work together with all stakeholders in implementing concrete plans aided by responsive and effective policies to implement the Ten Point Action Plan;

We the members of the Coalition will work together to develop and share new tools, resources, expertise and exchange experiences that will support us in our work against all forms of discriminations;

We will develop a system of tracking progress of our collective work and measure and evaluate performance and impact at the country, regional, and global levels. We may also be able to measure community level success by identifying clearly our indicators and the means to measure;

The members of the Coalition will hold its next regional conference of Cities against Discrimination, in Thailand in 2016. At that time members are encouraged to share their follow up to this declaration to the practical implementation of the Ten Point Action Plan through providing good practices and policies;

A website for the Coalition of Cities against Discrimination in Asia and the Pacific will be established as an avenue in sharing good practices across borders and oceans;

The members present at the conference, reflecting the composition of the Asia Pacific Coalition, recommended to UNESCO to consult with other regional coalition of cities to include all forms of local governments as members of the Coalition, ranging in size from village, municipalities, cities, to provinces;

We the members of the Coalition declare commitment to work as a regional Coalition to evaluate better practical measures to promote and protect human rights, and to promote respect of the integrity and dignity of all people including persons living with disabilities.

WE THE PARTICIPANTS OF THIS CONFERENCE PLEDGE OUR COMMITMENT TO THIS DECLARATION.

Agreed on this day, 19th of March, 2015, Valentines Manukau, Auckland, New Zealand.

Item 20

Local board advocacy and feedback on Long-term Plan 2015 – 2025 proposals – Updated Advocacy List

Māngere-Ōtāhuhu Local Board input into LTP 2015 - 25

Local priorities

Advocacy request	Activity area	Why is it a priority?	Funding implications or options
<p>Development of the Māngere East Multi-use Community Centre through funding of the Community Facilities Network Plan</p>	<p>Local Community Services</p>	<p>The local community facilities at Māngere East are a multitude of old or repurposed facilities which are not fit for purpose.</p> <p>This area has been identified in the Community Facilities Network Plan as a priority.</p> <p>The adjoining town centre site redevelopment which is a private venture is near completion.</p> <p>The board have recently redeveloped the sportsfields on Walter Massey Park to increase year round usage by the Māngere East Hawks Rugby League Club and Manukau City Football Club.</p> <p>The timing provides a unique opportunity to invest in this local town centre by providing a hub for the Māngere East area by building a multi-use facility to build on the current development to transform the Māngere East town centre in a relatively short time.</p> <p>This aligns with the Southern Initiative priority of a 'Safe, stable and healthy homes and communities' outcome as well as the transformational shift of 'children and young people' as stated in the Auckland Plan.</p> <p>Currently the board is undertaking a needs analysis for the Māngere East area.</p> <p>The board request that governing body allocates funding for the development of a multi-use community facility for Māngere-East.</p>	<p>Governing body allocates funding to deliver on the Community Facilities Network Plan</p>

<p>Alcohol harm minimisation through reducing the proliferation of off-licenses</p>	<p>Local Community Services</p>	<p>Harm associated with alcohol is a problem in Mangere-Otahuhu. There has been a marked increase in new applications for stand alone liquor licences in Mangere-Otahuhu.</p> <p>Until the Local Alcohol Plan (LAP) is in place, which may be several years away, there is a risk that high deprivation areas will be inundated with liquor outlets attempting to beat the implementation of the LAP. The LAP seeks to give greater weighting to community concerns regarding new applications for liquor licenses.</p> <p>The board seeks Governing Body support by providing feedback in the development of the LAP, review of the District Licensing Committees, adoption of signage bylaws and any direct or indirect plan, policy or bylaw to giving voice to local community views to guide how alcohol impacts their local community.</p>	<p>No funding required.</p>
<p>Additional support and funding for a Southern Waste Recycling Centre</p>	<p>Local Environmental Development</p>	<p>As the regional policy to reduce and minimise waste comes into effect there is a need to take up co-ordinated measures to support community recycling. This is a shared concern among the southern boards.</p> <p>The board are aware that a regional scoping exercise is underway to investigate a Southern Resource Recovery Centre.</p> <p>The board requests that Governing Body secure funding for the implementation of a Southern Resource Recovery Centre through the LTP within the next 3 years.</p>	<p>Support in principle to fund the implementation of the Regional Resource Recovery Strategy.</p>

<p>Clean-up the Manukau Harbour by improving the health of our fresh water streams</p>	<p>Local Environmental Development</p>	<p>Improvements to the water quality of the Manukau Harbour is vital to ensure that further degradation of the Harbour does not occur.</p> <p>Intensification in housing through the Unitary Plan or Special Housing Areas (SHA) for example, where Mangere-Otahuhu has 3 Special Housing Areas near the coastal areas, will subject our major catchment area - Manukau Harbour to further increased run-off and treated wastewater.</p> <p>The board seeks that the governing body prioritises a regional plan for the management and enhancement of the Manukau Harbour and its coastal environs.</p> <p>The board also requests greater support for the Manukau Harbour Forum in its work to maintain and enhance the Manukau Harbour as one of Auckland's natural environmental treasures.</p> <p>Requests that hydrodynamic mapping is required to improve the body of knowledge of the harbour and that this be prioritised as the first step to 'improving and restoring the health of the Manukau Harbour'.</p> <p>The local board wants work programmes that will include immediate actions for the clean-up of the Manukau Harbour and its tributary waterways and notes that this aligns with the Auckland Plan outcome for the 'Environment' and committing to environmental action.</p>	<p>Support in principle to provide resource the Manukau Harbour Forum.</p> <p>Requests funding from Governing Body for hydrodynamic mapping of the Manukau Harbour and waterways.</p>
<p>Increase in the proportion of local development contributions for local investments to offset adverse effects of increased growth.</p>		<p>The board have continually questioned the policy of taking Development Contributions from local development growth and distributing those funds to another local board area. Growth in the local board area requires that commensurate resources be reinvested back into the local area to offset development pressures i.e. increased traffic, lack of community facilities, loss of amenity and public open space.</p> <p>Business and commercial growth adds to the impacts of growth which can have a detrimental effect on adjoining residential areas - Airport growth - increase adverse traffic effects. Current assessments of priority growth areas focus on residential development for the prioritisation of development contributions.</p> <p>That SHA's such as Ōtāhuhu which is not being delivered by a major single</p>	<p>No funding required.</p>

