Project: Shuttlecocks for Badminton North Harbour Community Summer League

Location:	47 Bond Crescent		
Summary:	This is a community based social teams competition where the community make up their own teams and we administer the draw and competition. Players play once a week in the evening in teams and grades of similar abilities.		
Dates:	16/10/2017 - 15/12/2017	Rain dates:	-
People delivering:	4	People benefiting:	240

Community benefits

Identified community outcomes:

This is an event that is open to the community at large. You do not have to be a club member so it encourages players from all areas including social and competitive that dont often have the opportunity to play in an organised competition

Alignment with local board priorities:

Hibiscus and Bays

- provide sporting opportunities and encourage the community to be more active in recreational areas
- opportunities for youth, seniors and migrants to participate

We are a multi-cultural sport that appeals to a wide range of ages and nationalities. We look to deliver enjoyable experiences to all our community encouraging them to continue to play at all levels and be active.

Project: Native plant nursery

Location:	Shakespeare Regional Park		
Summary:	The native plant nursery has produced over the last 4 years between 8041 to 9,619 native seedlings for planting in the Sanctuary. The annual cost last year of potting mix and seedling bags was \$2402 excluding GST with all labour provided free by volunteers. We ask for a \$2000 grant to buy potting mix and plant bags for this year's native seedlings.		
Dates:	01/10/2017 - 30/04/2018	Rain dates:	-
People delivering:	12	People benefiting:	580,000

Community benefits

Identified community outcomes:

The Sanctuary's native bush will be increased by these trees so native birds have food to grow and breed. The public has full access so can walk through the bush admiring the native flora and fauna.

Alignment with local board priorities:

Hibiscus and Bays

- provide opportunities for place-shaping and identify what contribution you are making to the project within the local board area
- youth education and training opportunities

Provides a place where the public can enjoy native flora and fauna

Project: Making Friends

Location:	Mairangi Bay community.		
Summary:	<p>Noting the creative productivity of our recent free and open projects and attempting to address our ongoing challenges with regard to promotion and awareness building we would like to explore how we can “show and tell” with our community, both as a celebration of past/present work and an invitation to future creative activity.</p> <p>In this project we will construct a lightweight and hand-drawn cart/art pavilion using free and local waste materials to display documentation materials and offer casual art activities to “people we meet” as we roam about our community. This choice of method is based on insights drawn from recent public projects.</p> <p>Expected outcomes include: increased awareness of MAC, and more participation and collaboration with our communities.</p>		
Dates:	02/10/2017 - 02/10/2017	Rain dates:	-
People delivering:	2 (Project facilitator, MAC General Manager	People benefiting:	250

Community benefits

Identified community outcomes:

- (1) Participants and the people they know will learn more about the creative, non-commercial options for activity and being together “around here”. The creative capabilities of participants increase through development of domain relevant skills, creativity relevant skills, and intrinsic motivation.
- (2) Our neighbourhoods and everyday lives begin to crack open for convivial interaction, development of casual relationships, and the collection and creation of stories about the people, things and places around us. We begin to develop greater care for and attachment to “our” place.
- (3) Increased connections between and across members of the community and the groups (formal and informal) that they belong to lead to new collaborations (formal and informal) and “doing stuff” together. Social cohesion and resilience increases.

Alignment with local board priorities:

Hibiscus and Bays

- artistic opportunities for our community
- opportunities for youth, seniors and migrants to participate

General awareness of the artistic/creative opportunities that MAC offers will increase.

“Making friends” with more people in our community will increase opportunities for collaborations with various people, all of whom have particular “flavours” and special abilities.

Our cart will be highly visible and roam around our community (shops, beach/parks, residential streets) – going to the people.

Timing of activities should mean that we will run into youth, seniors, and others that are not engaged in 9-5 work.

Translations of materials and the cooperation of multi-lingual volunteers will facilitate understanding and prompt discussion with non-English speakers.

Collaborating organisation/individual	Role
Mairangi Bay School	Host cart activity session.
Rangitoto Kindergarten	Host activity session.

Demographics

Maori outcomes: • NA

Target ethnic groups: All/everyone

Promoting SmokeFree: We will establish our mobile cart as a smoke-free zone.
No one involved in providing the project will be smoking or smell of smoke during its provision.
There will be no images that promote or normalise smoking used in our materials.
We will collect discarded cigarette butts during our travels and display them as part of our “community service”.

