<b>Project title</b>	To increase the membership of the new U3A Ormiston		
<b>Dates</b>	01/07/2017- 30/06/2018		
<b>Location</b>	Flat Bush Old School Hall, Flat Bush School Road, Flat Bush, 20		
<b>Summary</b>	To advertise for new members - especially by word-of-mouth - while keeping annual subscriptions as low as possible. Because many local residents are recent arrivals in New Zealand, the concept of U3A may not be known to them. U3A is intended to be not only a source of social engagement, but also a source of intellectual exercise involving members in teaching as well as learning in subjects which interest them. U3A is a wonderful way in which to become involved with neighbours and other residents.		
<b>Cost of participation</b>	No, entry is free until a person decides to join, paying our annual subscription of \$25.00		
<b>Requesting grant for</b>	We commenced this new U3A club in April 2016, and as membership grows we are finding it necessary to keep our operating costs as low as possible so that we can purchase certain necessary equipment. Most speakers nowadays need a screen, laptop, and projector as well as a sound system. These we are purchasing gradually from our own limited funds, but would appreciate Council assistance towards some operational costs such as rent, printing materials, and speakers' expenses.		
<b>Active participants</b>	About 35 at each monthly meeting	<b>Audience size</b>	Membership target is 60 by December 2017.
<b>Promotion of activity</b>	Yes, In local newspapers, we will advertise our meetings and invite attendance from anybody. Also Leaflets distributed locally, and posters placed in retirement villages, post offices, etc.		
<b>Local board recognition</b>	As last year, we will distribute our leaflet which thanks the Council for its assistance. See attached leaflet artwork.		
<b>Alignment with local board priorities</b>	<ul style="list-style-type: none"> <li>• Increase participation of people in sport, leisure and recreation activities</li> </ul> <p>To continue our efforts to ensure the future of our new U3A Ormiston by increasing membership - currently 36 but expected to increase to 60 by Christmas 2017. Our target is retired local residents, especially recent immigrants. We currently have members from Iraq, Malaysia, Sri Lanka, and China, as well as the UK. Our programme encourages participation and contribution in the form of monthly talks. All meetings are held during the day, so that most members are retired - thus we encourage engagement by newcomers in community activities.</p>

<b>Local board recognition</b>	We produce an annual report detailing our community partners. We would include acknowledgement of the local board, as well as on our website.		
<b>Alignment with local board priorities</b>	<ul style="list-style-type: none"> <li>• People are supported to lead and develop projects and create opportunities for young people</li> </ul> <p>People experiencing gender/sexuality issues often have fear and shame, and feel stigma. LGBTI youth are 4-6 times more likely than other youth to self-harm. Young people of Howick suffer invisibly.</p> <p>OUTLine trains LGBTI volunteers to provide a professional service. Trained volunteers lead the organisation and operate the free helpline. They respond to despair with empathetic listening and experience in their own lives. Approximately half of new volunteers are under 30.</p>

<b>Summary</b>	To provide gymnastics experiences as part of a structured coaching programme delivered by accredited coaches. As a result students and their parents will have an increased awareness of and interest in participating in gymnastics as another sports option. Our school and the Kindergarten are very multi-cultural with 50% of students being of Maori and Pasifika descent - these ethnic groups are underrepresented in less mainstream sports - this is an opportunity to increase their awareness of and subsequent participation in gymnastics

By providing this programme on site our students will have an opportunity to participate in a sport most have not experienced before. Parental lack of knowledge about gymnastics as a sports option for their children contributes to this situation. By providing this opportunity for students here at school (parents can come and see the programme in action) we expect there will be an increased number of students wanting to participate in this sport within the local community.</p>
