Project details

Project title	Spoken Word Poetry Workshops in Mangere Otahuhu local board area schools		
Dates	01/02/2017- 30/06/2017		
Location	Schools in the Mangere Otahuhu Local Board area		
Summary	<p>Our project involves presenting 10 two hour, structured Spoken Word poetry workshops at schools in the Mangere Otahuhu Local Board area. There is no cost to the students or the schools. We worked with Mangere College and McAuley High School earlier this year thanks to previous funding from the local board and they are very keen to have us back.</p> <p>Spoken Word poetry is increasingly being recognised as an incredibly effective way for young people to reflect on and share their experiences, express themselves and use their voice for change.</p> <p>Participation in the workshop will introduce participants to spoken word poetry, have them gain writing and literacy skills, build their build confidence and self-esteem through self-expression.</p>		
Focus specific information	Type of art form: Combined arts		
Cost of participation	There is no cost to the school or the students		
Requesting grant for	Towards covering the cost of running 10 Spoken Word Poetry workshops to be held at schools in the Mangere Otahuhu Local Board area. Each workshop costs \$200. The workshop is a structured two-hour session for 20 to 30 students that encourage full participation. There is no cost to the school or students.		
Active participants	300	Audience size	300
Promotion of activity	Yes, We will promote our programme by direct contact with the secondary schools in the area.		
Local board recognition	We will publicly acknowledge the local board at each of the 10 workshops, on our website and in our annual report.		
Alignment with local board priorities	<ul style="list-style-type: none"> • Neighbourhoods and communities feel safe and connected across diverse cultures, • Young people lead and have a voice in local matters. <p>We run Spoken Word Poetry workshops for young people at local secondary schools. Spoken Word poetry is increasingly being recognised as an incredibly effective way for young people to reflect on and share their experiences, express themselves and use their voice for change. This programme very much fosters a thriving community – it’s held in the communities in which these young people live. It allows participants to gain confidence, develop a healthy self-esteem, build resilience and connect with others - all of which are hallmarks of a community celebrating, learning and growing through this art form.</p>

Project title	Client Freephone for Mangere-Otahuhu residents		
Dates	01/01/2017- 31/12/2017		
Location	55 Hugo Johnstone Drive, Penrose 1642		
Summary	<p>Mangere-Otahuhu families in unmanageable debt can make a first call for help on this free-calling line, without hindrance - usually, by the time families need CAP's help, they have little money/phone credit.</p> <p>CAP receives 8 new enquiries on the Freephone line from Mangere-Otahuhu families in need, every week.</p> <p>Local Debt Coaches then make 3 home visits to the family, and forward all debts/bills to Head Office, where Caseworkers:</p> <ul style="list-style-type: none"> • Negotiate with creditors/create budgets prioritizing living costs • Oversee clients' repayment of debt through CAP's bespoke software system • Support clients via the Freephone, over the years it takes to get debt-free. (64 calls weekly from current Mangere-Otahuhu clients). <p>This free access to long-term support is key for clients successfully becoming debt-free.</p>		
Focus specific information	N/A		
Cost of participation	No		
Requesting grant for	<p>Towards Annual costs of Client Freephone for the Mangere-Otahuhu proportion of clients.</p> <p>The remainder will come from individuals who give to CAP via our regular supporter programme. This programme has been CAP's financial backbone since establishing in 2008, but we rely on grants to keep every aspect of our service free for people in need.</p> <p>We don't receive any central government funding. People in unmanageable debt from Mangere-Otahuhu call CAP seeking help for the first time on the Client Freephone each week; and 10% of CAP's 671 current clients are from Mangere-Otahuhu.</p>		
Active participants	146	Audience size	480 (individuals - based on average of 3.29 people per client family)
Promotion of activity	<p>Yes, Debt Coaches from the Mangere-Otahuhu area will promote Debt Help by distributing CAP posters/brochures to, and liaising with, local social service agencies eg Work & Income, Citizens Advice Bureau, Women's Refuge; and/or with local council, local marae.</p>		
Local board recognition	The Mangere-Otahuhu local board will be thanked and acknowledged on our website www.capnz.org/About+Us/sponsors		
Alignment with local board priorities	<ul style="list-style-type: none"> • Increased community capacity to prevent harm from alcohol, drugs and substance abuse. 		

