

Auckland Regional Amenities Funding Board

1 March 2017

Councillor Ross Clow
Chair, Finance and Performance Committee
Auckland Council
Private Bag 92300
Victoria Street West
Auckland 1142

Dear Cr Clow

2017-2018 Funding Plan: 2017-2018 Levy Request

Following conclusion of the public consultation process in respect of the draft 2017-2018 Funding Plan on 28 February 2017, the Funding Board also finalised the allocation of grants for 2017-2018 to the 10 specified amenities and confirmed the levy to be requested from Auckland Council for 2017-2018.

The final version of the 2017-2018 Funding Plan will be forwarded to Auckland Council to consider as soon as all consequential amendments to the wording arising from the public consultation process have been incorporated into the document. As a result of submissions received, the plan remains largely unchanged from that published for public consultation.

In the meantime, I can confirm on behalf of the Funding Board that there have been no changes to the provisional grant allocations publicised in the 2017-2018 Draft Funding Plan, and as such the total levy requirement from Auckland Council for 2016-2017 remains unchanged at \$16,165,500.

Should you require any further information in respect of the 2017-2018 Funding Plan and levy requirement, please feel free to contact me directly, I will be happy to provide further assistance as required.

Yours sincerely

Vern Walsh
Chair
Auckland Regional Amenities Funding Board
