Local Board Plans
2017-2020
Event Feedback**

No of Attendees	Event
13	Thursday, 1st June 2017 - ORLB HYSE - St Chad's Church Community Hall (5pm-6.30pm)
Topic	Comment
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	The new bus service is good.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	The trains are good.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Support the Auckland Transport Gowing Drive feeder link connection
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Will not use public transport until there is a reliable, regular and affordable service provided. Still using car as primary mode of transport as public transport is too unreliable and expensive.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Don't agree with reducing road space for cycleways and bus lanes
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Prefer to cycle as mode of transport and would do so more if there it was safer to do so on the busy roads. Won't use bike on a busy road as too dangerous and would use more dedicated cycle lanes.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Not sure if need another train station in Pourewa Valley as this may slow the service down and not enough people using trains at the moment to warrant it. Where would people park and how will they get to the train station?
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Too many traffic lights. Do not agree with AT installing traffic lights instead of a roundabout at the Grand Drive/Abbotts Way. AT gave too much consideration to cost, cyclists and pedestrians in its decision. Crossing was made to be wheel chair friendly but haven't seen anyone in a wheel chair using the crossing as the footpaths in the local board are in poor condition.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	Silo-isation is an issue i.e. Tahuna Torea will work better if there is a caretaker at the reserve
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	Orakei is a very significant area, unique – we could work with Ngati Whatua to have some nice signage welcoming you to Orakei.
Q3 We propose to place more emphasis on restoring and enhancing our natural bush area and waterways. Do you support this proposal	The rubbish on our beaches is a concern. A lot of residents now take plastic bags on walks to pick up rubbish - we shouldn't have to do that.
Q3 We propose to place more emphasis on restoring and enhancing our natural bush area and waterways. Do you support this proposal	The LB should be advertising more opportunities for the community to get involved in looking after parks and streams.
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	There are problems with the shared cycleway, AT & NZTA are responsible. Can Auckland Council add more weight to get these problems resolved?
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	Duplication of resources is a waste of money
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	What communications does the Orakei LB have with other LBs? How do we bring information across the boards? How much is the Orakei Local Board working with its surrounding boards on overlapping projects / issues? Appears to be little integration between Boards.
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	The quality of water on our beaches is important to residents. It is not acceptable to be told not to swim after heavy rainfall. Lobby Watercare and Council to get drains sorted out.
Q5 Do you have any further comments about our draft local board plan	One of the main tensions in Auckland is that it will grow denser - is there an Auckland wide survey of the needs for parks?
Q5 Do you have any further comments about our draft local board plan	Board's aspirations are similar to Ngāti Whātua's
Q5 Do you have any further comments about our draft local board plan	A good job has been done on the LB plans; a lot of work goes into these documents.
Q5 Do you have any further comments about our draft local board plan	As residents we are happy with the Parks in our area.
Q5 Do you have any further comments about our draft local board plan	Facilities like St Chad's Church are underused. Can the Meadowbank Community Centre use this church facility?
Q5 Do you have any further comments about our draft local board plan	Often rubbish bins are full – it would be good to get these emptied more often, particularly in Mission Bay.
Q5 Do you have any further comments about our draft local board plan	We need bigger rubbish bins – a lot of pizza boxes don't fit into the bins so are left next to the bins particularly in the St Helier's area.
Q5 Do you have any further comments about our draft local board plan	Can we have a notice on the bins to say please call/text Auckland Council if the bin is full?
Q5 Do you have any further comments about our draft local board plan	It is impossible to park at Orakei Station after 9am. It is fine after 4pm. There are other people coming from other areas to park here. The car park is not big enough – it is fine at the weekend.
Q5 Do you have any further comments about our draft local board plan	A transport system like in Kyoto would be fantastic.
Q5 Do you have any further comments about our draft local board plan	We are lucky to live in NZ and particularly this area.
Q5 Do you have any further comments about our draft local board plan	AT should model the public transport system in Melbourne in that buses run in different directions to trains and fill in the gaps and serve as feeders to trains. Here in Auckland currently buses run alongside train routes.
Q5 Do you have any further comments about our draft local board plan	Cycle lanes would move more efficiently if cyclists travelled in one direction only instead of head on. Example: On Tamaki Drive, a cycle lane on the railway side could be used for commuting to the city, and a cycle lane on the sea side for cycling from the city.

Topic	Comment
Q5 Do you have any further comments about our draft local board plan	High incidence of container trucks using Tamaki Drive to go to the Ports and should be made to use the motorway.

