Dates:	11/11/2017 - 25/11/2017	Rain dates:	-
Active participants:	625	Audience size:	75

Community benefits

Identified community outcomes:

The Manurewa and other South Auckland audiences will have an opportunity to experience symphonic music performed to high standards.

Audiences will have opportunity to attend the event at an accessible and professional venue that is close to their residence - Vodafone Events Centre.

Audiences will have opportunity to attend the event at reasonable costs.

Music Director Uwe Grodd and soloist Andrew Joyce will work together with the MSO to develop musical excellence in the performing standard of the orchestra's community and youth playing membership.

The rehearsal process present opportunities for Uwe Grodd, Michael Houstoun and "Players as Mentors" professionals to work closely with the youth and community musicians, providing leadership, guidance and inspiration.

Alignment with local board priorities:

- activities that showcase the rich and diverse culture and talent in our local area and help create a programme of events and entertainment for Manurewa
- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

MSO's project of bringing the symphonic concert "Homeland" to the Manurewa audience provides mentorship and coaching opportunities to help advance young musicians as they actively collaborate with professionals during the performance and rehearsal process.

These environments provide young people to thrive and develop skills that allow them to contribute to the growth of arts, culture and music, while also allowing the youth to showcase their talent in the local area of Manurewa.

The project also provides entertainment by bringing live Western Classical music (Orchestral) to audiences at the Vodafone Events Centre, Manukau.

Project: Wiri Central School cultural concert

Location:	Vodafone Events Centre, 770-834 Great South Road, Manukau City		
Summary:	This project is the bi-annual Wiri Central School cultural concert. Our 430 students perform Samoan, Tongan, Cook Island, Niue, Kapa Haka, Tokelauan, Indian, and South American dance items for members of the local community. The concert is a celebration of the cultures of students attending the school and is well supported by the local and wider community. It is not a fundraising venture, but a celebration of our talented students and their cultures.		
Dates:	13/09/2017 - 13/09/2017	Rain dates:	-
Active participants:	1200	Audience size:	500

Community benefits

Identified community outcomes:

- Members of the wider community have the opportunity to view student talents and strengths, including local residents and organisations which support the school
- Family/whanau/aiga engagement with the school - including teaching the cultural performance items and supporting practices, making costumes, and attending the concert
- Opportunity to share and celebrate the cultural diversity in our local community with a wide range of people.

Alignment with local board priorities:

- activities that showcase the rich and diverse culture and talent in our local area and help create a programme of events and entertainment for Manurewa
- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

The Wiri Central School cultural concert involves 430 young people actively showcasing their rich and diverse cultures and talents for the wider Manurewa community. The venue chosen for the concert is a high status local venue. These Manurewa local board priorities are the focus of our concert. The concert provides an opportunity for children and community members to learn about each other's cultures.

Demographics

- Maori outcomes:**
- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Wiri Central School has a full immersion Maori unit. These students along with Maori students from the mainstream will be performing Kapa Haka at the concert. Maori staff members are involved in planning for the concert and teaching students in the performance group. The school roll is 36% Maori and whanau members will be a significant proportion of the audience. As well as participation the Wiri Central School concert meets the outcomes of Maori involvement in the design/concept and Maori focus

Target ethnic groups: Māori, Pacific Peoples, Indian

Promoting SmokeFree: The Vodafone Events Centre is a smoke-free venue. All school activities are smoke-free.

Project: Manurewa Friendship Centre

Location:	St Andrews Presbyterian Church, 150 Great South Rd, Manurewa		
Summary:	Manurewa Friendship Centre is one of 21 such centres Communicare operates. Each centre gives the elderly and disabled the opportunity to meet once a week in a safe and welcoming environment in their local community. The emphasis is on maintaining a local community connection with members, guests and volunteers all being drawn from the Manurewa community. Communicare aims to address the challenges of aging and social isolation through maintaining regular contact and striving always to minimise costs to enable all to attend regardless of their socio-economic circumstances.		
Dates:	01/09/2017 - 01/09/2018	Rain dates:	-
Active participants:	60	Audience size:	15

Community benefits

Identified community outcomes:

Through our Manurewa Friendship Centre we aim to better connect with the local community. By running the centre locally we can maintain that local community focus achieving: 1. the centre is open and accessible to all elderly and disabled in the local community; 2. it is staffed by a local coordinator who is supported by local volunteers sharing a local community network; 3. our members are better supported in their community, are able to stay living locally in their own homes longer, and are far less at risk of social isolation. The health and wellbeing of our members within their local community is paramount.

