Project: Healthy living Challenge

Location:	Hillary College or Outdoor location (Manukau parks)		
Summary:	Our project will focus on peoples health. We will run different bootcamps/exercise (zumba) activities. We will also run weight loss challenges.		
Dates:	05/02/2018 - 29/04/2018	Rain dates:	-
People delivering:	5	People reached:	20-60

Community benefits

Identified community outcomes:

In the last 5 years our team have provided boxfit classes, body mass exercise and other physical events to help our community with their health. Our objectives are to change peoples lives and supporting our people who struggle with their weight. Our classes will provide a fun environment which make our clients come back again. We've had a few people who have started with us a few years ago now with BBM, another great group who are changing lives. We are a group formed from the South Auckland Samoan church. We first started from our church before we opened our classes to our people in the community. Our focus is our people and to prevent health issues we face daily.

Alignment with local board priorities:

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Improve the health of harbours by reducing sediment in streams

We will ensure that our facilities/environment will be safe for our activities. Our project will help with peoples health and allow outdoor exercises.

Collaborating organisation/individual	Role

Conflicts of interest:	None identified		

Project: Papatoetoe Tibuta Project

Location:	Otahuhu town hall.		
Summary:	An expert will lead weekly workshops involving 10-20 Kiribati women from the local community in Papatoetoe teaching skills on how to make tibuta, a national top for Kiribati women that is now very popular in NZ. The project mirrors the Tibuta project that is currently being implemented in West Auckland by Kiribati women and funded by the Creative Community Scheme. The group although from Papatoetoe will use Otahuhu Town hall because they got a great discount on venue cost there. Outcome will be various tibuta designs.		
Dates:	09/10/2017 - 27/10/2018	Rain dates:	-
People delivering:	10-20 women 18years and older	People reached:	50- 100 women in the nearby Otara and Manukau areas

Community benefits

Identified community outcomes:

- group members learned the skill of making tibuta from start to finish
- this traditional skill is passed on to other Kiribati people in the area
- promotion of tibuta amongst Kiribati people in NZ
- promotion of Kiribati culture in NZ

Alignment with local board priorities:

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Community-led development

The Tibuta project in Papatoetoe is a community led programme that will bring together neighbours, friends and community members to share activities together. By doing this, it creates neighbourly collaborations and will contribute to pleasant neighbourhoods with successful events and programmes

Collaborating organisation/individual	Role
Community groups from Otara- Papatoetoe	Implementing partners
Catholic church group in Otara-Papatoetoe areas	implementing partners

Demographics

Maori outcomes: N/A

Target ethnic groups: Pacific Peoples

Promoting SmokeFree: "No smoke" signs will be displayed where activities are carried out and people will be discouraged from smoking around the premises.

Connect the Dots Charitable Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Make Moments

Location:	Fresh Gallery, Otara		
Summary:	<p>Make Moments is an Auckland-based programme that works to connect and engage older people and people living with dementia, with the rich and diverse art and cultural opportunities Auckland has to offer. Connect the Dots' trained and passionate arts educators will deliver facilitated art tours at Fresh Gallery Otara from March - May 2018.</p> <p>These tours observe, describe, and interpret artworks, and encourage personal connections between the works and the participants. An informal and social morning tea is provided, as well as three postcards of artworks used on the day. These postcards assist with reminiscence after the tour, and are key for the success of the project. We are seeking funding for the postcards in this application to the Local Board.</p>		
Dates:	01/03/2018 - 31/05/2018	Rain dates:	-
People delivering:	4	People reached:	84

Community benefits

Identified community outcomes:

A recent research project that focused on the benefits of Make Moments, demonstrated the benefits of engaging in arts discussion and art making for older people, and people living with dementia. To be active and involved in their local community not only provides an opportunity for intellectual stimulation and social interaction, but it works to increase their feelings of self-worth, as well as to reduce the stigma and fears of those in the community.

These tours at Fresh Gallery will provide access to an important audience, as well as have a long term impact as to how staff, and venues, interacts with elderly and those with Alzheimers or dementia.