	<p>The Client Freephone for Mangere-Otahuhu residents gives families in unmanageable debt access to CAP Debt Help.</p> <p>Unmanageable debt is a key driver keeping families in hardship, leading to other negative social drivers. So removing this as a cause of poverty, through providing access to CAP Debt Help, increases community capacity to prevent harm.</p> <p>Auckland City Mission Family 100 Speaking for Ourselves project 2014.</p>

Demographics

Maori outcomes	<p>Yes, While CAP helps anybody regardless of ethnicity, Maori consistently makeup the biggest single ethnic group. Of current CAP clients, 32% are Maori; in previous years this figure has been as high as 60%.</p> <p>Debt Help improves Maori social, economic and cultural wellbeing - providing Maori with a solution for impossible debt situations:</p> <ul style="list-style-type: none"> • Debt Help enhances opportunities to join in community, with the barrier of lack of finance removed • Maori have more money immediately upon receiving Debt Help - through CAP negotiating with creditors/prioritising families' living costs • Mana is maintained/restored - because when Maori work with CAP, they repay the debt themselves, through CAP's bespoke account system, using their own income - always with the support of the Caseworker team just a Freephone call away.
Accessible to disabled	<p>Yes, Mangere-Otahuhu residents in need of CAP's help require only phone or internet access in order to work with CAP - and receive the free help and support they require to get out of unmanageable debt.</p> <p>Debt Coaches make home visits in order to establish clients' level of debt/bills; then clients receive long-term help and support to become debt-free via phone (or internet/postal service if they have a hearing/speech disability). This means transport is never an issue for people with disabilities.</p> <p>Clients unable to communicate via phone can nominate a support person to communicate with CAP on their behalf.</p>

Project details

Project title	Love Your Coast Manukau 2017: education, community development and beach clean-up programme.
Dates	20/02/2017- 24/03/2017
Location	The clean-up events happen at multiple addresses / beaches around the Manukau Harbour, with education at multiple schools in the area. This event includes the entire Manukau Harbour coastline and Mangere-Otahuhu jurisdictions
Summary	<p>Love Your Coast Manukau 2017 will see the Sustainable Coastlines team return to deliver free educational presentations and beach clean-up activities to schools around Auckland, with a focus on cleaning up the Manukau Harbour.</p> <p>We also offer free Presenter Training and Event Management workshops to secondary and tertiary students and community members, in an effort to educate and upskill community members, enabling them to become kaitiaki and take a leadership role in environmental restoration.</p> <p>We collaborate with tangata whenua, local marae, and local stakeholders, including businesses and churches and encourage everyone to get involved with the clean-up events.</p>
Focus specific information	<p>Environmental benefits: Better water quality, reduced litter on the coastline and in the marine environment which leads to improved habitats for flora and fauna, opportunities to gather and eat kai from the Harbour and the coastline.</p> <p>Community involvement: Everyone from the Manurewa region can get involved with this project. LYC Manukau helps local communities to get to know each other, which helps us to broaden our reach and depth of engagement. We collaborate with schools, community groups, businesses and local authorities to achieve a shared goal to restore Manurewa's coastline.</p> <p>LYC builds community – by working together with other community groups helps us to create community networks by uniting people over a common cause.</p> <p>Land owners: The people of Aotearoa New Zealand, A new initiative.</p>
Cost of participation	<p>Although we are a not-for-profit organisation, we are happy to offer the LYC programme free of charge for everyone (including the LYC school education programme, Ambassador training programme, beach clean-up activities).</p> <p>Schools need to cover the cost of bus transport to and from beaches. This is why we seek financial support from local boards: so that we can continue to deliver our high quality service to communities around the Franklin region / Manukau Harbour.</p>
Requesting grant for	In the past, some schools have not been able to attend the practical clean-up activity because of cost, so we would like to remove this barrier to participation

