<b>Legal status:</b>	Incorporated Society	<b>Activity focus:</b>	Arts and culture
<b>Conflicts of interest:</b>	None identified		

### Project: Franklin Multi-Cultural Festival - MCF

<b>Location:</b>	Pukekohe Intermediate School Grounds Queen St Pukekohe 2120		
<b>Summary:</b>	Each year at the end of term one, Puni School and PTA organise the Franklin Multi-Cultural Festival to celebrate the varied ethnic groups of Pukekohe and the surrounding areas. The Festival is run in conjunction with the Counties Manukau Ethnic Council and sporting bodies of Franklin. It provides an opportunity for schools to perform and celebrate the many cultural groups within their school (including Kapa Haka). We also have a range of adult and family based performances to celebrate our diverse community.		
<b>Dates:</b>	07/04/2018 - 07/04/2018	<b>Rain dates:</b>	None identified
<b>People delivering:</b>	60	<b>People reached:</b>	2500
<b>Promotion:</b>	Not stated Advertising through the local paper news articles, newsletters, Facebook, flyers through schools and local businesses, road signs and Te Huarahi Trust's network.		

### Community benefits

#### Identified need:

We have held this activity in this location since 2009. Both the schools in the Franklin region and Te Huarahi trust look forward to this event to be able to show case Kapa Haka and our various cultures in the Franklin region. We have had good coverage from local newspapers

#### Identified community outcomes:

Community Benefits:

- exposure of the wider community to cultures within Franklin
- sense of pride and accomplishment for all performing participants
- sense of pride in community for all associated with the schools and groups performing
- positive role models

#### Alignment with local board priorities:

- support initiatives that celebrate our arts, culture and heritage
- support events that celebrate our distinctive local communities and enable people to come together

The Multi Cultural Festival provides an opportunity to bring the whole community together to celebrate our cultural diversity. We offer everyone the opportunity to perform, all ages and abilities. It's a chance for the community to recognise and embrace the different foods, experiences, dances and Kapa Haka. The festival is held on the grounds of Pukekohe Intermediate School and has easy access for all.

Collaborating organisation/individual	Role
Puni School	Coordination of sports teams and cultural groups and

	MC on the day, provides teachers as volunteers, all students participate in the day.
Te Huarahi Community Group	Cultural Advising
Pukekohe High School Community service expectations	Coordinating student volunteers

## Demographics

### Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

The Multi-Cultural Festival provides an opportunity for cultural groups and schools to showcase and share their culture, providing an opportunity to perform. We have at least 12 schools (including early childhood through to High school) who perform on stage. We also have the support of the Te Huarahi Trust who provide us with guidance on cultural aspects and promotion of the event. The Te Huarahi Trust has been formed across Franklin to support Maori achievement and includes schools and agencies.

**Target ethnic groups:** All/everyone

**Promoting SmokeFree:** It is automatically a smoke free project as it is held on school grounds. We promote success in sports associated with healthy living. by default no smoking.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
		100%

<b>Conflicts of interest:</b>	None identified		

### Project: Tamariki Junction

<b>Location:</b>	1 Roulston Street, Pukekohe		
<b>Summary:</b>	Tamariki Junction has had to move out of a dedicated shop owing to high rent (and the fact that we do not make a lot of money on our very low cost items). We have requested space at the back of the Pukekohe Youth Centre on a Saturday from 9am - 12pm. This room still requires rent to be paid and so we are asking for funding to cover this cost for 6 months. Overall, our organisation provides many services and has many overheads to ensure delivery. The second part of this funding request is to cover operating costs up to \$5,000.		
<b>Dates:</b>	02/09/2017 - 25/08/2018	<b>Rain dates:</b>	Not applicable
<b>People delivering:</b>	4	<b>People reached:</b>	2000
<b>Promotion:</b>	Not stated We have flyers printed and are looking at the cost of flags and sandwich boards for the main road. We also produce a Community Newsletter and are able to update the promotion each month. We also use Facebook as a mode of regular communication.		

### Community benefits

#### Identified need:

Tamariki Junction has enjoyed popularity since opening in October, 2016. We have found that Saturdays is a popular day as it coincides with the market. We didn't want to move too far away from our 4 Roulston Street location and were lucky to link up with Pukekohe Youth Centre (1 Roulston Street) to re-locate.

