15<sup>th</sup> November 2017

Dear Local Board Members,

Thank you for once again funding the Great Barrier Island Blue light HUNTS course run by Roger Bright. These trips wouldn't be possible without your continued support.

The challenges set for us have helped us to learn many important life skills that will help us both now and in the future.

Personally, I think that this course has been good for everyone's self-confidence, and it has been nice for us to stand together and represent the Island as one group of Barrier Kids instead of three schools for a change too.

We hope you continue to support this HUNTS course.

Yours sincerely,

Jessica Mabey

On behalf of the 2017 Great Barrier Island Blue Light HUNTS course participants