	<p>and seek funding for buses to take students to the beach.</p> <p>This adds value to the Mangere-Otahuhu community because schools can take their students to the beach without cost being a prohibitive factor. Further benefits is that the education component (offered free to schools) is bolstered by the clean-up activity, cementing our message and creating kids who refuse single use plastic and become guardians of their coastline.</p>		
Active participants	7000	Audience size	7000
Promotion of activity	<p>Yes, Since 2009, we have developed a database of schools, community members and businesses. We will promote the project to these networks, along with our highly engaged online and social media audience of over 21,500 people.</p> <p>Our strong relationships and proven track record with media outlets will be leveraged to promote LYC Manukau, through interviews and editorial coverage in newspapers, magazines and on radio.</p> <p>Click here for our media overview: http://sustainablecoastlines.org/media/media-overview/</p> <p>Online event promotion through Sustainable Coastlines, Eventfinda, Facebook and events sites will be supplemented with advertising through Google Adwords, Facebook advertising and charity-filler space tiles on sites such as TradeMe.</p>		
Local board recognition	<p>We recognise this support through logo placement on social media, event pages, media, offering speaking opportunities for local board members, direct promotion of key local board objectives on request, flags/signage and mention of support at public events.</p>		
Alignment with local board priorities	<p>Support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places, encourage activities that reduce waste to landfill, prevent illegal dumping and preserve the beauty of our environment, support community initiatives to enhance waterways and the coastline, including as beach clean-ups and planting,</p> <ul style="list-style-type: none"> • Communities care for and enjoy our parks, reserves and open spaces in different ways, innovative initiatives that are community-led. • Our streams, beaches and coastline are cared for and provide recreational and cultural and environmental benefits. <p>Activities that are aimed to improve the overall wellbeing of the Manurewa community, initiatives that aim to protect and restore our natural heritage and resources, activities that keep our local economy thriving, parks and facilities that meet people's needs, healthy harbours and waterways, thriving communities.</p> <p>Love Your Coast Manukau (LYC) is Sustainable Coastlines collaborative campaign to clean-up the Manukau Harbour.</p> <p>LYC is a community-led initiative which supports schools, marae, businesses and community groups in Franklin to preserve the beauty of the Manukau Harbour.</p> <p>LYC educates students about activities which reduce waste to landfill. Outcomes including improved littering and illegal dumping behaviour.</p> <p>LYC supports community groups to be effective contributors to the community, by up-skilling them in presenter training and event management.</p> <p>LYC beach clean-ups create kaitiaki who can shape and develop the natural environment by leading practical environmental restoration activity. LYC encourages communities to care for our parks, reserves and open spaces in a collaborative, cross-sectoral way.</p> <p>LYC is innovative in that we focus on education and practical activity, and make it a fun celebration.</p> <p>By empowering community members (including school students, marae, community groups and local businesses) to take action, we encourage communities to take responsibility for and be kaitiaki of their natural environment.</p>		

	<p>LYC focuses on practical beach clean-up activities, where volunteers aged 2 to 102 are welcome to show some love for our beaches, coastlines, estuaries and nearby streams., Love Your Coast Manukau (LYC) includes practical beach clean-up activity for students. This advances young people by encouraging them to care for the natural environment, and ensures they get active by walking the coastline, picking up trash (and treasure!).</p> <p>We encourage students to bring their whanau and friends to a public clean-up day - everyone can get involved with this initiative to protect and restore the natural heritage and resources of the Manukau Harbour. This has positive economic impacts in terms of public health and wellbeing, and the economic benefits of a clean harbour (e.g tourism, fishing, gathering kai)., Nobody wants to go to the beach and see it littered with rubbish. Love Your Coast Manukau (LYC) helps communities to help themselves, by educating them about the perils of plastic pollution and marine debris, and offering a simple, practical solution: beach clean-up activities.</p> <p>By cleaning up the coastline and the surrounding parks / recreational areas, we are creating a healthy harbour and waterways: places where people want to come in their leisure time.</p> <p>If public areas are beautiful, this turn creates thriving communities who come together to meet in common areas.</p>

