
**Kaipatiki
Local Board Plans
2017-2020
Event Feedback**

Event	
11	Thursday, 15th June 2017 - KTLB HYSE - Birkenhead Library (4pm)
Comment	
Q1 Do you think we are on the right track with our proposed local board plan	Yes.
Q1 Do you think we are on the right track with our proposed local board plan	Agrees with the seven outcomes
Q1 Do you think we are on the right track with our proposed local board plan	Yes.
Q1 Do you think we are on the right track with our proposed local board plan	Yes - all for everything in the plan
Q1 Do you think we are on the right track with our proposed local board plan	Concerned about natural environment being protected for future generations especially streams, waterways etc.
Q1 Do you think we are on the right track with our proposed local board plan	Would like the board to oppose haphazard intensification, particularly around reserves.
Q1 Do you think we are on the right track with our proposed local board plan	Concern around impermeable surface increase impacting on stormwater, leading to larger problems including flooding.
Q1 Do you think we are on the right track with our proposed local board plan	Strongly agree
Q1 Do you think we are on the right track with our proposed local board plan	Like it as far as it goes.
Q2 Tell us what you like most about our proposed local board plan	Good to focus on our bush
Q2 Tell us what you like most about our proposed local board plan	Agree to keep outcome of people identify with Kaipātiki
Q2 Tell us what you like most about our proposed local board plan	Natural Environment
Q2 Tell us what you like most about our proposed local board plan	Natural Environment protection continuing or stepped up
Q2 Tell us what you like most about our proposed local board plan	Protecting environmental aspects is good
Q2 Tell us what you like most about our proposed local board plan	Pest-free Kaipātiki
Q2 Tell us what you like most about our proposed local board plan	Kaipātiki connections
Q2 Tell us what you like most about our proposed local board plan	Likes most aspects of plan, but needs more spelling out and incorporation of low carbon strategies, e.g. auditing of community facilities
Q3 Tell us if you think we have missed something out of our proposed local board plan	Board should be proactive on climate change mitigation
Q3 Tell us if you think we have missed something out of our proposed local board plan	Board should promote cycleways going uphill,
Q3 Tell us if you think we have missed something out of our proposed local board plan	Board should promote electric vehicles
Q3 Tell us if you think we have missed something out of our proposed local board plan	Pest-free kaipatiki strategy doesn't go far enough on private property
Q3 Tell us if you think we have missed something out of our proposed local board plan	Pest-free is a wonderful idea. We have wonderful birds.
Q3 Tell us if you think we have missed something out of our proposed local board plan	Bring back healthy waterways
Q3 Tell us if you think we have missed something out of our proposed local board plan	Make transport easy - one trip, not multie
Q3 Tell us if you think we have missed something out of our proposed local board plan	Keep T3 lanes on Onewa Road
Q3 Tell us if you think we have missed something out of our proposed local board plan	Street lights not working
Q3 Tell us if you think we have missed something out of our proposed local board plan	Sustainability
Q3 Tell us if you think we have missed something out of our proposed local board plan	Renewable energy infrastructure should be included in community facilities renewals, refurbishes new builds etc. e.g. new builds, solar panels
Q3 Tell us if you think we have missed something out of our proposed local board plan	Council buildings should be retrofitted with sustainable things
Q3 Tell us if you think we have missed something out of our proposed local board plan	low carbon' should be prominent
Q3 Tell us if you think we have missed something out of our proposed local board plan	Nothing about culture, except for ethnic culture.
Q3 Tell us if you think we have missed something out of our proposed local board plan	need additional street infrastructure such as rubbish bins
Q3 Tell us if you think we have missed something out of our proposed local board plan	Look in to adding bike racks to new bus shelters
Q3 Tell us if you think we have missed something out of our proposed local board plan	There is an issue with accessibility in relation to ferries for cyclist - Important to advocate for ferries that are not too low when loading on to the ferry. Also consider wharf design, ramp width.
