Project details

Project title	Maja Moritz 43NZ Authors Portrait Photography		
Dates	30/06/2017 - 31/08/2017		
Location	Whangaparaoa Library 9 Main Street, Whangaparaoa		
Summary	Maja visited our Library last year to check out the suitability of it as a venue. She and was most pleased and could see the possibility of it being an excellent space to show this exhibition.		
Requesting grant for	Air NZ e-ticket return Auckland - Christchurch Rental Car booking Auckland Airport to Whangaparaoa Library return Replacing 13 of the photo prints Advertising 4 posters Replacing 28 text panels 12 new text panels with Whangaparaoa details on them		
Cost of participation	There is no charge to view the exhibition.		
Active participants	Three. Maja Moritz setting up and dismantling display, Merrill Lewis overseeing display whilst in the Library, Doris Lindauer-Hallet Community Librarian Manager	Audience size	Hard to estimate but going on our foot count each day possibly 50 per day or more.
Promotion	Yes - Yes HBC Matters, Rodney Times, Local radio, Posters		
Local board recognition	We will have Auckland Council logo on all of our posters. Members of the Local Board will be invited to the opening. A sign acknowledging the Local Board as sponsors will on display		
Reason for the project	The public are always coming in to see displays. As always, the Library is a place to enrich people's lives. People in our community enjoy coming into the Library to look at new displays, artworks and listen to real live book launches. It is a chance for our community to see a world acclaimed display without having to travel into Auckland City Library. There is a need to make our Library a vibrant place to be in.		
Community benefit	Benefits will be that our community will be exposed to the profiles of a large number of NZ authors .We are hoping our "foot count" to go up during this time to show how appreciated the exhibition will be. Hopefully schools will come and see it as well. Verbal responses and emails to the Library will show gratitude as well.		
Alignment with local	- Provide economic benefit to the local board area. Artistic opportunities for our community.		

board priorities	<p>- This exhibition is literary portraits of NZ authors portraying something other than writing!</p> <p>Many Libraries in the South Island have hosted this exhibition and now we would love to host this photographic exhibition by Maja Moritz, guest of honour 2012 at the Frankfurt Book Fair Germany.</p> <p>We have Book groups, photography groups, and general members of the Auckland public who would be interested in viewing these authors represented in photographs.</p> <p>We would like to put Whangaparaoa Library out there for the public to view these photos and incorporate it with other scenic attractions in the area.</p>

Project details

Project title	Mud Monster Mud Rush		
Dates	09/09/2017 - 10/09/2017		
Location	Massey University Albany		
Summary	Mud Monster Mud Rush is a 2.5km muddy obstacle event which provides children and families with an opportunity to experience having fun in the mud while challenging some fears and being active together. The event has been operating for 4 years and seen steady growth with a record 1881 participants in 2016.		
Focus specific information	Event rain dates: N/A Event time: 9am - 1pm Event producer/contractor/3rd party: No,		
Requesting grant for	Portaloos Metal Fencing Running Events Kit - Barriers, gantry, vests, sound system, stage etc. Change rooms		
Cost of participation	\$30 per entrant		
Active participants	1850	Audience size	2500
Promotion	Yes - Community Awareness Billboards in 10 locations on the shore Flyers and posters distributed around the shore School assemblies delivered and sports clubs visited with mascot Muddy the Mud Monster Radio ads on "The Hits" Social media promotion on Facebook, Twitter, Instagram Northshore Times Ads		
Local board recognition	Use the local board Logo on all promotional collateral for the event Invitation to be on site during event		
Reason for the project	There are a lack of activities for families and youth to participate in together, especially ones that encourage physical activity. With the outstanding and growing response in the 4 years the event has been running there is clearly an interest and a need for this type of outlet in the community. It is a chance for participants to throw the rules out the window and tackle a challenge together which is also great for building community unity.		
Community benefit	The Mud Rush will bring over 2,500 people from different boards and cultures across Auckland to the North Shore, and a large number of these from the Hibiscus & Bays Local Board. The community benefits include community		

	engagement and unity as well as promoting a lifelong involvement in healthy active living. It will also bring people into the area to explore the open spaces and all the surrounding area has to offer.
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide opportunities for place-shaping and identify what contribution you are making to the project within the local board area. , provide sporting opportunities and encourage the community to be more active in recreational areas. Opportunities for youth, seniors and migrants to participate. <p>Opportunity for youth to take part in an experience out of the ordinary. Currently there are very few events for youth and families to participate in and the Mud Monster Mud Rush gives them a chance to do something fun that also encourages them to get active.</p>

Project details

Project title	LiteClub Hibiscus and Bays		
Dates	01/08/2017 - 31/10/2017		
Location	Orewa Tennis Club (Victor Eaves Park, Orewa), East Coast Bays Rugby League (Woodlands Cres, Browns Bay), Pupuke Golf Club (East Coast Road, Campbells Bay), Manly Bowls Club (56 Laurence St, Manly, Whangaparaoa), and Red Beach SLSC & Squash Club (Ngapara St, Red Beach).		
Summary	<p>Our team will visit each club to install energy efficient light bulbs, hot water cylinder and pipe insulation, water-saving devices and a waste minimisation programme. Our Sustainability Adviser assesses the building looking for efficiency opportunities beyond the immediate changes we make, for example, heating, ventilation, and appliance efficiency. These ideas are then turned into an Efficiency Action Plan (EAP), which sets out a list of specific actions that the club could take to further reduce their environmental impact and running costs. We also reach out to club members by installing posters and light switch stickers to inspire club members to take the same positive actions at home. We offer support and advice to clubs on an ongoing basis.</p>		
Focus specific information	<p>Environmental benefits: Less pressure upon national electricity, water and landfills systems; reduced carbon dioxide emissions from electricity generation; reduced methane emissions from compostable waste; decreasing consumption of heavy impact materials and non-reusable/recyclable packaging; improved reuse of materials.</p> <p>The environmental benefits are first realised at the implemented clubs and then at club members' homes in the wider community as members are encouraged to adopt sustainable practices, as seen at their club.</p> <p>Community involvement: Sports clubs, national and regional sports organisations (for example Squash Auckland), Harbour Sport, and club members and officials.</p> <p>Land owners: The nominated sports clubs register for LiteClub on our website and in doing so they enter into a contract, which gives LiteClub permission to implement the LiteClub programme at their club.</p>		
Requesting grant for	So far, we have received \$8,335 towards the general costs of the implementation from Auckland Council's RENH grant. In this application we request that Hibiscus and Bays Local Board consider funding the shortfall of the project. The costs include salaries, materials installed at the club, administration costs, travel costs, and promotion.		
Cost of participation	None.		
Active participants	2,200	Audience size	2,200

