Project details

Project title	Show Me Shorts Film Festival 2017		
Dates	01/10/2017- 31/10/2017		
Location	Pukekohe Cinema 3		
Summary	<p>From around 1500 entries, the best films are selected for screening in competition. These are divided into themed sessions with about seven short films in each programme. We show a mixture of films that celebrate the diversity of New Zealand, as well as providing access to international films the public would not otherwise have the chance to see.</p> <p>The Franklin community has warmly embraced Show Me Shorts at Pukekohe Cinemas since 2014 and it has become a regular fixture in the local arts calendar.</p> <p>The Festival attracts a wide range of ages, cultures and a roughly equal gender mix. Last year's inclusion of our family-friendly My Generation section brought Franklin families together to watch short films on Labour Day.</p>		
Focus specific information	Type of art form: Film		
Cost of participation	Standard cinema ticket prices with discounts for seniors, students, etc.		
Requesting grant for	<p>A contribution to the print & design, advertising and programming costs of staging Show Me Shorts at Pukekohe Cinemas.</p> <p>We plan to continue with 2016's change in dates to October which avoids the busy study and exam period for students and offers the biggest potential audience. However, it does mean competing head to head with school holiday blockbusters so additional marketing support is required to reach the widest audience possible.</p> <p>Pukekohe Cinemas is one of over 20 community cinemas around New Zealand that host Show Me Shorts. We estimate that this portion of the Festival utilises 5% of national resources.</p>		
Active participants	1480	Audience size	200
Promotion of activity	<p>Yes, Our marketing plan includes:</p> <ul style="list-style-type: none"> • Hiring publicists Mr Fahrenheit to handle media planning, press contacts and Opening Night guest list. We expect Festival coverage and filmmaker interviews across all media types. • Creating a trailer to screen in cinemas, online and to help leverage extra media interest. • Printing glossy programme booklets, A0 & A3 posters which are distributed around Auckland by Phantom Billstickers. 		

	<ul style="list-style-type: none"> Purchasing ads on radio and online. Using our strong social media presence, and that of our sponsors, to build excitement in the lead up to festival launch.
Local board recognition	If successful we will include acknowledgement of Franklin Local Board on our website and during the Festival Director's welcome speech at Opening Night. We would also offer the board a complimentary double pass ticket to our Opening and Awards Night at the Civic, and 10 double pass tickets to the general festival screenings.
Alignment with local board priorities	<ul style="list-style-type: none"> support initiatives that celebrate our arts, culture and heritage. <p>Show Me Shorts is New Zealand's leading international short film festival. We create a platform for Aucklanders to enjoy, engage with and discuss the best short films from here and around the world.</p> <p>The Festival draws new Auckland audiences to the arts with accessible programming that connects people from a wide range of backgrounds.</p> <p>For local short filmmakers we provide a vital means to reach audiences with their work and gain recognition for their talent through our awards programme.</p> <p>We also run a range of educational events for aspiring and emerging filmmakers and offer special screenings for local school groups.</p>

Project title	Planting of Native Trees on Farm Bordering a Public Beach		
Dates	30/06/2017- 30/07/2017		
Location	144 Big Bay Road, Big Bay, Awhitu 2684		
Summary	<p>We want to plant 1900 native trees and grasses on a piece of land that has slipped. We are trying to make the stream at the bottom of this piece of land a bit cleaner (we have also been planting right alongside it by ourselves, but only in small numbers). It runs out to a nice white sandy beach, but the water is fairly discoloured at this time.</p> <p>Awhitu Landcare grows these plants and we'd like to buy them from them. We'd plant them ourselves (family and friends).</p>		
Focus specific information	<p>Environmental benefits: As mentioned when native trees are planted they</p> <ol style="list-style-type: none"> 1) Help to filter excess nitrogen and other farm leachates from entering waterways. 2) Provide habitat for birds, insects etc. 3) Help to purify the air and also sequesters carbon. 4) Help retain and build up soil. And prevent erosion. <p>Community involvement: The people from Awhitu Landcare (local plant nursery) will be involved, the sharemilker on the property and his family, and also our family and friends who will help do the planting.</p> <p>Land owners: Brian and Elaine Blake, A continuation of previous work</p>		
Cost of participation	No		
Requesting grant for	We are requesting funding to buy the plants from Awhitu Landcare. We have already fenced off the area, sprayed out the kikyu grass and we will plant the trees and grasses ourselves.		
Active participants	7	Audience size	10
Promotion of activity	Yes, I have my own blog, and will be putting it on FaceBook too.		
Local board recognition	We will tell everyone we know that the Franklin Local Board helped us do this. <p>And of course use social media such as FaceBook etc.</p>		
Alignment with local board priorities	<ul style="list-style-type: none"> • encourage a weed and pest-free natural environment • support community initiatives to enhance waterways and the coastline, including as beach clean-ups and planting <p>Planting trees has many environmental benefits such as:</p> <ol style="list-style-type: none"> 1) Helping to filter excess nitrogen and other farm leachates from entering waterways - this piece of land borders a beach. The area where the trees are being planted drains into a creek which goes to the beach 2) Providing habitat for all manner of birds, insects etc. 3) Helps to purify the air and also sequesters carbon. 		

	4) Helps retain and build up soil. And in this case, prevent erosion. The property contains a couple of Significant Ecological Areas which we want to maintain and extend.

Alignment with local board priorities	<ul style="list-style-type: none"> support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places <p>Waiuku Junior Rugby will be supporting the community groups by providing our Volunteer coaches with water proof bags to get the training gear to and from practice as well as keeping their personal gear dry when they are running around with their teams at practice and on game day. This will make it easier for our volunteer coaches making them happier and better coaches to teach our youth how to become outstand adults. By learning to work as a team and be tolerant of others. They might even Coach the next Stephen Donald.</p>
