1	<p>Whau Youth Services Directory Project</p> <p><i>Presenters: Deahne Lakatani and Leilani Bennett (Creative Souls Project)</i></p> <p><i>Members received an update on the Directory of Youth Services project. This project contributes to developing a plan for more youth places and programmes in the Whau.</i></p> <p><i>The directory will include all services open/accessible to all youth along with information about how to get there, bus fares contact details and location etc.</i></p> <p><i>It was recommended that the Directory is developed as online resource. A suggestion was to take a futuristic approach with creation of an 'app' which can be made available freely.</i></p> <p><i>The project aligns with the local board plan outcome and staff will come back to the board with more information/funding agreement.</i></p>	5.10pm – 5.50pm