Promotion	Yes - We will recruit clubs with the help of Harbour Sport and various regional sports organisations for example Squash Auckland. We will promote the community and environmental benefits of LiteClub by sending media releases to news media and posting photos and stories on social media and on our website.
Local board recognition	We will send a media release to news media acknowledging Hibiscus and Bays Local Board's support, plus we will thank Hibiscus and Bays Local Board for their contribution to this project on social media and include the Auckland Council logo on the funders section of our website and brochure.
Reason for the project	The demand for LiteClub is huge: 148 clubs registered and are waiting for our service. Community sports clubs are facing difficult financial times. Many are experiencing membership decline, decreasing profits from bar facilities, and club operating costs are rising. Leading scientists conclude that we're depleting Earth's resources faster than nature is able to replenish them. LiteClub is measuring genuine impact reductions by reducing electricity consumption and emissions from waste sent to landfills. We are not aware of a comparable service giving free and independent expert advice on clubs' efficiencies.
Community benefit	By implementing the five Hibiscus and Bays community sports clubs approximately 2,200 club officials and club members will be exposed to our messages. We believe these people and their clubs will benefit in terms of: Improved infrastructure for community sport; reduced electricity, water and waste disposal costs for clubs; improved human health and safety; improved aesthetics and functionality; enhanced 'feel good' via Litefoot Ambassadors inspiring change; enhanced cultural awareness of sustainability issues; increased awareness and uptake of electricity, water and waste minimisation practices.
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide sporting opportunities and encourage the community to be more active in recreational areas. <p>Liteclub works with community sports clubs, supporting their busy volunteers in lowering their running costs and environmental footprints - win win.</p> <p>LiteClub helps reduce overhead costs of community sport facilities, enabling clubs to spend more on sports, thereby lowering barriers to participation, encouraging an active and healthy lifestyle; LiteClub physically improves clubroom facilities - they are warmer, dryer and healthier places for communities to gather as well as being more efficient.</p>

Project details

Project title	Hibiscus Coast Concert Band		
Dates	01/04/2017 - 01/04/2020		
Location	Orewa College, 76 Riverside Rd, Orewa 0946		
Summary	We have built a great community of local musicians that is supportive and encouraging. We are already a high quality band, probably the best community band north of the Bridge, and our aim is to promote the Hibiscus Coast nationally, provide quality entertainment for local events and bring happiness into local residential homes.		
Focus specific information	Type of art form: Music		
Requesting grant for	We need to develop our band. So far we have borrowed instruments and music from other organisations and bands. We have now reached the end of this phase and need our own equipment and resources.		
Cost of participation	Membership - \$60 annual fee (\$25 annual fee for students)		
Active participants	50	Audience size	300
Promotion	Yes - We will write articles for the local press, and have our own website. We also use Facebook to promote upcoming performances.		
Local board recognition	We intend to acknowledge the Council's involvement in our publicity and at our concerts. We also reflect the Local Board in our name. Depending on the extent of funding, we can include a logo on our banners, website and publicity material.		
Reason for the project	For several years we have heard of musicians in the area who no longer played due to the lack of a band, or who travelled to the North Shore. As soon as we announced the band in the local press, we got around 40 enthusiastic members, and have grown steadily since. We have seen that local events often buy in bands - and local musicians would be better.		
Community benefit	We have already played at Orewa on the Beach, and at local residential homes. We have had many invites, but are restricted by our lack of resources.		
Alignment with local board priorities	<ul style="list-style-type: none"> - Opportunities for youth, seniors and migrants to participate. Artistic opportunities for our community. <p>Our concert band is open to people of all ages and a range of abilities, providing a place to participate in music performance within our local community. We also provide opportunities for people from our local community to listen to the music we perform, including free events at retirement villages and other local charitable organisations as opportunities arise.</p>

Project details

Project title	Competitive Youth Engagement - Programmed youth activities and amateur sports		
Dates	22/04/2017 - 31/08/2017		
Location	214d HBC Hwy, Orewa, 0930		
Summary	Competitive Youth Sports and Recreation focusses on amateur sport where the aim is to engage youth 10 to 17 years of age to participate, play sport and generally improve their skills and confidence in a healthy, safe recreational facility. These youths are going through their difficult years, at times experiencing mental health or financial difficulties. Our program is set out to not only engage them in amateur sporting every Saturday, but also provide the individual youth within our community the access to organised exercise, supported by mentoring and other youth services like counselling, family planning, or just a safe place to be through the rest of the week.		
Requesting grant for	Youth are asking for Saturday activities to add to our current programming. The HBC Youth Centre provides around 33% of its own funding, seeking the balance from grants and donations. This program has been requested by youth and additional to our current programming. We would like funding support for wages and room costs, to ensure resources are tagged for a consistent delivery of the program every week.		
Cost of participation	There is no Cost to Youth to participate in this activity as it is targeted at those that may not be in a position to spend funds on sports. Our experience in delivering structured youth programs demonstrates that youth will not attend if there is a fee, and therefore look for other not so positive pastimes that don't invest in their early years of health and wellness.		
Active participants	40 Per Week i.e.: 720 Variable attendees over the project.	Audience size	720 attendees plus
Promotion	Yes - WE are planning to seek funding to advertise formerly for this program. Once established with youth leaders trained and younger youth volunteers trained, we will commence the program, and fine tune it. We are intending to advertise through our face book page, on our website and in the local Hibiscus Matters pages along with flag signage on the day of the activity. This is currently being scoped and budgets will be set for two 6 month periods initially.		
Local board recognition	Hibiscus & Bays Local Board will be acknowledged on the brochures distributed to community, youth and other organizations. Additionally, we will acknowledge Hibiscus and Bays Local Board on our Website, within our Facility on Notice Boards and Facebook pages when promoting the program as a supporter of youth in the Hibiscus and Bays And Rodney areas. The Hibiscus and Bays logo will be placed on any external flags etc. that we may have printed for this		

	program.
Reason for the project	Our Youth Safe Spaces on Saturday's is operated by youth leaders who only have time to run the cafe while engaging with young people. Winter is fast approaching and Youth Leaders have established with the young people attending the Youth Centre & skate park, that those not playing Saturday sports are desperate for something they can that include high energy, competition confidence building. These youth spend their leisure time on their Ipad, and don't have access to sports clubs due to financial difficulty or parents that are not engaged with them. Our Afterschool Care/Holiday Program Children will transition into this program.
Community benefit	This is a preventative, high engagement and active project; included activities provide an alternative to crime engagement and provide youth a safe space to go (reducing the risk of exclusion and social difficulties). It further provides a service for youth that leave WINZ subsidized care and need direction through their difficult years. We will monitor the growth in attendance, satisfaction and community acknowledgement and support. Our success will be to have the program grow into a weekly activity operated and planned by youth, supported by the community leaders and businesses.
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide sporting opportunities and encourage the community to be more active in recreational areas. , youth education and training opportunities. opportunities for youth, seniors and migrants to participate. <p>In general, people need more care when they are young and in this day of both parents working alongside the effects of inside social media and gaming activities, this program will benefit all levels of the community. Competitive Youth Sports and Recreation focusses on amateur sport where the aim is to engage youth 10 to 17 years of age to participate, play sport and generally improve their skills and confidence in a healthy, safe recreational facility. All youths are welcome and we will pick up and drop off where youths needing help.</p>

