## SLACK

MYC has introduced Slack as a working tool for internal communications. It has been a learning process to refine the way our youth council functions, and how to engage our members in the most productive way possible.

### **YOUTH WEEK**

#### **SAUSAGE SIZZLE**

Youth Week tradition is to hold Free Sausage Sizzles at each of the high schools in Manurewa. The aim of this event is to spread the MYC name, and promote the message of Youth Week.

*Dates: 29<sup>th</sup> May – 2<sup>nd</sup> June*

#### **NEWSLETTER**

To coincide with Youth Week, MYC has decided to release the first edition of a newsletter. This newsletter is made up of content from young people, under the section headers “Academics, Arts, Community, Politics, and, Sports”. The aim is to have a regular newsletter distributed amongst the high schools which highlights achievements, and exposes exciting opportunities for young people.

## **YOUTH SPACE**

We are approaching a more definite lease agreement as Neil has been making progress on negotiations. MYC has identified August as a goal for moving in. Until then, we are refining the vision for this space, and holding informal community consultation.
