

Attachment 2 - An indicative timeline for the corrections to the Schedule 10 Notable Tree Schedule plan change

Timeframes	Task / deliverable
April 2017	Complete review of all errors related to the Schedule in the 'master' errors spreadsheet and prepare and complete any Clause 20A memos. <i>(The 'cut-off date' for all new errors identified in relation to the Schedule will be April 13, 2017 to be consistent with the first administrative plan change).</i>
April – September 2017	Undertake review of the Schedule, prioritise aspects of it for correction / alteration, assess the level of resourcing required and develop a process for addressing the methodologies for these amendments
September 2017 – April 2018	Begin preparation of plan change documentation (including any section 32 of the RMA reporting, expert input, geospatial analysis, site visits and consultation)
May 2018	Report to Planning Committee to notify the plan change / prepare for notification of plan change
June 2018	Notify the plan change / submission period open (20 working days)
July 2018	Review and summarise submissions into Summary of Decisions requested / Prepare for further submission notification / further submission period open (10 working days)
July – August 2018	Prepare for hearings / undertake hearings
September 2018	Prepare and notify decision / appeal period opens
October – November 2018	If there are no appeals, make plan change operative. If there are appeals, then proceed to follow the statutory processes for resolving appeals in the Environment Court
