Project details

Project title	Matariki @ Owairaka Domain Art Installation Exhibition		
Dates	24/06/2017 - 10/07/2017		
Location	Summit Drive, Owairaka Domain, Mt Albert		
Summary	<p>The project is an art installation exhibited on Owairaka Domain by several local schools based on Matariki. The purpose of the project is to engage our local youth towards creative expression through visual arts and make the whole process experiential for them. Also my aim is to encourage the community to frequent our local maunga and create a sustained sense of community. Being aware of our local Maori history and culture is another way to help engage our community with this exhibition. Therefore if my project is approved I would like to be funded upfront first as opposed to via reimbursement to really make this opportunity come to fruition.</p>		
Cost of participation	No		
Requesting grant for	<p>A graphic designer will create online pamphlet and signage work. The signage and fixings need funding for. Adhesive, wire and rope to help install creations. Food (fresh fruit) and fruit drinks to give to kids on Saturday June 26th formal opening day. Hours of planning and initiating actions is required. Therefore I am only looking to charge a small amount for my skills, resourcing, time and energy.</p>		
Active participants	32	Audience size	500
Promotion of activity	<p>Yes, Social media: Facebook via Mt Albert Community FB page. Have the schools exhibiting communicate school notices to parents/caregivers. Through fellow creatives in the local community.</p>		
Local board recognition	<p>Albert Eden Local Board's logo on signage boards. Acknowledge them on social media and through to those schools exhibiting through their school notices.</p>		
Alignment with local board priorities	<ul style="list-style-type: none"> • young people have a place and a voice <p>The projects core involvement is with school children from several local schools. Children are given opportunities to create artworks that express what they can do and what they can say in the community creatively through 3 dimensional objects. They can do their own research about Matariki and therefore learn not about the indigenous culture and local history of the area. This can shape a sense of pride in their school and local area.</p>

Project title	Paper House		
Dates	03/06/2017 - 25/06/2017		
Location	Alberton, 100 Mt Albert Road, Mt Albert, Auckland 1025		
Summary	<p>The Paper House is a large-scale, wire frame construction situated in the ballroom of historic Alberton during the Auckland Festival of Photography 2017. Its walls are made of paper - 1863 scrolled images on the theme 'A Piece of Home' by artists and the public.</p> <p>The house is the literal structure; home is the subjective content that the images by these diverse contributors bring to it. Viewers/participants enter the structure and choose a photo to take away so that gradually the house loses its form over the duration of the exhibition.</p> <p>The free entry exhibition will attract visitors from wider Auckland but it will be of interest to Albert-Eden locals in particular, where the call for submissions has been concentrated.</p>		
Cost of participation	No, it is free entry.		
Requesting grant for	Preparing the wire framework (sanding and painting) and its transport to and from the site. Production of the images (paper costs, printing, backing board) both to make up the installation (1863 scrolled prints) and to feature on the walls (10 selected mounted prints). Some marketing costs (street signage).		
Active participants	2 artists (Max Irving-Lamb & Jessica O'Reilly). Hopefully at least 500 members of the public and photographers who submit photos.	Audience size	500-600

Media to be perused are the local Fairfax publications, NZ Herald (Weekend publications), Paperboy as well as radio (RadioNZ). Fliers will be distributed to libraries, community centres, cafes, schools, tertiary and arts/cultural institutions. Online listings will include Eventfinda and The Big Idea as well as art directories. Social media promotion will be done via a dedicated Facebook page, Alberton's Facebook page, various local Facebook groups and Neighbourly. Promotion via Heritage New Zealand's channels includes the Facebook page website and monthly e-newsletter and Alberton's own seasonal e-newsletter.		
Local board recognition	The Albert-Eden logo will appear on the flier and on all signage and publicity materials as well as on the exhibition introduction on site and on any other printed materials (exhibition list/guide). An acknowledgement of the support will be made whenever possible and appropriate in print and in person at the opening of the exhibition. A local board member is welcome to attend to say a few words if appropriate.		
Alignment with local board priorities	<ul style="list-style-type: none"> • young people have a place and a voice, • innovative and exciting arts and events build our identity, • our diverse communities can participate fully in the future of our area <p>Paper House is an inclusive community based project. All submissions will be included with the name of each contributor listed as the artist. The final display is interactive and engaging installation. Visitors enter the three-dimensional structure and choose an image to keep as a souvenir of the encounter.</p>