Q3 Tell us if you think we have missed something out of our proposed local board plan	No reference to some of the residents associations within the Our people identify Kaipatiki as their kainga (home) section
Q3 Tell us if you think we have missed something out of our proposed local board plan	It is very network oriented when talking about walking and cycling connections and roading but we need to remember to include other infrastructure such as bike racks.
Q3 Tell us if you think we have missed something out of our proposed local board plan	Cover should reflect communities diversity
Q3 Tell us if you think we have missed something out of our proposed local board plan	Development with no attention to climate change (carbon footprint) is ultimately irresponsible. Should be intrinsic to planning and building
Q3 Tell us if you think we have missed something out of our proposed local board plan	Urban design initiatives - develop urban design standards for better quality integrated apartments
Q3 Tell us if you think we have missed something out of our proposed local board plan	Need more council funding to control pollution and erosion in bush reserves. Some sewerage leaks private land have run for weeks in to streams.
Q3 Tell us if you think we have missed something out of our proposed local board plan	Needs more around future proofing. Suggested that the board refer to the 'Net Zero by 2050' report. More low carbon emphasis for Northcote e.g. solar panels on buildings.
Q3 Tell us if you think we have missed something out of our proposed local board plan	Initiatives to reduce waste / particularly food. Suggested Carol Cox or Kitty Lim, and suggested that the board possibly adapt the Waitemata LB approach.
Q3 Tell us if you think we have missed something out of our proposed local board plan	More peer review of consultants work e.g. Frame Group, to reduce unchecked influence of consultants.
Q3 Tell us if you think we have missed something out of our proposed local board plan	Better access to relevant staff in Community Facilities eg. In relation to track off Chelsea View Drive
Q4 The funding available to us may change after Auckland Council's 10-year budget is adopted in June 2018. If this means we can't afford all of our projects or initiatives, which would you like us to prioritise	Sustainability and low carbon initiatives
Q4 The funding available to us may change after Auckland Council's 10-year budget is adopted in June 2018. If this means we can't afford all of our projects or initiatives, which would you like us to prioritise	Park infrastructure such as hand rails
Q5 Do you have any other comments about our proposed local board plan	Better control of invasive weeds. Agree with use of agriculturals plus more total containment weeds in the Regional Pest Management Policy
Q5 Do you have any other comments about our proposed local board plan	Birkenhead Transport are a reliable company

Comment	
Q5 Do you have any other comments about our proposed local board plan	Concern with money being spent on projects like Zion Hill, Le Roys lookout
Q5 Do you have any other comments about our proposed local board plan	Café owner shoo's people away
Q5 Do you have any other comments about our proposed local board plan	Would have preferred council sold the land
Q5 Do you have any other comments about our proposed local board plan	Would like to know if funding is evenly spread across the board area.
Q5 Do you have any other comments about our proposed local board plan	Took a week to get back whe rang up and complained about rubbish dumping and a week to action
Q5 Do you have any other comments about our proposed local board plan	Concerned about time wasted catching two buses.
Q5 Do you have any other comments about our proposed local board plan	Community gardens can reduce need to mow grass and can provide free or low cost food source - good for renters, low income people
Q5 Do you have any other comments about our proposed local board plan	Should build on biodiversity
Q5 Do you have any other comments about our proposed local board plan	Sustainability strategy can be added to all points in the plan
Q5 Do you have any other comments about our proposed local board plan	Local Board needs to be a leader and champion for sustainability and low carbon strategies such as solar panels
Q5 Do you have any other comments about our proposed local board plan	Concerned about the future of the Northart building - a beautiful brick building. Does not want it to be demolished
Q5 Do you have any other comments about our proposed local board plan	Finding Northart can be difficult
Q5 Do you have any other comments about our proposed local board plan	Northcote development should include as much sustainable development as possible and should retain as many trees as possible.
Q5 Do you have any other comments about our proposed local board plan	Handrails in reserves are important ad needed
Q5 Do you have any other comments about our proposed local board plan	In town centres - bike racks (secure) - we could do with more.
