Project details

Project title	Dominion Rd The Musical		
Dates	05/07/2017 - 19/08/2017		
Location	Crystal Palace, 537 Mount Eden Road, Mount Eden, 1024		
Summary	Sharu Loves Hats' development season of Dominion Road the Musical at Crystal Palace in August 2017 is an original, feel-good musical with catchy tunes, representing Auckland's unique cultural diversity, mirroring those living and working on Dominion Rd. 5 professional actors and a chorus of 15-17 community participants, with strong connections along Dominion Rd, will collaborate to stage Dominion Rd The Musical written by Renee Liang and Jun Bin Lee centres authentic Dominion Rd stories in a fictional context. This modern musical includes original songs inspired by Disney, Hip Hop, funk, gospel, Mandarin Pop, peppered with languages representing Dominion Rd precinct that includes traditional instruments like Er hu, Gu zheng, Sitar, Tabla and Djembe to represent the area's diverse cultures.		
Focus specific information	Type of art form: Theatre		
Requesting grant for	Our application is to fund Community Costume Construction/Purchase (Material Costs), Core Cast Costume Construction/Purchase (Material Costs) and the Venue Hire for production week -- total amounts to \$5,000 (excluding GST).		
Cost of participation	\$35 tickets (see Revenue section in Budget attached)		
Active participants	30-35	Audience size	1280 (See Projects Audience Numbers tab in attached Budget)1280 (See Projects Audience Numbers tab in attached Budget)
Promotion	Yes, In addition to traditional marketing and publicity channels, Social Media marketing channels will be established across multiple platforms including Twitter, Facebook, Instagram, and more ethnic specific channels like Weibo, WeChat and KaoKao Talk to engage with the Dominion Rd community. We will ensure our campaigns are creative and effectively use hashtags, competitions and giveaways, as well as tagging partners and sponsors pages, to promote their businesses. We will monitor competitions and posts, via Facebook analytics and tailor our content to highlight aspects of Dominion Rd culture, and in turn reach the appropriate markets more effectively (See The Project document attached).		
Local board recognition	Your logo will be placed on printed material, signage and advertising material etc. Local Board members will be invited to our event. We are happy to include and mention the local board in any of our activities as you see relevant.		
Reason for the project	Feedback forms that were filled out by over 84 stakeholders, many of whom either live or		

	<p>have lived as a resident or are/were business owners on Dominion Rd. Comments included "it's about time someone wrote something that represents Auckland's culturally diverse community", "It's so Auckland -- can't wait to see the actual production" and "It's great to hear real stories" etc. (see Background section of Project Document attached). The departure from the norm of a full house attending a showing, which customary only attracts a handful of people, is concrete endorsement that this Auckland-centric story needs to be told.</p>
Community benefit	<p>This work epitomises cultural diversity, honouring stories and traditions of those living along present-day Dominion Rd. Our chorus sourced from groups already active in the Puketāpapa and Albert-Eden areas (original workshop participants) ensures participation of the area's diverse community. With the community being integral to our development season we know that Dominion Rd the Musical has already helped (see Community Feedback Appendix 1 in The Project document attached) and will continue to help community members feel safe and help improve how they feel about life. A similar online survey will be conducted post-production to measure community benefits.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> Support and enable a diverse range of local community groups to initiate and implement projects and activities, Support arts and culture and heritage celebration/protection <p>Dominion Rd The Musical naturally reflects the cultural diversity of those living and working on Dominion Rd, which coincidentally mirrors Tāmaki Makaurau's demographic and cultural mix. We aim to help Aucklanders engage with their wider community through celebrating these diverse cultures' strengths and differences. A key part of our community engagement strategy is to collaborate with different parts of the community by getting them to help promote our show to their communities. In turn we hope to attract non-traditional theatre goers. Our content that honours personal stories and traditions is bound to resonate with Dominion Rd's residents and businesses.</p>

