Project title	Van replacement for De Paul House		
Dates	24/04/2017 - 31/05/2017		
Location	92-96 Onewa Road Northcote Auckland 0627		
Summary	<p>De Paul House has provided emergency housing for 30 years in North Auckland. Our outreach support service which consists of a learning centre and early childhood centre with assistance from our social work and counselling staff is integral to the success of our families. As part of the outreach support programme De Paul House provides a free van collection service for families rehoused in our local community so that preschool children and their caregivers can attend our programmes and services. This transport allows families to stay linked to the De Paul House community. Previously we've worked with Bayswater school. The demographic and needs of our families continually change. 34% of our families are in North Auckland.</p>		
Cost of participation	No		
Requesting grant for	<p>Our application is for a contribution to the cost of a new passenger van. Our current van is 21 years old and while fully compliant with current health and safety standards, the Board is aware and acknowledges that there is a gap between compliance and best practice. De Paul House runs an emergency housing service that has supported 924 families into housing since 1986. We provide a quality service that is supported by the local business community evidenced by the wonderful generosity of the Rotary clubs in the funds raised to date towards a new van.</p>		
Active participants	528	Audience size	660
Promotion of activity	No		
Local board recognition	We will acknowledge the support we receive on our website, Facebook page and with sign writing on the van.		
Alignment with local board priorities	<ul style="list-style-type: none"> • local community organisations are well supported, resourced and empowered to deliver to our communities • our natural environment harbours and waterways are protected and enhanced in partnership with mana whenua <p>It is very much a part of De Paul House's philosophy and model that families will transition to community based programmes where they can participate in their local kindergartens and community. A seat on the De Paul House passenger van is the first step in this journey to independence. Confidence grows for adults and children and they typically become confident to enrol in their local</p>