Alignment with local board priorities:

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- The Make Moments programme and tours promotes the healthy living priority because research shows, when elderly are actively engaged and socially included, there are ongoing health benefits and cost savings to the community. This programme supports cultural diversity because we work with elderly from a range of cultural backgrounds across South Auckland, and engage them with art from their local community. These connections between people, art, and cultural venues encourages stronger, and more pleasant neighbourhoods for everyone.

Collaborating organisation/individual	Role
Fresh Gallery Otara	Host venue for all tours and morning tea

Foundation North	Funder of 4 Make Moments tours at Fresh Gallery Moments
Volunteering Auckland	Access to volunteers who will assist on the tours/ perform administrative tasks
Jackie Chan	Design of postcards for participants
Andrea Gaskin	Lead educator and facilitator, tour coordinator
Jaap Rigtering	IT support and development of online survey, data collection
COGS	Funder of 3 Make Moments tours at Fresh Gallery

Demographics

Conflicts of interest:	None identified		

Project: Carpark Security

Location:	Nga Taonga Aroha Early Childhood Centre, 183 Bairds Road, Otara (Cnr Biards & East Tamaki Roads)		
Summary:	We would like to install a bar/barrier gate at the entrance to our carpark. Our NTA ECE Centre shares the carpark with the Anglican Church of Epiphany. This will assist in providing security for the carpark for both our organisations to deter inappropriate behaviour/activities that occurs in the carpark after hours/weekends by members of the public. This barrier will only be open during operational hours by NTA ECC and the Church of Epiphany. All other times this will be locked.		
Dates:	02/02/2018 - 28/02/2018	Rain dates:	-
People delivering:	Contractor & workers	People reached:	20 Adults & 60 children from the ECE Centre & the congregation from the Church of Epiphany

Community benefits

Identified community outcomes:

To act as a deterrent to acts of vandalism, property damage and piece of mind to the organisation owners that this step will help to safeguard their assets. Also assisting in providing overall security to NTA and the Church of Epiphany staff and congregation. First thing in the mornings, ECC staff often begin their day picking up used condoms, food wrappers and general rubbish that have been discarded by the public when parked in the carpark. It is not an acceptable look to parents and their children when they come on site.

Alignment with local board priorities:

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection

We are a learning institution providing education to 0 - 5 year olds in preparation for their educational journey in life. We would like to provide a safe and clean environment for our parents, children and the church community when they enter our grounds. As it is open access to the carpark, and set back from the road, we have received reports of inappropriate activities happening in the carpark, i.e. drug dealing, prostitution, and youth gatherings. Our ECC staff would often have to remove used condoms and other rubbish before the start of the school day. It doesn't help that there is inadequate lighting in this area in the evenings. By restricting after hours vehicle access to the carpark these unacceptable activities and behaviours will cease.

Collaborating organisation/individual	Role
Te Hui Amorangi ki Te Tai Tokerau Trust	Land Owner
The Church of Epiphany	Land Occupant

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Majority of our service uses tikanga Maori and te reo Maori. The Church of Epiphany is part of the Maori Anglican Church.

Target ethnic groups: New Zealand European, Māori, Pacific Peoples, Other Asian, Middle Eastern, All/everyone

Promoting SmokeFree: The whole site is smoke free

Community benefits

Identified community outcomes:

Our Town Centre;s is the main hub of the Community so we provide a safe, clean environment for shoppers to do their shopping and keep in eye's on antisocial behaviours on the streets. By patrolling in on the streets to help in the fight against aggravated robberies and other serious crimes which are rising alarming rates, especially with in our Local Board Area.

Alignment with local board priorities:

- Better neighbourhood amenity
- Revitalise town centres
- Town Centre vitality
- Thriving communities
- Age-friendly community

Public safety is most important in any community and we would like to mske sure our people are safe in and around the town centre whilst they are walking or shoping around.Safer enviourment will provide people to feel safe and secure town.

