Project details

Project title	The Auckland Highland Games & Gathering		
Dates	18/11/2017 - 18/11/2017		
Location	Ellerslie Event Centre, 80-100 Ascot Ave, Remuera 1051		
Summary	Our Association was approached by Council 18 years ago to provide a Free event for what was known as the Greater Auckland Area. We have continued to do this for the 'Super City' and having the venue of 17 years now being subjected to major infrastructure works (housing development/infill and parks upgrades) we felt it best to move to a venue that allowed us to grow the potential of our community focused event. Prior to this an entry fee was charged either at the gates or to enter the events for which prizes were awarded as far back as 1868.		
Cost of participation	This event is free admission		
Requesting grant for	The most common issue recorded is our lack of advertising despite our use of a vast array of free and complimentary forms of advertising therefore we would like the paid portion to be underwritten and the compliance costs associated with the event. We feel we are in good position to request this portion to be funded as the use of a new venue has resulted in a saving in excess of \$55 000.		
Active participants	1000+	Audience size	3500 - 8000
Promotion of activity	Yes		
Local board recognition	All printed media has the Council Logo and during the day the Announcer will be making references to all sponsorships		
Alignment with local board priorities	<ul style="list-style-type: none"> • great local communities • local arts, cultures and heritage are cherished <p>Our event is free and non-ticketed removing a substantial barrier for many of the less affluent communities of Auckland. This allows for a huge diversity of spectators to get involved in all the elements of the rich Scottish culture.</p>

Maori outcomes	<p>Yes, Although Maori are not specifically targeted, there are many similarities between the Clan and Tribal systems. Accessible to disabled	<p>Yes, Our new venue this year, the Ellerslie Event Centre, is fully accessible - free entry to all, all disabilities catered for, Auckland Transport to the gateways (with accommodation and a hospital within the road boundaries) with a huge expanse of free car parking.</p>

Reason for the project	<p>There is excessively high demand from organisations, for us to help them inspire their young artists but because we are so busy trying to meet the objectives of AUAT, we decided that it would be more efficient for us to host these talks ourselves to meet the needs of all those who require our services, experiences and knowledge but also to add value by what we share by calling on our networks, friends and associates as Guest Speakers to help us meet the needs of our young artists too.</p>
Community benefit	<p>Being based in Onehunga means we are accessible for all modes of transport and most of the main roads to South, Central and West Auckland. We have established a late start time of 7pm to enable those travelling from as far as Pukekohe, Waitakere or North shore to join us to miss heavy traffic. From a logistical, economic, professional, social and cultural perspective, Toi Talks is a space for all walks of life to get insight and inspiration into how they can use urban contemporary arts to contribute and beautify their own urban environment.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> • great local communities • outstanding development • local arts, cultures and heritage are cherished <p>Toi Talks advances young artists from across all of Tāmaki Makaurau by prioritising the importance of protecting and honouring our natural and man-made heritage as conceptual and contextual inspiration for their artistic practice. By working with Mana Whenua historians, cultural knowledge holders, urban planners, local authorities, architects and archaeological experts, young artists will inform their creative ideas by learning from the heritage that surrounds them while developing social entrepreneurial skills from the Guest Speakers who will use Toi Talks as a portal for sharing their own knowledge and experience.</p>

Demographics

Maori outcomes	<p>Yes As an organisation, all of our programmes are delivered based on the three guiding principles of Manaakitanga, Kaitiakitanga and Rangatiratanga with the inclusion of Te Ao Pasifika and with respect to our wider ethnic groups who call Aotearoa home. It is mandatory that we work with Mana Whenua kuia and kaumatua as the first point of engagement to guide and inform the way we operate and generate creative outcomes as urban contemporary artists and managers. By doing so, we activate the past histories and educate our newcomers, forming a true multi-cultural society and environment for all to take ownership of and respect meaningfully.</p>	
Accessible to disabled	<p>Yes Toi Talks is based in a wheelchair friendly facility at Studio 40 with ramps, widened doors for bathroom access. The presentations are also considerate to those who are visually or audio impaired. There will be a warning notification with social media marketing to state otherwise. There are also quiet and dark sensory spaces for those who suffer from anxiety and autism in case of emergency.</p>

