#### Feedback

Feedback was generally very positive about amenities such as beaches, parks, libraries sports, with a wide range of suggestions given. These fell primarily into the following themes:

##### ECONOMIC DEVELOPMENT

- Increase tourism
- Develop sites such as Onehunga Wharf and Waikaraka Park
- Address unemployment with local jobs

##### COMMUNITY DEVELOPMENT

- Drop in centres and activities for young people
- **Upgrade the libraries**
- Improve communication channels between board and community
- More community events and activities
- Reduce homelessness

## SAFETY

- Keep public places in good condition to reduce anti-social behaviour
- More CCTV
- Improve safety at train stations (especially Penrose)
- Focus on crime prevention, especially with community patrols and wardens
- Improve public toilets and make them safer

## PUBLIC AMENITIES, INFRASTRUCTURE, BUILT ENVIRONMENT

- **Underground the power pylons**
- Save our heritage buildings
- Improve the footpaths
- Better street lighting
- Do something about the housing crisis

## ACTIVE TRANSPORT

- Create more cycleways and network them
- More walking paths (e.g Taumanu Reserve)

## ENVIRONMENTAL CONCERNS AND SUSTAINABILITY

- Stop the coastal erosion. Build sea walls
- **Clean up the streams and waterways**
- Plant more native trees
- Reduce litter in the town centres

## TRANSPORT AND ROADING INFRASTRUCTURE

- **More park and rides**
- Improve the bus services and more feeder bus routes
- Improve the reliability of public transport
- Reduce trucks on residential streets
- **Don't put the East-West link on the waterfront**
- Improve access to train stations
- Reduce cost of public transport

## PARKS AND GREEN SPACES

- Increase the level of parks maintenance
- More playgrounds
- Increase parks and community facilities to match population growth
- **Preserve Point England**
- Support the Ngati Paoa development

**NB.** Bold signifies particularly recurring feedback.