Location	Dance 4 Us Onehunga and Dance 4 Us Youth: Onehunga Community Centre, 1 Pearce Street, Onehunga; Dance 4 Us West: Hubwest, 27 Corban Avenue, Henderson		
Summary	<p>Dance 4 Us is a series of drop-in dance therapy workshop sessions for teenagers, youth and adults in Central and West Auckland with special needs (including Autism, Cerebral Palsy, Downs syndrome, cognitive delays). Each of the 54 sessions that will run from July to December 2017 is 60 minutes in length and we anticipate there being between 30 and 40 participants per session. These groups are so popular that we are introducing Dance 4 Us Youth. Participants will come from local residential care facilities, including Spectrum Trust, Idea Services, and IRIS within the following local boards and their surrounding areas: Henderson-Massey, Maungakiekie-Tamaki, Puketepapa and Whau. The sessions will focus on fostering creativity and expression through dance/movement based activities.</p>		
Requesting grant for	We are requesting funding towards all therapist fees, assistants fees, programme delivery, administration and co-ordination costs for delivery of Dance 4 Us Onehunga, Dance 4 Us Youth and Dance 4 Us West for the period of July to December 2017.		
Cost of participation	Entry by gold coin koha, but no one is denied entry if they can't pay.		
Active participants	323	Audience size	982
Promotion	Yes - We will market the programmes in the local suburban newspapers, and also with listings in What's On, Eventfinder, Facebook, Neighbourly and Community Waitakere. We will also promote the programme through our networks at Hubwest, Phab, Idea Services, Spectrum Trust and other disability support and special needs organisations.		
Local board recognition	We will acknowledge the local boards' contributions on our supporters page on our website and also in our quarterly newsletter. We will also acknowledge the contribution on our Facebook page, and in any press releases and articles about the programmes.		
Reason for the project	Dance 4 Us group numbers grow from strength to strength each term, with 782 visits in the period of July to December 2016. With group numbers sometimes exceeding 40 participants, we are starting Dance 4 Us Youth in term 2 this year in order to be able to provide this service to an even wider audience. DTNZ has been approached by support workers who bring their clients each week to ask for further groups for them to attend as it is the highlight of their week.		
Community benefit	Participants will develop a further sense of belonging, be more accepted by the community, and experience being part of the community. Participants will be given opportunities to learn from each other and to understand and respect each others' culture. Participants will have opportunities to discover their own unique talents and strengths, which will bring more positive input and energy to the community. Participants will be supported to take more initiative and		

	responsibility within the wider community. We will know we have achieved these benefits by feedback on evaluation forms, and community meetings and interviews with key stakeholders who have participated.
Alignment with local board priorities	<ul style="list-style-type: none"> • Build strong neighbourhoods where people feel safe and connected at all times • Promote healthy, safe, sustainable and active lifestyles <p>Dance 4 Us provides opportunities for teenagers, youth and adults with disabilities to get out and actively participate in a meaningful, rewarding, creative activity, in a safe environment. The safety comes from feeling secure and connected to the other participants in the group, and also through the venue being safely suited to their special needs. Through movement, Dance 4 Us encourages participants to develop a sense of belonging, be more active, and to discover each of their own unique talents and creative strengths, which helps foster a healthy lifestyle for them.</p>

OUTLine New Zealand Incorporated

Physical address	Level 2 31 Hargreaves Street St Marys Bay Auckland 1011		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	Not applicable	Legal status	Incorporated Society

Project details

Project title	Providing gender identity and sexual orientation counselling and support		
Dates	01/05/2017 - 30/04/2018		
Location	level 2, 31 Hargreaves Street, St Marys Bay, Auckland		
Summary	OUTLine already works with individuals, professionals and schools in the Puketāpapa area, providing initial help and ongoing support from a free, confidential phone service. OUTLine collaborates to address needs of high risk people, especially for young people struggling with their identity and their ability to engage fully with their peers and educational processes. OUTLine recruits and trains volunteer phone counsellors from all areas of Auckland.		
Requesting grant for	OUTLine estimates approximately 200 calls in the last year from people in Puketāpapa, as well as making professional face-to-face counselling available where needed and training phone counsellors volunteering from Puketāpapa. We estimate about 2% of our current resource is deployed for Puketāpapa people, and we are seeking approximately that contribution to OUTLine's 0800 service budget		
Cost of participation	no fee to volunteers or callers to participate. Face-to-face clients pay a below-market rate for counselling. Donations are encouraged.		
Active participants	140	Audience size	1125011250
Promotion	Yes, We send out brochures to community agencies (medical centres, high schools, tertiary education, CABs, women's refuges, sexual health and other agencies) as well as print advertising in the LGBTI media and on LGBTI gaynz.com website. We are active with our own website www.outline.org.nz and on Facebook and twitter		
Local board recognition	We produce an annual report detailing our community partners. We would include acknowledgement of the local board, as well as on our website.		
Reason for the project	Demand for the service has grown significantly in recent years - between 40-60% each year. While OUTLine works with similar help services, no other national service provides expertise in this high risk area. OUTLine receives referral calls from other services. Callers and their families often contact OUTLine to provide feedback and updates.		
Community benefit	People who are self-aware in their diversity are less likely to isolate, less likely to self-harm and more likely to engage with other people in their community. There are clear community social benefits of greater diversity and social involvement, from social cohesion, to increased acceptance of diversity across all demographic measures, to safer communities showing mutual respect and care.		
Alignment with local board priorities	<ul style="list-style-type: none">• Support and enable a diverse range of local community groups to initiate and implement projects and activities• Build strong neighbourhoods where people feel safe and connected at all time• Promote healthy, safe, sustainable and active lifestyles OUTLine is the most accessible service for anyone seeking information or wanting to talk about issues of gender diversity and sexuality. We train		