Project title	Dance 4 Us and Dance 4 Us Youth		
Dates	11/07/2017 - 15/12/2017		
Location	Dance 4 Us Onehunga and Dance 4 Us Youth: Onehunga Community Centre, 1 Pearce Street, Onehunga; Dance 4 Us West: Hubwest, 27 Corban Avenue, Henderson		
Summary	Dance 4 Us is a series of drop-in dance therapy workshop sessions for teenagers, youth and adults in Central and West Auckland with special needs (including Autism, Cerebral Palsy, Downs syndrome, cognitive delays). Each of the 54 sessions that will run from July to December 2017 is 60 minutes in length and we anticipate there being between 30 and 40 participants per session. These groups are so popular that we are introducing Dance 4 Us Youth. Participants will come from local residential care facilities, including Spectrum Trust, Idea Services, and IRIS within the following local boards and their surrounding areas: Henderson-Massey, Maungakiekie-Tamaki, Puketāpapa and Whau. The sessions will focus on fostering creativity and expression through dance/movement based activities.		
Requesting grant for	We are requesting funding towards all therapist fees, assistants fees, programme delivery, administration and co-ordination costs for delivery of Dance 4 Us Onehunga, Dance 4 Us Youth and Dance 4 Us West for the period of July to December 2017.		
Cost of participation	Entry by gold coin koha, but no one is denied entry if they can't pay.		
Active participants	323	Audience size	982
Promotion	Yes - We will market the programmes in the local suburban newspapers, and also with listings in What's On, Eventfinder, Facebook, Neighbourly and Community Waitakere. We will also promote the programme through our networks at Hubwest, Phab, Idea Services, Spectrum Trust and other disability support and special needs organisations.		
Local board recognition	We will acknowledge the local boards' contributions on our supporters' page on our website and also in our quarterly newsletter. We will also acknowledge the contribution on our Facebook page, and in any press releases and articles about the programmes.		
Reason for the project	Dance 4 Us group numbers grow from strength to strength each term, with 782 visits in the period of July to December 2016. With group numbers sometimes exceeding 40 participants, we are starting Dance 4 Us Youth in term 2 this year in order to be able to provide this service to an even wider audience. DTNZ has been approached by support workers who bring their clients each week to ask		

	for further groups for them to attend as it is the highlight of their week.
Community benefit	Participants will develop a further sense of belonging, be more accepted by the community, and experience being part of the community. Participants will be given opportunities to learn from each other and to understand and respect other cultures. Participants will have opportunities to discover their own unique talents and strengths, which will bring more positive input and energy to the community. Participants will be supported to take more initiative and responsibility within the wider community. We will know we have achieved these benefits by feedback on evaluation forms, and community meetings and interviews with key stakeholders who have participated.
Alignment with local board priorities	<ul style="list-style-type: none"> • great local communities • local arts, cultures and heritage are cherished <p>Dance 4 Us helps create great local communities through providing opportunities for teenagers, youth and adults with disabilities to get out and actively participate in a creative activity, where they are valued just as they are thus fostering community spirit. Dance 4 Us encourages participants to develop a sense of belonging, be more accepted by the community, and experience being part of the community. The participants will cherish this art that gives them the opportunity to discover each of their own unique talents and creative strengths, which will bring more positive input and creative expression and energy to the community.</p>