Demographics

Maori outcomes	Yes - We value and support tautua (giving of one's self in service to the community), mahi aroha (work performed out of love, sympathy or caring or a sense of duty for maintaining culture, traditions and kinship ties) and volunteering. We ensure Maori youth and families have the opportunity to be involved in our Recreational Objectives on a day to day basis; and facilitate transport for youth to their cultural activities such as Kapa haka dance and Maori Poi Dance, while Teaching Leaders formerly and in-formerly about the Treaty Of Waitangi. Additionally we invite Maori groups to visit and utilise the centre. We employ Maori Youth and encourage cultural freedom and Maori learning right here at the Youth Centre.
Accessible to disabled	Yes - The HBCYC encourage youth with invisible disabilities to attend the centre with our rooms utilized 2 days every week and confidence sessions for youth with severe disabilities twice a week as well. We will welcome youth with invisible disabilities into this program, in the areas of participation and also leadership for the right people. We have seen with our confidence programs for youth with disabilities, that their skill set has been improved massively since we have been delivering them. These youth see the HBCYC facility and our team as part of their daily lives and interact with us with enthusiasm and excitement.

Project title	Safer Communities		
Dates	01/07/2017 - 30/06/2018		
Location	Within the area of Hibiscus of the Hibiscus Bays Local Board Area.		
Summary	Our Object is to enable our 181 volunteer Street Contacts and Area Coordinator to support our 1017 member households in building a safe and happy environment for our communities to live in. Our aim is to form new Neighbourhood Support Groups in areas where Groups have yet to be set up. Ensuring they have all the information supplied by the Auckland Emergency Management.		
Requesting grant for	We are applying for costs to enable the Rodney Coordinator to carry out our work. Not only with the current Members and Groups but to instigate new groups in areas identified across Hibiscus where they are not already set up.		
Cost of participation	No charges. Free.		
Active participants	1017	Audience size	1017 plus new members gained during the next 12 months.
Promotion	Yes - We circulate our Pamphlets and 2017 Magazine through the Police, Citizen Advice Bureaus, Public Libraries as well as in Cafes, Doctor Rooms etc.		
Local board recognition	Immediately on our newsletter. In our Annual Report. In our annual Magazine with circulation of 5 thousand copies.		
Reason for the project	By researching each suburb in the Hibiscus Area and identifying where Neighbourhood Support Street Groups have not been established. The Police also advise us of where there is a need for new groups.		
Community benefit	The targeted communities will have more communication with not only their neighbours but also know that their Local Coordinators of Rodney Neighbourhood Support are only a phone call away from offering them support and advice. They will also be supported by their Local Police as well as Community Response Groups (Civil Defence) By the increase in the membership. By the total members receiving email communication during the coming 12 months.		
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide opportunities for place-shaping and identify what contribution you are making to the project within the local board area. By Neighbourhood Support provide opportunities for place-shaping and identity. By Street Groups being set up, households within the local area are able to identify the needs and requirements for ensuring their community is able to look after themselves in the event of crisis. Could be crime, a weather induced emergency, including power outages etc. Our organisation works closely with		

	the Auckland Emergency Management Group.

Project title	Browns Bay Christmas Parade		
Dates	02/12/2017 - 02/12/2017		
Location	Clyde Road, Bute Road, Anzac Road		
Summary	<p>This event is targeting all residents from Browns Bay, locals and people from all over Auckland to come together and celebrate Christmas as a community. The large variety of floats (all from local businesses and community organisations) and activities on the day enable local communities and groups to showcase their talents and provide an entertaining day for the community. It is an annual community event with a range of entertainment throughout the day and leading up to the Santa Parade. The continued success of the event attracts more people to the event every year, showcasing the wonderful area, location, beaches and parks that Browns Bay have.</p>

Project details

Project title	installation of cctv cameras		
Dates	01/09/2017 - 02/09/2017		
Location	Mairangi Bay Centre		
Summary	Dues to a sharp increase in break ins in recent months cctv cameras would be a preventative course of action and would then provide police with evidence to enable perpetrators to be prosecuted.		
Requesting grant for	total amount as provision for this was not included in the annual budget		
Cost of participation	no		
Active participants	75	Audience size	n/a
Promotion	Yes - through the magazine and Facebook and data bases		
Local board recognition	use of logo and public acknowledgement		
Reason for the project	dues to a sharp increase in break ins there is a concern for the businesses and public safety		
Community benefit	we will know if it is successful when break-ins decrease and burglars are caught through the evidence from the cctv cameras		
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide economic benefit to the local board area. Keeping Mairangi Bay crime free

Project title	Mid-Year June Concert		
Dates	23/06/2017 - 25/06/2017		
Location	Red Beach Methodist Church, 76 Red Beach Road, Red Beach, 0932		
Summary	Choral concert featuring two soloist - David Griffiths, baritone and Gina Sanders, soprano, and organist, Janet Gibbs		
Requesting grant for	We are requesting funding to help cover the cost of the professional performers.		
Cost of participation	Ticket cost will be \$25. Choir members pay subscription of \$30.		
Active participants	60	Audience size	250
Promotion	Yes - We advertise: Facebook and website. Auckland Council Eventfinda Posters displayed in local businesses, libraries, and other public spaces available to community groups to promote events. Word of mouth		
Local board recognition	We will acknowledge your support on our sponsors' page of our website. Our President will include details of your support with his weekly notices at the start of rehearsals. Your name will be added to the list of sponsors showing on our notice board at our rehearsal venue - St Andrews, Stanmore Bay. Our concert programme will acknowledge your support.		
Reason for the project	Our mid-year concert is an annual event which is well anticipated by the regular attendees in our audiences. Our choir members anticipate performing two concerts each year. Choir members who are unable to sing due to a conflict of commitments the dates the concert is to be held often attend rehearsals anyway, and offer to help with organisation. It is this level of support that establishes the need for our project.		
Community benefit	Our local community is able to attend a concert performed by other local people, and also have the opportunity to see perform musicians who are critically acclaimed in New Zealand and internationally for the very reasonable cost of \$20.00. Choir members are excited to perform with such renowned singers and accompanist. Their expertise and encouragement always helps to lift our own singing. Successful will be measured by the number of people who attend our concerts.		

