Higher Priority

The Maungakiekie-Tāmaki Local Board recognises that organisations which choose not to apply for funding from the proceeds of class 4 gambling (“pokies”) may have fewer funding options available to them, and this will be taken into account when their applications are considered.

Exclusions

The Maungakiekie-Tāmaki Local Board will not fund:

- Catering
- Gifts/prizes
- Ongoing administration

Further, the Maungakiekie-Tāmaki Local Board will only fund an organisation once a year. However, organisations may be eligible to receive funding in more than one application if they are collaborating with other organisations to deliver a project or event

Investment approach

The Maungakiekie-Tāmaki Local Board has allocated \$80,000 every financial year to support the local grants scheme. Generally the Local Board will grant between \$500 and \$5,000 per grant.

Accountability measures

Accountability is an important step where successful applicants demonstrate what benefits came from their initiative. It is also about properly acknowledging where the funding for the activity came from. Accountability measures should be appropriate to the nature of the application and, in particular, the size of the grant. Therefore the specific accountability measures will be put in place by the board at the time the grants are decided