Project title	Victory over Violence

These costs would include setting up of the workshop such as organising the event, booking the venue, promoting the event, Volunteer costs, Travel expenses, Equipment hire costs, Vehicle related travel reimbursement, Promotional material, Stationery, Telephone expenses, counseling sessions and various other organisational expense.		
Cost of participation	free of cost		
Active participants	25	Audience size	6060
Promotion	Yes, We plan to advertise on social media networks, emailing flyers to other organisations with whom we share similar objectives, advertising on News Papers, organising a Talk on Radio stations etc.		
Local board recognition	We will acknowledge the contribution of Auckland Council in all our programs, on our website, in our regular newsletters as well as other press releases, on our social media pages.		
Reason for the project	Many families have been approaching us for the last 20 years for help to deal with the problems of Family Violence & it is evident that there is a great need to educate and create awareness amongst our people. In South Asian cultures, family issues are rarely discussed outside. Psychologists and psychiatrists are never consulted except in extreme crises, many suffer in silence due to fear of loss of privacy, doubt they can be helped. The ones who are unable to use community resources for support often become locked into domestic abuse, violence, abandonment, denial of family privileges and sometimes, homelessness		
Community benefit	Project aims to create community awareness about the needs of South Asian Families subjected to violence and oppression through its programs and community		

	<p>outreach. Our purpose is to encourage South Asian Families to raise their voice against their oppression, physical, mental and sexual abuse, family violence and to have a better living in the society. We have handled many cases for the past 20 years, and we invite feedback and ask personally changes experienced by the participants.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> • great local communities <p>RAA always remain connected with in local neighbourhood by promoting its activities through various means such as Ethnic Radios, Newspapers, Newsletters and by remaining active in social networking sites. We plan to hold Campaigns in a Community centre with Talks on Family Violence/Some short videos on creating Awareness on Family Violence. This will be open to public free of cost. We will invite all our young volunteers to participate and help us with the arrangements. Summary	Bhartiya Samaj Charitable Trust conducts a few of its events from our office at 13 May road which has the capacity to accommodate 30 to 40 members. We have been conducting our events with larger gatherings at Mt. Roskill war memorial hall. Utmost care is taken to ensure the comfort and safety of the participating members including arranging for the transport for most of elders who are unable to drive or live far away from the venue.

Cost of participation	There is no cost of participation to our members		
Active participants	200+	Audience size	500 +500 +
Promotion	Yes, Our Activities are regularly being promoted on various media platforms like the FM radio, our websites, on our social media platforms and ethnic newspapers and magazines		
Local board recognition	We would be acknowledging the contribution of the funding partners of our website and also while conducting the event. Branding the material, for the events, with the logos of funding partners.		
Reason for the project	It is found that in South Asian families, the culture of joint families is still prevalent where seniors live with their children and grandchildren. They stay at home and feel isolated and lonely causing emotional stress. It is important to keep some interaction or activity with likeminded people. The need of such a platform arose along with the need to familiarize the younger generation with the traditions and values of the community		
Community benefit	Our activities are directed towards the wellbeing of the community which includes the major role being played by the seniors. Under our objectives we conduct a series of activities for the benefit and the wellbeing of the community members. We get to know about the success of our project by witnessing the ever increasing participation of existing and joining of new members. Their positive informal feedback also serve as a success measurement tool		
Alignment with local board priorities	<ul style="list-style-type: none">No priorities selected

Project title	Project and Administration Co-ordination and support		
Dates	01/07/2017 - 30/06/2018		
Location	2 Claude Brookes Drive, Henderson		
Summary	<p>To deliver our projects the Projects and Administration team focus on the following key operational areas: effective project development, delivery and evaluation systems; strong networks including funders, community members, other service providers; sustainable funding streams. We need to ensure these operational needs are consistently met, and contribution towards this is vital for us to continue to deliver projects that build community resilience and communities free from violence.</p> <p>Because we aim to involve community members in the development and delivery of our projects, this often means that community members voluntarily contribute a significant amount of their time. This 'bottom-up' approach to improving community outcomes is enhanced with the community development support, experience and expertise our Projects and Administration team provides.</p>		
Requesting grant for	We request a contribution to the overall administration and co-ordination of our projects, and our office rent. This will support the ongoing delivery of all our projects, in particular by assisting our Project Leaders of Toddler Day Out 2018, Our Amazing Place, Jade Speaks Up, Little Kauri, and our Bullying: Not Our Future project.		
Cost of participation	No		
Active participants	800	Audience size	30,000
Promotion	Yes - We promote Violence Free Communities through our website and Facebook pages, and at various community network engagement meetings. We create marketing plans for all our projects with the aim of reaching the specified target groups as effectively and economically as possible.		
Local board recognition	The Local Board logos are included on all hard copy marketing material, and listed on our website as a sponsor. We also invite local board members as guests at our events.		
Reason for the project	We have worked within West Auckland for over 18 years now. Our reputation as coordinators of collaborative events is very high in our community, and feedback and evaluations we receive tell us that our collaborative projects are relevant, effective and needed. Toddler Day Out attracts several 1000's of people annually, is informative and transformative for families who attend; there is		

