**Mangere-Otahuhu  
Local Board Plans  
2017-2020  
Event Feedback**

---

No of Attendees	Event
24	Thursday, 25th May 2017 - MOLB HYSE - Mangere Arts Centre – Nga Tohu o Uenuku Corner Bader Drive and Orly Avenue, Mangere (6pm-8pm)
Topic	Comment
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	The plan looks great; There is focus on the local; the aim is to raise the standard of the area, and a lot has been happening - the board must be doing something right as the area is moving forward; Can see changes for improvement taking place in the area
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	There are many positive things happenings; board can be more focussed, or understand better what will work for the local communities - what do they actually need. E.g. there has been a lot of work for making streets safer (Future streets) and creating paths for cyclists and pedestrians - however not completely sure if this is ideal - there is need for more lighting in many patches, people are still not using the paths and traffic movement is affected.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	We are here to keep this relationship going with the local board
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	I love this place and the people. Want to be part of something that helps shape the place, and let local boards know that what they are doing is working.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Culture, sports, church are important.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	I think they're on the right track. 6 issues is perfect - not too many.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Reading through the whole plan, there is honesty in it. It's not too big, its trying to make things happen.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	What could the community do better to support our local board?
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Am here to support Mr T (local resident) who helps repairs bikes and gets kids on bikes and tells them about bike safety. He could use better premises for this work to continue, he does such a great job.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Retaining talent in sports/netball/athletes, and bringing in new business into the economy. Keeps young people engaged. Keen to work with the local boards
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Can look around and see positive changes with roading etc., as I'm a visual person. More visual comms would help to show what is being done in the community.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Strong local economy
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	East West link although not in our board area it will effect both side of the Manukau harbour. Ask the board to support the other boards.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Rail link to airport is to be emphasised. Onehunga station to airport light rail.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Rail will also help raise major tourism to the area.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Mangroves increasing around the harbour edge, Mahunga Drive area. Need to decrease them.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Support all of what the board want to achieve.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Include upgrading sports fields to attach children to them.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Acknowledge how difficult local board position and support alcohol policies.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Libraries are threatened and moved around. It is the heart of the community and we should maintain the current status. Libraries are well used.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Need to prioritise around questions 1 to 6. High number of young people so high priority.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Q1 Strongly Agree
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Q1 Agree
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Q1 Neither agree or disagree
Q2 Tell us what you like most about our proposed local board plan	Yes need to look after environment
Q2 Tell us what you like most about our proposed local board plan	Our community has a history of receiving Auckland's waste (sewage treatment plant) Press home advantages we have now achieved - make sure that structure holding in that waste is earthquake proof
Q2 Tell us what you like most about our proposed local board plan	Regarding the heart of Maori and Pacific Island culture, there were buses to get people from town to here for the Masters Games and that was great! Need to be more things like this, to bring more people here and promote local economy and culture. Well done, why aren't we doing more?
Q2 Tell us what you like most about our proposed local board plan	The local board really pushed for that to happen.
Q2 Tell us what you like most about our proposed local board plan	Love what is being focused on, but we're not hearing from the youth here. Do you go into schools to promote this too? Or churches?
Q2 Tell us what you like most about our proposed local board plan	Some of the things we don't do well is, - that in our community groups we could each get 5 youths to complete submissions.

