Dear Paul

RFA INTEREST IN FUTURE USE OF HOOTON'S RESERVE CAR PARK

This letter confirms our recent discussions on the matter of RFA's interest in No. 3 car park (259 Oteha Valley Road Albany 0629) and vacant land adjacent to the tennis facility at 321 Oteha Valley Road, Albany 0632.

A previous agreement between RFA and Council included provision for RFA to be notified if Council were to propose a change of use of the car park.

As you know, Council is now in the process of negotiating a change of lease with the Tennis Club with the aim of relocating the Rosedale BMX club to the site. If the proposal is successful, the BMX facility will use much of the vacant land and No. 3 car park. A car park will be constructed to service the facility, which is likely to be connected to a new road Auckland Transport will construct between Gills Road and Oteha Valley Road at some time in the future.

This document is a record for our file that RFA has been notified of this proposed change of use and has agreed to relinquish any interest it has in the future for use of that site.

Yours sincerely

Mace Ward
General Manager Parks, Sports & Recreation
Auckland Council
