Project: The New Zealand Dance Company - Youth Engagement Programme

Location:	Schools in Franklin region		
Summary:	As part of our Youth and Community Engagement programme, The New Zealand Dance Company is offering schools within the Franklin area performances and workshops, delivered by our professional dancers, providing an opportunity for young people to engage and experience some of the highest quality dance in the country. Taking our work to schools makes it accessible to all and our hope is that we open up a new world of dance and life skills to students encouraging values of responsibility, teamwork, discipline, communication, collaboration and creativity.		
Dates:	01/12/2017 - 01/10/2018	Rain dates:	Not Applicable
People delivering:	12	People reached:	600-1200

Community benefits

Identified community outcomes:

We encourage inclusiveness through our engagement in schools, inspiring young people in primary, intermediate and secondary schools to stay fit and healthy, empowering participants to develop their skills. Cost of transport to performances in theatres is often prohibitive for schools, so bringing our workshops and performances directly to schools provides equal access to students so that everyone can enjoy the benefits of confidence, collaboration and connectivity. Our professional dancers are highly skilled in teaching, supporting life-long learning through dance - a transformative and positive influence in young people's lives instilling a sense of discipline, joy, trust, motivation, inspiration, responsibility and identity. We believe that this sector of our community deserves high-quality experiences that positively affect them for life.

Alignment with local board priorities:

- support initiatives that celebrate our arts, culture and heritage
- assist young people to move from school to work or further training

Arts and culture is the fabric that binds community together, providing vital support and guidance in fostering confidence, sense of identity and expression in our young people. Our workshops are beneficial both mentally and physically, empowering young people to increase their life skills, offering tools to build responsibility, reliability, team work, empathy to others and discipline. For many young people, dance is a whanau and instils a great sense of belonging and confidence in what they can contribute to a team – valuable skills for employment. We open up new skillsets to students, encouraging values of communication, collaboration and creativity.

Promoting SmokeFree: Breath is vital to life and vital to dance. Our dancers are excellent role models to students and demonstrate the connection between health and happiness in our post show Q & A sessions.

Our dancers will explain how smoking negatively impacts on fitness levels to the young students in the workshops. We will also happily take on any advice from Auckland Council workers on how we can best promote smoke-free messages.

Financial information

Amount requested: \$2,000.00

Requesting grant for: Costs to create, rehearse and deliver the Youth Engagement performances/workshops and scope Senior Engagement delivery in this area. This funding will go towards the direct delivery costs, which includes dancers' salaries, artistic teams' salaries, transport to the schools and rehearsal space hire. The cost to run the Company each week is \$28,000.

If full amount requested is not able to be funded:

Any amount would be helpful in the costs of delivering our workshops and performances to local schools. We would like to keep the costs to schools as low as possible in order to make our work accessible to all. Each performance and workshop delivery takes a day of the company's time to deliver, plus approximately two days of management time to liaise and plan.

Cost of participation: \$5 per head for the performance, and \$250 for the workshop. But we vary this cost dependant on the schools finances-, and often provide free performances if the schools arts budget is minimal - frequently the case.

Project: new computer and printer

Location:	13 king street, Waiuku, Franklin		
Summary:	We require a new computer to update our records, enter collection on Past Perfect programme, and update membership. We are also in the process of scanning all our written records. Our printer will be used to copy newsletters and other documents requested by museum users. We also receive many requests from the greater Auckland area for visits through our website.		
Dates:	30/10/2017 - 29/10/2018	Rain dates:	Not Applicable
People delivering:	four people	People reached:	10,000

Community benefits

Identified community outcomes:

The local community will have better access to the information held in the museum and the documents will be safely recorded for future generations. We will be able to update our website to attract more visitors to the museum and to the town.

Alignment with local board priorities:

- support initiatives that celebrate our arts, culture and heritage
- support events which encourage visitors to spend more time in Franklin as a destination

By keeping in touch with wider community we are encouraging more visitors to the area. Computer records will safeguard our collection details for the future. We will be able to increase our membership through information given and encourage school visits as well as retirement groups from the greater Auckland area.

Summary:	We are applying for 8 of our staff members to both update their current first aid and those who haven't got theirs yet to apply for their level 1 first aid. We are dealing with children on a daily basis so all need to be current in first aid		
Dates:	01/11/2017 - 31/12/2017	Rain dates:	Not Applicable
People delivering:	8	People reached:	1000+

Community benefits

Identified community outcomes:

We want all our staff to be fully qualified first aiders, we deal with children on a daily basis who are undergoing a sport which can have some form of risk involved. The staff need to know how to deal with any situation should it arise. The community should feel safe leaving their children with us knowing that all staff are trained and know what to do if their children injure themselves.

Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- work with local partners to help to make the community feel safe

The communities and schools can feel safe knowing that if their children come to us or we provide a programme within schools that the staff taking care of these children are fully qualified in first aid and can deal with an issue should it arrive.

Project: Seasons for Growth

Location:	Reid Anderson Hall, 35 Queen Street Pukekohe.		
Summary:	Our Seasons for Growth programme, is an anonymous non-religious confidential programme that supports people aged from 6 years to adult, manage a significant loss in their lives, whether, through death, separation or another significant event. Lead by trained adults, the programme provides a safe supportive environment to share and heal with access to resources to help our participants face the future.		
Dates:	01/12/2017 - 01/12/2018	Rain dates:	Not Applicable
People delivering:	23	People reached:	154

Community benefits

Identified community outcomes:

Our aim is to provide the right support to help with the mental stress and trauma associated with loss. Our participants are supported during their journey and we help develop the coping mechanisms to acknowledge grief and channel their feelings so as to continue their lives mentally safe.

Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- work with local partners to help to make the community feel safe

By being open to all members of the Franklin community aged 6 years plus who have experienced loss, grief or change in their lives. By impacting one person's life the outcome has significant impact on the individual and all people they have a relationship with i.e. school, life, family and community. We are going to be introducing our program to the local prison where the impact has been shown to be significant in reducing re-offending and success in changing behaviour for earlier release.

Project: View road 'Bikes in School' Waiuku Community track and trails.

Location:	16 View road school, Waiuku, Auckland 2321		
Summary:	We partnership with View Road School offering voluntary services to help children in their learning developments and supporting the teachers and parents. We plan to implement the Bikes and Schools project buying 37 bikes and helmets and a secure storage facility. We are members of a steering group, from Franklin Board to develop a Trails Plan in Waiuku and saw the opportunity to include a community bike tracks, a learning loop, around the school field. The school grounds will be a resource that benefits the whole community and most importantly our children's health, wellbeing and learning. This project will ensure that every child will have the opportunity to learn how to ride a bike, and then improve their riding techniques progressively.

Identified community outcomes:

It takes an entire community to bring a Bikes and Schools facility to life. Auckland Transport will provide training cycle skills instructions. This will enable all our students to learn how to ride a bike in a safe environment and provide all the equipment facilities and opportunity to ride on regular basis. Support community groups to be with local board, effective and contribute to the community particularly in shaping and developing their areas.

Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- support events that celebrate our distinctive local communities and enable people to come together

Marama Hou Ministries Charitable Trust is dedicated to providing support, resources and services to people within the community who are struggling with any number of issues. We ensure that people are cared for providing a holistic and integrated approach assisting whanau.

Project: Anxiety in Children - promotion to schools

Location:	Franklin		
Summary:	One of our counsellors has piloted a workshop that is aimed at teachers, on the topic of anxiety in children. We would like to offer this programme to more educators and (health/social/education) professionals - especially the Early Childhood Educators - and promote our wrap around service that offers various levels of support and information.		
Dates:	19/02/2018 - 27/04/2018	Rain dates:	Not Applicable
People delivering:	2	People reached:	100

Community benefits

Identified community outcomes:

If a child has anxiety, their worries focus on their family, school and what could happen in the future, especially with their parents. Children and teens with anxiety often don't realize that their anxiety is out of proportion to the situation, so adults need to recognise their symptoms. Awareness of this is something that our counsellor is passionate about. We hope that in raising awareness and education on this subject, referrals can be made to assist the schools and the families.

Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- assist young people to move from school to work or further training

Working with the schools is paramount to enabling communities to come together to be safer and stronger. The lines between education, health and social services are blurred and it takes a collective approach to assist our citizens - especially our young citizens who rely on the providers and the professionals to guide and provide for them in as many ways as possible.

Reducing anxiety and increasing emotional intelligence - along with awareness around where to seek assistance - are the primary aims of this application.

Collaborating organisation/individual	Role
All Franklin schools will be invited to attend the workshop	Attendance and action thereafter
If funding allows, the invitation will be opened up to health/social services	Attendance and action thereafter

Demographics

- Maori outcomes:**
- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

The inclusivity that Franklin schools have for tikanga Maori is represented in the classroom and the inclusion of cultural activities such as Kapa Haka. The successful multi-cultural festival, hosted by Puni School and supported by the District, is testament to the inclusion of Maori heritage. The topic of anxiety will cut across many cultures, but with the high representation of Maori in the Oranga Tamariki statistics, we can see that this group is more likely to undergo stressful events within their family and within their lifetime. Arming teachers with the awareness of high anxiety and the negative impact it can have, can help identify those most in need, but also give teachers practical tools to assist children in the interim.

Target ethnic groups: All/everyone

Promoting SmokeFree: All schools are SmokeFree and in a sense, promote the SmokeFree message every day with their rules around smoking on school grounds.

