### Demographics

<b>Maori outcomes</b>	Yes, 48% of the students/families we work with as developing leaders or through their passion for either Rugby union or League has been Maori. Our head Coach Tu Edwards is Maori and is very effective with connection and transformation through sport. What we have found over the past 4yrs is once we have connected with these students in their sport of choice we are then able to help them upgrade their view on life and their life skills so they are able to make better decisions on and off the field. Taking their whanau on this journey is part of our kaupapa. We are also able to call in help from other community organisations when and where required.
<b>Accessible to disabled</b>	Yes, all our programmes are available to any one although some sporting activities may limit their engagement.
