## **Regional Schemes: Postponements**

The following postponement scheme is designed to be cost neutral. Interest charges are added to the postponed amount. The postponed rates are repaid in full when the property sells, is transferred, or the ratepayer elects to end the postponement.

| Scheme   | Provides   | No of recipients | Rates<br>Postponed<br>2016/2017 | Total<br>Rates<br>Postponed |
|--|--|------------------|---------------------------------|-----------------------------|
| Postponement of rates for residential properties | Assists residential ratepayers who want to defer the payment of rates by using the equity in their property. This scheme also applies to those who may have financial difficulties or unusual circumstances, as long as they have the required equity in their property. | 251              | \$1,058,755                     | \$1,902,007                 |

#### **Legacy schemes: Remission schemes**

Data shown excludes remissions applied to Council properties, as the cost to ratepayers remains the same whether the remission is applied or not.