No of Attendees	Event
6	Wednesday, 7th June 2017 - ORLB HYSE - St Helier's Community Centre (5.30pm-7.30pm)

Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	We have a lot of good sports fields but what about skate-parks? Can we have a skateboard facility near the Men's Shed?
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	St Heliers Croquet Club flooded 3 times this year. It was a lake in the morning and we play in the afternoon.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	I like the idea that parts of Tamaki Drive could be blocked off. Say in the weekends, so you could have a meal on the beach.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	How do we ensure that our town centre offers a diverse range of facilities? We don't want a row of banks or real estate agents. It's about having a good mix.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	I would like to know more about the rules of working from home. Is there a by-law limiting the amount of people to working from home? We need to encourage this, it would reduce traffic, and people would use the facilities offered in their neighbourhood.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	There is a demand for services at St Heliers, not enough shopping pressure; this could change if better parking. St Heliers has to compete with shopping centres.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	How can we offer more office space in St Heliers town centre?
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Walkways appear to be not well utilised – waste of money
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	The walkways are used regularly
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Enjoy the walkways – sense of beauty and they encourage people to get outdoors more and exercise.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Would like to see more of the walkways interconnected particularly around the waterways.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Gowing Drive - would cut down on before and after school traffic for students of Selwyn and St Thomas schools as they could use the Gowing Drive
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Feeder link to walk to and from school instead of being driven
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Support provision of more bike lanes – more likely to bike on bike lanes than roads
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Support a dedicated cycleway on Tamaki Drive - Do not see pedestrians/cyclists sharing path safely and successfully
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Do not support bike lane on both sides of the roads at the expense of car lanes
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Need to sort out public transport – will not use PT until Auckland has a much better public transport system
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Against the loss of some key bus routes in the local board area due to the new bus network plan
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	The local board has a large number of elderly who rely on some of the local bus routes which will be removed and alternative bus routes are too far for a lot of them to walk to
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	The Long Drive Bus is well patronised and if this is cut will discourage people using public transport as no nearby alternative. Will affect Selwyn College school students.

Topic	Comment
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	When there is major changes to bus routes, it gets people out of the habit of using PT which defeats the purpose.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Doesn't use the Orakei Train Station as the carpark is full by 7am weekdays
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Support trial of loop buses
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Against the potential loss of road parking on that section of road in Mission Bay. This is a popular recreation area.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Tamaki Drive is getting busier – support extending the path out to widen the road
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	We need to be forward thinking - we will work 6 hours a day 4 days a week, we should not have a pay cut. Technology will wipe out a lot of jobs.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	Lonely miaow does volunteer work - rescue stray cats. We picked up 12,500 stray cats in 1 year.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	We are interested in heritage. I am disgusted by what's happened in Turua Street.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	We need more parking in St Heliers.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	I would like to know more about the routes and linkages for local centres in this area. Loops joining up with loops - only needs to be a small bus.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	Would use the train if there was more car parking facilities at the train stations
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	AT needs to build better infrastructure to support public transport such as park and rides, increased parking available and look at other ways to transport people from home to trains.
Q3 We propose to place more emphasis on restoring and enhancing our natural bush area and waterways. Do you support this proposal	Waiatura reserve - what's happening? There is an issue with the management of the silt traps; it is a major stormwater area. It is Council's responsibility, it's a wonderful area.
Q5 Do you have any further comments about our draft local board plan	Is the Board working closely with Simon O'Connor? Should have strong links between Council and Central Government
Q5 Do you have any further comments about our draft local board plan	Having a motorway link close to Pourewa seemed sensible
Q5 Do you have any further comments about our draft local board plan	Further work on 'new' transport plans - planning is taking too long - possibly 60 years or planning before we will see a new harbour crossing
Q5 Do you have any further comments about our draft local board plan	Madills farm, where the old petanque used to be near the creek, every time it rains, there's flooding
Q5 Do you have any further comments about our draft local board plan	Keep Dingle Dell as a wild bush
Q5 Do you have any further comments about our draft local board plan	Support for the responsible ownership of cats. Cats should be recognised as a pest. Bylaw cats should be inside during dusk to dawn. Should be microchipped. Very difficult but doing what we can. People should be licensed before they can own an animal. Test of how to be a responsible owner of a certain animal.
Q5 Do you have any further comments about our draft local board plan	Request for funding as the croquet club needs a new lawnmower.
Q5 Do you have any further comments about our draft local board plan	What's happening with Tahuna Torea?
Q5 Do you have any further comments about our draft local board plan	There is a move towards people not owning their own cars, phone up for self-drive car, like uber.
Q5 Do you have any further comments about our draft local board plan	We don't want St Heliers to become like Mission Bay.
Q5 Do you have any further comments about our draft local board plan	Do not support installation of traffic lights at the Ngapipi Road/Mission Bay intersection
Q5 Do you have any further comments about our draft local board plan	Ngapipi traffic lights will cause a backlog of traffic in peak hour for commuters driving to and from CBD along Mission Bay
Q5 Do you have any further comments about our draft local board plan	Have submitted feedback/complaints using the 'contact us' link but AT does not respond
Q5 Do you have any further comments about our draft local board plan	Used it once but AT's response back was for something completely unrelated to the issue raised
Q5 Do you have any further comments about our draft local board plan	What is the likelihood of a ferry service in the OLB area?