Project: Harakeke Workshop

Location:	Mairangi Arts Centre, 20 Hastings Rd, Mairangi Bay, Auckland		
Summary:	We would like to offer a two day Harakeke (flax) Paper Making workshop free of charge for the general public. The workshop would be run by Judy the Hiwi (Kaipatiki Environmental Project.) The area where Mairangi Arts Centre operates affords very few opportunities for other ethnicities to experience, appreciate and interact with Tikanga Maori (in Mairangi Bay for example 80% of the population is European and 16.9% is Asian - source: 2013 Census Stat NZ Tatauranga Aotearoa) We would like to offer such an opportunity through the Harakeke workshop and to build on this with further Tikanga Maori focused workshops in the future.		
Dates:	25/11/2017 - 26/11/2017	Rain dates:	-
People delivering:	2 tutors	People benefiting:	20 participants

Community benefits

Identified community outcomes:

- *workshop participants will be exposed to Maori creative techniques and will have the opportunity to learn about Tikanga Maori.
- *other ethnicities would have increased awareness and respect for Tikanga Maori
- *Mairangi Arts Centre would be able to build on this interest in Tikanga Maori by offering further workshops and events in the future.
- *workshop participants will learn new, sustainable methods of artistic expression since materials used (harakeke) are renewable and plentiful.

Alignment with local board priorities:

Hibiscus and Bays

- artistic opportunities for our community
- opportunities for youth, seniors and migrants to participate

The Harekeke workshop will provide an opportunity for people from a wide range of age bands and backgrounds (particularly those new to NZ) to experience the satisfaction of learning new creative skills. They will have the chance to be 'hands on' and learn new techniques while at the same time interacting both with one another and with traditional Tikanga Maori.

Collaborating organisation/individual	Role
Kaipatiki Environment Centre Project	will supply workshop tutor (who will be paid)

Demographics

Maori outcomes: Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)
Kaitiaki Judy te Hiwi will impart her knowledge of Maori practices on how to care for harakeke (flax), how to harvest and dye it and then turn it into paper. Participants will gain an appreciation, not just of the steps involved to create paper from harakeke, but also of tikanga Maori.

Target ethnic groups: All/everyone

Promoting Smoke Free: Participants will be advised of the centre's smoke-free policy as part of the Health and Safety briefing at the start of the workshop.

No5 Squadron (Rodney District) Air Training Corps

Legal status:	Incorporated Society, Charitable Trust 217389 CC27894	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Variety of squadron activities and sports days

Location:	Hibiscus Coast and wider Auckland areas		
Summary:	To provide Rodney District and surrounding area youth with challenging and disciplined training activities to develop confident, responsible young citizens who are valued within their community. This will be useful in either Service or civilian life, and promote an awareness of the Armed Forces and the role they play in our community. We are a voluntary, disciplined, uniformed, training organisation for all young people. Our training emphasises personal development offering quality, nationally coordinated training programmes and courses which aim to foster a spirit of adventure and teamwork, and develop those qualities of mind and body essential for good citizens and leaders.		
Dates:	16/10/1917 - 01/12/1917	Rain dates:	-
People delivering:	9 volunteer officers and currently 67 cadets	People benefiting:	arise per activity but Omaha Marathon has 100's of participants

Community benefits

Identified community outcomes:

No5 Squadron (Rodney District) helps to provide a fair, safe and healthy community that supports a sense of well-being, safety and connection of our youth. We support our youth to aspire into further education and training opportunities, thus leading into skilled employment. We help to reduce crime amongst our youth and maintain fit, healthy, non-smoking young citizens within an inclusive Auckland society.

We succeed in this by providing the youth of Rodney and surrounding areas with direction, community values, and the life skills to be a good citizen.

Alignment with local board priorities:

Hibiscus and Bays

- youth education and training opportunities
- provide sporting opportunities and encourage the community to be more active in recreational areas

Project: CHRISTMAS CONCERT

Location:	Centrestage Theatre 60 Centreway Rd Orewa 0931		
Summary:	Age Concern Rodney put on an annual Christmas Concert for the elderly of the Hibiscus Coast which is run by volunteers. The performers are mostly local amateurs but some professional artists compliment the day. This Concert is a wonderful opportunity to give amateur local performing arts people experience. Mark Mitchell MP is the MC and various members of his family kindly perform. Free transport is provided if required and an afternoon tea is also provided. This is a highlight of the year for many of our members and local residents alike.		
Dates:	04/12/2017 - 04/12/2017	Rain dates:	-
People delivering:	50	People benefiting:	220

Community benefits

Identified community outcomes:

To provide an afternoon of entertainment and enjoyment for 220 local elderly and an opportunity to socialise and make new friends.

