**Does your enquiry relate to a specific address?** Yes

**Address** 63 Flanshaw Road

**Suburb** Te Atatu South

**How can we help?**

How do i contact the Council's Chief Executive in relation to objecting to the sale of 63 Flanshaw Road?

My concern is the council appears to be selling land without consideration of its future requirement for public use.

With changes made to the unitary plan allowing more densely populated housing, surely any land in close proximity to a school (and in this case directly beside) should be kept for future use by the ministry of education in order to accomodate all the extra students that will be in this area? If the Ministry of Education is not yet at a stage to start planning for this requirement shouldn't the council be proactive in doing so?
