Project details

Project title	Mental health & wellbeing presentations for Manurewa High Schools		
Dates	30/05/2017 - 30/05/2018		
Location	Assembly halls of South Auckland Middle School, Alfriston College, James Cook High School and Manurewa High School.		
Summary	This youth development programme will equip 4200 students with life-skills to make informed choices and negotiate their teenage years in a safe positive way. Through improved decision making students are empowered to reach their potential positively contributing towards their community. Presentations and handbooks have been requested by South Auckland Middle School, Alfriston College, James Cook High School, and Manurewa High School.		
Cost of participation	If we are unable to fundraise for all costs we ask schools to donate a koha for our presentations, though as school budgets are limited this is not always possible.		
Requesting grant for	If successful this grant will be used to contribute towards the cost of delivering 25 mental health presentations @ \$200 each to approx. 4200 students attending four high schools in the Manurewa local board region plus provide 1030 year 10 students with a copy of our Hardwired (drug and alcohol education) handbook @ \$1.38 each.		
Active participants	4200	Audience size	4200
Promotion of activity	Yes		
Local board recognition	Auckland Council Manurewa board's support will be publicly acknowledged in The Parenting Place annual report and on The Parenting Place website (www.theparentingplace.com). We also let the schools know where we have received the funding from for their presentations.		
Alignment with local board priorities	<ul style="list-style-type: none"> • Activities that are aimed at advancing our young people and make it easier for them to get active and be involved • Activities that are aimed to improve the overall wellbeing of the Manurewa community <p>Attitude programmes aim to advance young people by equipping them with the skills and insights necessary to build meaningful lives. Attitude programmes advocate for a safe and crime-free community, address alcohol, drugs and addictions, discuss the implications of irresponsible decisions/behaviour and evaluating risks.</p> <p>Volunteering is promoted. Students are encouraged to become involved in caring for their community. Attitude programmes promote self-improvement, continued learning, and employment. Attitude educates young people on the physical and emotional benefits of living an active, healthy life style. Through improved decision making, our programmes encourage students to positively contribute towards the overall wellbeing of their community.</p>

Project details

Project title	Provision of Toolbox Parenting Courses, focusing on Māori & vulnerable families		
Dates	01/07/2017 - 31/03/2018		
Location	In private homes and community venues throughout the Manurewa board, e.g. IOSIS Family Solutions: 112c Russell Road, Manurewa.		
Summary	Our six session parenting courses provide practical skills and strategies to build strong healthy families. We request funding towards running 14 groups, which will benefit approx. 126 families. Through our Building Awesome Whanau (BAW) parenting course, we aim to continue to increase the number of Māori families completing a parenting programme and reduce disparities in health and social outcomes within this sector.		
Cost of participation	We charge each participant a subsidised fee of \$75 per individual and \$110 per couple. We often subsidise this fee further, sometimes up to 100%, if funding allows.		
Requesting grant for	1) Additional subsidies for low-income participants: \$2,000. Additional subsidies will ensure accessibility to any parent seeking parenting help and support, regardless of their ability to pay. 2) Course handbooks: \$1007. Participants receive a comprehensive handbook containing a transcript of the teaching DVD, focus questions, relevant research, hot tips and parenting strategies.		
Active participants	126	Audience size	126
Promotion of activity	Yes		
Local board recognition	Auckland Council funding will be publicly acknowledged in The Parenting Place Annual Report, on The Parenting Place website (theparentingplace.com) and in the Toolbox newsletter sent out to volunteer facilitators, hosts, and supporters of the Toolbox programme.		
Alignment with local board priorities	<ul style="list-style-type: none"> Activities that are aimed to improve the overall wellbeing of the Manurewa community <p>The aim of Toolbox Parenting Courses is to help parents create strong and healthy families, by providing them with a 'toolbox' of parenting skills and strategies. When families are flourishing then it will result in improved wellbeing for the whole community, as the skills learnt enables parents to provide a safe and nurturing environment for them to raise their family in.</p> <p>As individual lives are transformed through receiving parenting education, then the community will also be transformed.</p>

Demographics

Maori outcomes	<p>Yes, The Building Awesome Whanau (BAW) Toolbox course is designed specifically for Māori families. It was developed in collaboration with Māori staff, Toolbox facilitators, educators, kaumātua, social service agencies and Māori families.</p> <p>This Toolbox considers needs, strengths and socio-economic nature of Māori. The best evidence-informed parenting techniques and insights are presented in a way that is understandable, relevant and culturally appropriate. Particular attention is paid to using appropriate and understandable language in all material. Although designed for Māori it has proven to have appeal and efficacy with a wide range of vulnerable families. Our ultimate aim is that it will increase the number of at-risk families completing a parenting programme and reduce disparities in health and social outcomes within this sector.</p>
Accessible to disabled	Yes, Toolbox Parenting Courses are open and accessible to any parent seeking help or support.