Papatoetoe Gymnastics Club Incorporated

Legal status:	Incorporated Society	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: GymCity Holiday Programme

Location:	The Depot, 91 Cambridge Terrace, Papatoetoe		
Summary:	School holidays programmes in April and July 2018 - a total of 19 days of fun and enjoyment for 25+ children per day. Early drop offs and late pick ups for parents convenience. Including educational excursions and lots of arts & craft activities, games, and healthy food & exercise.		
Dates:	16/04/2018 - 20/07/2018	Rain dates:	-
People delivering:	8-10	People reached:	475 participants (19 days x 25 children)

Community benefits

Identified community outcomes:

1. Our holiday programmes allow parents to go to work happy that their children are being well cared for, and are having great experiences/relationships that they may not otherwise have. Early drop offs and late pick ups also make it convenient.
2. Our excursions are educational and fun. Many of our children do not get to experience some of the activities that we offer.
3. Children are actively involved all day, every day keeping them fit and healthy, and avoiding screen/gaming time.
4. Children learn discipline, respect, getting along with others, expectations of team work. Working into any of our holiday programmes you will see children actively engaged with no bullying occurring. Children feel safe, cared for and listened to.

Alignment with local board priorities:

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Enable young and old to participate in employment, education, training and community service

Children are kept active thus promoting healthy living. We have cultural diversity within the participants, who all need to learn to get on well together to simulate a happy family environment. Excursions and other activities are educational.

Taking care of the children enables their caregivers to continue their employment, rather than having to take time off work to look after the children. We see ourselves as offering a necessary and important community service.

Project: New children's playground for community groups

Location:	311 Great South Rd, Papatoetoe, Auckland		
Summary:	We are wanting to upgrade our current playground that we have onsite. This playground is used everyday of the week by our after-school groups, ARMS (a Migrant Playgroup that uses our facilities 3 times a week), a group for parents with disabled children, a local church and other building users.		
Dates:	01/03/2018 - 30/06/2018	Rain dates:	-
People delivering:	8	People reached:	100 plus families

Community benefits

Identified community outcomes:

To provide safe equipment / facilities for families and young people in our community. Through PACT programmes we aim to provide safe, positive activities for young people and support for people in the wider community.

Safari Multicultural Playgroup for migrants allows families who are new to the country to come and connect with other families who have had similar experiences. The parents are given and opportunity to have free English lessons and they are taught necessary skills needed to transition to life in NZ well.

The group for parents of disabled children allows parents to find support and community with like-minded people.

Alignment with local board priorities:

- Community facilities fit for purpose
- Community-led development

Our facilities are used by many community groups that meet needs of people in our community. Providing safe, enjoyable, equipment benefits all users of our facilities

Te Hui Amorangi Ki Te Tai Tokerau Trust Board

Legal status:	Charitable Trust	Activity focus:	
Conflicts of interest:	None identified		

Project: Carpark Floodlights procurement and installation

Location:	The Church of the Epiphany, 135 Bairds Road, Otara		
Summary:	We wish to install floodlights to the Church of the Epiphany to light up the carpark during night hours to act as a deterrent to criminal behaviour that occurs frequently in the carpark area. This may have been going on for some time but has come to our notice since the re-opening of an Early Childhood Centre on site.		
Dates:	01/02/2018 - 05/02/2018	Rain dates:	-
People delivering:	Only the technician installing the floodlights.	People reached:	ECC staff and whanau enrolled plus Church Ministry Team and whanau involved.

Community benefits

Identified community outcomes:

A Thriving Community by

- 1) Eradicating the criminal and sexual unsavoury behaviour occurring regularly during night hours in the Joint ECC/Church Carpark at 183 Bairds Road, Otara.
- 2) Eliminating the need for ECC staff to clear paraphernalia and sexual evidence prior to caregivers dropping off tamariki to preschool. This is both unhygienic and offensive.
- 3) Creating a sense of safety for ECC staff and Church community when going to and from their cars after hours. Police and Wardens patrol the site during night hours but this cannot be guaranteed every minute of every hour. The evidence of unsavoury behaviour has created a sense of fear when dark.

For a community to THRIVE it is necessary to create a SAFE COMUNITY.

