Meeting with Ian Lim, YOUNITE

I recently met with Ian Lim, past chairperson of YOUNITE. Ian took me through a tour of the Youth Innovation site on Shea Terrace. Works have been started with the building having been gutted. The architect has finished the plans, which have been signed off in recent days.

Ian has also e-introduced me to the new co-chairs of YOUNITE and I look forward to meeting with them in the coming days.

YOUNITE is keen to work with the Local Board and establish a strong relationship for both mentoring but also for feedback on youth issues. I am working with them to achieve this.