Project title	Food for Kids		
Dates	01/07/2017 - 30/06/2018		
Location	In the 20 KidsCan low decile partner schools in the Manurewa area		
Summary	Food for Kids provides children who have no food at school with items of food. The food items are distributed discreetly and at the discretion of the teachers to ensure the children who need help receive it and without judgement from their peers.		
Cost of participation	None		
Requesting grant for	We would love funding to purchase food for the children. Children who are hungry are not able to learn very well, they are distracted, irritable and light headed. A Massey University study completed in 2010 has proven that our programmes reduce theft and anger - as well as improving attention in class and attendance rates in schools.		
Active participants	10000	Audience size	0
Promotion of activity	No		
Local board recognition	Acknowledgement to be in our quarterly newsletter that goes out to all KidsCan supporters and schools. Acknowledgement to be in our yearly Annual Report.		
Alignment with local board priorities	<ul style="list-style-type: none"> • Activities that are aimed at advancing our young people and make it easier for them to get active and be involved • Activities that are aimed to improve the overall wellbeing of the Manurewa community <p>Community well-being and in particular the well-being of children is extremely important to KidsCan. By running our programmes through schools we are encouraging disadvantaged children to attend school, improving their educational outcomes and allowing them the greatest opportunity to reach their full potential in life. This leads to a happier community with more educated young people.</p> <p>Our programmes are proven to reduce anger, theft and violence - supporting youth who may be at risk can change lives and help break the poverty cycle!</p>

Project details

Project title	Boxes for Manurewa Babies		
Dates	01/06/2017 - 31/05/2018		
Location	6 Kingsford Road, Mt Eden, Auckland 1024		
Summary	Our medium to long-term goal in all the areas in which we work is to reach the most challenged 10% of births annually. With a projected birth rate of 1790 in the Manurewa Local Board region in 2017 and 2018 our ultimate goal is to provide boxes to 179 babies annually. This will be achieved predominantly with the assistance of self-employed Lead Maternity Carers in the area.		
Cost of participation	Nil		
Requesting grant for	We are requesting funding for one percent of all projected births in Manurewa for a one year period. This equates to 18 boxes.		
Active participants	Between five and fifteen midwives / LMCs depending on funding	Audience size	Up to 179 families depending on funding
Promotion of activity	Yes		
Local board recognition	We are happy to recognise the board with a logo on our website as well as posts on our social media platforms - Facebook, Instagram and Twitter. We would also be happy to send a media release to the Manukau Courier outlining the project and its contributors.		
Alignment with local board priorities	<ul style="list-style-type: none"> Activities that are aimed to improve the overall wellbeing of the Manurewa community <p>BabyStart aims to support the Manurewa community through the provision of baby boxes to families who 1) are suffering significant material hardship and 2) have a newborn baby that is at risk of SUDI (Sudden Unexpected Death in Infancy). The key focus is to improve the wellbeing of babies and their families.</p> <p>Each large cardboard box contains approximately 40 clothing and care items. In addition, the box contains bedding and a fitted mattress, allowing it to be used as a safe sleep space, much like a bassinet.</p>

Project details

Project title	Counselling Services for Older Adults		
Dates	03/07/2017 - 29/06/2018		
Location	Cambria Park Homestead, 250 Puhinui Road Papatoetoe		
Summary	<p>It is recognised that older people often experience numerous changes and challenges of aging, such as health issues, relocating, death of a spouse, family concerns, relationship issues, and may experience stress, depression, and anxiety as a result. Since 2013 we have provided a counselling service to older adults in a number of wards in South Auckland thanks to the support of local boards. We want to continue to offer this to older residents. Counselling can be effective in minimising or preventing the need for referral to mental health services even while older people are on medication for anxiety and depression. One manager of a retirement village mentioned that the majority of women entering the village are on anti-depressants.</p>		
Cost of participation	No though we encourage clients to become members and always welcome donations.		
Requesting grant for	Salary and travel costs of the counselling service, shared between the six local boards.		
Active participants	150	Audience size	150
Promotion of activity	Yes		
Local board recognition	local board's contributions will be acknowledged in our newsletters and annual report		
Alignment with local board priorities	<ul style="list-style-type: none"> • Initiatives that aim to make the town centre a safer, tidier, more accessible and welcoming place • Activities that are aimed to improve the overall wellbeing of the Manurewa community <p>Providing information, support and services for older people their whanau and carers contributes to a safe connected community across diverse cultures. Ageing is a matter that affects all of us. In a world in which life expectancy is increasing at the rate of over 2 years per decade, the need to prepare for these changes is both urgent and timely.</p>