Topic	Comment
Q2 Tell us what you like most about our proposed local board plan	Prioritise the six areas. Top is number 6 and then number 2.
Q2 Tell us what you like most about our proposed local board plan	Prioritise the six areas. Top is number 6 and then number 2.
Q2 Tell us what you like most about our proposed local board plan	No 1 investing in youth is very important.
Q2 Tell us what you like most about our proposed local board plan	No 6 can help prevent alcohol issues.
Q2 Tell us what you like most about our proposed local board plan	Environment to preserve and protect the streets and harbours.
Q2 Tell us what you like most about our proposed local board plan	Good facilities in town centres, people need to be able to get to them.
Q2 Tell us what you like most about our proposed local board plan	Historic history and heritage and respect the community.
Q2 Tell us what you like most about our proposed local board plan	Walter Massey and Centre Park need BBQ areas. Connect the parks with good bike and walking facilities. Kiwi Esplanade needs better bike and walking tracks.
Q2 Tell us what you like most about our proposed local board plan	Mangere East Community Centre ties in with No 6 for youth.
Q2 Tell us what you like most about our proposed local board plan	Protect environment in the MOLB area.
Q2 Tell us what you like most about our proposed local board plan	Public Transport is a major concern to the community.
Q3 Do you have any other comments about our proposed local board plan	More education
Q3 Do you have any other comments about our proposed local board plan	Needs to be a lot of education on rubbish bags to bins - what is going to happen to rubbish that does not fit in the bins - dumping?
Q3 Do you have any other comments about our proposed local board plan	Need people to understand new system that they are aware of changes and get community buy in
Q3 Do you have any other comments about our proposed local board plan	Teach people composting for gardening - this makes for minimal waste - more education needed on this.
Q3 Do you have any other comments about our proposed local board plan	Improve Mangere as a port (Gateway to Auckland) - not just residential but industrial waste - How will you educate, How will you engage - what is board going to do to get intensive message to community. Methodology important.= NGOs, churches etc. - important to communicate
Q3 Do you have any other comments about our proposed local board plan	\$s have been going into central city and not around here need to look at some money coming here
Q3 Do you have any other comments about our proposed local board plan	Look at needs of community in that area - what do they want
Q3 Do you have any other comments about our proposed local board plan	Massey Road divides whole palace at Mangere East - so much traffic - temptation to drive through and don't stop.
Q3 Do you have any other comments about our proposed local board plan	Big opportunity in Waler Massey Park to get a comprehensive view for area
Q3 Do you have any other comments about our proposed local board plan	Need connectedness, Need to consult whole community
Q3 Do you have any other comments about our proposed local board plan	Do not do a piecemeal adhoc approach
Q3 Do you have any other comments about our proposed local board plan	Old Service station now Vege Oasis site - Council should buy this space
Q3 Do you have any other comments about our proposed local board plan	Crossing to library all you have to cross road Quote: "cross at your own risk"
Q3 Do you have any other comments about our proposed local board plan	Not enough shops
Q3 Do you have any other comments about our proposed local board plan	Top priority solve traffic problems (agreed by all at table)
Q3 Do you have any other comments about our proposed local board plan	For the big outcome areas, its great.
Q3 Do you have any other comments about our proposed local board plan	Local strong economy, I love that, should be built by the people who live here.
Q3 Do you have any other comments about our proposed local board plan	Good for Maori and Pacific culture.
Q3 Do you have any other comments about our proposed local board plan	Supporting activities that I'm interested in.
Q3 Do you have any other comments about our proposed local board plan	I'm a big fan of doing less / a small number of things well, rather than lots of things done not so well.
Q3 Do you have any other comments about our proposed local board plan	Spend money on building local talent, invest in them.
Q3 Do you have any other comments about our proposed local board plan	Are we cycle-friendly in Otahuhu? Is this area cycle-ready?
Q3 Do you have any other comments about our proposed local board plan	Otahuhu has done well with the new facility Toia.
Q3 Do you have any other comments about our proposed local board plan	What will the old Otahuhu Library be used for. Officers will be going out to tender to the public for groups to occupy.
Q3 Do you have any other comments about our proposed local board plan	Otahuhu rail station is not in the town, you need to get on a bus to get there. Some public need to take 2 or 3 buses to get there or walk.

Topic	Comment
Q3 Do you have any other comments about our proposed local board plan	New bus network needs to be reviewed.
Q3 Do you have any other comments about our proposed local board plan	Living wage was a priority under the Auckland Plan.
Q3 Do you have any other comments about our proposed local board plan	Mangere Mountain, Mangere Bridge is a hub for families but the walkway/driveway needs upgrading to be more pedestrian friendly.
Q3 Do you have any other comments about our proposed local board plan	East West route. Trucks need to be diverted from Mangere-Otahuhu local board streets. Port traffic not through residential e.g. Massey Road.
Q3 Do you have any other comments about our proposed local board plan	Roading around Fresian Drive off Mascot Avenue the safety rails on road and the marking is designed to protect children. Busy areas around schools need this traffic calming included around all schools in the MOLB area.
Q3 Do you have any other comments about our proposed local board plan	More pedestrian crossings.
Q3 Do you have any other comments about our proposed local board plan	East West link will have implications for Mangere Bridge.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Yes to having a vibrant business and community hub at Mangere East - unanimous approval - Quote "Long Overdue"
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Quote "At present Mangere East a quick stop" table agreed this statement sums up current situation.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Is it not already a vibrant business hub?
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	What needs to be done?
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Our group can get funding but when getting close to carrying out the project we were asked to do a feasibility study.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	A co-ordinated approach is better.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Community Café.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Plans have already been done by a group and linked to funding and community.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Council needs to advocate for this.

Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Decent community hall and rooms to be used by the community with classes e.g. night and day.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Sustainable building.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose advocating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existing community facilities.	Bike club with good cycleway on Buckland Road and around Mangere East. Good bike parks e.g. to lock bikes.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Some repaired areas still need to be done better.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Think it's a good thing, but quality needs to be up to standard.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	An area I cycle through from a cyclist point of view, there is a section which blocks exit for cyclists.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	What I READ is good, but what I SEE needs improvement.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Some design / quality design for specific areas egg potholes, slippery pavement
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Need to start somewhere, so we start here with this one and go on to the next one.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	More buses would be nice and yes more seats please
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	More buses would be nice and yes more seats please
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	More buses would be nice and yes more seats please
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	More lighting is needed in bus stops too
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Nice to have good shelter at the bus stops
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Town centre looks good, e.g. new toilets
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Have noticed a lot of people crossing the road around bus stops, which is concerning.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	More seats around school areas.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Some services out south have been cut
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Need to look at bus stops per area
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	It's winter, so need more shelter.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Bus stop still congested, could have been extended and not up to standard.

Topic	Comment
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Be selective when planting the right trees e.g. evergreen and be aware of the high with power lines above.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Money should be spent on public transport and cycleway. Make public transport free.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Motivate and manage transport with more access to buses. Big buses for the main routes and mini buses for outlying streets.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Community to use and trust local schools instead of using the roads to travel to outlying schools.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Idlewild Avenue is very congestive and dangerous. Accident waiting to happen. Mangere has growth re population so needs widening.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Very busy road.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Concerned that we are encouraging traffic, we need to promote people friendly transport. Continuous connective cycle ways and pedestrians.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Biking takes cars off this main route and replace with bikes, they get their faster.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	More seats in bus stops in local board area.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Support actions to protect environment - agree that this is important for the future generations
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Communities can learn more about composting to reduce waste
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Why did they move bins?
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	More emphasis on packaging - pressure supermarkets/businesses in reduction of packaging.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Good initiative tied up with an incentive and follow up of waste reductions.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Ongoing education and monitoring.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Some supermarkets you can unpack and leave the packaging there.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Some packaging can be recycled what people throw out e.g. worm farms.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	More pressure on industry e.g. air waste, industrial waste.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Creating something with waste e.g. sculptures.

