## **Whau Performance Measure Results**

### 1. Introduction

- The year-end outlook is for 53 per cent of targets to be achieved or substantially achieved.
- The year-end outlook shows we are unlikely to achieve the target for percentage of residents
  who visited a local park or reserve in the last 12 months, but promoting our parks and facilities
  is one strategy being used to help improve this result.
- The year-end outlook shows we are unlikely to achieve target for percentage of visitors satisfied with the library environment, with feedback identifying noise problems, the need for additional seating and other issues. Town centre safety at night is not expected to meet the year-end target, but the council undertakes projects and initiatives at a community and social development level to improve perception of safety. Facility utilisation was achieved for peak times and substantially achieved for off-peak.

## How we measure performance

The following symbols are used to indicate our progress against targets set in the Long-term Plan 2015-2015 (LTP).

V	V	<b>2</b>	×	_
Achieved Target has been	Substantially achieved	Not achieved but progress made	Not achieved Target not	No result The measure was
met or exceeded	Target has not been met by a slim margin	Target has not been met but the result is an improvement from the prior year	achieved and prior-year result has not been improved	not surveyed or no result was available

#### Other considerations

### **Target setting**

Performance measure targets are different for each local board. It is important to remember this when comparing results presented in the summary performance results table. Targets were set by considering service expectations as well as previous performance results.

As new performance measures were introduced in the Long-term Plan 2015-2025, some of the measures had no previous performance results. This made it challenging to set some of the targets. We will continue to refine future performance targets in the next long-term plan (for 2018-2028).

#### Results timeframe

We collect results at various frequencies, based on the nature of each performance measure. Customer satisfaction is currently measured by annual surveys, so we cannot provide a quarterly result.

The six performance measures in this report that have Q1 results are based on the actual results for July and August, and an estimate of September results. This was done to ensure timely information could be provided.

### Year-end outlook

Each performance measure has been given a year-end outlook. This is our best estimate of what the result will be at year end, based on prior-year results and work that is underway.

2. Summary of FY16 performance results for each local board

21 04111110	ary of FY16 pe		nunity services (

## 3. Detailed Q1 performance measure results

# **Local Parks, Sport and Recreation**

1. Percentage of residents who visited a local park or reserve in the last 12 months

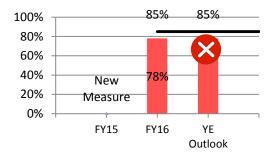

A recent change to the survey question provided a way for participants to easily identify which parks belong to their specific local board area. This may help to explain the decline in performance, as many residents live near the fringes of their local board area and use parks in other areas. In FY17, promoting our parks and facilities is one strategy being used to help increase the proportion of the population who visit local parks.

Performance measure		YE Outlook	YE Target	FY17 Q1 Result	FY17 Q1 Target	FY16 Result
2.	Percentage of residents satisfied with the provision (quality, location and distribution) of local parks and reserves	<b>✓</b>	75%	Measured Annually		79%
3.	Percentage of residents satisfied with the provision (quality, location and distribution) of sports fields	<b>V</b>	75%	Measured	Annually	73%

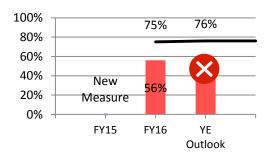

## **Local Community Services**

4. Percentage of visitors satisfied with the library environment

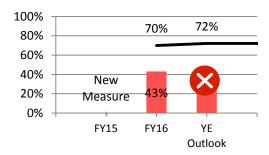

In FY16, refurbishment of both Blockhouse Bay and New Lynn libraries and the re-carpeting of Avondale Library were completed. Main areas of improvement feedback identified included noise problems and the need for additional seating, desk space and plug points, drinking taps, more parking, additional shelf space and improved air quality inside Blockhouse Bay Library.

#### 5. Percentage of funding/grant applicants satisfied with information, assistance and advice provided

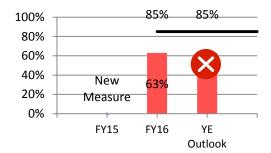

FY16 was the first year of implementing the new community funding policy, which also saw the establishment of a dedicated funding hub. Funding hub members also worked closely with subject matter experts to reach relevant communities. A series of community workshops is planned for FY17 to build community groups' capacity to submit quality applications and to provide further advice to applicants.

### 6. Percentage of Aucklanders that feel connected to their neighbourhood and local community

People may not be feeling connected for a variety of reasons, including being new to the area, being too busy or preferring not to be connected. To a lesser extent there may also be lack of awareness about how to access activities that could contribute to feeling connected, and language and cultural barriers. A number of our activities such as arts programmes, community facility programmes and events seek to connect Aucklanders to their local communities. The empowered communities approach being implemented across these activities in FY17 aims to increase this.

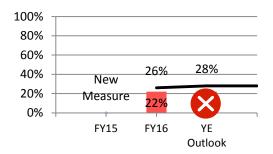

## 7. Percentage of attendees satisfied with council delivered and funded local events

This measure aims to survey at least two events annually for each local board area to assess attendees' views on a sample of events provided or funded by the council. Each year different events are selected to be surveyed, and as this decision has not been made yet, it makes it difficult to establish a forecast. However, if performance remains consistent with the previous year then the target will not be met. Feedback received from the previous year will be used to improve this result.

The outlook has been based on last year's result. This year's result will depend on what events are delivered, what events are selected for survey, the weather conditions, turn out and facilitation.

## 8. Percentage of Aucklanders that feel their local town centre is safe (night)

This measure is influenced by a number of elements such as crime rates, the built environment, and socioeconomic and other similar factors. The council undertakes projects and initiatives at a community and social development level to improve perceptions of safety.

Performance measure	YE Outlook	YE Target	FY17 Q1 Result	FY17 Q1 Target	FY16 Result
9. Use of libraries as digital community hubs: Number of internet sessions per capita (PC & WiFi)		2.5	1.4	0.6	4.7
Number of visits to library facilities per capita	<b>✓</b>	7.5	2.4	1.9	8.4
Percentage of customers satisfied with the quality of library service delivery	.7	93%	Measured Annually		90%
Percentage of participants satisfied with council delivered local arts activities	<b>⊘</b>	85%	Measured Annually		90%
Percentage of Aucklanders that feel their local town centre is safe (day)		79%	Measured Annually		77%
Facility Utilisation - utilisation at peak times and off-peak times for council managed community centres and venues for hire (peak)	<b>⊘</b>	27%	46%	27%	40%
15. Facility Utilisation - utilisation at peak times and off-peak times for council managed community centres and venues for hire (off peak)	<b>?</b>	27%	15%	15%	12%
Percentage of community facilities     bookings used for health and     wellbeing related activity	<b>Ø</b>	20%	24%	20%	21%
17. Number of visitors to community centres and venues for hire		200,598	108,146	50,150	443,811

# **Local Planning and Development**

18. Percentage of Business Associations meeting their Business Improvement District (BID) Partnership Programme obligations

All accountability requirements for the BID programme have been provided by New Lynn BID and Blockhouse Bay BID. However, Avondale BID is yet to provide its annual business plan and Rosebank BID has not provided a strategic plan, as required by the policy.

# **Local Environmental Management**

Performance measure	YE	YE	FY17 Q1	FY17 Q1	FY16
	Outlook	Target	Result	Target	Result
Proportion of local programmes that deliver intended environmental actions and/or outcomes	<b>⊘</b>	85%	Measured	Annually	100%