If full amount requested is not able to be funded, would a smaller amount be of assistance?	Yes, the salaries are the essential component. We run a tight ship with low overheads and deliver high quality services. In this application we have shared the cost of an FTE across the 6 local boards in South Auckland based on the older people population in each of these areas. At the moment we have one qualified experienced counsellor who works 30 hours per week delivering the service to whole region and this funding will enable us to increase her hours to 1 FTE 2 x 0.5 FTEs.

Project title	Alcohol Off-Licence Signage Compliance Review		
Dates	01/06/2017 - 31/12/2017		
Location	Not applicable		
Summary	Alcohol Off-Licence Signage often negatively affects the amenity of neighbourhood shopping centres and town centres. It also normalises alcohol in neighbourhoods especially frequented by youth. In many cases, Alcohol Off-Licence Signage does not comply with the requirements of the Auckland Council Signage Bylaw. The Review of Alcohol Off-Licence Signage Project is a community-led project to photograph the signage of all off-licences in the local board area, review this against the rules of the Signage Bylaw and make a complaint to Council where there is any non-compliance and seek it be addressed. It will result in making town centres and neighbourhood shopping centres safer, tidier and more welcoming. It will improve the overall wellbeing of the Manurewa community.

Project details

Project title	Discovery for Teens October 2017 Programme		
Dates	06/10/2017 - 14/10/2017		
Location	Carey Park, 397 Henderson Valley Road, Henderson, Auckland		
Summary	Discovery for Teens is 7-day residential life skills programme for 14-18 year olds run during term break. One third of the course is academics: study skills, speed reading and exam strategies, with two thirds of the course focussing on life skills. The life skills components include: communication, relationships, leadership, goal setting/planning and team work. This programme is also designed to give teens increased confidence and a toolbox of strategies to help them overcome challenges and navigate the difficult teen years. Teens come out with improved self-confidence, motivation and commitment.		
Cost of participation	The full cost without a scholarship is \$1700.00. This covers venue hire, accommodation, catering, activity costs, stationery, staff costs, sound and lighting and other equipment hire, parents' day costs.		
Requesting grant for	Scholarships to support families from your local board area to be able to participate in these life changing programmes. These scholarships cover the costs of the accommodation, facilitation and activity costs for the 7-day residential programme for the teenagers and cover the cost of the parents and caregiver workshops on the last day. The costs listed under activity budget do not include overhead or staff costs for the running of the Discovery Office only programme costs.		
Active participants	75 teens and 150 parents/caregivers and 30 staff and volunteers	Audience size	200+
Promotion of activity	Yes		
Local board recognition	We would acknowledge the local board's contribution when advertising the scholarships to schools and other youth organisations. We would also include their logo/s on the back of our printed camp book which is given to every participating family. We require families to provide written feedback about their experiences and pass that onto our sponsors. We would also recognize the contribution in our annual report.		
Alignment with local board priorities	<ul style="list-style-type: none"> Activities that are aimed at advancing our young people and make it easier for them to get active and be involved <p>Our programmes are a mixture of life skills and academic workshops. The academic workshops are designed to support young people with specific study skills and techniques to help them with study and exams. Our programmes empower young people with strategies to overcome challenges and gives them increased confidence and resilience to go out and reach their potential. We have a ratio of 1:4 ensuring that participants are given individual support and encouragement to overcome barriers to their success.</p>

The society relies on the support of numerous volunteers and club members to stage their modest shows. It provides a not for profit club where members can get involved and develop their own passion for performing arts. Each production requires a cast, production team, lighting, designers and operators, sound technicians, stage management and assistance.</p> <p>The shows are of a professional standard and are far more accessible and affordable to the local community than other professional productions that come to New Zealand.</p>

If full amount requested is not able to be funded, would a smaller amount be of assistance?	Yes, The application is to assist with the hire of a commercial venue. Up until 2014 the NZKC had almost exclusively utilised its own venue in Wellington. A decision was made in 2013 that the event should be moved around the country and, where suitable, a commercial venue be used to better showcase NZKC activities to the public. This happened as follows; Auckland 2014 - Vodafone Event Centre, Wellington 2015 (own venue) and Christchurch 2016 RDA Building, A & P Showgrounds. Any contribution towards venue hire assists the event and shows local support.