Q5 Do you have any other comments about our proposed local board plan	Bike repair stations would be good e.g. near some of ur key parks (Onepoto) with instructions on how to repair punctures
Q5 Do you have any other comments about our proposed local board plan	Talk to schools to see if they would like to have a say regarding bike repair placement, and get them involved with the 'how to use' phase.
Q5 Do you have any other comments about our proposed local board plan	Eco-sourced seed banks/ nuseries in the area around existing reserves would be good.
Q5 Do you have any other comments about our proposed local board plan	Lighting - problems around using LED impacting wildlife circadian rythys and also has an impact on humans
Q5 Do you have any other comments about our proposed local board plan	Use sensors or directed lighting on cycle paths

No of Attendees	Event
11	Sunday, 18th June 2017 - KTLB HYSE (Drop In) - Takapuna Markets
Topic	Comment
Q1 Do you think we are on the right track with our proposed local board plan	Birkenhead War Memorial Park - I like the plan
Q2 Tell us what you like most about our proposed local board plan	Really impressed with the stream plantings that are happening in the area. Love the tree nursery at Kaipatiki Project. Good to have schools involved.
Q2 Tell us what you like most about our proposed local board plan	Like pest free Kaipatiki and clean water ways
Q2 Tell us what you like most about our proposed local board plan	I like the shade sail idea in playgrounds
Q2 Tell us what you like most about our proposed local board plan	Big support for work of the Kaipatiki Project!
Q3 Tell us if you think we have missed something out of our proposed local board plan	Replace the Birkenhead Grandstand with something that has shade
Q3 Tell us if you think we have missed something out of our proposed local board plan	Development needs to 'go up, not out' – Birkenhead town centre needs to be taller. Green spaces are important.
Q3 Tell us if you think we have missed something out of our proposed local board plan	Address use of plastic bags for rubbish. Multi-trips too long.
Q3 Tell us if you think we have missed something out of our proposed local board plan	Shift aesthetic thinking from overly polished, mowed and preened green lawn spaces to meadow and wild flowers to help with bee health
Q3 Tell us if you think we have missed something out of our proposed local board plan	Importance of east-west connection and safe cycling, particularly from Birkenhead to Wairau Rd
Q3 Tell us if you think we have missed something out of our proposed local board plan	Like the bike tracks for kids, but how do I find the others (especially at Lynn and Normanton Reserves)
Q5 Do you have any other comments about our proposed local board plan	Thanks for the Kaipatiki Explorer booklet – I wish the other local boards did the same as you
Q5 Do you have any other comments about our proposed local board plan	Onewa and Lake Rd traffic is very bad. Problems with the timing of the traffic lights changing. The T3 on Lake Rd is a waste of resource.
Q5 Do you have any other comments about our proposed local board plan	No venue for ballroom dancing on North Shore – bigger RSA; school hall size
Q5 Do you have any other comments about our proposed local board plan	Thank you for coming to the markets – makes giving feedback more accessible.
Q5 Do you have any other comments about our proposed local board plan	Services for homeless please
Q5 Do you have any other comments about our proposed local board plan	Wanted to feedback that KLB is excellent!
Q5 Do you have any other comments about our proposed local board plan	Not happy about the parking lanes on College Rd, making it too narrow for driving cars – especially coming around the corner near the kindergarten
Q5 Do you have any other comments about our proposed local board plan	Would like to see more done about crime prevention, particularly on Ocean View Rd (cars are being broken into)
Q5 Do you have any other comments about our proposed local board plan	Plastic bag free Auckland please! We need proper waste minimisation facilities and creation of more local solutions to waste issues
Q5 Do you have any other comments about our proposed local board plan	We need more stalls giving reusable bags to people to help reduce waste, with particular focus on getting to 'hard to reach' communities
Q5 Do you have any other comments about our proposed local board plan	Passionate about spray free streets, 'pollinator corridors', promote bee health. Love meadows.

Topic	Comment
Q5 Do you have any other comments about our proposed local board plan	Local board best placed to inform and moderate growth under unitary plan.
