### Project: Outlook for Someday Free One-day Film-making Workshop - General

<b>Location:</b>	West Auckland - Ceramco Park

<b>Dates:</b>	01/02/2018 - 31/05/2018	<b>Rain dates:</b>	Not applicable
<b>Active participants:</b>	10	<b>Audience size:</b>	25

### Community benefits

#### Identified community outcomes:

The Outlook for Someday film challenge and film-making workshops challenge young people to take the medium that confronts them daily and turn it to their advantage by making films that ask important questions of themselves, their peers and their community. Film-making is a collaborative activity which means that the very making of a film affects its community.

Participants in The Outlook for Someday are challenged to consider our future as a society, our impact on our surroundings and how we as a community might move forward.

#### Alignment with local board priorities:

- promote youth well-being
- support people to connect with nature or adopt environmentally responsible lifestyles

The Outlook for Someday one-day sustainability film-making workshop offers young people the opportunity to experience film-making from beginning to end. There's nothing quite like following an idea from its conception to screening it before an audience. While not all participants in the workshops go on to submit films to The Outlook for Someday film challenge, we know there are plenty who take the ideas and concepts explored on the day into their creative lives. For this reason, we believe that our workshops fill a valuable role in the communities we go to.

### **Project: The New Zealand Dance Company Youth Engagement Programme Delivery**

<b>Location:</b>	Waitakere Ranges		
<b>Summary:</b>	NZDC's Youth Engagement Programme offers schools in the Waitakere Ranges area an opportunity to experience world-class performances and workshops delivered by our professional contemporary dancers. The programme is designed to open up a new pathway and teaches life skills to students such as values of responsibility, teamwork, discipline, communication, collaboration and creativity. With financial assistance from the Waitakere Ranges Local Board, we strive to eliminate the cost barrier of delivering our highly educational and beneficial programme to schools in the Waitakere Ranges area. By targeting low decile schools, we wish to make arts accessible to all.

### **Community benefits**

#### **Identified community outcomes:**

We encourage inclusiveness through our engagement in schools and the community by empowering young people to stay fit and healthy, and develop life skills. Cost of transport and attending performances in theatres is often prohibitive for schools, so bringing our workshops and performances directly to schools provides equal access to students so that everyone can enjoy the benefits of confidence, collaboration and connectivity. Our professional dancers are highly skilled in teaching and supporting life-long learning through dance - a transformative and positive influence in young people's lives that instils a sense of discipline, joy, trust, motivation, inspiration, responsibility and identity. We believe that these sectors of our community deserve high quality experiences that positively impact them.

#### **Alignment with local board priorities:**

- local arts and events that recognise our inspiring settings and unique character
- promote youth well-being

Arts and culture is the fabric that binds community together, providing vital support and guidance in fostering confidence, sense of identity and expression in our young people. Our workshops are beneficial both mentally and physically, empowering young people to increase their life skills, offering tools to build responsibility, reliability, team work, empathy to others and discipline. For many young people, dance is a whanau and instils a great sense of belonging and confidence in what they can contribute to a team – valuable skills for employment. We open up new skillsets to students, encouraging values of communication, collaboration and creativity.

**Promoting SmokeFree:** Breath is vital to life and vital to dance. Our dancers are excellent role models to students and demonstrate the connection between health and happiness in our post show Q & A sessions.

Our dancers will explain how smoking negatively impacts on fitness levels to the young students in the workshops. We will also happily take on any advice from Auckland Council workers on how we can best promote smoke-free messages.

## Financial information

**Amount requested: \$1500.00**

**Requesting grant for:** We are requesting funding towards the costs to create, rehearse and deliver the Youth Engagement performances and workshops delivery in this area. This funding will go towards the direct delivery costs, which includes dancers salaries, artistic teams salaries, transport to the schools and rehearsal space hire. The cost to run the Company each week is \$28,000.

**If full amount requested is not able to be funded:**

Any amount would be helpful in the costs of delivering our workshops and performances to local schools. We would like to keep the costs to schools as low as possible in order to make our work accessible to all. Each performance and workshop delivery takes a day of the company's time to deliver, plus approximately one week of management time to liaise and plan.

**Cost of participation:** \$5 per head for the performance, and \$250 for the workshop. But we vary this cost dependant on the schools finances-, and often provide free performances if the schools arts budget is minimal - frequently the case.