This often relieves loneliness and gives attendees something to look forward too / offers a variation of day to day routine.

This Concert is an opportunity to give something back to the local elder community for their support and loyalty to Age Concern Rodney

Alignment with local board priorities:

Hibiscus and Bays

- opportunities for youth, seniors and migrants to participate
- artistic opportunities for our community

Concert participants vary in ages from talented seniors to teenagers/youth. The Concert gives these people an opportunity to gain experience performing in front of an audience. The songs and music are such that the audience can sing along too.

This gives all an opportunity to participate and the participants/artists an opportunity to show their talents/ gain experience.

Summary:	Sending 18 athlete and 9 support people to the Summer National Games in Wellington to compete in Swimming, Tenpin and Equestrian events.		
Dates:	27/11/2017 - 01/12/2017	Rain dates:	-
People delivering:	27 Team Members	People benefiting:	More than 2200 athletes, coaches and team management will attend the Games

Community benefits

Identified community outcomes:

It is exciting to see our athletes advance to the level required to be able to participate in a national competition. Those who participate in this sort of event benefit tremendously from the experience. It offers them the opportunity to feel a sense of personal achievement in an environment where they are valued and accepted. Upon their return, these athletes encourage other athletes in their club and local community to strive to better themselves. Through the fundraising process, awareness about disability issues grows within the community, which often leads to additional opportunities for both participants and volunteers.

Alignment with local board priorities:

Hibiscus and Bays

- provide sporting opportunities and encourage the community to be more active in recreational areas
- youth education and training opportunities

Special Olympics International/New Zealand is a non-profit organisation that provides training, competition and social opportunities for people of all ages (8 years to late adulthood) who have intellectual disabilities. Our worldwide policy states that our sports people are to receive sporting opportunities at no, or very little, financial cost to themselves so as not to exclude any athlete on the grounds of financial inability. Special Olympics Hibiscus Coast was founded in 2009 in order to address the growing needs of athletes with intellectual disabilities throughout the Greater Rodney Area.

Project: Skills For All

Location:	HCYC - 214D Hibiscus Coast Highway		
Summary:	Skills For All is a project designed to build on real life skills for PHAB members to encourage a sense of empowerment, boost confidence and Independence, particularly for our members in the transition age group looking to live independently. Through the network of our social clubs members will use the library to check out cook books (build library skills), meal plan, create budgets, food shop and cook nutritious and tasty meals that will be shared with family, friends and caregivers to create a sense of accomplishment and pride in their newly learned or improved skills. PHAB believes the trust based relationships with other peers and staff with increase learning and engagement with the project.		
Dates:	02/10/2017 - 22/12/2017	Rain dates:	-
People delivering:	15	People benefiting:	45

Community benefits

Identified community outcomes:

Community engagement and participation for potentially vulnerable young people with disabilities. Communities that are more empowered to embrace diversity and increase inclusiveness in all capacities. More resilient communities that are socially connected and engaged, fostering a sense of belonging and place for youth and adults with disabilities.

Young people that are supported and have appropriate skills to build meaningful and full lives for themselves, including living independently and providing for themselves, whilst able to demonstrate their skills to their peers, and families.

Alignment with local board priorities:

Hibiscus and Bays

- youth education and training opportunities
- opportunities for youth, seniors and migrants to participate

The project targets youth education and opportunities to participate for people with disabilities through teaching real life skills. All PHAB services are fully accessible and offered at low prices to ensure they remain financially accessible for all, including those facing multiple level hardships.