No of Attendees	Event
100	Thursday, 1st June 2017 - MOLB HYSE (Pop Up) - BBQ Mangere East Community Centre, 372 Massey Road, Mangere East (4.30pm-7.30pm)
Topic	Comment
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Only if it is heavy rail to the airport – get the trucks off the road – reduce air pollution and gridlock in our streets
Q2 Tell us what you like most about our proposed local board plan	Culture is an important part of our community. It is the people that make this community what it is! It is an area rich with history and culture so it is good to see outcomes reflecting this but also the need to connect us to other areas of Auckland. An upgrade of facilities I a must
Q3 Do you have any other comments about our proposed local board plan	The space above the Mangere Town Centre Library would be ideal for use by Youth. It should be managed by Town Centre BID, Dave Fearon.
Q3 Do you have any other comments about our proposed local board plan	Un-used facilities to be used for our young youth with a structure put in place so it is consistent
Q3 Do you have any other comments about our proposed local board plan	Otahuhu and Mangere to have a place for our youth to go to for support, upskill, free services and a safe space.
Q3 Do you have any other comments about our proposed local board plan	Please listen to the people. They live and breathe in this community!
Q3 Do you have any other comments about our proposed local board plan	Revise current tenants in Council properties to ensure the purpose/reason they were awarded said tenancy is what they are using the premises for.
Q3 Do you have any other comments about our proposed local board plan	We, I have a concern about all our youth on the streets. We should be working harder to give them latter opportunities.
Q3 Do you have any other comments about our proposed local board plan	I have concern about all the homeless on the streets and I think we as a community should do something to help them get off the streets.
Q3 Do you have any other comments about our proposed local board plan	I would love to see subject, courses such as incredible years compulsory in schools so parents (before becoming a parent will allow/have a better foundation for our children Where kids will live and be surrounded by strategies that will help, support families and decrease child abuse within our community From a mother who has experienced incredible years. AMAZING. Nothing to lose but to gain knowledge!
Q3 Do you have any other comments about our proposed local board plan	It ticks the boxes for me to see the board plan is about what is best for the community.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existinig community facilities.	Fantastic idea – we have lotz to share with others – arts /crafts, health food/social enterprise ideas/community
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existinig community facilities.	New Community centre
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existinig community facilities.	Great idea
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existinig community facilities.	More oppportunity for entrepreneurship + enterprise = jobs
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existinig community facilities.	Invest in a purpose built community centre as we are suffering that are not fit for purpose.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existinig community facilities.	Yes-definitely its time this happened. Also need new community facility for expanding population.

Topic	Comment
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Yes (x2)
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Yes, but quickly. Yes but it needs to be done ASAP
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Start off with free buses in off peak hours – peak moms – or for rate payers + more buses – that are free
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Free shuttle from Otahuhu + Greenlane Hospital + Auckland Hospital and back like the one from CMDHB areas to Superclinic at Manurewa – Diabetics and regular dialysis seniors cannot afford transport and bus cheaper than taxis + taxpayers and ratepayers.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	I agree that we need more bus stops with more seats and better shelter
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Yes and shelters – Public transport
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Support our Harbour Planning
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	But, more to be done on creeks and waterways before going out to our Harbour.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Yes, education, more community recycling centres schemes that encourage reusing resources to reduce waste. Educate shopkeepers – etc. and incentivise reducing packaging
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Yes, I do support!
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	I support Ihumatao maintaining their wahi tapu. No development.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Harania Stream – Dumping of rubbish – Helping with carrying out survey on neighbourhood – opening up fences
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Definitely support to raise awareness about how we can maintain the natural heritage. Mangere is very unique with a story to tell.