	volunteers from the LGBTI community to staff a helpline where callers can discuss their own situation or an issue for a family member. People feeling stigmatised or ashamed because of these issues self-harm and self-isolate. OUTLine supports them safely to be more outgoing and connected in their local communities.

Requesting grant for	To fund recreational activities for 50 Muslim adults, children and youth in the local board area in sports, recreation and participation in Culturally appropriate Community activities. Costs will be towards coordination, health and wellbeing activities, hall hire, volunteer time, transport and venue hire along with resources.

Promotion	Yes, This would be through our website as well as flyers, brochures and newsletters of the Trust.		
Local board recognition	We would acknowledge the local board's contribution to this project on our website, at events along with printed materials.		
Reason for the project	There is strong demand from Umma Trust to provide services to the Muslim Community in the Auckland region, due to a growing number of Muslim refugees in the area. The underlying core issue here is the need for culturally sensitive service provisions that remove the uncertainties and difficulties Muslims face in New Zealand. These challenges disproportionately impact women who are often responsible for being the major care providers in refugee and migrant families.		
Community benefit	<p>With the participation of over 50 youth, children and adults, the aim of the project is to increase the connection of refugee adults, children and youth in this local area and to enhance understanding of rights and responsibilities in the wider community.</p> <p>UMMA Trust further engages with community organisations by seeking advice on how to improve its workshop programme, and by engaging personnel from those organisations experienced in addressing family violence in the project.</p>		
Alignment with local board priorities	<ul style="list-style-type: none"> • Support and enable a diverse range of local community groups to initiate and implement projects and activities • Build strong neighbourhoods where people feel safe and connected at all times <p>The main goal of the programme is to empower women from Muslim refugee communities to improve their family life and health. We aim to ensure that families are able to lead productive and quality lives and be actively involved in New Zealand society. We believe that this aligns well with the local board priority in supporting a diverse range of local community groups and to build a strong community where people feel safe and connected.</p>

Location	c/- Waikowhai Intermediate, Richardson Road, Mt Roskill, Auckland 1042		
Summary	MindPlus – Where like-minds grow together: MindPlus is a programme for gifted 6-13 year olds that provides intellectual, creative, social and emotional learning and support. Children come together, with a specialist teacher, for one day each week. Together they engage in differentiated, strength-based learning experiences to further develop their gifts and talents and a greater understanding of themselves.		
Requesting grant for	A contribution towards specialist educator salary expenses. Salary is a significant portion of our costs and funding will make the service more accessible to families and students who need it. We do not receive any government funding. In order to keep the fees as low as possible we must seek funding. Our specialist educators are all highly qualified, beyond university years, and we are committed to ensuring that they participate in regular professional learning and development to ensure best practice is achieved based on sound research.		
Cost of participation	Fee \$2,660 per student per year though are costs are higher than this. We raise funds in order to offer subsidies for students requiring them as we believe in equitable access.		
Active participants	61	Audience size	100100
Promotion	Yes, Website, media releases, promotions to business and education communities, notices, annual publicity campaign, newsletter.		
Local board recognition	Presence on our website, acknowledgement in our supporter newsletter, acknowledgement at our public events where appropriate (Annual Sharing Nights, Learning Celebrations and other events).		
Reason for the project	<p>We know through a conservative estimate based on international research that approximately 5% of the population is gifted. That is approximately 24,000 New Zealand children who may require additional support to maximise their potential. We currently reach 600 gifted children. We know there are many more students out there who need our support and the opportunity to discover their potential through additional learning that complements the New Zealand Curriculum.</p> <p>A Martin Jenkins Scoping report completed in February 2014 demonstrates three major reasons, based on delivery and excellence gaps, why funding is important for gifted children, particularly low socio-economic areas. (Report attached)</p>		
Community benefit	<p>Students become more self-aware, confident, engaged, motivated and resilient. Children and families have better participation, engagement and positive contributions to the wider community.</p> <p>Success is measured by intellectual and personal growth and development of students' gifts and talents. The benefits are largely anecdotal. We evaluate students' progress from an intellectual, social and emotional perspective as well</p>		