Project: World Day of Remembrance for Road Crash Victims

Location:	Orewa Beach Reserve, Orewa		
Summary:	<p>This is an opportunity for families affected by road crashes, support organisations, emergency services and community groups to come together to remember those killed and injured on our roads and to thank those professionals who work to save lives. This event is part of the World Day of Remembrance, coordinated by FEVR.</p> <p>It will involve a short memorial service involving speeches and poems, creating small remembrance tokens to take away, and an opportunity to meet with other families, support orgs and emergency services. We will continue the tradition of lighting the Norfolk Pine tree on the reserve.</p> <p>This event has been held for several years. It was originally coordinated by Auckland Transport, Brake picked up coordination of it in 2016.</p>		
Dates:	19/11/2017 - 19/11/2017	Rain dates:	-
People delivering:	2	People benefiting:	We expect around 20-25 attendees, though there may be more, plus wider community awareness with organisations, community groups and the public

Community benefits

Identified community outcomes:

The event aims to:

- provide an opportunity for families affected by crashes to come together and remember loved ones
- provide an opportunity to thank emergency services for the work they do to try and save lives
- raise awareness with attendees and the wider community of the impact that road crashes have, where to access support if you're affected by a crash, and of local organisations that work with the community in this way.

Alignment with local board priorities:

Hibiscus and Bays

- provide opportunities for place-shaping and identify what contribution you are making to the project within the local board area
- opportunities for youth, seniors and migrants to participate

This event will provide an opportunity for local families and groups to continue the tradition of World Day of Remembrance in Orewa including the lighting up of the Norfolk Pine tree on Orewa Beach Reserve for the summer.

It will involve local people, local businesses, local community groups and local emergency services coming together to remember those killed and injured on roads.

It is open to everyone.

Project: Gulf Harbour School & Community Cricket Pitch

Location:	Gulf Harbour School, 65 Alec Craig Way, Gulf Harbour		
Summary:	<p>We would like to acquire a Flicx Artificial Wicket to be used by our school and also Hibiscus Coast Cricket Club and the wider community. Hibiscus Coast Cricket Club had a Year 5 level team last year who used Gulf Harbour School as their home ground - it would be great to be able to provide them with the necessary facilities to continue this and hopefully bring more teams to our school as their home ground.</p> <p>We would like to get this wicket in place for this summer season 2017/2018.</p>		
Dates:	01/11/2017 - 30/11/2017	Rain dates:	-
People delivering:	Suppliers and staff co-ordinators	People benefiting:	500 students/families and members of local/visiting cricket clubs

Community benefits

Identified community outcomes:

In 2016 with the support of Hibiscus Coast Cricket Club we were able to start developing cricket in our school. With almost 500 students this was a new sport for them and one that proved to be very popular. Not only did we have 3 cricket teams entered in competitions but Hibiscus Coast Cricket Club also used our school as a home ground for one of their teams. We would be able to open our school up to more teams and the community for use if we were able to get this wicket pitch.

Our school does not have a field big enough for a permanent pitch - so a mobile one can be stored over the winter months.

Alignment with local board priorities:

Hibiscus and Bays

- provide sporting opportunities and encourage the community to be more active in recreational areas
- youth education and training opportunities

At the moment the only cricket pitch to use in our local area is at Gulf Harbour Reserve - to have this facility within our school will benefit both our students getting active and learning new skills and also providing our local cricket club with a second home ground they can use for training and as a home ground.

It also opens up the opportunity for local families to come and get active outside of school hours after work and on weekends in the safe environment of the school.

Project: Returning community vitality through creativity

Location:	214 Hibiscus Coast Hwy, Stanmore Bay, Orewa 0931		
Summary:	<p>Creativity is a brilliant tool to raise levels of vitality, joy and purpose. Mapura Studios would like to implement a creative arts programme to enhance the health and well-being of local people living in poverty, suffering from depression, stress and anxiety.</p> <p>As President of the Rotary Club of Orewa I am constantly asked by local charitable agencies to support their vast numbers of clients struggling in their daily lives. As an Orewa resident I contract to Mapura Studios researching, writing and implementing creative programmes which have brought huge pleasure, pride and self-esteem to people, returning their vitality and creating happier communities. Mapura Studios would be delighted to implement programmes in Orewa, enhancing well-being in Hibiscus and Bays.</p>

Community benefits

Identified community outcomes:

Experience has taught us teaching people to understand and respect, themselves and others, through creative activity has a positively profound impact on enhancing community wellness and happiness. Individual, whanau and community pride is heightened when participants see their works exhibited for community enjoyment. Participants feel joyous learning they have value and worth. This brings purpose, pride and productivity to the artists which extend to their families. Creativity heightens cognitive development, academic achievement and social and economic innovation; it supports building communities where the creative talents of all people are used to foster personal, social and economic well-being.

Quarterly exhibitions by participants reflecting our community through creativity is positive community development delivered with huge fun.