		<p>landowner like most SHA's, but individual property developers, may miss out on associated development contribution funding due to existing measures of growth.</p> <p>The local board request governing body to review its current position on the distribution of development contributions to allow those areas with the greatest impact of growth, be it business or residential to be apportioned with a greater share of development contributions.</p>	
Support the development of the Southern Initiative	The Southern Initiative	<p>The board supports the Auckland Plan priority for transformational change through the agency of the Southern Initiative and its various focus areas and projects.</p> <p>The need for support over the next 10 years is critical to unlocking the potential of the target local board areas to improve the lives of the local people. This will provide the opportunity to realise the potential contributions this community can make to the local, regional and wider national economy.</p> <p>The board wants to work more collaboratively with the TSI team to deliver on the common outcomes.</p>	Commit to long term funding for the Southern Initiative

CCO Priorities

Advocacy request	CCO	Why is it a priority?	Funding implications or options
Build the Māngere Town Centre bus station and interchange improvements	Auckland Transport	<p>The upgrade of this interchange is part of the network of infrastructure projects required for the New Network Plan.</p> <p>Public transport is a high priority for the local board and community for increasing access for local communities to employment and education. Improving, what could be the most dilapidated bus interchange in the whole region will provide the patrons with greater security and shelter.</p> <p>This delivers on a Southern Initiative outcome of "increased services and use of public transport" as outlined in the Auckland Plan.</p>	Prioritise in the Regional Land Transport Plan to be completed by 2016/17

<p>Build the Ōtāhuhu Bus and Rail Interchange</p>	<p>Auckland Transport</p>	<p>The upgrade of this interchange is critical to the network of infrastructure projects required for the New Network Plan.</p> <p>This facility is seen as critical for the success of the New Network rollout in the south and providing the efficiencies which are required of an efficient public transport system.</p> <p>This delivers on a Southern Initiative outcome of "increased services and use of public transport" and the Public Transport transformational shift as outlined in the Auckland Plan.</p> <p>Ōtāhuhu is also part the Spatial Priority Area and will be subject to increased growth due to its designation as a Special Housing Area.</p>	<p>Move forward in the proposed Regional Land Transport Plan to start 2015/16</p>
<p>Airport rapid transit project (was known as Auckland Transport's SMART project)</p>	<p>Auckland Transport</p>	<p>The Airport to CBD rapid transit project is of long term strategic importance to the board.</p> <p>The development of the local boards 'Area Plan' which fed into the development of the Unitary Plan zonings and priority areas was informed by early SMART project discussions.</p> <p>The progression of this project is supported by the board, but any planning for future rapid transit solutions should remain aligned with the intent of Area Plan and subsequently the Unitary Plan.</p> <p>To secure Auckland's long term security for our heavy freight industry, the local board support a heavy rail link to the airport and then Puhinui as the primary solution to ensure a robust rail network that serves both freight and passengers.</p> <p>There has been limited engagement on any alternate options being considered through the LTP, and therefore the benefits/ costs to local communities have not yet been fully considered.</p> <p>This project also delivers on a Southern Initiative outcome of "increased services and use of public transport" as outlined in the Auckland Plan.</p>	<p>Consider the long term benefits/ costs of the various Airport to CBD options prior to committing funding support.</p>

<p>Continue in principle the Māngere Gateway Programme and fund to the Māngere-Ōtāhuhu Local Board.</p>	<p>Auckland Tourism, Events & Economic Development</p>	<p>Initially the Māngere Gateway project was is a long term programme which sought to deliver on:</p> <ul style="list-style-type: none"> - Maori economic aspirations - growing regional cultural and heritage tourism - increase local employment <p>A reprioritisation of funding by Governing Body in 2014 has restricted this projects ability to deliver on the key outcome areas.</p> <p>The growth of the Airport and the potential growth of the visitors trips into Auckland means that this is unique opportunity and time for Auckland to develop and grow its cultural and heritage tourism industry.</p> <p>ATEED now as role in this process to support investigation, development and delivery of a programme of initiatives in the local area that will work with Marae and local businesses, entrepreneurs to achieve the project outcomes in the next 3 years.</p> <p>Local board requests continued support and funding for the delivery of the outcomes of the 'Gateway Project'</p> <p>This project aligns with the Southern Initiative outcome of 'creating an outstanding international gateway and destination area' as well as the 'economic development and jobs for local people' as outlined in the Auckland Plan.</p>	<p>Direction to Auckland Tourism, Events and Economic Development to prioritise the 'Gateway Project' project to establish and grow Auckland's cultural and heritage tourism industry.</p>
