It provides a not for profit club where members can get involved and develop their own passion for performing arts. Each production requires a cast, production team, lighting, designers and operators, sound technicians, stage management and assistance.</p> <p>The shows are of a professional standard and are far more accessible and affordable to the local community than other professional productions that come to New Zealand.</p>

Project details

Project title	The Auckland Highland Games & Gathering		
Dates	18/11/2017 - 18/11/2017		
Location	Ellerslie Event Centre, 80-100 Ascot Ave, Remuera 1051		
Summary	<p>Our Association was approached by Council 18 years ago to provide a Free event for what was known as the Greater Auckland Area. We have continued to do this for the 'Super City' and having the venue of 17 years now being subjected to major infrastructure works (housing development/infill and parks upgrades) we felt it best to move to a venue that allowed us to grow the potential of our community focused event. Prior to this an entry fee was charged either at the gates or to enter the events for which prizes were awarded as far back as 1868.</p>		
Focus specific information	Type of art form: Other		
Cost of participation	This event is free admission		
Requesting grant for	<p>The most common issue recorded is our lack of advertising despite our use of a vast array of free and complimentary forms of advertising therefore we would like the paid portion to be underwritten and the compliance costs associated with the event. We feel we are in good position to request this portion to be funded as the use of a new venue has resulted in a saving in excess of \$55 000.</p>		
Active participants	1000+	Audience size	3500 - 8000
Promotion of activity	Yes		
Local board recognition	All printed media has the Council Logo and during the day the Announcer will be making references to all sponsorships		
Alignment with local board priorities	<ul style="list-style-type: none"> • Parks and facilities that meet people's needs • Thriving communities, age-friendly communities, <p>The current venue for the event will be upgraded in 2018 precluding our use of it. We have moved venue to take advantage of facilities that are much more sympathetic with the needs of the aged and disabled, a primary consideration, and to meet the requirements of raising the event to an international destination.</p>

Project title	Deaf Wellbeing Drop In Centre		
Dates	11/05/2017 - 11/05/2018		
Location	Melville Cricket Pavillion,249-259 Gillies Avenue, Mt Eden		
Summary	A safe meeting place for isolated Deaf people to gather and learn through positive reinforcement. To be supported by their peers and qualified volunteers.		
Requesting grant for	Weekly venue hire and some operational costs in the form of a salary for a Deaf Community Support Worker (who will also train volunteers)		
Cost of participation	contributions towards ingredients on a cooking class day		
Active participants	30	Audience size	2525
Promotion	Yes, We have Melville Cricket pavilion next booked for 11 May. We plan on contacting the NZ Herald to let them know about the important job we do in the community and to bring attention to the lack of help for those in the Deaf community that suffer mental health issues.		
Local board recognition	We have started recording some of the cooking classes (in NZ Sign Language) and we will happily put your logo on the you tube channel and face book posts.. We are currently making a face book page and website which we will acknowledge your support on too.		
Reason for the project	We have been operating through volunteers for nearly 5 years. Each month more and more Deaf people are wanting to attend or wanting our help. Most organisations in NZ are for the hearing population. There is very little help for Deaf people especially those with mental health issues.		
Community benefit	The benefits are to give the Deaf the confidence to live happy healthy lives. To remind and inforce to them that they are important members of the community and that they are valued. We can tell by talking with our current members how our meetings are making a difference to their lives. Have gained to complete a meal has improved their wellbeing. Being part of an environment where NZSL is the sole language used allows the members to relax and communicate freely with each other.		
Alignment with local board priorities	<ul style="list-style-type: none"> • Thriving communities • Age-friendly communities <p>Our project is to provide a safe meeting place for Deaf people who suffer from mental illness. Deafness is a lonely disability which can exacerbate mental health issues. They lead extremely isolated lives and our society will continue to provide weekly meetings where we communicate in NZ Sign Language. Our aims are to provide education, strategies, support and companionship. We will encourage and help the group to live independent full lives with our qualified community support worker and community volunteers.</p>

Reason for the project	<p>Many families have been approaching us for the last 20 years for help to deal with the problems of Family Violence & it is evident that there is a great need to educate and create awareness amongst our people. In South Asian cultures, family issues are rarely discussed outside. Psychologists and psychiatrists are never consulted except in extreme crises, many suffer in silence due to fear of loss of privacy, doubt they can be helped. The ones who are unable to use community resources for support often become locked into domestic abuse, violence, abandonment, denial of family privileges and sometimes, homelessness</p>		
Community benefit	<p>Project aims to create community awareness about the needs of South Asian Families subjected to violence and oppression through its programs and community outreach. Our purpose is to encourage South Asian Families to raise their voice against their oppression, physical, mental and sexual abuse, family violence and to have a better living in the society.</p> <p>We have handled many cases for the past 20 years, and we invite feedback and</p>		

	ask personally changes experienced by the participants.
Alignment with local board priorities	<ul style="list-style-type: none"> • Thriving communities <p>RAA always remain connected with in local neighbourhood by promoting its activities through various means such as Ethnic Radios, Newspapers, and Newsletters and by remaining active in social networking sites.</p> <p>We plan to hold Campaigns in a Community centre with Talks on Family Violence/Some short videos on creating Awareness on Family Violence. This will be open to public free of cost. We will invite all our young volunteers to participate and help us with the arrangements. We plan to include talks on the following:</p> <p>b) Seminar on Adult Relationships Building c) Education Awareness Programmes d) Self Defence for Women</p>

Local board recognition	We would be acknowledging the contribution of the funding partners of our website and also while conducting the event. Co-branding the material, for the events, with the logos of funding partners.		
Reason for the project	It is found that in South Asian family the culture of joint families is still prevalent where seniors live with their children and grandchildren. They stay at home and feel isolated, lonely and thus raises emotional stress. It is important to keep going one has to indulge in some interaction or activity with likeminded people. therefore, the need of such a platform arose along with the need to familiarize the younger generation with the traditions and values of the community		
Community benefit	Our activities are directed towards the wellbeing of the community which includes the major role being played by the seniors. Under our objectives we conduct series of activities for the benefit and the wellbeing of the community members. We get to know about the success of our project by witnessing the ever increasing participation of existing and joining of new members. Their positive informal feedback also serve as a success measurement tool

Summary:	The Asia Oceania Zone Championship is an International Wheelchair Rugby Federation sanctioned event that offers countries from the Asia Oceania region to compete for a placing in the 2018 World Championship. NZ Wheelchair Rugby bid for the event, to fill the gap of IWRF not receiving any completed bids for the zonals, to raise the profile of wheelchair rugby in NZ, to offer our elite team the best possible chance of gaining the placing that will see them compete in the World Championship.

Promotion	We have Sky tv covering medal games. Print media will be used. Social media will be used. Meet & Greet the Wheel Blacks, opportunity for fans to meet their wheelchair rugby players who represent the country. School newsletters		

Community benefits

Identified need:

The Asia Oceania zone for wheelchair rugby was at risk of not having a qualifier event for countries to gain a placing for 2018 World Wheelchair Rugby Championship. NZWR submitted a late bid to fill this gap.

NZWR need to raise the profile of wheelchair rugby to future volunteers and youth participants.

Wheel Blacks will be in a much better position to gain a placing being on their home turf with local community and family support. Not having to travel to another country eliminates travel fatigue and emotional stress from being away from familiar environment and support people.

Identified community outcomes:

Raise the profile of wheelchair rugby in NZ for the disabled population and local community.

Increase youth participation as players and volunteers in wheelchair rugby via school spectatorship at the event.