	<p>as talent development. We hold surveys and evaluate our programme over time. Our vision is for students to be:</p> <ul style="list-style-type: none"> • cognitively • creatively • motivationally • emotionally • socially • ethically, and • practically <p>high-functioning learners, ready and able to make a positive contribution to their whanau, schools, and communities.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> • Support and enable a diverse range of local community groups to initiate and implement projects and activities • Foster a more equitable Puketapapa including through building social enterprises and other local economic development opportunities • Build strong neighbourhoods where people feel safe and connected at all times <p>Our unique programme provides a differentiated curriculum. We aim to inspire gifted children to develop and celebrate their qualities and abilities by providing them with specialist learning opportunities and supporting the networks around them. Students discover how to use their gifts, talents, passions and exceptional abilities to provide leadership and actively and purposefully connect with and participate in their communities. Improved performance at the high skill level will have a greater impact on economic growth than improved performances at lower skill levels. Our programme results in less money spent on deficit areas to these children such as justice/youth development interventions.</p>

Project title	Volunteer Introductory Training Programme		
Dates	12/08/2017 - 27/08/2017		
Location	Ōrākei Marae. 59B Kitemoana St. Ōrākei		
Summary	<p>We are seeking funding towards the recruitment, training, and expenses of volunteer support workers who provide our frontline service for victims of crime, trauma and suicide in the Central Auckland Community. Our volunteers provide a free service critical for victims who often lack the means to participate in paid support services. Without sufficient training, support, or reimbursement for costs we would be unable to provide enough volunteers to deliver our service. We are seeking funding for two of our Volunteer Introductory Training Programmes which we will be holding at the Orakei Marae in August 2017 and in early 2018. We will be training around 30 new volunteers in August and again in early 2018 for central Auckland Communities.</p>		
Requesting grant for	<p>We are seeking funding for the full amount of the Introductory Training Programme, in August 2017 and in early 2018. The cost to Victim Support for fully training a volunteer is approximately \$1100.00 per volunteer. Our National office contributes the balance of the training costs, and we are required to fund a minimum of 30% of the total cost of training from local Community Funding. In addition to the initial four day training programme, the volunteers complete an internship which ranges from four to six months and involves two intensive case studies and there is further operational training.</p>		
Cost of participation	Training is free to potential victim support volunteers.		
Active participants	60	Audience size	6060
Promotion	No,		
Local board recognition	On our website and Facebook page.		
Reason for the project	<p>Victim Support is well established in New Zealand, & in the Central Auckland Community. In the year ending December 31 2016, Victim Support Auckland Central alone provided our services to 3760 people as they struggled through some of the toughest times of their lives. This included 339 victims coping with the loss of a loved one to homicide, suicide or fatal accident; 425 victims of domestic/family violence and abuse; 152 victims coping with the devastation of a rape or sexual attack; 441 victims affected by sudden death, and 731 victims of an aggravated robbery or serious assault.</p>		
Community benefit	<p>Victim Support is committed to reviewing our service delivery to ensure we continue to achieve our vision, enabling victims of crime and trauma to be in control of restoring their lives. Conducted annually, the consumer evaluation survey obtains victim feedback to enable us to gain a regular assessment of the quality of the Victim Support service. The key objectives are to provide information on: a) outcomes achieved – the difference Victim Support has made in assisting victims to get their lives back on track; b) effective processes – identify effective practices and ways service delivery might be improved; c)</p>		

	victim satisfaction – service.
Alignment with local board priorities	<ul style="list-style-type: none"> • Support and enable a diverse range of local community groups to initiate and implement projects and activities • Build strong neighbourhoods where people feel safe and connected at all times • Promote healthy, safe, sustainable and active lifestyles <p>Victim Support is a community based organization providing a range of free front-line support services to victims of crime, trauma, and suicide in our Central Auckland Communities, as they struggle through some of the toughest times of their lives. Our free, 24/7 service is delivered by highly trained volunteer support workers supported by our professional full-time staff. The victims we support are from all ethnicities and walks of life. Our training project at the Orakei Marae in August 2017 and early 2018, will deliver 60 new volunteers who, on completion of their training, will service our Central Auckland Communities.</p>

