Project: Attitude life-skills and wellbeing presentations in Puketāpapa schools for 2018

Location:	In assembly halls and classrooms of Marcellin College, Lynfield College, Mt Roskill Grammar and Mt Roskill Intermediate		
Summary:	This project involves presenters visiting schools in the Puketāpapa local board area in 2018 to deliver 18 life-skills presentations to approximately 5100 students. The main objectives of the Attitude programme are to encourage mental & emotional resilience and help prevent youth suicide, teen pregnancy, drug & alcohol abuse and low self-esteem - some of the main issues NZ young people are struggling with today. Students are empowered to reach their potential, make good decisions, recognise they have a voice, and contribute towards making their community a safe place.		
Dates:	30/01/2018 - 30/11/2018	Rain dates:	-
People delivering:	2	People reached:	5100
Promotion:	Not stated We promote our Attitude Programme for Schools on our website (www.attitude.org.nz) and Facebook page (www.facebook.com/attitudeforschools) and spend a lot of time cultivating relationships with schools. Our Attitude team have existing relationships with contacts at all the schools in the Puketāpapa local board area, which they will continue to maintain and develop this year.		

Community benefits

Identified need:

NZ statistics are alarming and some of the worst in the world when it comes to Youth suicide, teenage pregnancy and STIs. Bullying in schools, criminal assaults by children and teenage binge drinking culture are frequently in the media.

- Student feedback obtained through our third party online evaluation survey gives strong evidence for the need for and success of our programmes.
- We have been delivering presentations in Puketāpapa schools for 17 years and are always invited back. These invitations give a clear indication that schools endorse our programmes and see a need for what we are doing.

Identified community outcomes:

The Attitude programme develops young people by teaching them how to make good decisions and inspiring them to implement these decisions. We help them focus on their strengths; we equip them to engage with and solve problems, cultivate healthy self-esteem and good mental health, recover from setbacks, and understand and improve relationships. With good emotional and resilience skills, teenagers are less likely to fall into substance abuse, self-harm and dangerous relationships. Students are empowered to make informed choices and negotiate their teenage years in a safe and positive way and so become positive contributors to society.

- Through improved decision making our programmes encourage students to positively

contribute towards making their community a safe and friendly environment for all, irrespective of age, ethnicity or ability.

- Volunteering is promoted and students are encouraged to become involved in the caring and building of their community and its members.
- Young people are given insights into their own family dynamics and provided keys on how to get on better with their families.
- Attitude educates young people on the physical and emotional benefits of living an active healthy life style.
- Equality and understanding are key messages we deliver.

Alignment with local board priorities:

- promote healthy, safe, sustainable and active lifestyles
- build strong neighbourhoods where people feel safe and connected at all times

Attitude promotes healthy and safe lifestyles through our presentations, teaching young people how to engage with and solve problems, cultivate healthy self-esteem and good mental health, among other things. With good emotional and resilience skills, teenagers are far less likely to fall into substance abuse, self-harm and destructive relationships. The community itself benefits as young people are equipped and inspired to become positive contributors to their community now and into the future. Through improved decision making our programmes encourage students to positively contribute towards making their community a safe and friendly environment for all, irrespective of age, ethnicity or ability.

Collaborating organisation/individual	Role
Lynfield College - Kathryn Wells	Requested programmes
Marcellin College - Monica Stowers	Requested programmes
Mt Roskill Intermediate - Ross Berry	Requested programmes
Mt Roskill Grammar - Karen Bennett	Requested programmes

Demographics

Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

As many students at these schools identify as Māori, many Māori students will learn skills to build resilience which will improve their social wellbeing. Many of our presentations speak on the importance of celebrating your cultural heritage and traditions and to take pride in the community they're from.

Target ethnic groups: All/everyone

Promoting SmokeFree: Our "Hardwired" presentation and handbook deals specifically with the benefits of being smoke-free and the dangers of smoking. We address the topic as part of our focus on the four aspects of "Hau Ora".

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	40%	60%	%	%	%	%

Financial information

Amount requested: \$3000.00

Requesting grant for: If successful this grant will be used to contribute towards the cost of delivering 18 mental health presentations to approximately 5100 students who attend three high schools and one intermediate school in the Puketāpapa local board area during 2018, plus provide 914 Year 10 students with a copy of our Hardwired (drug & alcohol education) handbook @ \$1.38 each.

If full amount requested is not able to be funded:

Presentations are \$200 each for high school and \$300 each for Intermediates. Funding towards at least 6 presentations (\$1200) for the high schools plus \$600 for the intermediate presentations would be the most preferred, as that means we can deliver at least two presentations to each school and ensure students aren't missing out on learning essential life skills.

Cost of participation: If we are unable to fundraise for all costs we ask schools to donate a koha for our presentations, though as schools budgets are limited this is not always possible.

Total expenditure	Total income	Other grants approved	Applicant contribution
\$5,061.32	\$1,000.00	\$1,061.32	\$0.00

Expenditure item	Amount
7 x presentations for Lynfield College @200 each	\$1,400.00
5 x presentations for Marcellin College @200 each	\$1,000.00
4 x presentations for Mt Roskill Grammar @\$200 each	\$800.00
2 x presentations for Mt Roskill Intermediate @\$300 each	\$600.00
914 "Hardwired" handbooks for Each Year 10 Student @ \$1.38 each	\$1,261.32

Income description	Amount
Estimated Koha from Schools based on previous years	\$1,000.00

Promotion:	Not stated Radio advertising, APN suburban newspapers, Posters, local schools, and local businesses, community organisations. Bus Back		

Community benefits

Identified need:

We have seen this Festival of Colours grow over the years with various ethnicities taking part. The community continuously have asked to organise Holi Festival as it is a significant festival that brings different communities together of all cultures. This festival is in alignment with the Local Board plans and priorities of bringing communities together through Arts & Cultural events.

Identified community outcomes:

Bringing various communities together through an event - Holi. In the last the 3 years people from many different ethnic backgrounds have attended.

Educating cultural activity through Arts & Culture with attendance and participation.

Empowering communities to engage in this event through stalls, entertainment, volunteering, music & dance.

Alignment with local board priorities:

- support arts and culture and heritage celebration/protection
- support a greener and healthier Puketāpapa through sustainability programmes in areas as waste minimisation, ecological protection and restoration

Holi is a Hindu cultural festival for all to enjoy. It is a festival to enjoy various authentic Indian foods & dance to Bollywood music whilst splashing colour on each other.

We will be promoting sustainable waste management, by providing Recycling, Organic and Inorganic bins during the event and reiterate to attendees to dispose of all waste accordingly.