#### Identified community outcomes:

Affordable clothing, bedding, shoes, books and toys for the community. Previously, all of our profits would go towards the rent (\$320 per week). Going forward, we'll be able to pay the reduced fee of \$80 per week, and have funds remaining to go towards parenting programmes. Ideally, we'll be able to raise enough money to offer the Incredible Years 1-3 years programme.

#### Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- promote environmental responsibility through supporting events that aim for zero waste (reduce, reuse, recycle)

Our organisation is there for the community to help them with their needs. One of our contracts sees us working within the domestic violence space. We work with NZ Police to support victims and ensure they feel safe (in their own home). Tamariki Junction further assists in promoting our organisation through visibility in the community, but is also supporting the idea of purchasing second hand clothes, blankets, shoes and toys. We receive a lot of donations from people who are clearing out their space and have items that don't fit the age of their child.

Collaborating organisation/individual	Role
Pukekohe Youth Centre	providing the space (at \$20 per hour)

## Demographics

- Māori outcomes:**
- Māori participation - Māori priority group, target group, high representation or Māori staff delivering
- The shop does not uniquely target one cultural group over another and we have been delighted to see a diverse range of people come through our doors. If we were to highlight that there is an increased level of deprivation within Maori families, our store provides affordable and necessary items for tamariki.
- Target ethnic groups:** All/everyone
- Promoting SmokeFree:** We can put up posters to promote Smoke-free. As the venue is not our own, we may need permission to leave these up - but with the high level of youth coming into the space, this may not be a problem.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
		100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
95%	5%					

## Financial information

**Amount requested: \$6560.00**

**Requesting grant for:** Rent for Tamariki Junction and operating costs for Franklin Family Support Services. This is where a lot of the planning and organising for Tamariki Junction takes place, as well as it being the home for our other services.  
\*Please note that the original request to the FFSS Board was for 4 hours each Saturday, for 6 months. A discussion with Pukekohe Youth Centre regarding costs, resulted in a reduction of the cost because we're just being charged for the time we're open (9am - 12pm), not the set up and pack down 30 mins either side of these times.

**If full amount requested is not able to be funded:**

Rent for Tamariki Junction. We have asked for 6 months but if you could look at 12 months that would be great.

**Cost of participation:** 0

Total expenditure	Total income	Other grants approved	Applicant contribution
\$6,560.00	\$1,300.00	\$400.00	\$0.00

Expenditure item	Amount
Venue hire - \$20 per hour for 4 hours per week for 6 months	\$1,560.00
Operating costs for Franklin Family Support Services	\$5,000.00

Income description	Amount
--------------------	--------

Our average earnings for each Saturday, is \$50. If we earned this for 6 months, we would use the money to pay the rent for as long as possible	\$1,300.00

## The Rising Foundation Trust

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### Project: Programme Coordinator Operating Costs

<b>Location:</b>	Pukekohe High School		
<b>Summary:</b>	Our programme costs us as a charity approximately \$2,000 per student, per year. Your grant will help pay for Programme delivery at Pukekohe High School. Ongoing costs include remuneration for our Programme Coordinator.		
<b>Dates:</b>	10/10/2017 - 02/01/2018	<b>Rain dates:</b>	Not applicable
<b>People delivering:</b>	One full time Coordinator at Pukekohe High School	<b>People reached:</b>	50
<b>Promotion:</b>	Not stated		

### Community benefits

#### Identified need:

Local Intermediate and High Schools have expressed the need for a programme to work with young people from challenging social or economic backgrounds, who have been identified as having leadership ability but who would otherwise lose their way during High School and not reach their full potential or identify their best selves in life. We engage with referred young people and equip them to be productive and capable members of society. Pukekohe High School and all the schools we work with agree that we provide a unique and invaluable service.