Alignment with local board priorities	<p>- Opportunities for youth, seniors and migrants to participate, artistic opportunities for our community.</p> <p>HBC Singers is a mixed voice choir, mainly seniors from our local community. We are passionate singers. Our audience attends from across our region, some from Wellsford and others from the North Shore. Our conductor, Norman Firth selects the repertoire for each concert, challenging the choir and to extend ours and the audience's appreciation of a variety of choral music. We always perform with an invited guest artist. We will perform with David Griffiths, Gina Sanders, and Janet Gibbs, all of whom are internationally recognised musicians. A great opportunity for our community to enjoy world-renowned artists on the Hibiscus Coast.</p>

Project details

Project title	Hibiscus Petanque Inc.		
Dates	01/08/2017 - 15/12/2017		
Location	214 Hibiscus Coast Highway, Orewa		
Summary	Excavation and construction of an 18 Terrain playing ground on land adjacent to Bowls Orewa. The first stage will be the excavation and construction, following this we will fence the area and erect sheltered seating on the north side. Once this is complete, we will plant the area surrounding the fence which will enhance the area. Once this is completed we will be able to promote ourselves to the wider Auckland and Regional Petanque as a venue which has the ability to host large tournaments.		
Requesting grant for	Excavation and building works		
Cost of participation	\$50.00 Annual Fee		
Active participants	34 Club Members	Audience size	75 players
Promotion	Yes - We have already had an article in the local Hibiscus Matters local paper and will have Open Days to encourage prospective members to see if they would like to join the Club		
Local board recognition	The Local Board will be mentioned in all of our promotions and events		
Reason for the project	The current playing ground in not large enough for the Clubs needs		
Community benefit	We will achieve these by encouraging new members to join the club and participate in our 3 Club days plus tournaments if they are interested. We will be aware of our growth by the number of new members		
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide sporting opportunities and encourage the community to be more active in recreational areas, opportunities for youth, seniors and migrants to participate. <p>Hibiscus Petanque Inc. currently operates on a Terrain adjacent to the Leisure Centre in Stanmore Bay. We have received Council Approval to relocate to land adjacent to Bowls Orewa where we will build a larger terrain. This will enable us to hold larger tournaments and events for the wider Auckland area. We also will encourage and support new members both from the wider Orewa area and have had indications of interest of new members due to the new location. We also wish to host a Schools tournament which will introduce Petanque to young people in the area.</p>

Project title	Rata Stream Ecological Restoration Project		
Dates	31/05/2017 - 30/06/2017		
Location	Whangaparaoa College, Delshaw Ave, Whangaparaoa		
Summary	Maintenance, weed management and additional preparation and planting in our Wetlands area approximately 3.15 hectares of riparian and embankment area land that abounds the eastern side of the Rata Road Stream, Whangaparaoa.		
Focus specific information	<p>Environmental benefits: Our Wetlands Area offers conversation benefits to the local area and beyond. It plays a part in the keeping of the waterways clean that flow through to the sea ensuring a healthy marine environment around the Whangaparaoa Peninsula. It plays an important part of the East-west link from Great Barrier to the Waitakere Ranges playing a role in this chain of bush/wetland area.</p> <p>Community involvement: Previously we have involved the locals in community planting days at the Rata Road site supporting Council in this area. We will follow the same plan and encourage the locals to help with the maintenance and enhancement planting of the area.</p> <p>Land owners: Ministry of Education,</p>		
Requesting grant for	Funding required for the maintenance and enhancement of the area, removing invasive weeds and preparing the site for replacement planting.		
Cost of participation	No		
Active participants	1400	Audience size	1400
Promotion	Yes - We will be keen to engage College families and the public by advising of dates for planting the area via local newspapers, newsletters and word of mouth. It will be great to promote the Council support enabling us to proceed with this plan and be able to share the project and outcomes with our local community.		
Local board recognition	I am keen to attend our local board meeting to acknowledge their support and present photos of the project and outcomes. Also, I am keen to invite local journalists to take photos of the area and share in the Rodney Times acknowledging Council Support and the benefits to our community and College students. Our College communication channels will also be used with a specific page being attached to the online College Newsletter acknowledging funding support and businesses and organisations involved.		
Reason for the project	We regularly enjoy the Wetlands Area for study and recreational purposes and we have observed the area to be struggling with invasive weeds and also noticed the need for further enhancement planting.		
Community benefit	By enlisting the volunteer help of community members and College students, this gives people a strong sense of purpose and community pride. It helps to		

	establish a skill set in Environmental Management, fresh water quality knowledge and bio diversity. The visual benefit to our community will be clear and feedback will confirm the outcomes have been achieved.
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide opportunities for place-shaping and identify what contribution you are making to the project within the local board area. , collaborate with partners on providing walkways/cycle ways within the local board area, youth education and training opportunities. <p>With a fantastic Wetlands area in our College grounds which connects with the Auckland Council Wetlands near Rata Reserve we are able to provide our community with an understanding of conservation locally and beyond. This is an ongoing project with the area requiring maintaining. The Wetland Project aids in keeping our waterways clean leading to the sea, benefiting our marine environment around the Whangaparaoa Peninsula. Part of the east-west link from Great Barrier to Waitakere.</p>

Cost of participation	Membership for cast \$20, Tickets \$25 to \$30		
Active participants	50	Audience size	2310
Promotion	Yes - We will partner with local radio and newspapers to promote the show, along with a flyer drop, billboards and a Facebook campaign. This will be managed by our established publicity sub-committee who promote all of our productions.		
Local board recognition	Acknowledgement will be in our show programme and on social media		
Reason for the project	We stage theatre productions on a regular basis, and always enjoy a good level of interest from our community, This particular show has an amazing emotive message of love, acceptance and understanding		
Community benefit	<p>Our community will benefit greatly from this production: our cast will have the opportunity to work together, and learn from our experienced creative team, whilst forging new friendships and connections with others who have similar interests.</p> <p>Our audience members will be entertained and enjoy the result of all the hard work everyone will put into Blood Brothers. We will see these benefits in the feedback, increased likes on our Facebook page, and the obvious enjoyment of all involved.</p>		
Alignment with local board priorities	<p>- Artistic opportunities for our community.</p> <p>Centrestage is a well-established and key provider of arts activities and opportunities in our area. We produce our own 6 shows each year, as well as</p>		

	managing the hireage of the theatre to many other users. This production will be a significant item in the local cultural calendar and will give many people opportunities for participation, contribution and enjoyment of the arts.