This event benefits our local community by bringing them together, providing entertainment and a festive atmosphere for families to enjoy at no cost. Local not-for-profit organisations and schools are able to fundraise at these events which bring a direct benefit to the people in our community.

Alignment with local board priorities:

- support events that celebrate our distinctive local communities and enable people to come together
- promote environmental responsibility through supporting events that aim for zero waste (reduce, reuse, recycle)

Our family friendly events bring the local community together for a low cost day of entertainment and the opportunity for local groups to fundraise. We are adopting new methods to support the waste minimisation initiative, providing easy waste systems and marshals to educate the public and encouraging participants at our events to be more responsible about their waste and utilise compostable food packaging options.

Project: Beachlands Chartered Club Annual Fishing Competition & Fish Auction

Location:	Beachlands Chartered Club, 44 Third View Ave, Beachlands ,Auckland 2018		
Summary:	A community event to raise funds for local charities i.e. Beachlands volunteer fire brigade & Pohutukawa Coast helping hands Trust by way of the fish auction & also to bring the community together. This event has always been very popular and is open to the general public including children giving all of the participants the opportunity to win great prizes. It will be a day of fun & excitement to all who attend/participate.		
Dates:	24/03/2018 - 24/03/2018	Rain dates:	Not identified
People delivering:	25	People reached:	300

Community benefits

Identified community outcomes:

Our local Volunteer Fire Brigade and the Pohutukawa Helping Hands Trust will receive a donation from the fish auction. The community will be brought together for this event & enjoy food fun & sun together

Alignment with local board priorities:

- support events that celebrate our distinctive local communities and enable people to come together
- support events that aim to be financially sustainable and become a regular and celebrated part of the Franklin event calendar

We live in a coastal community so a fishing competition will help bring our community together to celebrate the beautiful sea surrounding the Pohutukawa coast and a large turnout will ensure a large donation to our benefactors.

Collaborating organisation/individual	Role
Beachlands Volunteer Fire Brigade	Helping set up stands, Marquee and collecting auction money, delivering fish and unpacking all of the stands etc
Pohutukawa Helping Hands Trust	General assistance on the day.

Waiuku Family Support Network Community Trust

Legal status:	Charitable Trust	Activity focus:	Events
Conflicts of interest:	None identified		

Project: Promotion of Services

Location:	Waiuku & Districts		
Summary:	With a new Centre Manager, new counsellor, additional budgeter and a change within our Social Work team, we're wanting to connect with the community, organisations and services. We are planning an event in the new year that is targeted at teachers of Primary Schools, as well as Early Childhood Education (ECE) centres. We will also be having on-going promotion of our services.		
Dates:	15/11/2017 - 01/04/2018	Rain dates:	Not identified
People delivering:	10	People reached:	800

Community benefits

Identified community outcomes:

We want to make referrals into our service as easy as possible. At the moment, there appears to be a barrier of knowledge. In hosting the first event in the early part of term 1, 2018, and in the future, as well as providing the information packs, we'll be able to offer clear information and guidance on our services and how individuals (especially children) will benefit.

Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- assist young people to move from school to work or further training

We are wanting to encourage engagement with our budgeting, counselling and social work services, as early as possible. Youth learning about the realities of leaving school and affording to live; the impact of mental health on our ability to learn and develop positively; and where to access support services and/or advocacy if things aren't going very well in your life. We want to envelop our community and let them know that we're here for them - and anyone can access our services.

Demographics

- Maori outcomes:**
- Māori participation - Māori priority group, target group, high representation or Māori staff delivering
- From our statistics and other (National) organisations, we know that there is a high representation of Maori within the high needs/high risk groups of social services (and education and health). Working together with the schools is about early intervention and accessing assistance before a problem or issue escalates.
- Target ethnic groups:** All/everyone
- Promoting SmokeFree:** We are hosting the first event at our office in Waiuku. This building is smoke free, along with the new deck at the rear of the building.

Financial information

Amount requested: \$1,708.00

Requesting grant for: We require business cards for new and existing staff. These are for client visits as well as our promotional sessions and included in packs. We also require funding for the packs themselves, and name badges to easily identify ourselves.

We also need to re-erect a notice board that can be used to let the community know what is happening in the town, and what services we offer. Before our building renovation, we had a noticeboard but it was broken and unusable. This is a vital piece of communication and we would really like to have it offered again.

Hunua Community Netball	70 players and their supporters

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Hunua is a mixed race area - we have many Maori families participating in our sport in addition to other ethnic groups.

We have Maori people from the areas around - Papakura, Ararimu and Paparimu who are involved in planning and delivering the outcomes to our community.

Target ethnic groups: All/everyone

Promoting SmokeFree: No smoking is permitted in the area - the message is set by example and how smoking is a detriment to sporting ability.

We will have messages on the fencing and in the area.