Alignment with local board priorities:

- activities that are aimed to improve the overall wellbeing of the Manurewa community;
- activities that keep our local economy thriving

Communicare's priority is to support the elderly and disabled and encourage their participation in a friendship centre within their local community. This local involvement, supported by the involvement of local volunteers, is the key to achieving our stated mission: "to actively improve the quality of life for the elderly, lonely and disabled by providing recreation, support and advocacy in friendship centres". Manurewa Friendship Centre helps the local economy to thrive by supporting local businesses and inviting them to share their experiences and their enterprise with our members at the centre.

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation

or Māori staff delivering

Communicare's Maori Health policy aims to ensure that our services are responsive to the needs of our Maori members. We observe Maori custodial rights, needs and interests and work hard to create an environment at our friendship centre that embraces and cares for the wellbeing of our tangata mauiui and their whanau.

Target ethnic groups: All/everyone

Promoting SmokeFree: We exist first and foremost to care for the health and wellbeing of the elderly and disabled. Creating a smoke-free environment is an essential element of this. Our venues are all clearly designated smoke-free and all members are apprised of this when they first attend a centre.

Project: Delivering the gift of speech to children with Down syndrome.

Location:	Varies based on speech language therapist.		
Summary:	Our organisation helps fund speech language therapy costs for children with Down syndrome from birth to 18 years all over New Zealand. It is the goal of UpsideDowns Education Trust to fund approved (NZSTA-registered therapists) specialist education to families in New Zealand that need and can benefit from this intervention. The Trust funds 50% of a child's speech language therapy costs up to \$2000 a year per child. In the Manurewa district there are 2 families that require funding their ages being 2 and 9 years old. This grant will enable funding toward these families and ensure the benefits of this life changing intervention are available for these children.		
Dates:	01/09/2017 - 01/09/2018	Rain dates:	-
Active participants:	2 families.	Audience size:	2 children and their families, speech language therapists and others influenced as a result of this education.

Community benefits

Identified community outcomes:

The health of the community is enhanced through children receiving speech language therapy early which has a dramatic impact on the future outcomes for the recipients, their families and the greater community.

Speech language therapy assists children with school readiness and participation within mainstream schools and society, creating more meaningful interactions. It assists children to develop and realise their potential. Receiving speech language therapy leads into an improvement in our kids' ability to communicate which therefore increases their chances of gaining employment, integrating into the community and living independently later in life.

This grant would also assist with alleviating some financial strain on families within the area.

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

Children with Down syndrome have the opportunity to learn how to talk, read and write. Giving a voice to children with Down syndrome improves the quality of life not only for these children but their families and wider community. Through increased communication there is an increase in understanding, potential for more meaningful relationships and the opportunity to eventually gain employment and live independently later in life.

Financial information

Amount requested: \$2,000.00

Requesting grant for: We are requesting funding for 2 families with Down syndrome in the Manurewa area to access speech language therapy. This funding will pay for approx. 6 speech language therapy sessions per family (total of 12) with a reimbursement rate of up to \$150 per session (as we cover 50% of a families therapy costs to a maximum of \$2000 per year).

If full amount requested is not able to be funded:

Any financial contribution would benefit these children with Down syndrome in the Manurewa area. We have 124 children to cover nationwide with 9 extra families on the wait list. If all our registered families were to redeem their annual subsidies we would pay out \$284,000.00 excluding the families on the wait list.

Cost of participation: The families fund 50% of speech language therapy costs up to \$2000. Families pay a \$50 annual membership fee which is deducted from their first subsidy.

Location:	Manurewa High School 67 Browns Rd, Manurewa, Auckland		
Summary:	<p>Funding is requested towards the term 4 delivery of Stars and Career Navigator at Manurewa High School:</p> <p>Stars uses the teina/tuakana mentoring model and achieves positive and measurable results, including increased academic engagement and achievement for junior and senior students. It transforms school culture through building relationships, leadership skills and a sense of community with teachers and students.</p> <p>Career Navigator is a ready-for-work programme that is designed to help secondary school students find a meaningful career pathway upon leaving school.</p> <p>The programme supports teens in their decision making around future employment while also providing an effective platform for employers to share real-world knowledge and offer mentoring and active learning opportunities.</p>		
Dates:	16/10/2017 - 14/12/2017	Rain dates:	-
Active participants:	600	Audience size:	2

Community benefits

Identified community outcomes:

Stars successfully transitions Year 9 students into High School, creating a more positive school environment with students who have developed leadership, teamwork and self-confidence.