Alignment with local board priorities:

Hibiscus and Bays

- artistic opportunities for our community
- opportunities for youth, seniors and migrants to participate

This project is valid and doable for all peoples living in our communities. Experience suggests that

creative activities are excellent for developing camaraderie and eliminating loneliness and isolation within communities. Participants grow to know each other and are encouraged to interact no matter the age, race and belief. Diversity opens up many avenues of conversations further educating those concerned sharing their experiences. These attributes strongly highlight the understanding and empathy toward the other, paramount in enhancing individual self-belief and confidence, giving them their own voice and the confidence to express themselves through it.

Promoting SmokeFree: The smoke free and health message could be reflected in the created works. There could be an option to arrange a Smoke Free Pasifika music event to perform at Estuary Arts when the project exhibitions are held. I have been fortunate to have worked with Shirley Allen of Maori TV (Whitiara Productions) and former manager of the Smoke Free music events.

Project: Spoken Word Poetry Workshops at local secondary schools

Location:	Secondary schools in the Hibiscus and Bays Local Board area		
Summary:	<p>Our project involves presenting 10 two hour, structured Spoken Word poetry workshops at secondary schools in the Hibiscus and Bays Local Board area. Each workshop will cost \$200 and will be attended by 20-30 participants. There will be no charge to the schools or the students.</p> <p>We aim to offer these workshops to Orewa College, Long Bay College and Whangaparoa College.</p> <p>In the last year we undertook 269 Spoken Word Poetry workshops across Auckland and engaged 4,715 young people.</p> <p>Spoken Word poetry is increasingly being recognised as an incredibly effective way to engage young people. Participants will be introduced to spoken word poetry, gain writing and literacy skills and build their confidence and self-esteem through self-expression.</p>

Community benefits

Identified community outcomes:

We use Spoken Word as a tool to engage young people in youth development. Many young people feel isolated, disengaged and disempowered. This creative process encourages them to engage on a level that other programmes often don't.

By attending our workshops participants will have been introduced to spoken word poetry, gained writing and literacy skills, built a little confidence and self-esteem through self-expression and had an interest in learning ignited.

These outcomes can only be of benefit to the communities in which these young people live. The feedback we get through our evaluation process tells us this will be achieved.

Alignment with local board priorities:

Hibiscus and Bays

- artistic opportunities for our community
- youth education and training opportunities

We run Spoken Word Poetry workshops for young people at local secondary schools. Spoken Word poetry is increasingly being recognised as an incredibly effective way for young people to reflect on

and share their experiences, express themselves and use their voice for change. Importantly the workshops are held in the communities in which these young people live and much of the output reflects this.

The workshops provide a somewhat unique “artistic opportunity” for these young people. For many it will have been the first time they will have written performance poetry and presented their own work in public.

Amount requested: \$2,000.00

Requesting grant for: We are requesting funding for \$2,000 being the total cost of facilitating the 10 two hour spoken word poetry workshops. Each workshop costs \$200 and will be facilitated by either one of our youth worker/poets or a poet from the South Auckland Poets Collective. We can only undertake these workshops if they are fully funded.

If full amount requested is not able to be funded:

As each workshop costs \$200 then multiples of \$200 would be good for us thanks

Cost of participation: There is no cost to the students or schools

Project details

Project title	LiteClub Hibiscus and Bays		
Dates	01/08/2017 - 31/10/2017		
Location	Orewa Tennis Club (Victor Eaves Park, Orewa), East Coast Bays Rugby League (Woodlands Cres, Browns Bay), Pupuke Golf Club (East Coast Road, Campbells Bay), Manly Bowls Club (56 Laurence St, Manly, Whangaparaoa), and Red Beach SLSC & Squash Club (Ngapara St, Red Beach).		
Summary	<p>Our team will visit each club to install energy efficient light bulbs, hot water cylinder and pipe insulation, water-saving devices and a waste minimisation programme. Our Sustainability Adviser assesses the building looking for efficiency opportunities beyond the immediate changes we make, for example, heating, ventilation, and appliance efficiency. These ideas are then turned into an Efficiency Action Plan (EAP), which sets out a list of specific actions that the club could take to further reduce their environmental impact and running costs. We also reach out to club members by installing posters and light switch stickers to inspire club members to take the same positive actions at home. We offer support and advice to clubs on an ongoing basis.</p>		
Focus specific information	<p>Environmental benefits: Less pressure upon national electricity, water and landfills systems; reduced carbon dioxide emissions from electricity generation; reduced methane emissions from compostable waste; decreasing consumption of heavy impact materials and non-reusable/recyclable packaging; improved reuse of materials.</p> <p>The environmental benefits are first realised at the implemented clubs and then at club members' homes in the wider community as members are encouraged to adopt sustainable practices, as seen at their club.</p> <p>Community involvement: Sports clubs, national and regional sports organisations (for example Squash Auckland), Harbour Sport, and club members and officials.</p> <p>Land owners: The nominated sports clubs register for LiteClub on our website and in doing so they enter into a contract, which gives LiteClub permission to implement the LiteClub programme at their club.,</p>		
Requesting grant for	So far, we have received \$8,335 towards the general costs of the implementation from Auckland Council's RENH grant. In this application we request that Hibiscus and Bays Local Board consider funding the shortfall of the project. The costs include salaries, materials installed at the club, administration costs, travel costs, and promotion.		
Cost of participation	None.		
Active participants	2,200	Audience size	2,200
Promotion	Yes - We will recruit clubs with the help of Harbour Sport and various regional sports organisations for example Squash Auckland. We will promote the community and environmental benefits of LiteClub by sending media releases to		

	news media and posting photos and stories on social media and on our website.
Local board recognition	We will send a media release to news media acknowledging Hibiscus and Bays Local Board's support, plus we will thank Hibiscus and Bays Local Board for their contribution to this project on social media and include the Auckland Council logo on the funders section of our website and brochure.
Reason for the project	The demand for LiteClub is huge: 148 clubs registered and are waiting for our service. Community sports clubs are facing difficult financial times. Many are experiencing membership decline, decreasing profits from bar facilities, and club operating costs are rising. Leading scientists conclude that we're depleting Earth's resources faster than nature is able to replenish them. LiteClub is measuring genuine impact reductions by reducing electricity consumption and emissions from waste sent to landfills. We are not aware of a comparable service giving free and independent expert advice on clubs' efficiencies.
Community benefit	By implementing the five Hibiscus and Bays community sports clubs approximately 2,200 club officials and club members will be exposed to our messages. We believe these people and their clubs will benefit in terms of: Improved infrastructure for community sport; reduced electricity, water and waste disposal costs for clubs; improved human health and safety; improved aesthetics and functionality; enhanced 'feel good' via Litefoot Ambassadors inspiring change; enhanced cultural awareness of sustainability issues; increased awareness and uptake of electricity, water and waste minimisation practices.
Alignment with local board priorities	<ul style="list-style-type: none"> - Provide sporting opportunities and encourage the community to be more active in recreational areas. <p>Liteclub works with community sports clubs, supporting their busy volunteers in lowering their running costs and environmental footprints - win win.</p> <p>LiteClub helps reduce overhead costs of community sport facilities, enabling clubs to spend more on sports, thereby lowering barriers to participation, encouraging an active and healthy lifestyle; LiteClub physically improves clubroom facilities - they are warmer, dryer and healthier places for communities to gather as well as being more efficient.</p>

Project details

Project title	Matching adult male volunteer mentors with fatherless boys		
Dates	30/04/2017 - 01/05/2018		
Location	39 Robertson Rd, Avondale, Auckland		
Summary	Our coordinators recruit, screen and train men to be long-term volunteer mentors for fatherless boys. A robust screening process ensures they are emotionally healthy and safe to be in sole care situations with young boys. Each Big Buddy then spends several hours a week with his Little Buddy.		
Requesting grant for	Laptop computers and part salary for our volunteer coordinators.		
Cost of participation	No. Participation is free.		
Active participants	600	Audience size	600
Promotion	Yes - Pamphlets, website, Facebook, TV and newspaper advertising.		
Local board recognition	Acknowledged on our website and Facebook.		
Reason for the project	We maintain a database of Little Buddies waiting for a match. We currently have more Little Buddies waiting than Big Buddies in training. The Census shows 52,500 boys aged 7-14 living in single parent households. We estimate 8,000 will be truly fatherless – boys who have no on-going contact with an adult male.		
Community benefit	Boys with a mentor do better at school and are better adjusted and prepared for their role as an adult male. With a good role model, they learn what it means to be a good man. This creates well-adjusted men who are an asset to their community.		
Alignment with local board priorities	Hibiscus and Bays