Project title	Construction of Men's Shed		
Dates	01/07/2017 - 30/11/2017		
Location	12 Hibiscus Coast Highway, Silverdale, 0993		
Summary	Construct a shed of 450 m2 in which community members will work on self or community projects utilising equipment commonly found in home shed/workshops + canteen facilities.		
Requesting grant for	Fund a professional Feasibility study utilising and expanding on that produced internally but not considered independent by some funders. Thus a more extensive document needs producing widening that we produced		
Cost of participation	During establishment phase a membership annual membership fee of \$75 applies.		
Active participants	200 members by December 2020	Audience size	35/40 members per day during opening days up to 5 weekly
Promotion	Yes - A comprehensive strategic plan through 2020 a database of potential members is constantly updated with some 170 potential members of whom 41 are paid up. Local papers are constantly being updated and articles appear regularly. A monthly Coffee Club is held in the local RSA for interested parties to keep them informed and updated as well as providing guest speakers of interest. 30 to 40 usually attend with around 20 to 30% new comers. A quarterly newsletter is sent to all names on the database likewise to spread the word and maintain interest.		
Local board recognition	Hibiscus Shed acknowledges support by printing both Council and Local Board logo's along with those of other organization who have contributed in kind, on all newsletters and verbally wherever possible and practical		
Reason for the project	The shed movement continues to show rapid growth in NZ and Australia where it originated. Some 115 units are now either in existence or under development in NZ. Orewa in particular has a high percentage of aging population coupled with downsizing of homes and growth of retirement villages the demand for such facilities are growing reinforced by the ever increasing number showing interest in participation in our database.		
Community benefit	Community benefits by providing a venue and amenity enabling members the opportunity to practice, share and participate in their manual hobbies with a willingness to engage with youth and pass life experience to those interested. Community organisation will benefit by the skills of shed members being available for some of their organisations needs and projects		

Alignment with local board priorities	<p>- Provide economic benefit to the local board area, youth education and training opportunities. , opportunities for youth, seniors and migrants to participate.</p> <p>The Men's Shed will provide opportunities for residents of all ages to work to work and participate in community based projects through sharing knowledge and skills for the benefit of the wider community. By sharing encouraging and involving all age groups in project based activities the mental and physical health particularly of retired folk improves through this activity, communication and camaraderie.</p>

Project title	North Shore Toy Library Conference Costs		
Dates	28/07/2017 - 30/07/2017		
Location	1 Sidmouth Street, Mairangi Bay		
Summary	The Toy Library Federation NZ will be holding its annual training weekend and AGM in July 2017. We are seeking funding support to allow 3 of the toy librarian staff to attend this informative event. Previous attendance has provided valuable learnings as to how to improve our library operations. We also gained some important insights into health and safety.		
Requesting grant for	We are seeking the cost of conference registration for 3 staff and accommodation for 2 nights (the staff are happy to share one room with 2 double beds)		
Cost of participation	The North Shore Toy Library has a two-tier membership system - \$95/yr. for rostered members and \$185/yr. for non-rostered.		
Active participants	500	Audience size	700
Promotion	Yes - The Toy Library is advertised both on the Plunket national website, and via the Toy Library's Facebook page.		
Local board recognition	The Toy Library will be happy to acknowledge the support of the Local Board by posting on their Facebook page and with posters at the venue.		
Reason for the project	For many families, a toy library provides the opportunity to access a wide range of educational and developmental toys that they otherwise may not be able to afford. The continued success of the Toy Library is reflected not only in the high number of members (133), but also in the involvement of some 200 local families who, while not members, attend local events run by the Toy Library.		
Community benefit	The greatest benefit of Plunket's community services is connecting parents/whanau to others in their local community, helping them to build networks of strength and support. The Toy Library is an important part of these services.		
Alignment with local board priorities	<ul style="list-style-type: none"> - Opportunities for youth, seniors and migrants to participate. The North Shore Plunket Toy Library provides a free service and safe meeting place for all members of the community in the Hibiscus & Bays area. For new migrants particularly, Plunket's free community services provide an opportunity to connect with other families with children in their local area.

Project details

Project title	Play It Forward Basketball		
Dates	08/05/2017 - 16/04/2018		
Location	Gulf Harbour Primary and Silverdale School		
Summary	<p>The Play It Forward programme works with kinaesthetic students with social, emotional and kinetic deficits. In small groups these kids are led by a role model coach and older buddy mentors to help them learn to cooperate and communicate positively with others (especially peers) with a long-term view to transferring these communication skills across settings particularly into the classroom to allow them to engage in learning and work co-operatively with peers.</p> <p>The programme uses the sport of Basketball to promote 'Positive Psychology' and build strong character in children. The character strengths emphasised in this game are kindness, self-control, forgiveness, modesty, leadership, and social intelligence.</p>		
Requesting grant for	The money will go towards Coaching costs and Travel expenses.

Local board recognition	Facebook and Website acknowledgements will be given to the Local Board through Harbour Basketball (and potentially the schools) social media outlets.		
Reason for the project	The programme has been running for many years. Harbour Basketball recently took it under its Umbrella to continue to allow its eligibility to receive funding and sponsorship. There are currently no standing grants or Sponsors to carry the programme forward from Term 2 2017.		
Community benefit	The community benefits lay in the long term direction of the kids we work with. Trying to steer them in the right direction now through sport may create a better part and help them become positively contributing community members in their teenage and adult years.		
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide sporting opportunities and encourage the community to be more active in recreational areas. , youth education and training opportunities. , opportunities for youth, seniors and migrants to participate. <p>The project exposes primary school kids to sport and mentor engagement for social and behavioural learning.</p>

Project title	HBC Community Hockey Development		
Dates	24/07/2017 - 31/12/2017		
Location	Metro Park		
Summary	<p>Small Sticks is the Hockey NZ modified version of Hockey for Primary School aged children.</p> <p>This project is targeting 2 components of the Small Sticks programme, In-school delivery and afterschool competition. Harbour Hockey will be run in school delivery in ideally 5 schools and this will consist of 4 sessions with each class and a festival day. As part of this Harbour Hockey will help support the schools arrange teams to enter the local HBC Summer Small Sticks after school competition in Term 4 at the new build hockey turf at Metro Park.</p>		
Requesting grant for	*In School Delivery *HBC Summer Small Sticks		
Cost of participation	Team entry to Competition \$105		
Active participants	2620	Audience size	2800
Promotion	Yes - We will be advertising this project into local Primary Schools. The competition will be promoted on our website and through our social media of Facebook and Instagram.		
Local board recognition	Harbour Hockey will acknowledge Auckland Council's support by including the logo on all flyers about the Programme and will also acknowledge the council in Harbour Hockey's Annual Report. Harbour Hockey has 3 advertising television screens in the club rooms which are seen by approximately 8000 people per annum and the Auckland Council Logo will rotate through.		
Reason for the project	Harbour Hockey has completed a mapping project that identifies the HBC local area as low participation in school hockey. It is imperative that there is a pathway of Hockey participation in the HBC area. This Is-school delivery will help grow the number of registered players in a locally based competition and follows on from the FunSticks Programme.		
Community benefit	Small Sticks addresses some of the common barriers to children participating in sport: * Children will be able participate in fun physical activity * this programme provides a locally accessible opportunity - thereby reducing associated travel to participation * this programme is modified so that children can gain confidence and develop skills - thereby helping children develop Fundamental Movement Skills and sport		

