Reason for the project	There is excessively high demand from organisations, for us to help them inspire their young artists but because we are so busy trying to meet the objectives of AUAT, we decided that it would be more efficient for us to host these talks ourselves to meet the needs of all those who require our services, experiences and knowledge but also to add value by what we share by calling on our networks, friends and associates as Guest Speakers to help us meet the needs of our young artists too.
Community benefit	Being based in Onehunga means we are accessible for all modes of transport and most of the main roads to South, Central and West Auckland. We have established a late start time of 7pm to enable those travelling from as far as Pukekohe, Waitakere or North shore to join us to miss heavy traffic. From a logistical, economic, professional, social and cultural perspective, Toi Talks is a space for all walks of life to get insight and inspiration into how they can use urban contemporary arts to contribute and beautify their own urban environment.
Alignment with local board priorities	<ul style="list-style-type: none"> • activities that showcase the rich and diverse culture and talent in our local area and help create a programme of events and entertainment for Manurewa • activities that are aimed at advancing our young people and make it easier for them to get active and be involved • initiatives that are aimed to preserve our heritage and important elements of our past <p>Toi Talks advances young artists by prioritising the importance of protecting and honouring our natural and man-made heritage as conceptual and contextual inspiration for their artistic practice. By working with Mana Whenua historians, cultural knowledge holders, urban planners, local authorities, architects and archaeological experts, young artists will inform their creative ideas by learning from the heritage that surrounds them while developing social entrepreneurial skills from the Guest Speakers who will use Toi Talks as a portal for sharing their own knowledge and experience.</p>

Demographics

Maori outcomes	Yes As an organisation, all of our programmes are delivered based on the three guiding principles of Manaakitanga, Kaitiakitanga and Rangatiratanga with the inclusion of Te Ao Pasifika and with respect to our wider ethnic groups who call Aotearoa home. It is mandatory that we work with Mana Whenua kuia and kaumatua as the first point of engagement to guide and inform the way we operate and generate creative outcomes as urban contemporary artists and managers. By doing so, we activate the past histories and educate our newcomers, forming a true multi-cultural society and environment for all to take ownership of and respect meaningfully.
Accessible to disabled	Yes Toi Talks is based in a wheelchair friendly facility at Studio 40 with ramps, widened doors for bathroom access. The presentations are also considerate to those who are visually or audio impaired. There will be a warning notification with social media marketing to state otherwise. There are also quiet and dark sensory spaces for those who suffer from anxiety and autism in case of emergency.

Project details

Project title	Matching adult male volunteer mentors with fatherless boys		
Dates	30/04/2017 - 01/05/2018		
Location	39 Roberton Rd, Avondale, Auckland		
Summary	Our coordinators recruit, screen and train men to be long-term volunteer mentors for fatherless boys. A robust screening process ensures they are emotionally healthy and safe to be in sole care situations with young boys. Each Big Buddy then spends several hours a week with his Little Buddy.		
Requesting grant for	Laptop computers and part salary for our volunteer coordinators.		
Cost of participation	No. Participation is free.		
Active participants	600	Audience size	600
Promotion	Yes - Pamphlets, website, Facebook, TV and newspaper advertising.		
Local board recognition	Acknowledged on our website and Facebook.		
Reason for the project	We maintain a database of Little Buddies waiting for a match. We currently have more Little Buddies waiting than Big Buddies in training. The Census shows 52,500 boys aged 7-14 living in single parent households. We estimate 8,000 will be truly fatherless – boys who have no on-going contact with an adult male.		
Community benefit	Boys with a mentor do better at school and are better adjusted and prepared for their role as an adult male. With a good role model, they learn what it means to be a good man. This creates well-adjusted men who are an asset to their community.		
Alignment with local board priorities	<ul style="list-style-type: none"> - activities that are aimed at advancing our young people and make it easier for them to get active and be involved - activities that are aimed to improve the overall wellbeing of the Manurewa community <p>WE match adult men as volunteer mentors for fatherless boys. Boys who gain an adult male mentor (Big Buddy) have better outcomes in education, social integration and mental health. They grow into men who are an asset to their community.</p>
