- j Pohutukawa
- k Cantilevered Stairs
- l Nikau
- m Low native shrub planting
- n Metropolis lawn (shown Phoenix Palms & seat wall removed)
- o Informal Discovery
- p Loading zone
- q Tactile paving strip
- r Reinstated High Street stone paving
- s Existing high street basalt kerb and stone paving
- t Custom designed timber seating
- u Seat bench (CBD furniture palette)
- v Cycle stand (CBD furniture palette)
- w Rubbish Bin (CBD furniture palette)
- x Fixed Bollard (CBD furniture palette)
- xb Retractable Bollard (CBD furniture palette)
- y Drinking fountain
- z Lighting column
- Roof garden planting over existing power substation building.

NORTH
NOT TO SCALE

SITE PLAN

Plan view of the Pioneer Women's & Ellen Melville Hall and Freyberg Square showing the removal of the Freyberg Place roadway to create a fully pedestrianised public space with seamless integration between the upgraded community hall and square. Stone paving, public seating and native street trees create a pedestrian prioritised environment in Courthouse Lane, with vehicular traffic restricted to one-way traffic up-hill towards Albert Park.