No of Attendees	Event
10	Thursday, 22nd June 2017 - ORLB HYSE - Leicester Hall, Ellerslie (5.30pm-7.30pm)
Topic	Comment
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Traffic safety concerns: The light phasing - it would be helpful to turn off the left-hand turn up Ladies Mile by Marua Road. Shops along Marua Road have angle parking which makes it very dangerous for people backing out as there is limited traffic calming and people drive at speed. On Marua Road there is a Council garden on the berm that requires cutting back as people cannot see when reversing out of drives.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Support a pedestrian crossing by Mexico on the corner of Ladies Mile
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Feeder buses and loop buses - we need the frequency to be able to get the numbers to maintain the service.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	There is a walkway under the motorway from Gavin St to McNab St. The access from Gavin St is through Transpower property which is no longer used. We would like to see Auckland Council purchase or get permission to use the land for people to have as a linkage and walkway.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Does not support the new bus network - believes more people in Ellerslie will drive into the city and Newmarket, putting a lot more cars on the road.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Supports more cycling and bus links
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Supports retaining open space as the city intensifies. Good to have sports parks to use but also need general open space for people to use recreationally.
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Is there an appetite for schools to use sports fields in the week when clubs are not there?
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Support having a Pony Club with public access like the one at Meadowbank.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	Celtic Crescent - needs traffic calming measures as people are speeding and many cyclists and children especially by the kindergarten
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	Support an increase in red light cameras, especially by schools. It would be very welcomed by Ellerslie Primary School.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	We need more regular parking wardens in Ellerslie to stop people taking advantage and over-staying in the short-term parking
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	The potential land that Transpower own but don't use, could also provide parking. This will be much needed when the Parking Strategy comes into effect and takes away many parking spaces for East Aucklanders
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	Supports private/public partnerships, but how are they delivered? Would like to see schools be included.
Q5 Do you have any further comments about our draft local board plan	Shop keepers in Ellerslie are 50/50 split on whether they want parking to remain in the outer residential streets.
Q5 Do you have any further comments about our draft local board plan	Ballarat St - Lunn Avenue is congested and needs to be looked at to be made safer for cyclists and walkers
Q5 Do you have any further comments about our draft local board plan	Would like to share the land the Pony Club occupy with Ngāti Whātua.
Q5 Do you have any further comments about our draft local board plan	Concern as to why a Councillor from a Western Ward can have the deciding vote when they do not know the community. Would like to know what they can do to try and get the decision over-turned.
Q5 Do you have any further comments about our draft local board plan	Worried that the wider community are not aware that the Pony Club will not be in the area next year.
Q5 Do you have any further comments about our draft local board plan	Would like reassurance that the land they currently occupy will not go back to private and not be maintained.

No of Attendees	Event
9	Thursday, 22nd June 2017 - ORLB HYSE - Youth Engagement
Topic	Comment
Q1 The funding available to us may change after Auckland Council's 10 year budget is adopted in June 2018. To help us prioritise, please tell us your top five projects and priorities from our draft local board plan	Local parks and open spaces: Support
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	Positivity.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	I feel like it is important for the areas they are improving to be safe to walk.
Q2 What is the one thing you think is missing in the Orakei Local Board area which you feel is extremely important for the future	More public transport and protect wildlife by putting fences around the roads near parks.
Q3 We propose to place more emphasis on restoring and enhancing our natural bush area and waterways. Do you support this proposal	As long as its good.
Q3 We propose to place more emphasis on restoring and enhancing our natural bush area and waterways. Do you support this proposal	Agree
Q3 We propose to place more emphasis on restoring and enhancing our natural bush area and waterways. Do you support this proposal	They should make the waterways cleaner and have better access and be safe at night (lights)
Q3 We propose to place more emphasis on restoring and enhancing our natural bush area and waterways. Do you support this proposal	I want to make sure that the trees and animals are safe
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	As long as its good.
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	Not sure
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	Not sure
Q4 We are looking for innovative ways to fund large development projects by partnering with the private sector and other agencies. Do you agree with this approach	More safety in playgrounds and more parks like skate parks.
Q5 Do you have any further comments about our draft local board plan	More entertaining parks like mini water park and fix broken roads or streets.