Stars senior students develop leadership through their mentoring of younger students; improvements are also seen in intellectual flexibility and self-confidence. Skills required as they step out of High School and onto the next phase in their lives.

Career Navigator gives students the opportunity to have a purposeful pathway into their future career. This programme improves career confidence and decision making, leading to young people who leave school with direction and purpose.

Alignment with local board priorities:

Community benefits

Identified community outcomes:

We turn a high-risk time into an opportunity for young people to effect change in their lives. Short term—positive self-identity; emotional wellbeing; improved school attendance; increased respect for self, others, authority. Medium term—increased academic performance & positive behavioural choices. The cycle of underachievement is broken & social change happens as they set & achieve self-determined goals, changing their mind-set on their future potential. Long term—intergenerational poverty cycle is broken. The young person achieves educational goals never before achieved in their family resulting in a change of attitude towards education & achievement. Family/Whanau relationships improve.

Academic outcomes improve significantly as students are focussed & respectful in class. Social capital is improved as youth crime & destructive behaviour is reduced, enhancing community safety & wellbeing.

Alignment with local board priorities:

- initiatives that aim to make the town centre a safer, tidier, more accessible and welcoming place
- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

Young people disengaged from education, leads to truancy causing significant behaviour problems and engagement in anti-social behaviour which creates problems within the community through juvenile crime and intimidation. The NFT programmes support the Manurewa plan by providing pathways for vulnerable student (80% are Maori) to become engaged in their education, setting goals, taking responsibility for their actions/behaviour. This creates safer communities through reducing juvenile crime, family violence and conflict. The School identifies and refers the students

with behaviour problems, to the NFT programme which has helped some of the toughest students, remain in school, wanting to learn and succeed.

Demographics

Maori outcomes: • None identified

Target ethnic groups: New Zealand European, Māori, Pacific Peoples

Promoting SmokeFree: The programmes do not specifically promote a smoke free message however during the programme the young people evaluate all their behaviours resulting in improved self-esteem and greater respect for themselves. The cycle of underachievement is broken and social change is happening as young people set and achieve goals and change their mind-set on the potential they have for their future including healthy and career choices.

Financial information

Amount requested: \$1,955.00

Requesting grant for: Mentor, resource and admin/report costs to run one Mini Bridge programmes for 6 at-risk young people. Our specialized support can reduce truancy, increase student respect and improve academic results including creating a personal development plan with future goals. Our involvement brings at risk families closer to the community and helps them feel safer and better able to function well. The school refers the young person to the programme.

If full amount requested is not able to be funded:

A grant to cover the Mentor only cost of \$1,805.00 is necessary for the programmes to be undertaken. NFT would seek support from the community for the funds to cover the shortfall for the resources and admin costs.

Scouting Association of NZ Weymouth Sea Scouts

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified Our chairperson, Roger McKinney, is brother n law to Angela Dalton (Manurewa Chair)		

Project: National Scout Regatta

Location:	Titahi Bay, Wellington		
Summary:	NR28, the 28th National Scouting Regatta is a gathering of scouts/youth from all over New Zealand, and this year is to be held at Titahi Bay Wellington. National Regatta gives the scouts attending the opportunity to develop personal skills, teamwork and leadership, whilst competing in sailing events.		
Dates:	28/12/2017 - 06/01/2018	Rain dates:	-
Active participants:	22	Audience size:	22

Community benefits

Identified community outcomes:

To allow local youth/scouts the opportunity to build on their personal and leadership skills through competing in sailing activities at a National level. The skills that the youth develop and learn at regatta are lifelong skills which will have a positive effect on their lives, which will hopefully flow on to their involvement in the community through scouting

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

By giving local youth the opportunity to be involved in outdoor activities, such as sailing, hiking and camping, and learn life skills, leadership, co-operation, team work and self-confidence through the delivery of the national Scouting program.