#### Identified community outcomes:

1. Our students benefit from being part of The Rising Foundation because they are encouraged to excel in life and in academic achievement. They benefit from having the backing of a professional and accredited team who know how to deal with the complex issues of adolescence. Our students form deep friendships and supportive relationships, they learn to be honest with themselves and with others and they are equipped with a psycho-social framework for healthy decision making. They learn values and principles that help them become enthusiastic and capable leaders who manage themselves well. They benefit from enjoying world class adventure experiences that reinforce their learning each term.
2. Our Students' Families and schools benefit because our students are more polite, respectful, responsible, caring, grateful, collaborative and cooperative. Our students choose to avoid: using violence, abusing substances and resorting to self-harm or suicide. Our students are confident and wholehearted.
3. Our communities benefit because every year 20-30 of our students graduate and historically all but a couple go into full time work, tertiary education or trade training. They form healthy relationships and become good husbands and wives, good fathers and mothers, good workers and neighbours. That's great for the community.

#### Alignment with local board priorities:

- assist young people to move from school to work or further training
- work with local partners to help to make the community feel safe

Through our partnerships with Industry training organisations, tertiary education providers and employers we are constantly expanding the list of viable options for our referred students once they

are ready to make the transition from the world of school to the world of work.

We contribute to the safety of our communities in a very practical way by teaching our students better ways to live than the prevalent anti-social options we see in the general school population. Our graduates are good, safe and responsible people both in their relationships, their work environment and in the community at large.

## Franklin Neighbourhood Support Included

<b>Legal status:</b>	Incorporated Society	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### Project: Neighbourhood Support

<b>Location:</b>	Franklin, Auckland		
<b>Summary:</b>	We have set up Franklin Neighbourhood Support in accordance with Neighbourhood Support NZ. This involves street's looking out for one another, having visual signage, at least yearly meetings. It's about being the eyes and ears for the NZ Police		
<b>Dates:</b>	01/10/2017 - 01/10/2018	<b>Rain dates:</b>	None identified
<b>People delivering:</b>	10 Committee Members	<b>People reached:</b>	All of Franklin
<b>Promotion:</b>	Not stated We currently have used social media to gain interest, however we will also be engaging with the local papers. Committee has also spoken about going to the local markets, and having a stand at these markets to get the message to the community.		

### Community benefits

#### Identified need:

Yes, currently Franklin does not have a Neighbourhood Support and in discussing with Police and Neighbourhood Support NZ this is a must for our community

#### Identified community outcomes:

The community will have safer streets. Together we can help prevent crime within our area, and be the eyes and ears for NZ Police.

#### Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- work with local partners to help to make the community feel safe

Neighbourhood Watch was established in the 1970's by the New Zealand Police as a crime preventative initiative.

From these roots Neighbour Hood Support has evolved. Franklin Neighbourhood Support enables neighbours to create a sense of community and shares practical information to help reduce the risk and fear of crime. We want to empower our region to feel safe and to engage with their local Community Constables to reduce crime in our region.

Collaborating organisation/individual	Role
Community Patrol NZ - Franklin region	Working alongside them to recruit more patrols for our streets

### Demographics

**Māori outcomes:**

- Māori participation - Māori priority group, target group, high

representation or Māori staff delivering

We want to get the local Marae's on board, to reach out to the Maori population in signing up to Neighbourhood Support

**Target ethnic groups:** All/everyone

**Promoting SmokeFree:** We will add Smoke Free Brochures into our packs which are given to each household.

<b>Legal status:</b>	Incorporated Society	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### Project: Volunteer Programme

<b>Location:</b>	Manukau Road, Pukekohe		
<b>Summary:</b>	<p>Our Volunteer Programme covers the recruitment and training of new Volunteer Support Workers, and the ongoing training, support, supervision and expense reimbursement of both new and existing Volunteers in the Franklin Area. The main components of our Volunteer Programme are:</p> <ol style="list-style-type: none"> <li>1. Recruitment and Initial Training Programme - With an average Volunteer tenure of just over three years, we must constantly recruit and train new volunteers to ensure we have sufficient numbers to maintain our 24/7 roster.</li> <li>2. Ongoing Training, Support, and Supervision - Ensuring all our Volunteers, both new and experienced, continue to receive regular training and supervision on the job.</li> <li>3. Reimbursement for Volunteer Expenses - includes mileage, parking fees and phone expenses related to their case work.</li> </ol>		
<b>Dates:</b>	01/10/2017 - 30/09/2018	<b>Rain dates:</b>	Not applicable
<b>People delivering:</b>	14	<b>People reached:</b>	1212
<b>Promotion:</b>	Not stated We advertise for new volunteers on all media platforms & community noticeboards.		