	<p>specific skills</p> <p>* this programme is based on participation not competition -thereby reducing the pressure placed on young people</p> <p>This will be measured by positive feedback from the Survey of Schools and Number of school teams entered</p>
Alignment with local board priorities	<p>- Provide sporting opportunities and encourage the community to be more active in recreational areas. , youth education and training opportunities.</p> <p>HBC Community Hockey Development Project provides young people the opportunity to be more active by playing a sport. It also provides opportunities for young people to be trained in becoming an umpire.</p>

Project title	Legends -Best of British Show Dinner & Dance		
Dates	12/08/2017 - 12/08/2017		
Location	Orewa Arts & Events Centre, 76 Riverside Drive, Orewa 0946		
Summary	<p>The Hibiscus Hospice Legends Best of British Show Dinner & Dance is a live music entertainment event being offered to the local community of the Hibiscus & Bays area. Attendees will be provided with dinner, live music and dancing. All proceeds will go towards the costs of running Hibiscus Hospice - a vital community service which is heavily reliant on community support.</p> <p>This event meets the outcomes and priorities of the Regional Events Grants Programme by offering a high quality arts event for the community and providing an opportunity for people to come together and enjoy some live entertainment. We are also putting on this event in the winter months when there are less local events on offer.</p>		
Focus specific information	Event time: 7pm to 11pm Event producer/contractor/3rd party: Yes, Stages 51 Limited		
Requesting grant for	Artist/entertainment costs, sound and production costs, as well as venue hire and liquor license. A contribution towards these costs would ensure the proceeds to go directly towards Hibiscus Hospice services are maximised.		
Cost of participation	\$45.00 per ticket for the event		
Active participants	280	Audience size	280
Promotion	Yes - We will promote the activity through various channels including social media, local newspapers, local radio, posters distributed throughout the community and Eventfinda.		
Local board recognition	We will acknowledge any support given through inclusion on posters, social media posts and in our supporter newsletters.		
Reason for the project	We have had feedback from the community in the past that they would like more evening music/entertainment events made available to them in their local area. We have run the event for several years and it has been a huge success due to the combination of supporting local artists and it gives people the chance to come together and meet new people. It is now an Annual event but as a charity we need to make sure that we are receiving sufficient return against both direct costs and staff and volunteer time.		
Community benefit	1. Bringing people together to share experiences and meet new people.		

	<p>2. Collaborative working with other groups and volunteers.</p> <p>3. Providing artistic opportunities for the local community - the event features opportunities for young artists to showcase their talents.</p> <p>4. Promoting health & safety through responsible management of our event including a free shuttle service to and from the event.</p>
Alignment with local board priorities	<p>- Provide economic benefit to the local board area.</p> <p>1. Economic benefit; by supporting Hibiscus Hospice, this event is helping to keep this critical end of life care service available free of charge to terminally ill people in the local board area. We are also supporting OAEC by paying for this venue.</p> <p>2. This event is an opportunity for people of all backgrounds to come together and involves Orewa College students interacting throughout the evening.</p> <p>3. In addition to providing income for local entertainers, the event also provides an opportunity for an up and coming local artist to showcase their talents and gain experience at a high calibre production.</p>

Summary	<p>The 10 week 'Join In' Social Skills programmes involves autistic children and their parents. Nine group sessions and a consult at the family home. NB/ We currently have 40 families on the waitlist for this.</p> <p>The programme covers social skills, feelings and emotions, making and keeping friends, bullying, problem-solving, socialisation, well-being; being unique, and communication.</p> <p>Community workshops will be provided by our qualified professionals, to provide strategies for younger people/children on the autism spectrum and their families to facilitate community inclusion.</p>		
Requesting grant for	<p>We are asking for funding support for the above services in Terms 3 & 4 of 2017 and/or Term 1 2018.</p> <p>Funds will go towards venue hire, contracting professional Autism Family Consultant services to facilitate programmes.</p> <p>Materials (printed) that are given to families or used in workshops</p>		
Cost of participation	Donation/koha		
Active participants	150	Audience size	40
Promotion	<p>Yes - We inform our 3500 member database about our upcoming services via a bi-monthly newsletter. We promote our workshops and services through articles in local papers, website and Facebook. We promote the Autism Awareness campaign during April. We notify schools, community and health services of upcoming workshops.</p>		
Local board recognition	<p>We acknowledge the contribution on our website and in all communication to families and community. Flyers promoting the workshops will have the council logo on them and will be put up in community venues and health services around Auckland. In all media associated with the programmes the council will be acknowledged.</p> <p>EG: place logo on printed material</p> <p>Publicly available Annual Report specifies each grant detail</p>		
Reason for the project	<p>We have 40 families on our waitlist for the social skills programme.</p> <p>We have more than 3,500 families on our database from the greater Auckland region that</p> <p>Receive our monthly newsletter.</p> <p>Parents are consistently giving us requests for social skills programmes for their</p>		

	<p>children and specific workshops for themselves and their community in better understanding Children on the Autism Spectrum. We did hold a social skills programme at Long Bay Baptist Church in 2016 and this has excellent outcomes from families as you will see in our letters of support</p>
Community benefit	<p>Children gain knowledge and social skills to participate in community activities Gain confidence for transitional periods. Children are encouraged in a learning environment by their families and community to gain skills and knowledge and be more independent. Enable the child and parents to contribute and be part of society. Inform the wider community how to understand and include autistic children in recreational, Sporting and education settings. Build resilience within the family with no financial strain put on the family. Families gain skills learnt to help their child deal with the impact of Autism, to develop Coping skills and friendships.</p>
Alignment with local board priorities	<p>- Youth education and training opportunities. , opportunities for youth, seniors and migrants to participate. Children's Autism provides Social Skills programmes and workshops for autistic young people and their families/communities. These practical, programmes give young people on the autism spectrum the skills to make friends, manage anxieties, gain confidence in community, schools, tertiary and workplace settings. Our highly skilled Family Consultants listen to the concerns of youth and as a result of one on one or group learning young people are socially equipped for participation with peers and adults.</p>