Project: Father's Mauri Ora Circle

Location:	Community room 3, 83 Church Street, Onehunga, Auckland, 1061		
Summary:	<p>A happier, healthier and safer environment for our children/tamariki created by more balanced parenting and effective engaged fathers.</p> <p>To work with families by helping individual fathers work towards the best relationship they can have with their children under the given circumstances, supporting and actively helping them to remove barriers impeding this goal, and making information available that helps their parenting.</p>		
Dates:	01/09/2017 - 31/08/2018	Rain dates:	-
Active participants:	300	Audience size:	5

Community benefits

Identified community outcomes:

Social services are created as a response to the social need. Our communities need for Great fathers. Children are our future and we need to nurture that future by supporting those who care for them, educating those who need knowledge and creating an environment that celebrates and supports all parents/caregivers.

Our challenge is to enable a community to respond to the needs of its fathers in ways that create enduring outcomes for their families and community.

New Zealand deserves to have first world parenting. High domestic violence rates, teenage pregnancy, teen suicide, dad less children and male suicide could all be reduced with initiatives that provide more support. Many of our clients have come from dysfunctional families.

Alignment with local board priorities:

- activities that are aimed to improve the overall wellbeing of the Manurewa community;
- activities that keep our local economy thriving

Functional/Operational – supporting community groups to have accessible facilities that will enable the delivery of well-being services.

Supporting efficiency and excellence in the community sector through supporting capacity and capability building including support for volunteers.

Services, programmes and projects that support the wellbeing of youth – rangitahi, children – kaumatua and families –whanau and people promotion of safe, self-sustaining and inclusive communities.

Summary:	To provide opportunities for parents of young children to learn, share and engage in cooking nutritious meals without additional waste. [Either food waste or packaging] within a diverse cultural community. Sharing the LoveFoodHateWaste practices and developing new culturally inclusive meals everyone can cook and enjoy.		
Dates:	04/09/2017 - 29/09/2017	Rain dates:	-
Active participants:	60 family representatives	Audience size:	12

Community benefits

Identified community outcomes:

Sharing practical cooking skills with parents to support their families with nutritious meals with less packaging waste.

Engage and promote cultural diversity and inclusion.

Sharing knowledge with community on practical support services available to support families.

Alignment with local board priorities:

- activities that are aimed to improve the overall wellbeing of the Manurewa community;
- initiatives that aim to make the town centre a safer, tidier, more accessible and welcoming place

LoveFoodHateWaste workshops held in culturally diverse communities, we have been able to see the confidence and friendships built when people gather around food. The smiles, laughter and joy that cooking together provides, extends to relationships that support stronger safer more inclusive communities. Waste free cooking meals less household rubbish and a generation that has cooking skills to save money and make better choices when buying food.

Project: Purchase five foldout single beds for the Inpatient Unit

Location:	Totara Hospice South Auckland, 140 Charles Prevost Drive, The Gardens		
Summary:	Totara Hospice is seeking funding assistance of \$1,648 from the Manurewa Local Board towards the purchase of five RIOS foldout single beds for the Inpatient Unit, based in Manurewa. We have many direct family members of our patients who choose to stay overnight in the patient's room, we would like to be able to better facilitate this opportunity. Currently we have two camp stretchers, which are uncomfortable and too small for many of our family members. Our nursing team have had to pull cushions from couches and put them on the floor, or the family member has slept in the visitor chair. We believe this is not sufficient for our patient's family's wellbeing.		
Dates:	04/09/2017 - 31/10/2017	Rain dates:	-
Active participants:	260	Audience size:	30 clinical staff members

Community benefits

Identified community outcomes:

Having the facilities available to allow family members to stay overnight with their loved ones during this difficult time will improve the overall psycho-social and emotional wellbeing of families in our community. By better meeting the emotional needs of these families, they will be able to continue to function in their everyday lives.

Summary:	<p>Integrating environmental education with urban Maori values through experiential learning and instilling a sense of kaitiakitanga.</p> <p>Experiencing Marine Reserves is running a series of programmes through South Auckland schools to restore the connection with the Manukau Harbour. This is done through 5 sessions with the kura/school with a marine biodiversity session, a local mangrove investigation, learning to snorkel in a pool, snorkelling in a pristine mangrove habitat/marine reserve and completing action projects.</p>		
Focus specific:	<p>Environmental benefits: Short term - assistance in cleaning up the mangrove area of rubbish</p> <p>Long term - sense of kaitiakitanga created within the students/community and a lifetime of wanting to care for the Manukau Harbour fostered.</p>		
Dates:	04/09/2017 - 12/11/2017	Rain dates:	-
Active participants:	200	Audience size:	40

Community benefits

Identified community outcomes:

Outcome 1) Community benefits from a cleaner Puhinui Estuary from the local investigation with greater education around cigarette butts in storm water

Outcome 2) Community benefits from all adult supervisor help on snorkel trips being provided snorkelling gear for free

Outcome 3) Community benefits from the action projects. Proposed projects being education of the community around storm water.