No of Attendees	Event
100	Saturday, 3rd June 2017 - MOLB HYSE (Pop Up) - BBQ Toia, Otahuhu Recreation Centre, 30 Mason Ave, Otahuhu (12pm-2pm)
Topic	Comment
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Catering to the community members and ensuring the people benefit through all areas of funding, etc. making the most of what is available to us as a community.
Q2 Tell us what you like most about our proposed local board plan	Maintain the local facilities and ensuring all have accessibility and are given the opportunity to thrive
Q2 Tell us what you like most about our proposed local board plan	Motivating people to make a difference in our community
Q2 Tell us what you like most about our proposed local board plan	It is amazing
Q3 Do you have any other comments about our proposed local board plan	No – but keep up the great work
Q3 Do you have any other comments about our proposed local board plan	Target crime, roaming and noisy dogs
Q3 Do you have any other comments about our proposed local board plan	Crime pays – stop it
Q3 Do you have any other comments about our proposed local board plan	Crime still high, however appreciate all the hard work! Keep it up!
Q3 Do you have any other comments about our proposed local board plan	Crime and education
Q3 Do you have any other comments about our proposed local board plan	Keep Easter trading as is
Q3 Do you have any other comments about our proposed local board plan	Support Easter trading
Q3 Do you have any other comments about our proposed local board plan	No Easter trade (4)
Q3 Do you have any other comments about our proposed local board plan	No more big housing developments – ripping off our communities (Save Ihumatao!)
Q3 Do you have any other comments about our proposed local board plan	Stop corporations taking our whenua
Q3 Do you have any other comments about our proposed local board plan	Improve pedestrian access to Toia from Hall Ave - flower bed by the houses needs to be made into a pavement instead, to allow safer access for children to the pool and library and walking to school
Q3 Do you have any other comments about our proposed local board plan	More bike lanes
Q3 Do you have any other comments about our proposed local board plan	Playground at Sturges Park (Awa Street side) – while playing rugby, kids could be occupied
Q3 Do you have any other comments about our proposed local board plan	Stairs going up to club, need to be better lit – or cut trees down for visibility
Q3 Do you have any other comments about our proposed local board plan	Increase security
Q3 Do you have any other comments about our proposed local board plan	More local food banks
Q3 Do you have any other comments about our proposed local board plan	Noise and crime from youth
Q3 Do you have any other comments about our proposed local board plan	Target roaming dogs
Q3 Do you have any other comments about our proposed local board plan	Dog control
Q3 Do you have any other comments about our proposed local board plan	Security – Fairburn Reserve
Q3 Do you have any other comments about our proposed local board plan	Lights and cameras
Q3 Do you have any other comments about our proposed local board plan	Drinking (minors)
Q3 Do you have any other comments about our proposed local board plan	Damage – replace wood stolen with corrugated
Q3 Do you have any other comments about our proposed local board plan	Walkway to Nikau Road
Q3 Do you have any other comments about our proposed local board plan	Replanted trees not taken
Q3 Do you have any other comments about our proposed local board plan	Budgeting – simple exercise but need support. What can we do? Target teenagers
Q3 Do you have any other comments about our proposed local board plan	Target crime, roaming and noisy dogs
Q3 Do you have any other comments about our proposed local board plan	Crime pays -stop it
Q3 Do you have any other comments about our proposed local board plan	Crime is still high, however appreciate all the hard work! Keep it up!
Q3 Do you have any other comments about our proposed local board plan	Crime and education
Q3 Do you have any other comments about our proposed local board plan	Keep Easter Trading as it is
Q3 Do you have any other comments about our proposed local board plan	Keep Easter Trading as it is
Q3 Do you have any other comments about our proposed local board plan	Support Easter Trading
Q3 Do you have any other comments about our proposed local board plan	No Easter Trade (x4)
Q3 Do you have any other comments about our proposed local board plan	No more big housing development -ripping off our communities (save Ihumatao)
Q3 Do you have any other comments about our proposed local board plan	Stop corporations taking our whenua
Q3 Do you have any other comments about our proposed local board plan	Improve pedestrian access to Toia from Hall Avenue - flower bed by the houses needs to be made into a pavement instead, to allow safer access for children to the pool and library and walking to school

Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existng community facilities.	Percentage and comments : • Support 100%, • Support 110%, • We need 110%; • Great idea, • Support, • Support 100%
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Good idea
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	More cars on road – need to widen it
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Need more pedestrian crossings
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Great – especially for the public
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Yes – keep everyone safe
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Yes please
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Support but need more
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Nice
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Yes, especial so pregnant women, children, elderly and people with disabilities
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Depends. We just need to look after the bus stops as a community
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Absolutely
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	100% - we all need to get on board. Start by educating in homes and at schools. My kids go St Josephs, Otahuhu. They do a great job. We all need to follow the example.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	More planned cleaning up with sausages at the end of sessions as incentive
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Yes, I am very passionate about sustainability and zero waste. I am looking forward to the new community transfer stations with shops to repurpose unwanted items.
Q6 To protect our environment for future generations we need to reduce how much waste we produce and the amount of rubbish going into landfill	Yes, I am very passionate about sustainability and zero waste. I am looking forward to the new community transfer stations with shops to repurpose unwanted items.

