

Local Board Transport Capital Fund Proposal Form

Local Board proposing project?	Ōrākei Local Board	Date: 4/7/2017	
Local Board Representative	Troy Churton	Phone Number Email address	Troy.Churton@aucklandcouncil.govt.nz
Joint project?	In conjunction with _____ Local Board?		
AT Project Sponsor (LB EMRM)	Felicity Merrington		
Name of project	Saint Vincent Ave Angle Parking		
Project location (Physical address)	Saint Vincent Ave, Remuera		
Please provide a detailed description of the proposed works.	Re-design street parking on top half of Saint Vincents Ave on western side of road to be time limit angle parking (<u>NOT</u> metered), mix of P60 and P20 and similar to other current restrictions. May require some re-development of footpath on west side.		
Please list the problems you are trying to resolve by proposing this project, if any.	Currently potentially sub-optimal parking capacity in this area of street. Loss of village parking from reduced areas in Clonbern carpark. Demand for more, easier parking adjacent to main arterial.		
What time critical factors for the delivery of this project are there, if any?	See below. It would be preferable to implement this during the next 18 months – 24 months.		
Is there any background or historical information we should be aware of relating to this project?	High likelihood that developments in Clonbern Rd, and Victoria Ave over next few years will take away street parking. Improved parking here will also serve Remuera Mews area and retail precinct and library.		
Is this project designed as an enhancement to a project being undertaken by AC or AT? If yes, please supply project details.			
Projects likely to generate significant opposition need to ensure there is good community support for the concept. How will the Board demonstrate this support?	Recent Remuera Resident Association meeting expressed support for this idea.		
Does this project affect the local iwi and if so,	N/A		

<p>how have they been engaged with and what is their position on the project?</p>	
<p>Are there any known groups, we should consult with about the implementation of this project?</p>	<p>Remuera Business Association, Remuera Residents Association</p>
<p>Include any supporting maps/photos with this form.</p>	
<p>Annual \$ allocation to this Local Board</p>	
<p>Land ownership (if known – relevant only if land needs to be purchased)</p>	<p>Public Road</p>
<p>District Zoning (if known)</p>	
<p>For projects outside the road reserve, the following criteria must be met. (Please tick which criteria project meets)</p>	<p>1. The project supports connectivity of cycleways or footpaths <input type="checkbox"/></p> <p>2. or cycleways the proposed project is identified in the local boards Greenways Plan <input type="checkbox"/></p> <p>3. For footpaths the proposed path either closes a gap in the current walking network to residential, recreational, public transport and town or economic centres. <input type="checkbox"/></p>
<p>Any other information</p>