Alignment with local board priorities:

- initiatives that aim to protect and restore our natural heritage and resources
- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

Restoration of nation resources is supported through our Puhinui Estuary clean up and the ongoing action projects planned.

The programme focuses on experiential learning, so students are required to get involved and active through learning how to snorkel and assisting in clean ups. High school students also have the opportunity to volunteer with our organisation over our summer series of events.

Demographics

- Maori outcomes:**
- Māori participation - Māori priority group, target group, high representation or Māori staff delivering
- By involving students from Te Wharekura o Manurewa and the Manurewa Marae we are able to teach kaitiakitanga (guardianship) of the local moana (ocean) and awa (streams). In particular the Puhinui estuary tributary that runs behind the kura which is degraded with rubbish. Students will have the opportunity to compare their mangroves with a pristine habitat in the Whangateau estuary in Rodney.
- Target ethnic groups:** Māori
- Promoting SmokeFree:** We find that a large proportion of our rubbish collected in urban areas is cigarette butts from storm water. Education around the impact of anthropogenic waste in our marine environments is included in the theory talk.
All Experiencing Marine Reserves trips/activities are strictly smoke free.

Project: LiteClub Manurewa

Location:	Wattle Downs Golf Club (Wattle Farm Rd, Wattle Downs, Auckland), Manurewa Athletics Club (40 Jellicoe Rd, Manurewa, Auckland), and Weymouth Yacht Club (29 Greers Road, Weymouth).		
Summary:	Our team will visit the three clubs to install energy efficient light bulbs, hot water cylinder and pipe insulation, water-saving devices and a waste minimisation programme. Our Sustainability Adviser assesses the buildings looking for efficiency opportunities beyond the immediate changes we make, i.e. heating, ventilation, and appliance efficiency. These ideas are then turned into an Efficiency Action Plan, which sets out a list of specific actions the club could take to further reduce its environmental impact and running costs. We also reach out to club members by installing posters and light switch stickers to inspire members to take the same positive actions at home. We offer support and advice to clubs on an ongoing basis.

Community benefits

Identified community outcomes:

Three community sports clubs in Manurewa and their 1,300 volunteer officials and club members will benefit by means of electricity, water and waste efficiencies. These savings will be reinvested in sport.

Members may realise equivalent savings at home should they follow the lead of their club.

Beyond this, benefits for the wider community also include:

Communities participating across a broad socio-economic spectrum; improved human health and safety; improved aesthetics and functionality; enhanced 'feel good' via Litefoot Ambassadors inspiring change; enhanced awareness of sustainability issues; increased awareness and uptake of good practices for home. LiteClub has been designed to be inclusive of, and sensitive to, multiple cultural groups and communities, therefore removing any current barriers to environmental awareness and participation.

Alignment with local board priorities:

- activities that are aimed to improve the overall wellbeing of the Manurewa community;
 - activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- LiteClub helps reduce overhead costs of community sport facilities, enabling clubs to spend more on sports, thereby lowering barriers to participation, encouraging an active and healthy lifestyle; LiteClub physically improves clubroom facilities - they are warmer, dryer, healthier and safer places for communities to gather as well as being more efficient.
- LiteClub identifies larger efficiency opportunities and supports clubs in future-proofing their club

rooms, while further reducing sport's impact on the environment.

Promoting SmokeFree: By promoting active and healthy lifestyles, we believe sports clubs are the epitome of a smoke free environment. By reducing overhead costs our programme enables clubs to keep subscription costs down and thus a greater proportion of the Manurewa population to participate in their local sports clubs. Encouraging participation in sport is the best way to reduce people's habit of smoking.

Amount requested: \$1,378.00

Requesting grant for: So far, we have received \$5,001 towards the general costs of the implementation from Auckland Council's RENH grant, \$1,875 from The Lion Foundation and have an application pending to Infinity Foundation. In this application we request that Manurewa Local Board consider funding the shortfall of the project. The costs include salaries, materials installed at the club, administration costs, travel costs, and promotion.