Reason for the project	<p>This is an event that is run by the community for the community. Our key outcomes are derived from our vision, which is to provide an atmosphere of happiness, fun, diversity and unity for the community. This has been achieved through the constant feedback we have gotten from attendees that describe the joy they had, and the attendance of the different cultures in our community showcasing the diversity and unity.</p>		
Community benefit	<p>There is significant positive community benefit generated by the event through cultural expression and better understanding of our diverse communities. It is Celebrated in how our diverse communities are encouraged to dress in their traditional regalia and celebrate with others from all over the world, where we all unite to celebrate our diversity and who we are. We tear down walls that make us different and focus on what we all have in common. This is enforced through the different stalls that provide food and clothes from their own country of origin or from our diverse stage show.</p>		
Alignment with local board priorities	<ul style="list-style-type: none"> • Support and enable a diverse range of local community groups to initiate and implement projects and activities • Foster a more equitable Puketapapa including through building social enterprises and other local economic development opportunities • Build strong neighbourhoods where people feel safe and connected at all times <p>Auckland Eid Day is a bi-annual (twice a year) project to celebrate the "Eid" events that our Muslim community observes. Our purpose is to bring the</p>		

	community together in a day of fun, diversity and unity under the one banner. Our community is made up of at least 20 different cultures from across the globe. This event which is open to all Aucklanders, is designed to showcase our Muslim community and provide an opportunity for our community to interact with the wider society in an environment of joy and happiness.

Location	Ellerslie Event Centre, 80-100 Ascot Ave, Remuera 1051		
Summary	Our Association was approached by Council 18 years ago to provide a Free event for what was known as the Greater Auckland Area. We have continued to do this for the 'Super City' and having the venue of 17 years now being subjected to major infrastructure works (housing development/infill and parks upgrades) we felt it best to move to a venue that allowed us to grow the potential of our community focused event. Prior to this an entry fee was charged either at the gates or to enter the events for which prizes were awarded as far back as 1868.		
Focus specific information	Type of art form: Other		
Cost of participation	This event is free admission		
Requesting grant for	The most common issue recorded is our lack of advertising despite our use of a vast array of free and complimentary forms of advertising therefore we would like the paid portion to be underwritten and the compliance costs associated with the event. We feel we are in good position to request this portion to be funded as the use of a new venue has resulted in a saving in excess of \$55 000.		
Active participants	1000+	Audience size	3500 - 8000

Project details

Project title	Victory over Violence		
Dates	03/07/2017 - 30/06/2018		
Location	1193B Dominion Road , Mt Roskill		
Summary	Victory over Violence Project aims to create community awareness about the needs of South Asian Families subjected to violence and oppression through its programs and Community outreach. The funds will be used for providing family/Whanau support services, intervention programs and de-escalation techniques for the victims. The funds will also be used for holding CAMPAIGNS/Workshops to create awareness and understanding of family violence and promote changes in behaviour amongst the SOUTH ASIAN community.		
Requesting grant for	We are seeking financial support towards Operating Costs to help and support the victims of Family violence. These costs would include setting up of the workshop such as organising the event, booking the venue, promoting the event, Volunteer costs, Travel expenses, Equipment hire costs, Vehicle related travel reimbursement, Promotional material, Stationery, Telephone expenses, counselling sessions and various other organisational expense.		
Cost of participation	free of cost		
Active participants	25	Audience size	6060
Promotion	Yes, We plan to advertise on social media networks, emailing flyers to other organisations with whom we share similar objectives, advertising on News Papers, organising a Talk on Radio stations etc.		
Local board recognition	We will acknowledge the contribution of Auckland Council in all our programs, on our website, in our regular newsletters as well as other press releases, on our social media pages.		
Reason for the project	Many families have been approaching us for the last 20 years for help to deal with the problems of Family Violence & it is evident that there is a great need to educate and create awareness amongst our people. In South Asian cultures, family issues are rarely discussed outside. Psychologists and psychiatrists are never consulted except in extreme crises, many suffer in silence due to fear of loss of privacy, doubt they can be helped. The ones who are unable to use community resources for support often become locked into domestic abuse, violence, abandonment, denial of family privileges and sometimes, homelessness		
Community benefit	Project aims to create community awareness about the needs of South Asian Families subjected to violence and oppression through its programs and community outreach. Our purpose is to encourage South Asian Families to raise their voice against their oppression, physical, mental and sexual abuse, family violence and to have a better living in the society. We have handled many cases for the past 20 years, and we invite feedback and ask personally changes experienced by the participants.

