

### COMMUNITY FACILITIES

#### This month

299

requests for services were received. The top categories for these were: tree maintenance, litter bin emptying and plumbing.

Tree maintenance: most requests at Churchill Park (2)

Litter Bin emptying: most requests at Churchill Park (4)

Plumbing: most requests at Mission Bay (7)

#### Next 2 months

##### Electricity Procurement

Auckland Council electricity contracts are due to expire at the end of this year for large sites and June next year for smaller sites. We are therefore going out to market as a collaborative procurement along with Auckland Transport and Water Care and possibly Panuku Development Auckland. This will be broken down as three sets of sites.

- Large sites (time of use) — libraries, leisure, corporate accommodation
- Small sites (non time of use) — community centres, changing rooms
- Street lighting (Auckland Transport only). We are also including SMART procurement requirements into this with environmental and social requirements and targets. This is being run by Auckland Transport and Auckland Council's Procurement team which will be submitted to the Strategic Procurement Committee for approval.

#### Work programme

##### Shore Road - Design and consent for car park improvements, shared access way

Investigation into site measurements and the extension of the car park to the current tree line is in progress. Draft drawings, confirmation of what is feasible in regards to the level of car park that can be achieved, and a high level costing are expected to be ready for the board in November.

##### Shore Road Reserve eastern car park development

This is now fully consented and is with the Project Delivery team for tendering. Physical works are expected to begin before Christmas and be completed by February.

##### Aramarama Millennium footbridge plaque renewal

The text and location have been approved by the artist. A mock-up of the new plaque is in progress. Once approved, a timeframe for production and installation will be confirmed. This will include removal of the old plaque.

##### Colin Maiden Park pathway design and bike accessible stairs

In mid-late October, after completion of the site investigation phase, concept drawings and high level costs will be presented to the board.

##### Kepa Bush

The signage renewal is now in the tender process. Works are expected to be completed in October along with the path upgrade.

##### Tahapa Reserve

The Investigation and Design team is looking into the development of feeder links through Tahapa and Tahapa East Reserve to connect to the Glen Innes to Tamaki Drive shared pathway. A public open day is planned for 30 September 2017 to seek public feedback on the feeder links and gain community input for a concept plan for the future development of the reserve.

##### Men's Shed Auckland East incorporated

Leasing staff are set to begin consultation with iwi and publicly advertise the board's intention to consider granting a lease to the Men's Shed Auckland East Incorporated.

##### Colin Maiden Park — Auckland University Cricket Club

Consultation with internal stakeholders on the process to consider transferring a building at Colin Maiden Park from the Panuku Development Auckland portfolio to Community Facilities portfolio is currently taking place. The local board has received a proposal from the Auckland University Cricket Club to establish an indoor training facility here.

##### Mission Bay tennis courts and car park

The works are now complete except some minor planting alongside the pathway between the courts. The club is very happy with the works. See photo on the left.

#### Operational maintenance

##### Glover Park trees

Sixty-three titoki trees at Glover Park will be placed on a maintenance work programme by next winter at the latest.

##### Periodic detention workers

Operations staff are in discussions with Ventia to begin using periodic detention workers to clear the area between Ngahue and Colin Maiden Park of Wattle trees.

#### Good news

##### Stonefields Heritage Trail

The 1.2 km Orakei Heritage trail including boardwalk, aggregate trail and seating is now complete. Opening by the local board is scheduled for 23 September. See below for before and after photos.