	ongoing interest and request for support and mentoring for new Our Amazing Place iterations; parents and teachers report the benefits of Little Kauri with new entrants successfully transitioning to school; preventing bullying requires long term commitment to creating social change.
Community benefit	Violence and crime rates have reduced in West Auckland, against the national trend. We believe our projects contribute to this positive trend, because of their wide reach. This year, the Bullying: Not Our Future project will engage with hundreds of West Auckland youth; Our Amazing Place iterations planned will reach many families; Jade Speaks Up DVD will likely reach up to 10,000 children; Toddler Day Out will attract at least 10,000 people. We evaluate all our projects to meet objectives, and address areas for improvement. These evaluations report enjoyment, greater community connection, improved parenting skills – all factors in reducing violence.
Alignment with local board priorities	- great local communities Our projects are grounded in sound community development principles by building connectedness and social capital within communities, thus building community resilience and fostering community spirit. All our projects are delivered with community involvement – by the community and for the community. We work to develop collaborative relationships with community members and local community organisations to guide us in the development and delivery of our projects. This means that our projects align as well as possible with local communities and their identified needs. Because our purpose is to promote violence free communities, all of our projects are aimed at improving community safety.

Demographics

Maori outcomes	Yes - Our initiatives are mostly run in West Auckland, so we aim to target all community groups, including Maori, Pasifika, and those from low socio-economic backgrounds. We seek out collaborative relationships with organisations representing Maori, and Maori community members. Their guidance assists us to target identified needs of Maori in our communities. Toddler Day Out attracts a high component of Maori attendees; we purposefully seek out the involvement of Maori Early Childhood Education and other service organisations.
-----------------------	---

	Participants of Little Kauri Successful Transitions to School are mostly Maori; Jade Speaks Up DVD was produced to clearly reflect New Zealand's unique cultural diversity, particularly including Maori; and our Bullying: Not Our Future project is co-created with youth – many of whom are Maori..
Accessible to disabled	Yes - We aim to target all community groups within West Auckland, including people with disabilities. We therefore seek out collaborative relationships with those organisations representing people with disabilities. Their guidance assists us to identify the best ways to make our projects accessible to people with disabilities in our communities. We contract a sign interpreter for Toddler Day Out and are currently working collaboratively with other disability groups to ensure better accessibility for people with disabilities to this event.

Project details

Project title	West Auckland Street Youth Work Project		
Dates	01/07/2017 - 30/06/2018		
Location	Streets, malls, parks, railway stations etc. in Henderson, Ranui, Glen Eden and New Lynn		
Summary	<p>The West Auckland Street Youth Work Project was originally established in Henderson in response to the killing of dairy owner Arun Kumar by two teenagers in 2014 along with a spike in youth crime in the area. In partnership with other local youth service providers, the project has been expanded to include Ranui (Ranui135), Glen Eden (Glen Eden Baptist Church) and New Lynn (Generation Ignite). The project involves teams of youth workers going out onto the streets at peak times to connect with disengaged and at risk youth. Once a relationship is established, youth workers look to transition young people into a youth development programme or service offered by the four partnership groups and/or other appropriate community support services</p>		
Requesting grant for	<ul style="list-style-type: none"> - Street youth-work uniforms: essential so young people can identify Zeal youth workers on the streets. - Youth worker training: e.g. Mental Health 101, First Aid and RAP (Response Abilities Pathways). - Transport: youth workers are supplied with hop-cards for trains and buses in order to engage and pursue young people - Youth worker wages: Zeal has MOUs with Ranui135, Generation Ignite and Glen Eden Baptist Church. Each partner group provides 20hrs of street youth work p/week. Our aim with additional funding is to increase each youth worker's rate of pay to \$19 p/hr and each centre's hours to 30 p/week. 		
Cost of participation	There is no cost to young people for this project		
Active participants	Team of approx. 15 youth workers	Audience size	Approx. 3000-3200 interactions with young people per annum
Promotion	No -		
Local board recognition	Auckland Council Local Board funding will be acknowledged in Zeal's Annual Report and Audited Accounts.		
Reason for the project	<p>The West_Auckland_Street_Youth_Work_Project responds to the need for improving community and youth safety and reducing youth crime. Many young people on the streets are disconnected and have fallen through the cracks. The use of synthetic drugs is one of the most significant problems encountered by our youth-workers along with anti-social behaviour, loitering, violence,</p>		

