

# Albert-Eden Performance Measure Outlook

## 1. Introduction

1. The local board agreements include level of service statements and associated performance measures to guide and monitor the delivery of local services. This report provides information on the performance measure outlook for Albert-Eden Local Board’s measures, showing how we are tracking after the first quarter of FY18.
2. The year-end outlook is that 40 per cent of measures will not achieve target.
3. Currently all performance measures are being reviewed as part of the development of the 2018-2028 Long Term Plan.
4. For the first and second quarter we will be providing the year-end outlook based on the results of 2016/17 or for any changes to the outlook based on results available. In the third quarter we will be in a better position to accurately project the year-end outlook for all measures. This is because the frequency of most measures is annual as data is collected through surveys.
