Project: Rangatahi Season 2018

Location:	Te Pou Theatre, 44a Portage Road, New Lynn 0600		
Summary:	Rangatahi 2018 is a ten-week presentation programme that aims to make a meaningful difference to the development of emerging practitioners in the Auckland performing arts sector. Between February and April, ten companies of emerging artists will be brought together to form a whānau who will learn together and support each other as they present their early works at Te Pou. Promotional support and producing mentoring will also be provided. This activity delivers a well-supported platform for recent performing arts graduates and emerging practitioners to learn to present their own works that align to our strategic values of manaakitanga, whakapakari and whanaungatanga to fulfil our purpose; making a necessary difference to the emerging artists and their work.		
Dates:	05/02/2018 - 15/04/2018	Rain dates:	-
Active participants:	70	Audience size:	1200

Community benefits

Identified community outcomes:

- Creating an environment for Auckland's emerging artists as they move into the industry, so that they are supported by working professionals and their peers.
- Through creating an accessible and values driven environment for emerging artists, we will also be making a space for new, quality New Zealand work to be created.
- Diversifying the voice of performing arts in Aotearoa
- Developing an inclusive arts development model unique to Aotearoa based on tikanga Māori.
- As New Lynn develops and becomes independent from the CBD, this project encourages the development of Whau-local art, and encourages outside companies to bring projects into New Lynn.
- Engaging directly with local institutions such as PIPA and Excel to support them and to promote local emerging artists work.

Alignment with local board priorities:

Whau

- Whau's local arts, cultures and heritage are cherished
- great local communities across the Whau

As hosts of the project, we will be actively contributing to the presence of the arts in the Whau community. We will prioritise Māori and diverse works in our selection process, reflecting the varied voices of the Whau community. This encourages the participation of the community in the arts, as by sharing a wider variety of voices, we are expanding the audience that these stories appeal to.

Through this season, we work towards the development of creative businesses by working with emerging companies to develop professional processes within their new organisations and encourages the development of future, high-quality, professional work.

Collaborating organisation/individual	Role
Ngā rōpū o Rangatahi	We will have 10 emerging theatre companies taking part in the season. These groups will be selected in September/October 2017.

Demographics

Māori outcomes:

- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)

Mātauranga and Tikanga Māori is central to the way we do our mahi and the way we work with people.

The values of manaakitanga and whanaungatanga inform the experiences our programme provides for our artists.

Manaakitanga we enact as the encouragement and uplifting of an individual's mana - the way we engage with artists, the acknowledgement and respect of an individual's mana, and being aware of opportunities for growth that we can offer to encourage their personal power.

Whānaungatanga we enact by striving to create whānau based relationships with and between our participants.

These are values that we will actively be teaching to our Rangatahi via hui during this process, and through the sharing of our production models.

Financial information

Amount requested: \$2000.00

Requesting grant for: Rangatahi Season 2018 Programme printing - \$2000.00.

This is of major importance to the marketing of the season. This is the only piece of marketing that advertises all projects in the season collectively. Ruia Taitea would take responsibility for distributing this as opposed to individual posters and flyers. This also encourages the groups to collectively market and is an example of activating whānaungatanga within the Rangatahi groups. It has also been noted that manuhiri to Te Pou most frequently ask for printed brochures over any other marketing avenue.

If full amount requested is not able to be funded:

Project: To Support the Well-being of families with Bronchiectasis

Location:	Kelston Hub		
Summary:	To support and encourage parents who have children with Bronchiectasis, who continuously sacrifice their time to take care of their sick children sometimes at the sacrifice of the rest of their family. I would like to encourage well-being and healthy initiative where parents can get pampered with a light supper, whilst relaxing and sharing their burdens with one another. This include either facials, pedicure, manicure, some things that they have little time for. These parents look after their children continuously and we would like the opportunity to look after them. Children with Bronchiectasis proportionately are Maori and pacific families living in poor and cold housing. Considering inviting other people from companies like Fono or Waipareira, to hear the peoples voices

Project: German Christmas Market Green Bay

Location:	1 Barron Drive, Green Bay, Auckland 0604		
Summary:	The German Christmas Market was previously organised by the German Playgroup on a volunteer basis. Since 2016, the playgroup was no longer able to organise this event and therefore the Green Bay Community House (GBCH) took over organising this event with a group of volunteers (adults). This year, we wish to employ local youth as casual staff to assist us with the production of the event, allowing youth to get involved and gain work experience. The income generated from this event is a fundraiser towards the implementation of future place making projects at the Green Bay Community House.		
Dates:	25/11/2017 - 25/11/2017	Rain dates:	25/11/2017 - 25/11/2017
Active participants:	3 community house staff members, the chair of the GBCH Committee and the 6 casual youth staff members	Audience size:	300-600 people throughout the day

Community benefits

Identified community outcomes:

We would like this event to not only be organised solely by the GBCH, but also to be organised and run by members of the community.

We are looking for youth leaders to participate in current GBCH place making initiatives and future projects with the goal of increasing engagement with future place making projects. We would like the community to benefit from the money raised at the event and thus invest the income from the event into future community led projects.

Alignment with local board priorities:

Whau

- great local communities across the Whau
- 20 minutes by walking, cycling and public transport

We are supporting our youth to gain work experience and confidence in a supportive and safe environment close to their home. We engage youth and their families in the community and are enabling them to play an active role in shaping the development of their neighbourhood and community. The event is attended by many members of the Green Bay community who can walk to the event.

Summary:	The Green Bay Unicycle Club was established in 2013. The club gives participants the opportunity to participate in a growing sport in a supportive environment. It is a place for young people to engage with each other and for older participants to pass on skills in a mentoring capacity. We would like to bring young people of the Whau area together and also allow them to take up a sport that may help them transport themselves locally.

Community benefits

Identified community outcomes:

The Green Bay Community House recently celebrated the four year anniversary of its after school Unicycle Club which was established in 2013 by Victor Chateau, and his younger sister Marie, then 15 & 13 years old, both supported by their mum, Claire Chateau. The club is now run by young Kelston local Shaun Limmer, 19, and he is joined by Chris Huriwai of Hippo Unicycles - a popular and well regarded group of Unicyclists who are about promoting the sport throughout New Zealand. Kids involved in this group get to participate in a sporting activity that they enjoy and are able to build confidence to get them around on a Unicycle as an alternate means of transport.

Alignment with local board priorities:

Whau

- great local communities across the Whau
- 20 minutes by walking, cycling and public transport

Our Unicycle Club brings together children from across the Whau region including New Lynn, Blockhouse Bay, Avondale and Kelston. The club participates in local whau based events. We want to encourage young people to consider using Unicycles as a mode of transport, as a means to travel to school or after school activities also.

We are a diverse community who volunteer our time, energy and efforts to create a unified and thriving community for our children through Ponsonby-Kelston rugby. Local kids playing local sport is important for families and creating a community of committed people is crucial to that.
