Umbrella organisation	Not applicable	Legal status	Charitable Trust

Project details

Project title	LiteClub Otara-Papatoetoe		
Dates	01/08/2017 - 31/10/2017		
Location	Papatoetoe Hunters Corner Bowls Inc. (Kolmar Sutton Crescent, Papatoetoe Auckland 2205).		
Summary	<p>Our team will visit the Papatoetoe Hunters Corner Bowls to install energy efficient light bulbs, hot water cylinder and pipe insulation, water-saving devices and a waste minimisation programme. Our Sustainability Adviser assesses the building looking for efficiency opportunities beyond the immediate changes we make, i.e. heating, ventilation, and appliance efficiency. These ideas are then turned into an Efficiency Action Plan, which sets out a list of specific actions the club could take to further reduce its environmental impact and running costs. We also reach out to club members by installing posters and light switch stickers to inspire members to take the same positive actions at home. We offer support and advice to clubs on an ongoing basis.</p>		
Focus specific information	<p>Environmental benefits: Less pressure upon national electricity, water and landfills systems; reduced carbon dioxide emissions from electricity generation; reduced methane emissions from compostable waste; decreasing consumption of heavy impact materials and non-reusable/recyclable packaging; improved reuse of materials.</p> <p>The environmental benefits are first realised at the implemented clubs and then at club members' homes in the wider community as members are encouraged to adopt sustainable practices, as seen at their club.</p> <p>Community involvement: Sports clubs, Counties Manukau Bowls, Counties Manukau Sport and club members.</p> <p>Land owners: The Papatoetoe Sports and Community Charitable Trust signed up the Bowling Club for LiteClub on our website and in doing so they enter into a contract, which gives LiteClub permission to implement the LiteClub programme at their club.</p>		
Cost of participation	None

As a teacher I found it hard to find books Pacific teenagers wanted to read, about topics relevant to their lives and in a style of language and presentation accessible to them. There is a lack of reading material for Pacific youth. Teachers and librarians struggle to find books like this for youth they work with. I write and self-publish books to achieve that goal.

Project title	Counselling Services for Older Adults		
Dates	03/07/2017 - 29/06/2018		
Location	Cambria Park Homestead, 250 Puhinui Road Papatoetoe		
Summary	<p>It is recognised that older people often experience numerous changes and challenges of aging, such as health issues, relocating, death of a spouse, family concerns, relationship issues, and may experience stress, depression, and anxiety as a result. Since 2013 we have provided a counselling service to older adults in a number of wards in South Auckland thanks to the support of local boards. We want to continue to offer this to older residents. Counselling can be effective in minimising or preventing the need for referral to mental health services even while older people are on medication for anxiety and depression. One manager of a retirement village mentioned that the majority of women entering the village are on anti-depressants.</p>		
Cost of participation	No, though we encourage clients to become members and always welcome donations.		
Requesting grant for	Salary and travel costs of the counselling service, shared between the six local boards.		
Active participants	150	Audience size	150
Promotion of activity	Yes		
Local board recognition	local board's contributions will be acknowledged in our newsletters and annual report		
Alignment with local board priorities	<ul style="list-style-type: none"> • thriving communities • age-friendly communities <p>For Auckland to be an Age Friendly City we need to celebrate the older people in our communities and value the contribution they make to our society. Ageing is a matter that affects all of us, at an individual level but also at the level of society. Providing information, support and services for older people their whanau and carers contributes to a safe connected community across diverse cultures. In a world in which life expectancy is increasing at the rate of over 2 years per decade, the need to prepare for these changes is both urgent and timely.</p>