### Community benefits

#### Identified need:

Sadly, the demand for our services continues to increase. Nationwide, the number of people receiving assistance from Victim Support has grown by 13 per cent in the last 18 months alone.

In the year ending 31 March 2017, Victim Support Pukekohe supported 1212 victims. This included 26 victims affected by homicide, 15 by suicide, 133 after a fatal vehicle accident, 26 after the devastation of a rape or sexual assault, and 385 related to family violence.

Changes in government policy and social attitudes mean more people are coming forward and reporting crimes (particularly family violence) to Police, and people are increasingly open to asking for help to confront the impacts of trauma.

#### Identified community outcomes:

Victim Support is a vitally important community service. We make our communities fairer, more compassionate, and more accessible. We help people to get through the most challenging times of their lives and re-integrate into the community in a way which is healthy for them, their family, and others in their lives and neighbourhoods.

A sudden or unexpected incident can have a significant impact on people's lives, sometimes bringing relationships and careers to a halt. Most people need support after experiencing a serious crime or sudden trauma to help restart their lives. Support needs are not just emotional, but practical and financial as well, including:

- Improved access to our justice system
- Improved access to community services
- Fairer justice services
- Quality rural services
- Keeping victims connected with family, friends, employers, and communities
- Reducing the long-term social impacts of harm
- We are also included in the Civil Defence Emergency Management network as a psychosocial support service

**Alignment with local board priorities:**

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- work with local partners to help to make the community feel safe

By putting the right support in place, and ensuring families have access to financial and emotional support, we help families work together to manage the impacts of a crime or loss or trauma. This helps them to retain their livelihoods, jobs, and connections to our whole Community. We work across the whole Community, and our Victim Support brochure materials are available in 7 languages, including Samoan, Korean, Hindi, Japanese, Tongan and simplified Chinese.

Collaborating organisation/individual	Role
We collaborate with all Community Support Services	

**Demographics**

**Māori outcomes:**

- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)

Victim Support is a multicultural organisation with a strong integration of tikanga across

all our services. Maori are drastically over-represented as victims of crime, and represent

around a third of our clients. All our training is held on Marae and includes training on basic

tikanga and te reo Maori. Our Board includes two Maori representatives, and Maori are well

represented amongst our staff and volunteers.

**Target ethnic groups:** All/everyone

**Promoting SmokeFree:** Not identified

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
		100%

**Financial information**

**Amount requested: \$7000.00**

**Requesting grant for:** Victim Support Pukekohe is seeking a contribution from the Franklin Council toward the costs of our Volunteer Programme in Pukekohe.

Our Volunteers are the front line of our service delivery. They provide a range of practical and emotional, community-based support services to Victims affected by crime, trauma, and suicide. These services are available seven days a week, including a 24-hour emergency service. Our Support Workers offer a single point of contact for all our Victim's needs for as long as they require, often for months and sometimes years following an incident.

**If full amount requested is not able to be funded:**

Any funding is appreciated.

**Cost of participation:** Our services are free.

### Project: Rain Water Tank

<b>Location:</b>	George Street Kindergarten, 9 George Street, Waiuku. 2123		
<b>Summary:</b>	We wish to purchase and have installed a rain water collection tank. The water tank will assist us in educating our children about the importance of conserving water and developing their understanding about what a precious taonga it is. The collected water will be used on our vegetable, flower gardens and the fruit trees.		
<b>Focus specific:</b>	<p><b>Environmental benefits:</b> We will be collecting and storing rain water which will save the amount of town water that we are using every year.</p> <p>We will be teaching our children about water conservation and they will be taking the message home to share with their families.</p>		
<b>Dates:</b>	02/10/2017 - 21/12/2017	<b>Rain dates:</b>	Not applicable
<b>People delivering:</b>	7-10 Teachers and Gubbs workers.	<b>People reached:</b>	100+
<b>Promotion:</b>	Not stated		

### Community benefits

#### Identified need:

The Teaching Team have discussed the need for a rain water collection tank to assist in educating the children about water conservation. We will be using the collected water for our edible and flower gardens, also to water the fruit trees. With a rain water tank installed we will be able to extend our vegetable garden. A rain water collection tank will help to conserve the town water supply that we are connected to.

#### Identified community outcomes:

To teach the children that attends the kindergarten now and in the coming years about the importance of conserving water and the care for New Zealand's water ways. We will be using less water from the town supply.