	vandalism, alcohol abuse and misuse, and petty crime. The street culture is very dangerous with street gangs being a huge issue in West-Auckland. Using a strengths-based approach youth-workers build positive youth engagement, enhance community safety and ensure young people get the right support and the right services.
Community benefit	This project focuses on improving community safety and the safety and wellbeing of at-risk youth who frequent West Auckland hot spots at peak times. This is measured by: <ul style="list-style-type: none"> - Number of trained youth workers on the streets - Number of direct engagements and interventions with vulnerable and at-risk young people - Number of youth referred to Zeal youth facility or partnership groups - Number of youth referred to other community support services - Reduction of loitering, anti-social behaviour and youth crime in areas of operation
Alignment with local board priorities	<ul style="list-style-type: none"> • great local communities <p>In collaboration with Generation Ignite, a youth development organisation based in New Lynn, Zeal recently extended the West Auckland Street Youth Work Project into Whau Local Board community. Teams of street-based youth workers connect with young people in known “hot-spots” at peak times. By offering a presence on the streets where young people can go for help, along with a range of support services and referral agencies, we are able to contribute to a safer community and to the overall wellbeing of New Lynn’s vulnerable and at-risk young people.</p>

Ranui 135	Youth Work Broker
Generation Ignite	General Manager

Demographics

Maori outcomes	<p>Yes - Approximately 80% of young people encountered on the streets are Maori or Pasifika.</p> <p>Zeal has a strong commitment to bicultural practice and acknowledges the importance of tikanga Maori when working with Maori.</p> <p>Built into our models of practice is a Maori adaptation of the Circle-of-Courage emphasising a journey from Whanaungatanga (Belonging) to Tohungatanga (Mastery), Tohungatanga to Mana Motuhake (Independence), and Mana Motuhake to Atawhai (Generosity). Zeal also adopts Te Whare Tapa Whā health development model which is informed by the notion that a young person is like a Wharenui (meeting house) and recognises the importance of holistic development across the spheres of taha tinana (physical health), taha wairua (spiritual health), taha whānau (family health) and taha hinengaro (mental health)..</p>