Project details

Project title	Hydrotherapy for people with Multiple Sclerosis living in the Albert-Eden local board area		
Dates	01/06/2017 - 31/05/2018		
Location	Thursdays at Epsom Girls Grammar School, Silver Road, Epsom 1023; Saturdays at Diocesan School for Girls, Clyde Street, Epsom 1051		
Summary	<p>Hydrotherapy is proving extremely beneficial for people with MS and other neurological conditions, helping them manage the symptoms of their disease and keeping them active in the community.</p> <p>These classes are very popular - 866 attendees in 2016 - people with MS find it valuable for maintaining their health and slowing the progressive nature of this disease.</p> <p>We run classes at Epsom Girls (Thursdays) and Diocesan Girls (Saturdays). These venues were chosen over others in the area as people with MS are very sensitive to temperature when exercising, so it is important to have a pool with water and ambient temperatures that enable people with MS not to feel too hot or cold. These pools also have wheelchair hoists.</p>		
Cost of participation	MS Auckland charges attendees \$5 per class. This is very heavily subsidised and a nominal charge is so participants apportion value the programme they are attending		
Requesting grant for	Multiple Sclerosis Auckland is requesting funding of \$3,000 towards the annual pool hire fee of \$3,742.27 at both Epsom Girls (\$2,098) and Diocesan Girls (\$1,643). The total annual cost of this programme is \$17,242.27 including the neurological physiotherapist who facilitates the classes.		
Active participants	We had 866 attendees in the sam programme over the last calendar year	Audience size	Approximately 1200 attendees including volunteer, caregivers and family members
Promotion of activity	<p>Yes, Multiple Sclerosis Auckland will advertise this programme to people with Multiple Sclerosis on our website and social media postings, in our quarterly magazine, in our monthly e-newsletter, at our local monthly support groups and by direct invitation to suitable people by our Field Workers.</p> <p>The local organisations of other allied neurological conditions like Stroke, Parkinsons and Motor Neuron will be informed so they can invite suitable clients to the programme.</p>		
Local board recognition	We will publicly thank the Albert-Eden local board of Auckland Council at our AGM and include Auckland Council and its logo as one of our key supporters in our Annual Report, in our quarterly magazine, in our monthly e-Newsletter, on the Multiple Sclerosis Auckland website and our social media and in our printed collateral that goes out to all our members and supporters. Local board members who wish to view the activity can do this by phoning the MS Auckland offices on 845-5921.		
Alignment with local board priorities	<ul style="list-style-type: none"> • our people feel safe and participate in their communities , • projects that involve community volunteers 		

	<ul style="list-style-type: none"> - Our people feel safe and participate in their communities (people with MS and other neurological conditions can participate in sports and exercise) - Projects that involve community volunteers (MS Auckland's neurological hydrotherapy programme relies on 13 volunteers volunteering in the Albert-Eden area)

Alignment with local board priorities	<ul style="list-style-type: none"> • seed-funding for community-led projects and activities , • projects that involve community volunteers <p>Eritrean community leaders approached RASNZ Family Service Coordinators seeking a structured programme of parenting support for families they represent. Initial consultation led to a trial delivery of four interactive presentations on common parenting concerns. This trial is currently in progress; feedback indicates strong endorsement and a wish for the programme to be available to the wider community. This request is to fund a skilled facilitator from the community to complete intensive Triple P (Positive Parenting Program) training so that it can be delivered directly by her rather than through an interpreter by someone who is not familiar with the community.</p>

Project details

Project title	Project Metro Mini's		
Dates	01/09/2017 - 25/03/2018		
Location	22a Phyllis Street, Mount Albert		
Summary	Our project involves supplying our junior teams with new, age/size appropriate uniforms, as well as new essential protective and playing equipment for the coming season.		
Cost of participation	This activity would have no cost for players		
Requesting grant for	We are requesting funding to help with the purchase of team uniforms for one of our four new junior teams. At present, we have junior players (aged 9 - 12) in adult sized shirts, which are over-sized, due to the sudden influx in young players and as a result of the club not having enough junior jerseys to cover the sudden growth of the club. We are requesting funding for 15 new youth jerseys which will cover a full junior team.		
Active participants	140	Audience size	500 per week
Promotion of activity	Don't know,		
Local board recognition	We will acknowledge the local boards contribution by displaying signage around the club, and on field fencing. We will also have the Auckland Council logo on our Facebook page and website listed as a sponsor for the 2017-2018 season.		
Alignment with local board priorities	<ul style="list-style-type: none">• our people feel safe and participate in their communities ,• more opportunities for more people to enjoy our parks and reserves,• projects that involve community volunteers <p>Our project supports the main priorities by allowing more young Aucklanders to participate in sport & Recreation at Phyllis Street Reserve. This would be supported by allowing us to expand the number of teams that we can have representing the club as we would have adequate uniforms for growth in player numbers. This project is being organised by our Softball Committee; a group of dedicated volunteers from within the local community. Since the acceptance of softball into the 2020 Olympics, we have seen a dramatic increase in young players and wish to further develop these junior areas next season.</p>