Alignment with local board priorities:

- Better neighbourhood amenity
- Community-led development

Te Hui Amorangi ki Te Tai Tokerau Trust Board believes the partnership with TAONGA Education Centre has enabled:

- 1) A Better Neighbourhood Amenity to be provided for early childhood education being made available for tamariki who were not previously enrolled in preschool education
- 2) The Carpark development should give a safe off-street place for legitimate users to access both the ECC and the Church. This development evolved from Ministry of Education statistics that defined Areas of Need.

Collaborating organisation/individual	Role
Taonga Education Centre Charitable Trust Inc.	Application for a Carpark gate.

Demographics

- Maori outcomes:**
- Māori led - either a Māori organisation that is applying or Māori directed (came about as a request from Māori).

Te Hui Amorangi ki Te Tai Tokerau Trust Board is a statutory board which comes under the Tikanga Maori Structure of the Anglican Church in New Zealand. Our Episcopal area is Te Pihopatanga o Te Tai Tokerau which covers Orere Point up to Cape Reinga. We have entered a partnership with TAONGA Education Centre Charitable Trust to re-open an ECC to cater mainly for 60 Maori and Pasifika tamariki.

Target ethnic groups: Māori, Pacific Peoples

Promoting SmokeFree: The Church of the Epiphany and Taonga Education Centre Charitable Trust promote smoke-free policies and practices.

Project: ATAWHAI: Stress management and wellbeing program for marginalised youth

Location:	Location in Ōtara-Papatoetoe TBC		
Summary:	<p>Stress management, wellbeing and mentoring program for marginalised youth, aged 15-18. ATAWHAI supports youth to improve their own lives through mindfulness, stress management and leadership capabilities. Through our evidence based program, rangatahi learn to deal with challenging emotions, conflicts, forgiveness, honest communication, empathy, focus, motivation, positive decision making and positive relationship skills.</p> <p>A main focus of our kaupapa is training the trainer; youth are empowered to teach mindfulness, yoga and stress management to their community. This model has been hugely successful.</p> <p>100% of participants report a reduction in stress, an increase in focus, calmness, connection and trust. ATAWHAI has helped to turn around anti-social & sometimes criminal behaviours in rangatahi.</p> <p>We will continue ATAWHAI and provide ongoing coaching support for youth.</p>		
Dates:	01/02/2018 - 01/02/2019	Rain dates:	-
People delivering:	12	People reached:	200

Community benefits

Identified community outcomes:

Community Outcomes:

Our desired outcomes are to continue delivering a transformative mindfulness & stress management program with ongoing coaching support for marginalised young people. The specialist stress management coaching ensures our young people and their community are supported to develop positive mental health and wellbeing.

Desired Outcomes

Rangatahi:

Reduced stress, anxiety & depression

Increased resilience & self efficacy

Ability to teach others & contribute to meaningful learning in the community

Development of lifelong stress management tools & reduction in violence

Positive impact on learning & transition into education & employment

Increased wellbeing, community involvement and connection

Whanau / Community:

Reduction in stress & anxiety

Increased connection & wellbeing

Strengthening whanau & community through positive wellbeing, communication skills & self-confidence

Alignment with local board priorities:

- Enable young and old to participate in employment, education, training and community

service

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection

This program supports our young people to be actively involved in transforming their own lives and in turn, supporting their community.

100% of rangatahi involved in our ATAWHAI program, stated that the programs have reduced stress. Consistently, youth participants report increased self confidence, increased ability to manage conflicts and challenges, increased ability to make positive decisions, increased focus, motivation & engagement in learning and exercise. As well as increased respect, kindness & successfully applying techniques to reduce stress, anxiety & depression.

Our young people from Ōtara-Papatoetoe teach their whanau and community their new tools which greatly impacts the overall community health and wellbeing.