Project details

Project title	Seniors' Art Programme		
Dates	10/07/2017 - 31/08/2017		
Location	Aria Bay (Arvida Retirement & Care) 3-7 Woodlands Crescent, Browns Bay		
Summary	In response to a request from Aria Bay Retirement & Care we would like to provide approximately 20 elderly residents with an art class, once a week for 8 weeks. Mairangi Arts Centre tutors will take art materials to Aria Bay and will teach the classes there to ensure those with limited mobility are able to participate. We would also like to organise a group outing to Mairangi Arts Centre for the residents to attend an art talk by renowned art critic TJ McNamara, followed by an afternoon tea. We would also like to provide A second outing to Auckland Art Gallery which will tie in with the content of the TJ McNamara talk.		
Requesting grant for	We are requesting funding for tuition fees to be able to provide two tutors to deliver the art classes, funding to cover the cost of the fee for the TJ McNamara art talk and also for transport between Aria Bay and Mairangi Arts Centre (one trip) and from Aria Bay to the Auckland Art Gallery		
Cost of participation	Aria Bay residents are on government subsidized care and have limited funds so we aim to provide classes at no charge.		
Active participants	20	Audience size	20
Promotion	No -		
Local board recognition	We will acknowledge support of the project in our newsletter and on our Facebook page when telling our members, students and general public about the art classes at Aria Bay. Aria Bay Retirement and Care facility would also ensure that participants and their families are aware of the local board's contribution to the project.		
Reason for the project	We have received a request from Aria Bay Retirement and Care to provide art classes. They state: 'The residents range in their abilities from mild impairment to significant dementia so we are constantly striving for new ways to provide support and new hobbies for them. We have found art a wonderful medium for residents and hope to be able to introduce that concept to selected residents here at Aria Bay soon.'		
Community benefit	Benefits are more fully discussed in document 'Evidence in Support of the Value of Art Classes for Elderly Members of Society'. (see attached) We will know we have achieved these benefits through feedback from Aria Bay's staff and management who will be able to see and report to us the effects are classes are having on residents. Also we would know from the feedback from residents themselves.		
Alignment with local board priorities	- Youth education and training opportunities. , opportunities for youth, seniors and migrants to participate, artistic opportunities for our		

	community. Our project will provide the opportunity for elderly residents at Aria Bay Retirement village to experience the benefits of participating in a weekly art programme designed specifically for them.

Project title	Waders and Wonders of Orewa Estuary		
Dates	01/06/1917 - 29/10/1917		
Location	Estuary Arts Centre, 214b Hibiscus Coast Highway, Orewa		
Summary	Static Display of Pest Free Peninsula Project information posters and maps and video in Gallery 4 of Estuary Arts Centre including junior arm of Branch; Kids Conservation Club. Providing paint, crayons, pencils and equipment, and 4 different bird cut-outs pre-painted, in ply, with stakes for The Flock outdoor display. Print Workshops run in Studio 2. Participants will use a drypoint needle to scratch their chosen image onto an A5 piece of plastic. They will ink and print 2 images onto dampened paper using the press for exhibiting in Gallery 4 and keeping. Each workshop will focus on one major element of estuarine life; birds, flora and marine.		
Requesting grant for	All		
Cost of participation	No		
Active participants	50 for workshops / 300 for flock decorating	Audience size	2000
Promotion	Yes - Local newspaper Hibiscus Matters, our branch newsletter Pigeon Post, our website, our Facebook site, Estuary Arts Centre, Rodney Times newspaper		
Local board recognition	We will display acknowledgement on our exhibition information and through all advertising.		
Reason for the project	Through open discussion we believe a big part of the local community is unaware there is 53 species of waders and migratory birds that visit the Estuary. As part of our PFP 2017 strategic plan we have planned planting and predator pest control for Te Ara Tahuna walkway and Estuary. Over the past 3 year shell banks have been forming in the estuary from controlled management of mangroves creating nesting, roosting and feeding space for these 53 species of bird. From positive community/public feedback from past exhibitions.		
Community benefit	Greater awareness of the bird and marine life on/in the Estuary thereby creating a more engaged and caring outcome for our environment. Participation by the public through decorating the Flock bird cut-outs and erecting them outside and estuarine cut-outs for gallery display and print workshops for both adults and children.		
Alignment with local	- Opportunities for youth, seniors and migrants to participate, artistic opportunities for our community, provide benefit to or support the North-		

board priorities	West Wildlink project. Information display including maps, posters, video about Pest Free Peninsula project. Flock migration project. Community invited to decorate 1 of 4 migratory bird cut-outs and 'plant' outside the Gallery. We'll ask Local schools to participate in the Flock project 'planting' along estuary shore by their school. Local print artist run 3 adult, 1 child's workshops on theme of shore life, and display EAC Gallery. Visitors to EAC Gallery invited to decorate estuarine cut-outs for display. People will become more aware of importance of water care, habitat provision, endangered species and who is working in our environment to help protect it.

Project title	Social Tennis Club Nights		
Dates	05/05/2017 - 07/07/2017		
Location	4 Woodlands Crescent, Freyberg Park, Browns Bay, Auckland		
Summary	<p>At BBRC we have started a Friday Social night for adults whereby members and non-members can come along to the club for a game. Players are welcome of all abilities. We are keen to see people out on the court and interacting with other members in our community. To support this we have our on-site coaches at the evenings to give tips for players as well as arranging a few fun games.</p> <p>We strive to encourage families to come and spend quality time together at our club. There is a junior night that is run in the afternoon and afterwards to get the parents/carers to stay on in the evening and take part in the adult social evening.</p>		
Requesting grant for	We wish to deliver free professional Tennis coaching to all members and non-members at the social evenings. The funding is to cover the professional Tennis coaching and facility costs		
Cost of participation	Free		
Active participants	30	Audience size	60
Promotion	Yes - Monthly Newsletters, Pamphlet advertising in Browns Bay and Actively advertising on BBRC Facebook page.		
Local board recognition	Acknowledgement of the board's contribution will be made to all active participants, via BBRC's Facebook Page, Newsletter and Coaching Staff.		
Reason for the project	As we have a junior programme in place, we have received a number of requests to expand the offering to adults/ parents and guardians as a social evening. Also it was raised that weeknights are difficult to attend thus Friday night is an acceptable day and time for all to gather and socialise to enlarge the interest in the game of tennis.		
Community benefit	An increase in community members wanting and actively playing tennis. Providing safe and suitable facilities for all individuals of all abilities to interact and so build a stronger and healthier tennis playing community. This is encouraged to gain more family memberships for our club and greater community participation.		
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide sporting opportunities and encourage the community to be more active in recreational areas. <p>At BBRC we are keen to get more people in our community coming to try tennis and decide to continue playing tennis. Project details