#### Alignment with local board priorities:

- support local environmental initiatives
- promote environmental responsibility through supporting events that aim for zero waste (reduce, reuse, recycle)

We are Enviroschool Kindergarten and we are passionate about looking at ways to make the kindergarten environmentally sustainable.

We would like to purchase a rain water collection tank to help educate our children about the importance of conserving water and developing their understanding of how precious water can be. The water will be used on our vegetable garden and fruit trees, we do cooking with the children and use the produce that comes from the garden.

As a part of the Enviroschools programme we do try promote zero waste at the kindergarten.

## Pohutukawa Coast Sea Rescue Trust

<b>Legal status:</b>	Incorporated Society, Charitable Trust	<b>Activity focus:</b>	Event
<b>Conflicts of interest:</b>	None identified		

### Project: Ray White Lighthouse Charity Golf Day 2018

<b>Location:</b>	Formosa Golf Resort Jack Lachlan Drive Beachlands		
<b>Summary:</b>	The Charity Golf Day provides a fun competition for teams of 4 playing 18 holes of Ambrose Golf at Formosa. Breakfast, lunch and dinner and refreshments are provided. Sponsorship is sought from local businesses. Raffles and a charity auction augment the fund raising effort. This is an annual event. The beneficiary for 2018 is the Coastguard Maraetai New Rescue Vessel Fund.		
<b>Focus specific:</b>	<b>Event producer/contractor/3<sup>rd</sup> party:</b> Formosa Golf Resort		
<b>Dates:</b>	06/04/2018 - 06/04/2018	<b>Rain dates:</b>	Not identified
<b>People delivering:</b>	35 to 40	<b>People reached:</b>	Coastguard Maraetai assists 400-500 people each year
<b>Promotion:</b>	Not stated Local newspaper advertising, signage in the community, Facebook, dedicated website, email to participants and sponsors from previous years		

### Community benefits

#### Identified need:

Coastguard Maraetai will need a new rescue vessel in about 5 years' time. Funds need to be raised before then to contribute to the cost of the new vessel and it's fit out - a share of \$750k

Coastguard Maraetai is one of the busier Coastguard Units in Auckland. It covers the Waitemata Harbour, the Hauraki Gulf and from Bream Head to Cape Colville, focusing on Tamaki Strait and the Firth of Thames. In the past 12 months the unit has spent 146 days on the water training and attending 155 incidents assisting 411 people. 12 of those callouts were urgent - where we aim to have the boat crewed and on the water in 6 minutes from receiving the call.

#### Identified community outcomes:

1. Provide a fun opportunity for local businesses and participating golfers to support the future of our local sea rescue service as it Saves Lives at Sea.
2. PCSRT provides support in funding and providing facilities for Coastguard Maraetai.
3. This event is a major fundraiser for the new vessel fund.
4. To maintain the continuity of this annual event to benefit local community groups in the future. Past beneficiaries have been Beachlands Fire Brigade, Beachlands First Response, Beachlands Crime Patrol, Helping Hand Trust, Pohutukawa Coast Rotary and Coastguard Maraetai

#### Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- support events that aim to be financially sustainable and become a regular and celebrated part of the Franklin event calendar

This event has benefitted a number of community groups over that past 10 years. Several of those groups are involved in helping our community become a better and safer place. This event is a

regular and celebrated part of the Franklin calendar organised and run by volunteer groups within the community. Support from the Local Board will assist with the success of the event as an ongoing annual fundraiser.

## Bombay-Pokeno Anglican Parish, Diocese of Auckland

<b>Legal status:</b>	Other: Anglican Church	<b>Activity focus:</b>	Historic Heritage
<b>Conflicts of interest:</b>	None identified		

### Project: Replace the roof of the church of St Peter, Bombay

<b>Location:</b>	150 Bombay Road, Bombay, Auckland		
<b>Summary:</b>	The project entails removing the current roof. Replacing any rotten timber and adding any new timber as required Replace with new colour steel roof		
<b>Focus specific:</b>	<b>Building/site accessible or visible to the public:</b> Yes		
<b>Dates:</b>	09/10/2017 - 27/10/2017	<b>Rain dates:</b>	Not applicable
<b>People delivering:</b>	10	<b>People reached:</b>	50-100
<b>Promotion:</b>	Not stated The project has already been publicised through the church weekly news sheet and in the quarterly Church Newsletter. When the project gets under way it is expected that we will contact Franklin County News for an article		

### Community benefits

#### Identified need:

A report from A Stoppard roofing states:

Nails Lifting/rusting and only nailed into 20mm sarking

Flashings too short causing rot

No roofing underlay

Some roofing iron rust

Roofing iron too short in places not enough gutter overhand, water flowing into soffit..

