  - ii. The cover shall be lockable and shall be kept locked when the spa pool or hot tub is not being used or supervised. A locking device shall contain a mechanical locking mechanism or a self-locking mechanism in addition to latching shut;**
  - iii. The locks shall not be able to be readily opened or released by a child of up to the age of six years;**
  - iv. That the key to the locks be kept in a safe secure place inaccessible to a child of up to the age of six years old;**
  - v. When locked the cover shall be fitted so that if lifted it does not release the locking device or provide a clearance greater than 100mm;**
  - vi. The cover shall be made of a material that if walked on cannot collapse and can withstand the weight of at least 20kg to ensure that it will more than take the weight of a child up to six years old;**
  - vii. The cover shall be constructed of material that meets ASTM F1346-91 to allow easy movement on and off the spa pool or hot tub;**
  - viii. The cover shall be constructed with a taper from the centre hinge to the outside edge of the cover so that water will not pond on top of it;**
  - ix. The cover shall have an evenly spaced mechanical locking device as required in b) which shall be positioned to ensure the cover cannot be lifted more than 100mm by a child up to six years of age, and ensures that the cover is fixed securely to the spa pool or hot tub;**

- x. The cover and locks shall be maintained at all times in a good state of repair;
- xi. Warning stickers/sign shall be placed on the cover to advise that it shall be locked in place when the spa pool or hot tub is not being used or supervised;
- xii. Removable steps, movable furniture, or other objects that can assist a young child to climb onto the cover, shall be stowed/stored away at least 1200mm from the side of the spa pool or hot tub;
- xiii. Any plant material that can support the weight of at least 20 kgs shall be no closer than the edge of the deck where the spa pool stands.
