Alignment with local board priorities	<ul style="list-style-type: none">local halls and libraries are familiar, valued and well-used community spaces: Our halls and libraries meet the needs of local communities. They are highly valued, welcoming friendly spaces in which local residents take pride and have a sense of ownership <p>Tomarata Hall is maintained entirely from local volunteers supported by donations and occasional grants from charitable organizations and Council. It provides a key community facility for people in the area and is important in time of disaster. For example, when a storm took out the electricity in parts of our area for up to 6 days in 2008 residents were able to use the hall facilities for water and cooking.</p>

Project details

Project title	Purchase digital talking books for the Blind Foundation library		
Dates	01/08/2016- 31/07/2017		
Location	4 Maunsell Road, Parnell - people within their community are provided access to the library		
Summary	<p>The most highly regarded service of the Blind Foundation is the library which has over 10,000 titles in its collection. Last year 4650 users of this free service borrowed 616,410 items. Feedback anecdotally and via the library user survey consistently shows a high demand for more New Zealand titles, more topical subjects and more recently published books in a wide variety of genres. Access to books is a lifeline for people who have lost their sight and now have much more unstructured time available due to their inability to continue with sport, arts and hobbies and potentially their former employment.</p>		
Requesting grant for	<p>To purchase new digital talking books for the Blind Foundation library to meet demand. This free service is the most highly rated of Blind Foundation services however consistent user feedback is that more recent titles and a wider selection of books are needed. Small contributions are sought from trusts, foundations and local authorities in all communities around the country to add to the national collection. Last year 4,650 users borrowed 616,410 items. Each book costs approximately \$500-1500 with multiple licences purchased to enable many copies to be issued concurrently and, once purchased, books are permanently in the collection.</p>		
Cost of participation	No.		
Active participants	1000 library users across Auckland	Audience size	12,109 Blind Foundation members nationwide
Promotion	Yes - All new members of the Blind Foundation will be provided with information about the library and encouraged to explore the collection.		
Local board recognition	Acknowledgement in the Annual Report		
Alignment with local board priorities	<ul style="list-style-type: none"> communities are empowered and plan for their own futures: Our communities know what they want for their futures. Local people will plan for their own areas and determine what is important <p>The Blind Foundation library provides equitable access to books in an accessible format that the resources of a public library cannot meet. Access to recently published books that are stimulating and topical provides blind and low vision people with content relevant to what's current in society. This enables them to keep up to date and explore ideas themselves so they can contribute socially.