Q5 Do you have any other comments about our proposed local board plan	The natural environment is the area where growth meets the natural limits. We have a duty to protect the environment. Housing development a major threat. A growing population implies a requirement to increase open space.
Q5 Do you have any other comments about our proposed local board plan	Private land is open to development which will impact on natural environment and impact on areas such as natural streams and how they function. Amount of impervious surface also an issue. High velocity stormwater results and this impacts on the environment.
Q5 Do you have any other comments about our proposed local board plan	Applaud initiative to understand state of streams. The board should fund research in this area to guide decision making. The natural limits uncovered by such research needs to be conveyed to decision-makers.
Q5 Do you have any other comments about our proposed local board plan	The board should lead Pest Free by example by removing pest plants in public spaces.
Q5 Do you have any other comments about our proposed local board plan	Understand desire to access coastline, but this also has impacts and will have natural limits. The intrinsic value of nature should be included in the plan.
Q5 Do you have any other comments about our proposed local board plan	Resilience – climate change is the biggest risk and Cliff supports Forest and Bird Climate Group submission. Climate change should be included across all parts of the plan as a principle and for action. Good data is also needed to help guide decision-making.
Q5 Do you have any other comments about our proposed local board plan	A reduction of waste is also needed, and should be measured. The right denominators should be used to gather data for both what's brought in to the area and what's recycled.
Q5 Do you have any other comments about our proposed local board plan	Measure the ecological footprint for Kaipātiki.
Q5 Do you have any other comments about our proposed local board plan	Comments structured around questions in summary document.
Q5 Do you have any other comments about our proposed local board plan	We like priority being placed on supporting operational partners and ensuring facilities are well maintained and future proofed for growth.
Q5 Do you have any other comments about our proposed local board plan	We underwent a significant review. Focus on factors relevant to viability. Provides an assessment from a number of parties.
Q5 Do you have any other comments about our proposed local board plan	We are fit for purpose. Review recognised quality of Northart and its field of expertise. Northart provides a different programme to normal community arts programmes.
Q5 Do you have any other comments about our proposed local board plan	Acknowledges Northart victim of its own success and operating at capacity. No ability to grow without additional funding. Core operation currently underfunded.
Q5 Do you have any other comments about our proposed local board plan	Positioning Northart for the future is crucial for Northcote.
Q5 Do you have any other comments about our proposed local board plan	Northart is preparing a new strategic plan to guide its future and to help others to invest in Northart.
Q5 Do you have any other comments about our proposed local board plan	Wants open involvement from the board.
Q5 Do you have any other comments about our proposed local board plan	Would like to see aspects of 2014 – 17 LBP rolled over into new plan and seeks continued support for NorthArt.
Q5 Do you have any other comments about our proposed local board plan	Would like to see meaningful investment in visual arts prioritised if funds cut. View it as crucial for the community.
Q5 Do you have any other comments about our proposed local board plan	Continued support will help achieve Auckland Plan arts goal. It will enable people in Kaipātiki to explore the diversity of its culture. NorthArt is a treasure and as valuable as a cycleway or walking track.
Q5 Do you have any other comments about our proposed local board plan	It positions Kaipatiki as a strong contributor to Auckland as a creative city.
Q5 Do you have any other comments about our proposed local board plan	First specific responses to draft plan, second what public art can do for the community.
Q5 Do you have any other comments about our proposed local board plan	Gave short overview of KPAT activities and ethos.
Q5 Do you have any other comments about our proposed local board plan	Looking at the draft lbp as conceptual rather than detailed. Support most of plan, goals, commitments, alignment with council policies, stated principles re public art.
Q5 Do you have any other comments about our proposed local board plan	Believes creative enhancement worthy of greater emphasis in plan. Good value for money through partnership funding. Even AC public arts team has a budget which the board should be lobbying to access.
Q5 Do you have any other comments about our proposed local board plan	Want to see funding for capital public arts work. KLB should commit to one quality public art work for each of the three years of the plan. Believes that KPAT has the ability to multiply board investment via accessing outside funding.
