Our programmes and teaching methodology align to future education pedagogy which is central to successful education outcomes in a fast changing world.		
Community benefit	Our outcomes include - improved awareness and knowledge on key health areas improved attitudes towards healthier behaviours improved skills and understanding about how to make healthier choices Measures of success - The work we are doing is effective. This is recognised in longitudinal studies - please refer to -

We explore personality types and how this influences responses and decision making.</p> <p>Our Youth Development programme deals with feelings and coping with change. We discuss peer pressure and conflict and the importance of having good information in decision making. These lessons also cover keeping yourself safe.</p>

A team of young people will also have the opportunity to be involved in planning, production and management of their school event. These fun, memorable events are aimed at fostering a pride moment within the school, bringing students together, encouraging student involvement, championing school values, and helping to create a positive and thriving school-culture.

Previous experience	Zeal has been running school tours for several years now and is well equipped to deliver this project. Zeal is a leader in youth-development through creative mediums and has established youth facilities in West Auckland, Hamilton and Wellington and is currently operating mobile services in the Hawke's Bay and

	<p>Kapiti. The Event Box is the latest example of our innovative mobile services. We see this project as an initial stepping stone for Zeal's operations into south Auckland communities by developing and fostering ongoing relationships with a number of south Auckland schools.</p>		
Active participants	<p>Per school: 10 - 15 key students, 5-10 music students, 10-20 event day helpers. Total: 25-45 students per school. Total 18 schools: 450-810 students</p>	Audience size	<p>approx. 16,000 - 18,000 students</p>
Promotion	<p>Yes. - A promo video was created using footage from the Zeal Schools Tour - Summer Series 2016. This will be sent to schools to promote the tour: https://vimeo.com/164232958</p> <ul style="list-style-type: none"> - The tour will be promoted on our website and Facebook page prior to and during the tour using the promo video. - Funding is sort to purchase two banners which will be placed around the school on the day of the event. - Set up of the Event Box will begin at 7.30 am as students begin to arrive at school to pique their interest and build momentum for the lunchtime event. 		
Local board recognition	<p>Zeal will acknowledge Auckland Council's contribution on its website, Facebook page, annual report and audited accounts. We will publicly acknowledge Auckland Council's support including the Auckland Council logo on all promotional materials. Auckland Council's logo is already displayed on the Event Box as a supporter for all attendees to see.</p>		
Reason for the project	<p>The need for more youth-events was established in the Point Research feasibility study commissioned by Zeal in 2014. The main findings were:</p> <ul style="list-style-type: none"> - Young-people need somewhere to go and something to do in their local communities to express themselves creatively - Young-people's interests are diverse and service providers need to cater to this - Young-people desire central involvement in the establishment and running of any services - Transport, safety and cost are the biggest barriers to participation <p>Through the South_Auckland_Event_Box_School_Tour, Zeal will take its events to where young-people are, ensuring accessibly and offering young-people opportunities to be involved both as performers and event/programme managers.</p>		
Community benefit	<p>Key benefits</p> <ul style="list-style-type: none"> • The provision of safe, positive, drug/alcohol/smoke-free events • To bring young people together to share a fun celebration moment, building a positive school environment • To involve young people in the creative-arts • To provide learning and training opportunities for young people • To provide opportunities for young people to showcase their talents <p>Zeal will measure the effectiveness of the Event Box schools tour by</p> <ul style="list-style-type: none"> • Number of young people attending events • Number of young people performing in events • Number of young people involved in planning and production of the events • Feedback from attendees and school staff (online survey) 		
Alignment with local board priorities	<p>Ōtara -Papatoetoe - town centre vitality, thriving communities Through the South-Auckland Event Box Schools Tour, Zeal will provide infrastructure and resources for students to put on a mini lunchtime festival.</p>		

	<p>Working with teams of students from each school and in collaboration with What Hope, each event will showcase a local artist, talent from the school, dance-battle, fun-challenges, games and giveaways.</p> <p>These fun, memorable events foster community spirit within the school, bringing students together, encouraging student involvement and helping create a thriving school environment full of vitality. Young people are given the opportunity to showcase their talent and be involved in the planning, production and management of the event.</p>