The Auckland Asthma Society Inc.

Physical address	581 Mt Eden Rd, Mt Eden Auckland 1024		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	Not required	Legal status	Incorporated Society

Project details

Project title	Asthma Education & Awareness in the community		
Dates	07/06/2017 - 07/11/2017		
Location	The Greater Auckland Region (From the Northern limit of the Bombay Hills to the Southern limit of Warkworth township)		
Summary	<p>Our goals are to reduce asthma hospitalizations & asthma deaths, reduce asthma hospital emergency department visits and activity limitations among people with asthma, reduce the number of school or work days missed due to asthma and increase the proportion of people with asthma receiving appropriate asthma care. The management techniques taught by our Nurse Educators improves health outcomes and keeps children, in particular, out of hospital; freeing up space, and resources in our health system which is struggling to cope with the demands of the community. We provide free education with regards to various aspects of asthma self-management care for patients/families with all severity levels of asthma.</p>		
Requesting grant for	<p>We want people with asthma to lead full and active lives, supporting them in school, or in the workplace. Our free service to the community played in integral part which removed many barriers for children and families to access basic healthcare, and has made a valuable contribution to addressing previously unmet need. Our team of asthma nurse educators carry out in home education and support to those with asthma and their families, as well as working alongside schools and preschools to help keep their pupils safe and actively participating in the classroom and the sports field.</p>		
Cost of participation	Free of charge		
Active participants	1,000	Audience size	3,000
Promotion	Yes, we have radio advertisement, and pamphlets to promote our free service to the community		
Local board recognition	We publish The NZ journal of Respiratory Health magazine quarterly and distribute all around New Zealand. We acknowledge all our funders in the magazine. In our Annual accounts; we acknowledge them as well.		
Reason for the project	<p>Asthma has no cure and those with asthma need long-term care. Even when someone with asthma feels well, they still have the disease and it can flare up at any time therefore it is necessary to have an asthma management plan in place and for strict compliance with medications. At least one person a week dies from asthma in New Zealand. An important part of our initiative is raising awareness that asthma is a serious and sometimes life-threatening chronic disease that can be controlled. We also provide education on dealing with an asthma emergency.</p>		
Community benefit	<p>Keeping adults well to enable them to be gainfully employed, we aim to help people control their asthma to enable them to hold down a job and keep their number of sick days to a minimum. Sometimes working conditions maybe a</p>		

	contributing factor to asthma, such as dust or fumes, so education and looking at ways to avoid or improve these factors can make a significant difference. Reduce hospital admissions/cost to health system: The annual economic burden of asthma in New Zealand has been over \$800,000,000 annually.
Alignment with local board priorities	<ul style="list-style-type: none"> Activities that are aimed to improve the overall wellbeing of the Manurewa community <p>The Auckland Asthma Society's Breathe Easy Asthma Education & Prevention Program with school/preschool encourages a partnership among students, families, physicians, and school personnel in managing and controlling asthma so that students can be active. It is the program's hope that this material, "Managing Asthma at School: Making a Difference," will help classroom teachers, physical education teachers, and coaches' help their students participate fully and safely in sports and physical activities.</p>

Demographics

Maori outcomes	Yes Maori and Pacific Island children with asthma tend to have more severe asthma and hospital admissions are twice as common for Maori as for non-Maori. Studies have linked social-economic disadvantage with difficulty in accessing primary health care needs, which can lead to more hospital admissions for asthma. We work with Primary Health and other key organisations to improve asthma awareness, control and self-management in areas of high deprivation. We also ensure asthma is given a higher priority in local plans for commissioning and delivering health services. Beyond that, we raise awareness among health and education professionals and promote best practice to achieve improved health outcomes.
Accessible to disabled	Yes There are three COPD (Chronic Obstructive Pulmonary Disease) Support groups run by Asthma Auckland.- Central Auckland , North Shore , West Auckland . Almost all the members are old and some of them are disabled. We have all the facilities for them. We provide education and support to these people.
Targeted at long term disability	Yes

If full amount requested is not able to be funded, would a smaller amount be of assistance?	Yes, Our school/preschool programme and 'Year 9' programme: These education programmes are run with the support of the schools. The format varies depending on the age and need of the students. In the case of a preschool it may be a group session with staff and parents to teach them what to look out for, how to deal with an asthma attack and to get them on board with management plans for each child and ensure each child has their own medication both at home and in care, and stored correctly.