Reason for the project	It is found that in South Asian family the culture of joint families is still prevalent where seniors live with their children and grandchildren. They stay at home and feel isolated, lonely and thus rises emotional stress. It is important to keep going one has to indulge in some interaction or activity with like-minded people. therefore, the need of such a platform arose along with the need to familiarize the younger generation with the traditions and values of the community		
Community benefit	Our activities are directed towards the wellbeing of the community which includes the major role being played by the seniors. Under our objectives we conduct series of activities for the benefit and the wellbeing of the community members. We get to know about the success of our project by witnessing the ever increasing participation of existing and joining of new members. Their positive informal feedback also serve as a success measurement tool

Dates	14/10/2017 - 14/10/2017		
Location	The Pah Homestead, TSB Bank Wallace Arts Centre, 72 Hillsborough Road, Hillsborough		
Summary	Pah Homestead Community Day is about celebrating the diverse community around us, supporting local creative groups and encouraging participation. Throughout the day there are cultural performances from local groups, art activities, workshops and free entertainment for families. This year we are extending the activities of the day out into the park. We are also engaging with food suppliers to create a more dynamic atmosphere at the park.

The entertainment aspects of the day are varied but one item of financial support will be for a bouncy castle. We are also requesting advertising support in the form of printing of flyers. Much of the props and equipment we are using are being given free of charge but we will be facilitating some art/craft based workshops utilising Trust staff, where participants can create and take away their creations.		
Cost of participation	This event is a free event.		
Active participants	2200	Audience size	22502250
Promotion	Yes, we will advertise our event via our website and social media pages, as well as print posters and flyers to distribute in our local Puketapapa community. we are hoping that our network and collaboration partners for activities on the day will also advertise the event and their involvement on the day in their media outlets.		
Local board recognition	Logos on all promotional material and relevant articles/copy. Inclusion/involvement in the event - an opportunity for Local Board members to welcome/introduce local talent A thank you for the wonderful support at the event during the performances		
Reason for the project	This will be our 6th Community Day at the Pah Homestead. We've had very positive responses from our community and growing numbers from year to year. As last year's event suffered from bad weather, we're planning to have more all-weather options this year. Our hope is that Community Day 2017 will bring together all the elements that have been successful in previous years and extend them to be even better.		
Community benefit	Community Day is a great way to network for all groups and individuals involved, to build on existing relationships and establish new connections. We see a great bond with our local schools who are engaging in different projects at/by the Pah Homestead, strengthened by the success of Community Day, and believe that this event is a positive way to give back to our community and visitors without whom our gallery would not exist. We hope to offer a positive experience for everyone, share our love for the area, and will measure this is visitor numbers and feedback from our guests.		

Alignment with local board priorities	<ul style="list-style-type: none"> • Support and enable a diverse range of local community groups to initiate and implement projects and activities • Build strong neighbourhoods where people feel safe and connected at all times • Promote healthy, safe, sustainable and active lifestyles <p>Our annual Community Day has enabled the local Puketapapa community to engage in activities and experiences that celebrate different cultures and cultural practices. This celebration ensures everyone feels safe and connected to their neighborhood. It is free to participate and open for all.</p>

Demographics

Maori outcomes	Yes As an organisation, all of our programmes are delivered based on the three guiding principles of Manaakitanga, Kaitiakitanga and Rangatiratanga with the inclusion of Te Ao Pasifika and with respect to our wider ethnic groups who call Aotearoa home. It is mandatory that we work with Mana Whenua kuia and kaumatua as the first point of engagement to guide and inform the way we operate and generate creative outcomes as urban contemporary artists and managers. By doing so, we activate the past histories and educate our newcomers, forming a true multi-cultural society and environment for all to take ownership of and respect meaningfully.
Accessible to disabled	Yes Toi Talks is based in a wheelchair friendly facility at Studio 40 with ramps, widened doors for bathroom access. The presentations are also considerate to those who are visually or audio impaired. There will be a warning notification with social media marketing to state otherwise.
