Project details

Project title	Bellyful North Shore - 2017 monthly "cookathon" series		
Dates	15/01/2017 - 15/07/2017		
Location	Harbourside Church, 48 Esmonde Road, Takapuna (we are not affiliated with the church but they regularly allow us to use their kitchen to cook our meals)		
Summary	Bellyful North Shore cooks and delivers meals to families with newborn babies and families with young children who are struggling with illness. We hold monthly "cookathons" at a donated semi-commercial kitchen to cook the meals, then deliver them to families as needed. Each family receives at least three meals after being referred to our service by a midwife, Plunket nurse or someone else who is in contact with the family in those early stages. The purpose of our organisation is to make families feel supported during a time when they need it most with a new baby – at dinner time! Currently we cook and deliver over 350 meals each year to North Shore families – however this number is growing!		
Cost of participation	No. Our meals are provided to families free of charge.		
Requesting grant for	Bellyful North Shore is requesting funding for a monthly series of 6 "cookathons" in 2017. The funding will pay for the ingredients required to cook our meals. We make three key meals for our North Shore families; lasagne, spaghetti bolognese and macaroni cheese. We are totally volunteer run so any money that we raise is spent on the packaging for our meals, phone bills (to coordinate referrals) and ingredients for the meals we make. Volunteers use their own cars and petrol to deliver the meals and the use of semi-commercial kitchens in which we cook our meals monthly are donated.		
Active participants	We have over 20 local volunteers who are involved with cooking and delivering meals.	Audience size	We estimate that we will deliver meals to around 100 families; this number depends on the referrals we receive.
Promotion of activity	Yes, We have been growing the overall profile of Bellyful North Shore and what we do through linking with organisations such as Plunket, Parent Centres, midwives and GP practices and providing them with pamphlets. Bellyful North Shore has an active Facebook page and we have also been featured in the North Shore Times. The majority of our referrals for families who need our support come from Plunket, midwives, maternal mental health nurses and from people who have heard about our service. We plan to continue to promote our service through fundraisers, social media and promotional materials.		
Local board recognition	Local Board members will be invited to attend and participate in one (or all) of the cookathons. Bellyful North Shore will acknowledge the local board's contribution on our Facebook page which has a strong local following, as well as acknowledging the contribution to all media if featured. We can also potentially		

	include the local board logo on some of our printed material.
Alignment with local board priorities	<ul style="list-style-type: none"> neighbourhoods and community-led initiatives are supported and encouraged <p>Bellyful North Shore cooks and delivers meals to families with newborn babies and for families with young children who are struggling with illness, where there is little or no family or social support. We are passionate volunteers who believe that cooking and delivering meals to families during this time will help make them feel cared for and part of the local community. Our activities support the key priority of supporting and encouraging neighbourhood and community-led initiatives. All our volunteers are local, we cook and deliver our free meals in the local area and we make local families feel supported.,</p>

	Restoration of the Duder Grave, Mt Victoria Cemetery, Devonport Thomas Duder, the first pakeha to settle his family in Devonport, arrived in New Zealand on the HMS Buffalo in 1840. When the ship was wrecked, he came ashore and served as the signalman on Flagstaff/Mt Victoria from 1843 until his death in 1875. He, his wife Margaret and other family members are buried in the family plot near the top of the cemetery on its eastern side. While the black and white tiled plinth is in good order, masonry and plaster has deteriorated and needs restoration.,
