Manurewa Local Board Feedback on the review of representation arrangements process

The Manurewa Local Board considered the report entitled Review of representation arrangements process at the October local board business meeting, where it was resolved to delegate authority to the Chairperson, Angela Dalton to prepare the Manurewa Local Board feedback on the review.

The report Review of representation arrangements – process, was considered on 28 September 2017 by the Governing Body who resolved on the proposed process. (GB/2017/126)

The Manurewa Local Board endorses the proposed position of the Governing Body as set out below:

- a) supports the proposal of the Governance Framework Review political working party for a new political working party, comprised of governing body and local board members, to be formed to deal with governance issues and that this could include the representation review.
- b) supports the staff recommendation that the new governance political working party develops the initial proposal and presents it to local boards and the Governing Body for comments before the Governing Body makes the statutory resolution to release the Auckland Council's initial proposal for consultation.
- c) supports the staff recommendation that the Mayor calls for expressions of interest from all elected members to be on the new governance political working party and then appoints an equal number of governing body and local board members to the political working party.
- d) supports the staff recommendation that the new governance political working party hears public submissions on the proposal, then reports its findings to local boards and the Governing Body before the Governing Body makes the final statutory resolution on any representation changes, which will then be publicly notified for objections and appeals.

The Manurewa Local Board recommends that the Gareth Stivens Government Framework Review – 17 November 2017 be considered as integral to informing the review of representation arrangements process.

Yours sincerely