Project title	Awaruku Wetland and Stream Restoration and Maintenance		
Dates	01/06/2017 - 30/05/2017		
Location	Awaruku Wetland and Stream		
Summary	Weed control, planting and animal pest control in Awaruku Wetland and Stream to protect biodiversity values. Inspiring community involvement, enjoyment and care of the area.		
Focus specific information	<p>Environmental benefits: Help to protect local biodiversity, water quality and the marine reserve. Particularly threatened native shorebirds and wetland birds. Currently there are white face heron, pied stilt, pied shag, blackback gulls present. The area did once support giant kokopu but they have not been found in a recent survey. Other native fish and eels are present but deaths have occurred recently due to algal blooms, pollution, high temperatures and low flows. We would like to help to address some of these issues in the long term further upstream.</p> <p>Community involvement: We have a core group of eight volunteers and a wider group of 30 volunteers so far involved in various ways</p> <p>Land owners: Community Facilities. We are working with Anna Baine (Community Ranger) and previously Ashley White from Community Services) We can seek a permission email or letter from CF staff.</p>		
Requesting grant for	Some of the weed control contractor costs.		
Cost of participation	No		
Active participants	30	Audience size	300
Promotion	Yes - Word of mouth, face to face meetings/ discussions, Facebook (Residents Association) Neighbourly, Torbay newsletter, Long Bay students, Girl Guides		
Local board recognition	Through all the above we will acknowledge the Local Board's support and contribution.		
Reason for the project	Community have noticed a visible increase in weed invasion, rubbish pollution and rats in the wetland, stream and neighbouring Long Bay Regional Park. We understand the current limitations of budget, council contracts are not able to deal with all these issues without community volunteer support. We intend to work with council to create a better outcome for the area and the native species while providing meaningful opportunities for community to get involved and make		

	a difference.
Community benefit	<p>Creating a sense of identity and learning that we are able to make a positive difference rather to our local community and environment. People become connected and socialise.</p> <p>Numbers of people joining our group, numbers becoming involved in activities and social events, number of different groups becoming involved.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> - Opportunities for youth, seniors and migrants to participate, educate our wider community on pollution prevention and stream care or undertake further stream enhancement projects. , provide benefit to or support the North-West Wildlink project. <p>Awaruku wetland and stream are a key link in the North West Wildlink and will result in a healthy, safe connected habitat for birds and other fauna. We are committed to finding opportunities for youth (we have Long Bay College and Northcross Intermediate and local primary school students involved) and have opportunities for and involvement from 'seniors' and migrants in our volunteer group. We are promoting pollution prevention of the wetland and stream through rain garden education and are removing rubbish from the areas.</p>

Location	Red Beach Surf Lifesaving Club, Ngapara Street, Red Beach		
Summary	<p>This year's priority is to provide more skis and board equipment to cope with the increase in youth and master members.</p> <p>We have a group of 25 fourteen year olds moving into the senior club from the junior club and with Auckland hosting the Master World Championships this year; we have had an increase of masters coming back to the club. To enable us to retain these youth members and masters as mentors to the young it is our priority to provide x5 skis and x5 new boards.</p>		
Requesting grant for	We would like funding towards purchasing x5 skis.		
Cost of participation	Our members pay \$250 for club membership per year. They are expected to do a minimum of 20 hours voluntary patrolling over the summer season and help at, at least one of our three major fundraisers per year.		
Active participants	150	Audience size	1000+
Promotion	<p>Yes - We advertise our club regularly on our own and local community Facebook pages, local papers and through local schools.</p> <p>In our advertising of our fundraising and sponsorship events for the year we will advertise that funds raised will go to new equipment needed for the increase of our members.</p>		
Local board recognition	We will have the Hibiscus and Bays Auckland Council logo on stickers on new equipment and on signage in the club and in our Annual Report		
Reason for the project	We have carried out a full audit of our equipment and after repairing the skis and boards that can be repaired and looked at our definite new members and expected increased members during the year we will require to purchase x5 ski's and boards in order to have enough shared equipment at each training.		
Community benefit	<p>We are providing a club that can cater for the community to join, stay and become fit by providing sessions in boarding, ski paddling, swimming, fitness groups and squash in all age groups from 4 years to masters. By encouraging these members to be active in sport and recreation at the club we can retain our members to ensure we can keep our community safe at our beaches.</p> <p>We will know we have achieved this by continuing to retain and increase our numbers.</p>		
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide sporting opportunities and encourage the community to be more active in recreational areas. 		

	Our programme of surf sports and squash provides sporting opportunities for our youth, seniors and masters by providing them with training and activities all year round (both social and competitive) which keeps them healthy, fit and a part of the community.

Promotion	Plan to promote the contribution from the local board through the Raiders Facebook page, and local newspapers		
Local board recognition	YES		
Alignment with local board priorities	<ul style="list-style-type: none">- Provide sporting opportunities and encourage the community to be more active in recreational areas. <p>Our parents commit time, money and effort to support children play. Parents cite exercise, camaraderie and cultural diversity for choosing league. As manager I volunteer 6 hours per week, have purchased equipment, trophies, certificates, treat bags and prizes. Our team travel all over Auckland wearing their club colours with pride and have a real sense of team. I'd like to purchase track suits which keep the team warm, whilst retaining a strong sense of identity to Hibiscus Coast. Additionally we'd like to purchase tackle tyres which help children tackle correctly in a manner which is safe.</p>

Project title	Redevelopment of Orewa Surf Lifesaving Club building		
Dates	01/07/2017 - 01/09/2017		
Location	275 Hibiscus Coast Highway, Orewa		
Summary	Redevelopment of building		
Requesting grant for	Feasibility Study to demonstrate the financial viability of the project		
Cost of participation	\$20,000 - a quote has been provided		
Active participants	1	Audience size	Unknown
Promotion	No -		
Local board recognition	The support of the Local Board is already acknowledged in our communications to members and the public via local media. We will continue to work with the Local Board through our overall project and recognition will continue. We have not discussed any further recognition as that is tied up with the wider Council organisation.		
Reason for the project	Yes. This report is cornerstone information required for us to approach funders, donors, sponsors, etc. to fund the overall redevelopment project. This is also required by Council itself.		
Community benefit	These are long term - the delivery of a new building will allow us to continue to deliver surf lifesaving services to the community and give us the facilities we need to continue to deliver educational programmes.		
Alignment with local board priorities	<ul style="list-style-type: none"> Provide opportunities for place-shaping and identify what contribution you are making to the project within the local board area. , youth education and training opportunities. , opportunities for youth, seniors and migrants to participate. <p>Orewa Surf Club has provided a focal point for the community and a wide range of community activities for over 60 years. It is synonymous with Orewa Beach. We promote sporting and healthy lifestyles for families and provide structured physical training programmes as well as teaching water safety to young children. Our volunteer lifeguards provide a year round emergency service protecting beach and water users. Many activities and events are held at Orewa because the surf club exists. These attract employment opportunities and economic benefit as attendees buy food, drink, petrol, etc.</p>