### Project: Lucinda Community Orchard Development Project

<b>Location:</b>	Behind 6 Lucinda Place Glen Eden		
<b>Summary:</b>	The continued establishment of an organic, regenerative community orchard and perennial food forest. There are now around 40 fruit trees planted and we are seeking to next plant a perennial herb, berry and vegetable layer beneath this. It is an open space and anyone can have access and is designed not only for food growing but a recreational and educational community space. Groups are held there for mental health clients to learn gardening and we are in discussion with local school to assist with creating signs.		
<b>Dates:</b>	24/09/2017 - 23/09/2018	<b>Rain dates:</b>	Not applicable
<b>Active participants:</b>	6	<b>Audience size:</b>	200

### Community benefits

#### Identified community outcomes:

Access to free organic produce for the community.

Learning opportunities with free workshops with an emphasis on local food security. Plans are underway for a grafting workshop and another for foraging for medicinal and edible plants. We have a Maori woman healer who has committed to doing a workshop sourcing traditional Maori healing plants and how to utilize these.

Creation of an ecosystem and wildlife habitat

Beautiful recreational space

Engaging local schools to assist with creating signage and to utilize the space to teach children perennial food growing and foraging.

#### Alignment with local board priorities:

- support people to connect with nature or adopt environmentally responsible lifestyles
- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong

Teaching the local community to grow their own food without chemical additives, contribute green waste to the worm farm instead of landfill, teach composting, tree grafting. The orchard provides a calm and peaceful recreational space and as it borders on stream restoration projects people learn about stream protection and native planting

Safe environment for local community people to come and contribute to a grass roots community project. Mental health clients are working in the orchard as part of their recovery and working bees are held every 3 weeks. An open invitation to attend, volunteers are welcomed and their input valued.

### Project: Waitakere White Ribbon Campaign

<b>Location:</b>	Glen Eden		
<b>Summary:</b>	White Ribbon is an international campaign designed to reduce family violence and raise awareness. The Waitakere White Ribbon campaign will involve a series of free community BBQs across West Auckland which will be hosted by local support agencies. The purpose of the BBQs will be to engage with our community around issues of family violence, and to foster positive relationships between the community and local support agencies. We will also be hosting an event at Hoani Waititi Marae so that Maori can come together to confront these issues.		
<b>Dates:</b>	20/11/2017 - 25/11/2017	<b>Rain dates:</b>	None identified
<b>Active participants:</b>	15	<b>Audience size:</b>	400

### Community benefits

#### Identified community outcomes:

- Raise awareness about family violence. New Zealand has some of the worst family violence rates in the world, but it is often viewed as a private issue that happens behind closed doors. We want to raise awareness about family violence so that we can begin to confront it.
- Promote healthy relationships which are violence-free. Too many members of our community are in relationships characterised by fear and abuse, and a large number of children are growing up in these households. We want to change this by promoting respectful, loving relationships.
- Raise awareness about local support agencies. There are a number of agencies that are working to improve whanau wellbeing, and we want to build positive relationships with our community.

#### Alignment with local board priorities:

Waitākere Ranges

- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong
- promote youth well-being

Family violence is an issue which has a negative impact on the well-being of our community and can make people feel unsafe, devalued and isolated. Family violence can also be seen to impact on youth well-being, as many young people in our community have grown up surrounded by violence and may themselves be in unhealthy relationships. Our events will aim to address the harms of family violence which can therefore be seen to support the above priorities.

## Demographics

### Māori outcomes:

- Māori involvement in the design/concept

For the past two years we have hosted a White Ribbon Open-Mic Night at Hoani Waititi Marae. The event provides a forum for Maori to come together and talk about issues around family violence in a way that is culturally relevant. This year we are hoping to host a wananga at Hoani Waititi Marae during the day followed by the Open-Mic Night in the evening. The events at Hoani Waititi Marae are particularly important as Maori rates of family violence are even higher than the general population. These events will be led by Hoani Waititi Marae with support from Maori agencies, WAVES Trust, Community Waitakere and the wider Waitakere White Ribbon Committee.

**Target ethnic groups:** All/everyone

**Promoting SmokeFree:** All of our events will be smoke-free