Q1 On a scale of one to five, are we on the right track with our proposed local board plan	100% Yes
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Yes-mostly but are up against lack of resources and opposition from Auckland Transport
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Yes, but you also need to promote the plans and policies actively to senior students in our local secondary schools; as future leaders they have to be involved , encouraged, and want to be part of this plan
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	I would like to see the local board plan focus on Crime Prevention. There is no priority focussing on law and order. Reducing crime , protecting communities, home safety, youth crime, graffiti and home burglary. More voice is needed on Law and Order PLEASE.
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	I agree that having to pay for residential rubbishbins is unwise and unfair. The situation of people put rubbish in their neighbours' bins will occur. This could also lead to dumping on roadsides . There is enough of an issue with rubbish on the roadsides now 1 with dumping, 2 how long does it take the Council to pick up rubbish and animal corpses? I said a pukeko corpse lying on the roadside for three weeks.
Q2 Tell us what you like most about our proposed local board plan	It is local - everything is local
Q2 Tell us what you like most about our proposed local board plan	Better bike lanes
Q2 Tell us what you like most about our proposed local board plan	Continued free swimming pool usage
Q2 Tell us what you like most about our proposed local board plan	Connections on public transport to downtown and downtown to A/P
Q2 Tell us what you like most about our proposed local board plan	Bridge redevelopment for cyclists/pushchairs/fishermen
Q2 Tell us what you like most about our proposed local board plan	Bridge redevelopment for cyclists/pushchairs/fishermen
Q2 Tell us what you like most about our proposed local board plan	Port redevelopment for all locals to enjoy
Q2 Tell us what you like most about our proposed local board plan	Port redevelopment for all locals to enjoy
Q3 Do you have any other comments about our proposed local board plan	Providing opportunity resources for our children and youth.
Q3 Do you have any other comments about our proposed local board plan	Improve , upgrade parks, having plan for youth
Q3 Do you have any other comments about our proposed local board plan	Yes, coordinate investment to make a vibrant liveable township
Q3 Do you have any other comments about our proposed local board plan	I don't think the bin system of paying for your bins (especially in Otahuhu) is a good idea. People are dumping rubbish because they cannot afford to pay tip fees. So how will this improve with people having to pay for their bins that they put out?
Q3 Do you have any other comments about our proposed local board plan	Planning
Q3 Do you have any other comments about our proposed local board plan	I think the buses taking people to the train station should be free in Otahuhu. \$1.85 a fare is too dear and its not safe to walk up station to Otahuhu from the train station to Otahuhu town centre in the dark(early morning/late evening trains)
Q3 Do you have any other comments about our proposed local board plan	Seaside Park is a beautiful park but the pathways should be paved as they are in places like Remuera/more wealthy suburbs
Q3 Do you have any other comments about our proposed local board plan	Outlaw single use plastic bags
Q3 Do you have any other comments about our proposed local board plan	A good way of saving money would be to have councillors and council management take cuts in their salary packages and perks, such as rate-payer funded lunches. We are struggling!
Q3 Do you have any other comments about our proposed local board plan	You do not have to pay for rubbish bins -only the extra large ones
Q3 Do you have any other comments about our proposed local board plan	Finance
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existng community facilities.	Yes, 100%
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existng community facilities.	Yes - and go for a rail link to the airport.
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider existng community facilities.	Light rail down town union road is utter nonsense.
Q5 Well-designed and attractive street environments help people to get around easier, and you have told us you want improved quality. We are proposing	Yes, 100%

Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Kind of!
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Totally
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	No!!
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	Not necessarily!
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	No!!
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	If you give me a job and I I had no experience or ugly?. Will you give me a job?
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	It is ok to see the library and Rec centre available for our children of any age. But there are things that you!!! Don't See. That there is all ways Cost * Money* and bullies that scare everyone away
Q1 On a scale of one to five, are we on the right track with our proposed local board plan	No!! Come here and see for yourself with your own eyes and ask people how our community is!
Q2 Tell us what you like most about our proposed local board plan	Some staff are good but there are things that you should add. More funding for our workers that care about us.
Q2 Tell us what you like most about our proposed local board plan	I think it will the amount of beggars in town (no offence)
Q2 Tell us what you like most about our proposed local board plan	We should support all cultures not just Maori and Pasifika
Q2 Tell us what you like most about our proposed local board plan	Listen to us rather than read out stuff
Q2 Tell us what you like most about our proposed local board plan	More stuff for our youth and troubled youth
Q4 We want the area surrounding the Mangere East shops to become a vibrant business and community hub, but we don't currently have the budget to make it happen. We propose adovating to the council's governing body, council-controlled organisations such as Auckland Transport, Panuku Development Auckland and external agencies to coordinate investment and planning in the area and to consider exisitng community facilities.	I support it but what about all the other areas in local board area
