<p>Auckland Plan Refresh – Local Board Engagement</p> <p>Paul Brooke Papakura Local Board PA Liaison</p>	<p>Input into regional decision-making</p>	<p>The board provided the following feedback in preparation for the business meeting on 27 September 2017.</p> <p>a) provide the following feedback on the six outcome areas and the Development Strategy as follows:</p> <p>i) Belonging and Participation Outcome</p> <ul style="list-style-type: none"> ▪ Strategic directions: <ul style="list-style-type: none"> • BP_SD1 – supported. Uphold the value of free open space for local communities. • BP_SD2 – supported ▪ Focus areas: <ul style="list-style-type: none"> • BP_FA1 – supported • BP_FA2 - another bullet point required, to provide facilities and open space that encourage people to be active. • BP_FA3 – supported • BP_FA4 – supported • BP_FA5 – supported • BP_FA6 – supported. It is imperative to retain the

		<p style="text-align: center;">Southern Initiative in the Auckland Plan.</p> <ul style="list-style-type: none"> • Measures <ul style="list-style-type: none"> • 80% of people should feel connected to the community. • 80% of people who are part of social networks and groups. • Members disagreed with the measure of 30 minutes moderate activity in the last 7 days. The goal should be to have an average of 30 minutes of moderate activity a day. What does this measure relate to, is it an individual goal or facility usage? • The board suggests rewording the: <ul style="list-style-type: none"> - <i>“At least 30 minutes of moderate activity in the last 7 days”</i> measure, eg: percentage of population engaged in 30 minutes of moderate activity in the last 7 days. <p style="margin-left: 20px;">This measure is surveying people to determine how physically active they are. Another bullet point is needed to strengthen the BF_FA2 column, ie: to provide facilities and open space that encourage people to be active.</p> • <i>“Perception of safety when walking along in your neighbourhood after dark.”</i> The board feels the perception of safety is broader than “walking alone in your neighbourhood” and it is not just after dark. The measure is too specific. The measure should be based on the

		<p> perception of safety survey undertaken by council of which the perception of safety when walking in your neighbourhood after dark is one of the many questions asked to gauge how people perceive safety in their area. </p> <ul style="list-style-type: none"> • Development Strategy <ul style="list-style-type: none"> • The development strategy should also have an additional bullet point with the theme of providing facilities and open space that encourage people to be active. <p> ii) Maori Identity and Wellbeing Outcome </p> <p> Members strongly felt that more work was required on the protection of historical sites and mana whenua sites that exist in Papakura. Pahurehure Inlet Protection Society for instance has put in all the Māori historical sites when the group submitted their plan. </p> <ul style="list-style-type: none"> ▪ Strategic directions: <ul style="list-style-type: none"> • MIW_SD1 – supported • MIW_SD2 – supported • MIW_SD3 – supported • MIW_SD4 – supported ▪ Focus areas: <ul style="list-style-type: none"> • MIW_FA1 – supported • MIW_FA2 – supported • MIW_FA3 – supported • MIW_FA4 – supported • MIW_FA5 – supported • MIW_FA6 – supported • MIW_FA7 – supported • Measures <ul style="list-style-type: none"> • In the last bullet point add the word “identified” after the

		<p> median wage with the living wage. </p> <ul style="list-style-type: none"> • A measure to be added around pay equality. • Development Strategy • Supported <p> vii) Development Strategy Provide a definition of what a “metropolitan town centre” is. People do not know what is meant by a metropolitan area. </p> <p> Provide mechanisms that allow for council to guide the development of identified metropolitan town centres, ie: council purchasing property, and finding the partners that will develop the sites in line with the vision. Minimise the potential of market forces driving ad hoc development. Provide the leadership and financial support that will ensure a quality outcome for the development of the metropolitan area and how that relates to development and growth in the nearby area. Growth is happening very fast. We must ensure proactive mechanisms that allow for proactive co-ordinated development of a metropolitan area. </p> <p> b) note that the resolutions of this meeting will be reported back to the Planning Committee for consideration in the drafting of the refreshed Auckland Plan. </p>