Project title	Matching adult male volunteer mentors with fatherless boys		
Dates	30/04/2017 - 01/05/2018		
Location	39 Robertson Rd, Avondale, Auckland		
Summary	Our coordinators recruit, screen and train men to be long-term volunteer mentors for fatherless boys. A robust screening process ensures they are emotionally healthy and safe to be in sole care situations with young boys. Each Big Buddy then spends several hours a week with his Little Buddy.		
Requesting grant for	Laptop computers and part salary for our volunteer coordinators.		
Cost of participation	No. Participation is free.		
Active participants	600	Audience size	600
Promotion	Yes - Pamphlets, website, Facebook, TV and newspaper advertising.		
Local board recognition	Acknowledged on our website and Facebook.		
Reason for the project	We maintain a database of Little Buddies waiting for a match. We currently have more Little Buddies waiting than Big Buddies in training. The Census shows 52,500 boys aged 7-14 living in single parent households. We estimate 8,000 will be truly fatherless – boys who have no on-going contact with an adult male.		
Community benefit	Boys with a mentor do better at school and are better adjusted and prepared for their role as an adult male. With a good role model, they learn what it means to be a good man. This creates well-adjusted men who are an asset to their community.		
Alignment with local board priorities	<ul style="list-style-type: none"> great local communities <p>WE match adult men as volunteer mentors for fatherless boys. Project title	Rotary Youth Driver Awareness programme (RYDA)		
Dates	01/02/2017 - 29/06/2018		
Location	The Trusts Arena, Central Park Drive, Henderson		
Summary	RYDA is an evidence based road safety education programme which will be delivered to all year 12 students in high schools throughout West Auckland. The programme is delivered by Road Safety Education Ltd, a not-for-profit organisation, committed to reducing road trauma on our roads. Students attend a one day workshop designed to help them make good choices when they start to drive independently or are travelling as passengers of novice drivers. Further information can be viewed on-line at www.rse.org.nz/programs/ryda/		
Requesting grant for	The cost of the facilitators (instructors) who deliver the programme		
Cost of participation	Our funding model provides there is no individual student cost of participation. This is maximise student attendance and reduce any administrative burden to schools.		
Active participants	1496	Audience size	1496
Promotion	No -		
Local board recognition	At the venue (printed material), board members are always welcome and on the clubs website www.hendersonrotary.org.nz		
Reason for the project	Young people aged 15-24 represent less than 15% of the population yet account for around one quarter of deaths and injuries on our roads. Youth road trauma is a community problem that needs a community response.		
Community benefit	Reduced road trauma - however, like any programme like this it will be impossible to prove that this programme was directly responsible for the desired outcome.		
Alignment with local board priorities	<ul style="list-style-type: none"> great local communities, outstanding development <p>Henderson Rotary is seeking funds to provide evidence based road safety education to all year 12 students in high schools in West Auckland (Kelston Girls and Kelston Boys). Project title	Cash for Containers campaign		
Dates	01/06/2017 - 24/11/2017		
Location	Various (at events)		
Summary	Cash for Containers intends to run bottle drives at Waitakere Ranges Local Board area events to encourage and support waste free events. At each event we will set up a "bottle buy back" stall. People will purchase a bottle at a vendors stall, and can bring the empty container to our staff for a 10c 'refund'. We can "buy back" as many bottles as we have funding for. For example - \$200 allows us to "buy back" 2,000 bottles.		
Focus specific information	<p>Environmental benefits: Reduce waste at events, increase resource recovery at events. Once a nationwide Cash for Campaign scheme is introduced we anticipate a 65% reduction in litter and a minimum 85% increase in recovery of beverage containers</p> <p>Community involvement: All environmental and community groups are welcome to take part</p> <p>Land owners: N/a,</p>		
Requesting grant for	Funding to provide a 10c refund to people who bring their bottles to the bottle depot at each event		
Cost of participation	event entry if applicable (not linked to us)		
Active participants	5,000	Audience size	5,000
Promotion	Yes - Through event promotion, website, social media and email networks		
Local board recognition	At the event, the Local Board logo will be placed on the bottle buy back stall with "Funded by Waitakere Ranges Local Board" or similar		
Reason for the project	Low recycling rates through the Local Board area High levels of waste and low levels of recycling and events		
Community benefit	Cash for containers will massively increase recycling rates and: - reduce plastic pollution in the sea - create over 2000 jobs - save councils and tax payers \$26-40 million per year - reduce CO2 emissions - fund community groups - supplement low incomes - foster a sustainable, circular economy!		
Alignment with local board priorities	<ul style="list-style-type: none"> - great local communities - healthy Whau River and valued environment <p>Working with local community groups, we will provide a bottle buy back at 2-3 local events (funding dependent). Bottle buy backs decrease waste at events,</p>		

	increase recycling at events and encourage the community to value recovered resources. We will also educate event participants on the benefits of the introduction of nationwide Cash for Containers scheme which would mean everyone had access to a bottle deposit depot.