Though the roof can be temporarily fixed it is recommended long term that the roof be replaced.

We are advised that the current roof is inadequately fastened and could be in danger of coming unfastened in high winds. The church building is in an exposed situation. Should roofing iron come off this would be a serious hazard, with an adjacent main road, primary school not far away and a pre-school a 100 metres from the church.

#### Identified community outcomes:

The building is grade II heritage listed wooden building,, 150 years old this year, with its 150th celebrations held on the last weekend in July. The new roof will protect the building for years to come. It will also be a safer roof and less liable to damage in high winds, and therefore not a potential danger locally. It will enable the building to continue as a place of worship and community support.

#### Alignment with local board priorities:

- support initiatives that celebrate our arts, culture and heritage
- support events that celebrate our distinctive local communities and enable people to come together

The roof replacement is a heritage protection project. As explained before St Peter's church is a grade II Heritage listed building, constructed in 1867 and therefore 150 years old this year. The current roof is not fastened adequately, showing signs of leaking, with timber rot as a consequence.

The roof replacement therefore protects this building from the weather and therefore ensures that it will last for many more years yet. It's replacement is a priority for the church Vestry. By protecting the building enables us to implement the second priority

<b>Legal status:</b>	Incorporated Society	<b>Activity focus:</b>	Sport and recreation
<b>Conflicts of interest:</b>	None identified		

### Project: Counties Cycle Classic

<b>Location:</b>	Headquarters Pukekohe Intermediate school, 44/74 Queen Street, Pukekohe 2120 and roads west of Pukekohe		
<b>Summary:</b>	<p>We are offering a cycle event with an option of three distances.</p> <p>32km for cyclists out for a fun ride.</p> <p>42km for intermediate cyclists</p> <p>88km for experienced cyclists.</p> <p>The ride will be held on a Sunday and the route is mainly on roads with very little traffic with the exception of a small stretch on the Pukekohe- Waiuku road which has a wide verge.</p>		
<b>Dates:</b>	19/11/2017 - 19/11/2017	<b>Rain dates:</b>	None identified
<b>People delivering:</b>	30 members of the Rotary Club of Pukekohe plus a further 30 volunteers from the cancer society, parents of the intermediate school and Duke of Edinburgh award students from Pukekohe High School.	<b>People reached:</b>	400 - 500 participants, and we hope thousands from funding community projects and cancer research.
<b>Promotion:</b>	Not stated Event Website and online registration, Cancer Society Website, Via Rotary Club Website and Facebook page, Cycle NZ Website, Cycle clubs and shops, local papers, Contact all local secondary schools from Hamilton to Auckland.		

### Community benefits

#### Identified need:

We have spoken to a large South Auckland Cycle club and they are very enthusiastic about the event as there is no main cycle event in Pukekohe. It is also scheduled a week prior to the Taupo Challenge cycle event, which is the largest cycle event in NZ. Cyclists entering the Taupo ride will be keen to use this as a training ride.

#### Identified community outcomes:

Putting on this event helps people involved in a very healthy activity. All net funds will be donated back into the community which will benefit youth and other community works.

#### Alignment with local board priorities:

- support events that aim to be financially sustainable and become a regular and celebrated part of the Franklin event calendar
- support events which encourage visitors to spend more time in Franklin as a destination

In addition to Franklin residents we want our cycle event to attract people from outside our district to

experience the magnificent scenery in the western part of Franklin as well as enjoying the well-kept town of Pukekohe.

Collaborating organisation/individual	Role
Auckland Cancer Society	Promotion on their website, Volunteers on the day, access to their data base of previous Conquer Cancer ride participants.
Pukekohe Intermediate School	Providing headquarters, Parking areas, toilets wash rooms , hall for registration and prize giving. Parent volunteers.