Umbrella organisation		Legal status	Incorporated Society

Project details

Project title	Support Group for Ethnic Women as Victim Survivors of Violence		
Dates	16/01/2017- 16/01/2018		
Location	3 Cardwell Street Onehunga		
Summary	<p>This project will establish a monthly support group for women who are past and present clients of Shakti coming from the Otara Papatoetoe and Mangere Otahuhu regions. The group sessions will primarily take place in our Women's Centre in Onehunga but 6 out of 12 sessions will include activities that take place within community spaces in Otara Papatoetoe and Mangere Otahuhu. It is an effort to reduce their risk of isolation by encouraging them to develop a network of friends with whom they can experience a sense of a "normal" life. The support group is structured to encourage the participants' autonomy involved in decision making and provide a platform where knowledge and action are grounded in their personal experiences and understandings.</p>		
Focus specific information	N/A		
Cost of participation	No cost to support group attendees		
Requesting grant for	Towards covering the costs of transporting clients to external events, renting out a venue for external activities, volunteer expenses, material and resource costs, and some light refreshments such as biscuits and tea. Although the support group will take a non-hierarchical approach, we will require funding for a primary facilitator who will initiate and facilitate group activities using a cooperative inquiry model.		
Active participants	15-25	Audience size	15-25
Promotion of activity	Yes, We plan to promote the support group initiative through our networks of old and current clients with posters that will be distributed in our centres and refuges, and word of mouth promotion.		
Local board recognition	We will publicly acknowledge the support of the local board with logos on our printed materials and through our published Annual Report.		
Alignment with local board priorities	<ul style="list-style-type: none"> • Neighbourhoods and communities feel safe and connected across diverse cultures, • communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free, • innovative initiatives that are community-led, thriving communities, <p>By establishing a supportive community amongst themselves, they are able to gain the confidence needed to build themselves up and live positive lives that are free from abuse. As a community-led initiative, the women involved become equipped with the capacity to be social markers for change as their strength, support and shared experiences will encourage women in similar situations to trust their judgement in self-directing and self-facilitating their needs.</p>		

	<p>Significantly reduces pressure they face to return to their abusers out of fear, loneliness and lack of self-confidence, thus preventing a continued cycle of abuse building safer communities free from violence. This support group, led by and for migrant and refugee ethnic women of various cultures, will work to counter this by providing our past and current clients the tools and opportunities to create a community in which they feel safe and connected with one another.</p> <p>As the women build up their self-confidence and establish a strong network of friendships among themselves, they will feel more encouraged to participate in activities offered by the Auckland Council, thus allowing them to reconnect with and establish themselves in their neighbourhoods and wider community.</p>

Location	Whare Koa / Mangere Community House, 141 Robertson Road, Mangere		
Summary	<p>Mangere BikeFIT - FIT stands for Future In Transport and the main aim is to get our local kids FIT and live more active lifestyles. Over the Christmas holidays we expect 30 local kids to join our Summer Project again. The health statistics for our Maori and Pasifika communities, especially in Mangere, are very poor overall and the fight against diabetes, heart disease and obesity needs to start at a much younger age.</p> <p>Showing our local children and youth the enjoyment and benefits of cycling will help reduce the risk of them suffering from poor health as teens and adults. We are a grass roots community group - run by Mangere residents for health and strength of our Mangere community.</p>		
Focus specific information	N/A		
Cost of participation	Free Summer Project for all local children and young people - under 10 must be accompanied by a parent/caregiver		
Requesting grant for	<p>Towards tools and equipment for bike maintenance and repairs throughout the Summer Project. Proper tools are required to teach our children how to look after their own bike and carry out the most common types of repairs required. Kids learn the fundamentals of owing and riding a bike safely.</p> <p>Fortunately we received donated bikes from all around Auckland but they are often in need of repair first before we can give a child a safety tested bike to keep. Alternatively, a bike that is beyond repair is assessed for bike parts that can be up cycled and safely used again.</p>		
Active participants	30	Audience size	60
Promotion of activity	Yes, Social Media eg Facebook, Email distribution list as well as flyers and mail drop offs around the community.