If full amount requested is not able to be funded:

A general contribution of any level towards the cost of implementing the three Manurewa community sports clubs would be very much appreciated. Any level of contribution will assist us in helping clubs in Manurewa save money on their bills and reduce their environmental impact.

Project: 2017 National Dog Show

Location:	Vodafone Events Centre 770 Great South Rd, Manukau City CBD, Auckland		
Summary:	The staging of the NZKC annual (62nd year) National Dog Show over three days. It involves selection of Best in Show (from 1400 dogs of 100+ different breeds), Obedience competitions, Agility displays, Junior Dog Handler Final (winner represents New Zealand at Crufts, England in 2018) and showcases programmes and activities on responsible dog ownership for the public at large.		
Dates:	06/10/2017 - 08/10/2017	Rain dates:	-
Active participants:	c 5,000	Audience size:	c. 30

Community benefits

Identified community outcomes:

The public in South Auckland attain an understanding of what a dog can offer as a family member and what activities it can be involved in.

It is an opportunity to educate the public about responsible dog ownership i.e. what it means, what it requires and the subsequent benefits to the community e.g. less dog attacks, safer children and dog complaints.

Alignment with local board priorities:

- initiatives that aim to make the town centre a safer, tidier, more accessible and welcoming place
- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

The focus of the organisation "Healthy, Active & Well Mannered" dogs is about responsible dog ownership to enhance the benefits of families owning dogs and reducing the incidents of bad behaviour as a result of poor dog ownership.

All of our activities are available to young people and will be promoted during the three day show.

Project: To mow the Croquet Lawns and verges at our club

Location:	31 Russell Road Manurewa		
Summary:	We need the Grant to pay a contractor to mow our four (4) lawns, and the verges around the lawns, at our Croquet Club. The lawns are mown weekly and the verges fortnightly.		
Dates:	01/10/2017 - 01/03/2018	Rain dates:	-
Active participants:	50 to 60	Audience size:	8 to 10

Community benefits

Identified community outcomes:

The community benefits from having good quality, well kept, playing lawns near to the shopping centre. The public passes our club grounds and often pause to watch us playing in our Tournaments.

Our grounds are in pristine order and we like to keep them that way, and we are very proud of how they look.

Alignment with local board priorities:

- activities that are aimed to improve the overall wellbeing of the Manurewa community;
- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

Our club is open three (3) days a week for members to play, and on weekends for tournament use. We are a non-strenuous sport and cater for all age groups and gender. It is a tactical sport that develops technical skills and is very competitive for all players at all levels.

Project: Trans-Tasman Gubbi race 2017

Location:	Lake Kawana Blvd Birtinya Qld 4575 Australia		
Summary:	The Gubbi Gubbi race offers a range of events and has extended it 3 days to incorporate all the races. As the years went on and our Juniors were taken to other Countries, and we started hosting teams from New Zealand and Cook Islands. The word spread and soon we were hosting teams from New Zealand. In 2011 the name was changed to Trans-Tasman Gubbi Gubbi Waka Ama but with the numbers swelling towards 400 the decision was made to handover the competition to AOCRA and AOCRA Junior Development Committee to run and started recruiting helpers from all clubs that had Juniors.		
Dates:	29/09/2017 - 02/10/2017	Rain dates:	-
Active participants:	400 +	Audience size:	13

Community benefits

Identified community outcomes:

This event will expose the children from New Zealand overseas at an International level. They the boys and girls will learn skills such as leadership, team work, self-control, communication skills, which they will require as they grow and become adults and will be able to contribute those skills to the community they live in or in their work place. They will also then have the experience and confidence to paddle at the Waka National at Lake Karapiro in January 2018, and continue on through out there lives

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

By inviting people to participate in sport or recreation activities such as Waka Ama, rugby league, or any other sport and recreation activities, will promote health and wellbeing to individual/s groups or teams, sport will keep them moving in an active community, and having the resources and equipment will help create opportunities and can create super stars in the community.

Collaborating organisation/individual	Role
families/friends of the paddlers	they are contributing and collaborating by fundraising for the next 3 months, and meeting updates will be held once a week so the parents are well informed of what's happening with the progress of the project

Promoting SmokeFree: At the training venue in Mt Wellington the Cook Island Outrigger club has put a notice up via Facebook page for Managers and Coaches advising them they are to advise the families/supporters about the non-smoking in and outside of the facilities and grounds.

In Australia where the event will take place I am not sure what there policy is concerning smoking, but will still promote the smoke-free environment