Q5 Do you have any other comments about our proposed local board plan	Needs more detail around activities and budget allocations in final plan.
Q5 Do you have any other comments about our proposed local board plan	CAB experience of north shore is that people don't have much disposable income. CAB has role as first step in advice.
Q5 Do you have any other comments about our proposed local board plan	Failure to provide employment contracts a particular issue on the north shore.
Q5 Do you have any other comments about our proposed local board plan	Could relocate CAB into library to mitigate this issue.
Q5 Do you have any other comments about our proposed local board plan	Understand the board has limited funding and influence. Believes board advocacy would be strengthened by use of CAB statistics around the issues that the community is facing.
Q5 Do you have any other comments about our proposed local board plan	Two large clubs in KLB area. Both are significant players in growing football locally.
Q5 Do you have any other comments about our proposed local board plan	Both clubs have good facilities and work well with parks staff.
Q5 Do you have any other comments about our proposed local board plan	Both clubs are close to capacity. The Federation supports working with schools as outlined in the plan as a way of growing the game.
Q5 Do you have any other comments about our proposed local board plan	The Federation is trying to be creative in how it grows the game, through the appointment of community development groups.
Q5 Do you have any other comments about our proposed local board plan	Their local clubs are becoming more community focused as they grow and are becoming more community hubs.
Q5 Do you have any other comments about our proposed local board plan	The sport is also encouraging more ethnic participation.
Q5 Do you have any other comments about our proposed local board plan	The Federation is very supportive of the KLB local board plan. It believes football can help support KLB in the delivery of its plan.
Q5 Do you have any other comments about our proposed local board plan	Aware that KLB occasionally has concerns about the boatyard, and wanted to address them.
Q5 Do you have any other comments about our proposed local board plan	Boat owners association active for over 70 years. Typically moor in bay and haul out once a year.
Q5 Do you have any other comments about our proposed local board plan	Board area is bounded on three sides by water. 20 km of coastline. Highly valued by resident. 3 active ferry terminals. 6 boat ramps, commercial shipping lane, naval base, 7 mooring areas.
Q5 Do you have any other comments about our proposed local board plan	What does the harbour mean? It defines who we are, visually we are defined by the views, historically defined by the harbour. Active long standing multigenerational families are boaties. As strong as any other theme in the community.

Topic	Comment
Q5 Do you have any other comments about our proposed local board plan	Clear recreational focus with coastline. Not really recognised in the plan.
Q5 Do you have any other comments about our proposed local board plan	The coast brings people to the board area.
Q5 Do you have any other comments about our proposed local board plan	The harbour gives us a reason for people to work in the area.
Q5 Do you have any other comments about our proposed local board plan	This isn't reflected in the draft document, no discussion of harbour based activities. We collectively own our part of the harbour and it needs to be reflected in the plan.
Q5 Do you have any other comments about our proposed local board plan	Make the harbour the defining place in the plan.
Q5 Do you have any other comments about our proposed local board plan	How could the plan do this? No answer. But has some questions.
Q5 Do you have any other comments about our proposed local board plan	What's our responsibility to fish stock in the area?
Q5 Do you have any other comments about our proposed local board plan	How do we protect our estuaries?
Q5 Do you have any other comments about our proposed local board plan	How do we promote recreational boating?
Q5 Do you have any other comments about our proposed local board plan	How do we promote maritime culture?
Q5 Do you have any other comments about our proposed local board plan	Maritime transport, how do we encourage more people to use the ferries?
Q5 Do you have any other comments about our proposed local board plan	How do we protect the harbour from private owners?
Q5 Do you have any other comments about our proposed local board plan	The harbour needs to be more central to the final plan.
Q5 Do you have any other comments about our proposed local board plan	How can we help you?
Q5 Do you have any other comments about our proposed local board plan	Harbour users and local residents, have skills we are happy to share. Interested in promoting a maritime identity for the board.
