Q4 What is one thing you think is missing in the Henderson-Massey area, which you feel is extremely important for the future	Planning	No for crying out loud. What new Zealand needs is affordable living for the future generations and for bigger family's to have apartments units that are 3 bedrooms as the biggest unit with reasonable Outdoor Living Space shared playgrounds maybe even a community swimming pool in the middle of the development for comfortable and affordable living we got kids sleeping in cars just because someone doesn't have money doesn't mean they shouldn't live a happy healthy life and get with the rest of the world and get central heating and air. To get rid of the mould problem

Q6 Do you have any further comments about our proposed local board plan	Planning	Great to see use being made of empty land but I think that the units for the elderly would be better on the council car park land as it is closer to the shops and transport and the family housing( stage two) would be better close to the schools.
	Parks, sport and recreation	local board plan feedback, Had a good time, but try telling a 2 year old they have to wait half an hour or longer to get on to the snow , missed out, bigger snow area and bigger castles for more kids to fit on, loved the variety of food to choose from.
		As others have mentioned, multiple play areas to allow less wait times & a couple of different slope options would be fantastic too. Fingers crossed it's on again next year as my 2.5yr old had a blast. Thanks.
		Snow in the park is a great event; it's the only opportunity my kids along with so many others get to experience snow. If anything I think there should be more snow, multiple play areas and a scaled down slope for the smaller kids along with the big slope for older kids and adults
	Planning	Henderson-Massey Local Board...I would like to know why it has taken the council 40 years to replace the units at Wilsher Court, and I certainly hope that they will be better maintained than the ones that were demolished due to lack of maintenance.
		This is nothing new to this site. The name Wilshire Village was used for the previous council owned complex that Waitakere City removed from the very same site. Council board should be ashamed of the plan to reinvent the wheel. Henderson -Massey Local Board Plan
		Local Board Plan feedback. I think it will be great to have more quality homes in Henderson. I just hope everyone is catered for. Families, singles, couples, etc. I hope they are as well designed and not a concrete mess.
	Transport	I don't think it should continue its just outgrowing itself really there's not really that much to do tbh in ways of activities and it's a logistical nightmare in its current location in terms of traffic royal park in Massey
This is a good thing. But I questioning the council site. Where staff park etc. turned into housing for families. Where are the cars going to park? Adding the words 'local board plan feedback' so my comment can get some answers.		

	<b>Other comments</b>	<p>I have read, or tried to, my Henderson Massey Local Board draft "Plan" Pae korri, there is a lot of emphasis on Maori, yet only 16% of the population, and miniscule few of these could associate their trace of pre European ancestry to the area. Only a tiny fraction of the 16% likely understands the dominant space filling Maori words. For the rest mostly meaningless. The terms may be fashionable in Council circles but are gobbledegook to most of the productive population who do not have time to pursue the Maori language hobby, but have to concentrate on the main language of the productive world. Only a tiny fraction of the 16% likely understands the dominant space filling Maori words. For the rest mostly meaningless. The terms may be fashionable in Council circles but are gobbledegook to most of the productive population who do not have time to pursue the Maori language hobby, but have to concentrate on the main language of the productive world. All Maori terms require a translation following. There also needs to be statement that all translations are direct. What exactly is a mihi? What is kaupapa Maori entrepreneurship? The cover piece, with a person in not Maori traditional dreadlocks, looks like Harlem gang members. Whilst it may be typical of West Auckland, it is not an image to be promoted. I am not convinced that constant emphasis on matters Maori and effective shifting of control of many features to them, will improve their lot, or that of the rest. It separates them and fosters an arrogant "it's all rightfully ours anyway" mentality which does not make for harmonious integration with the rest of the community. Just one example of this is the antics of young Maori fare dodgers which make western line rail travel so unpleasant. Other behaviour generally regarded as somewhat unbecoming an advanced society is also justified. The Treaty requires Maori to be treated equally as others. In most matters, requirement beyond this is a mostly a modern promoted interpretation. For every activist who may be drawn by the Board's Maori indulgent, I suspect scores of positive others are discouraged from taking an interest in Board affairs. Hi, I came with my grandchildren and we had a fabulous day, if the money is there keep funding it-families can't always afford to pay for days out so these days are lifelines for them.</p>