Project details

Project title	2016 Hubbard's Head2Head Walk		
Dates	12/11/2016 - 13/11/2016		
Location	1/507a Great South Road, Papatoetoe, Auckland, 2025		
Summary	<p>Experience a new side of Auckland on this scenic 125km charity walk around the Manukau Harbour. Kicking off in Orua Bay and ending up some 125kms and 24hours later at Huia in the Waitakere Ranges.</p> <p>The route takes in stunning scenery, ambling lanes, step hills and thigh crunching climbs. Teams of five individuals each walk a relayed 25km section over the walk over the weekend, in an attempt to each raise at least \$1000 for the OKE Charity.</p>		
Requesting grant for	Towards the event delivery cost of the fundraiser 2016 Hubbard's Head2Head Walk; specifically event insurance, promotion, event and traffic management.		
Cost of participation	Team entry is \$250		
Active participants	120	Audience size	50
Promotion	Yes, Details of the event has already been included in 20,000 boxes of Hubbard's cereal. We will also have the event mentioned in the local newspaper. OKE will promote the walk through our social media channels and ask that all our supports help spread the word. The intention is to promote the walk through billboard posters around Auckland.		
Local board recognition	We intend on having printed media across Auckland promoting the walk, which will include the local board logo who support the event. As per previous events, will can include the local board logos on the back of the Hi-Vis vests which the walkers have to wear.		
Reason for the project	The original idea was for the Head2Head Walk to be a one off event, back in 2012. Every year since then the event has grown, pulling in teams from all over Auckland and further afield, instilling a great community feel. It also helps to promote areas of the Auckland Super City which people haven't experienced before, especially Awhitu and Huia.		
Community benefit	Since establishing the Head2Head Walk in 2012, the event has raised over \$50,000 and supported many projects around Auckland. The fundraiser now supports OKE and its invaluable resources it provides to local primary schools, helping kids to develop much needed life skills. The event also promotes the communities around the Manukau Harbour.		
Alignment with local board priorities	<ul style="list-style-type: none"> • strong and thriving communities that are enabled to participate, celebrate and contribute • a healthy natural environment enjoyed by our communities • parks, sports and recreational facilities that promote healthy lifestyles and enhance well-being <p>The Hubbard's Head2Head Walk is the only event of its kind in Auckland and is the diamond fundraiser for OKE. The event helps to build a community spirit around the Manukau Harbour, by circumnavigating the entire harbour and bringing together its communities. The fundraiser raises funds to implement our Growing A Future Initiative at primary schools. A percentage of funds raised</p>		

	from the 2016 event, will be donated to community gardens along the route of the walk. It is our intention to support at least one community garden within each local board the #H2HWalk passes through.

OUTLine New Zealand Inc.

Physical address	Level 2, 31 Hargreaves Street, St Mary's Bay 1011

Umbrella organisation	Not applicable	Legal status	Incorporated Society

Project details

Project title	Training Volunteers for Specialist LGBTIQ helpline		
Dates	02/10/2016 - 30/09/2017		
Location	31 Hargreaves Street St Marys Bay Auckland		
Summary	From a clinically safe location, OUTLine provides specialist help and counselling for people questioning their gender identity and/or sexual orientation. OUTLine is at the frontline of the hidden danger of homophobia and transphobia, which are substantially higher rates of self-harm by LGBTI people. OUTLine provides a way for self-affirming LGBTI people to take a positive step helping the community.		
Requesting grant for	Towards the costs to train volunteers for the specialist lesbian, gay, bisexual, transgender, intersex and queer helpline between October 2016 - 30 September 2017		
Cost of participation	\$0.00		
Active participants	115	Audience size	3500
Promotion	Yes, OUTLine maintains its website, Facebook page and sends out brochures on its 0800 service to community and service agencies regularly.		
Local board recognition	OUTLine acknowledges partner organisations on its website and in its annual report.		
Reason for the project	Issues of sexual orientation or gender identity often create uncertainty. Whanau do not want to make matters worse. A specialist service needs to be available to discuss matters frankly and knowledgeably. Arataiohi has collated research showing gay / lesbian youth are 4 x more likely to have depression and to attempt suicide, while transgender youth are 5 x more likely to attempt suicide. Overall calls to 0800 OUTLINE have increased by over 62% since 2015.		
Community benefit	For volunteers, the ability to "put back" to their LGBTI community and added confidence, which they return to their local neighbourhoods. For callers, a resource not otherwise available to provide frank and knowledgeable information on LGBTI issues and to be effective at affirming people and mitigating risk.		
Alignment with local board priorities	<ul style="list-style-type: none"> • Providing a fund for local community safety projects OUTLine's single greatest call volume comes from the west. Your Plan aspires to value diversity (page 24) and provide a good life for young and old (page 28). While OUTLine is not based in Henderson, volunteers come from your area and many of your people contact us. Not all feel unsafe because of their sexual orientation or gender, but all need to be affirmed by a board that is active in demonstrating support for LGBTI people.