Collaborating organisation/individual	Role
10 Youth mentors	Mentoring and youth development support
Youth coach	Stress management coaching
Youth coach	Stress management coaching
8-15 Volunteers	Counsellor, advisors, transport, admin, food, logistics etc

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Our kauapapa has a strong Māori focus. Our team is made up of Māori youth mentors, cultural advisors, educators and volunteers from around Aotearoa who help shape, design, deliver and evaluate the program. We work with Maori and Pacific youth in Otara and South Auckland.

Our program has a strong focus on te reo and tikanga Māori and our education model is based on te whare tapa wha health model.

Some of our rangatahi are Māori and they co-lead the design, development and evaluation of the program to ensure the program is responding to the changing needs of our Maori rangatahi and whanau. This is done through korero, reflection, written evaluation and youth lead evaluation.

Target ethnic groups: Māori, Pacific Peoples

Promoting SmokeFree: We promote smoke-free messages to our rangatahi, whanau and community. We work with rangatahi mostly in community centers. Our program participants learn that smoking is undesirable through our smoke free environment.

None of our staff, youth mentors or volunteers smoke at our programs. In a supportive environment, our youth mentors speak to our rangatahi about the benefits of being smoke free. We discuss the risks with our young people, including illness and how our wellbeing and positive mental health is greatly increased through being smoke free.

Financial information

Amount requested: \$2,000.00

Requesting grant for: We are requesting funding for our specialist youth stress management coach to work with 3 marginalised young people from Otara-Papatoetoe over 6 months in our ATAWHAI youth program. These young people are part of a wider group from throughout Auckland.

Stress management coaching is key to the 100% success rate of our transformative youth program which allows local young people to develop the tools they need to manage stress and transform their own lives. This service has a much wider impact as stress management tools shared with young people are then shared with whanau and the wider community.

If full amount requested is not able to be funded:

4 months of Stress Management Coaching: \$1,333

Cost of participation: No

Project: Games Are Fun

Location:	Te Puke O Tara Community Centre		
Summary:	With the fast development of electronic devices, there are less and less social connection happening even among the children. Board games and card games can be a great way for them to build up the social connection. With the rising of cost of games, the numbers of games families can get access to is very limited. And sometimes they cannot find enough players to play certain games. The aim of the project is to provide access for the participants to a big variety of strategic board games and card games and an opportunity to play with a group of people who share common interests and build up connections through play. the participants will experience the enjoyment while developing problem solvingskills.		
Dates:	02/02/2018 - 24/02/2018	Rain dates:	03/02/2018 - 24/02/2018
People delivering:	6	People reached:	100

Community benefits

Identified community outcomes:

Raise people's interest in logical thinking games so that they can further develop problem solving ability.

Build up connection among community members.

Enhance their Life enjoyment

Alignment with local board priorities:

- Enable young and old to participate in employment, education, training and community service
- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection

The event will help to develop the participants logical thinking, decision making, problem solving and social skills while they are having fun.

they will have opportunity to enjoy this event and build up connection with people from different cultural background.

Collaborating organisation/individual	Role
Auckland university puzzle club	provide volunteers and lend their games
Rainbow Bridge International Ltd	Donate games

Project: #IAMREAL Cabinet Painting Project 2018

Location:	Three Otara and Papatoetoe Community Cabinets		
Summary:	“Young people creatively raising awareness about mental health issues, reducing mental health discrimination, and increasing social inclusion for people with experience of mental distress through the #IAMREAL Cabinet Painting Project 2018”		
Dates:	01/02/2018 - 01/04/2018	Rain dates:	-
People delivering:	4 team members	People reached:	The entire Otara and Papatoetoe Community plus an online audience.

Community benefits

Identified community outcomes:

Advocacy: Provide a unique opportunity for young people to raise awareness about issues important to them by expressing themselves through their art.

Engagement: Engages young people in a meaningful opportunity & encourages conversation about important topics.

Environment: Beautify our environment in an inspiring and motivating way.

Wellbeing: Aims to positively impact, inspire and uplift the viewer directly.

Alignment with local board priorities:

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Enable young and old to participate in employment, education, training and community service

The #IAMREAL Cabinet Painting Project aims to support Otara Papatoetoe Local Board Priorities by utilising the creative skills of our young people to beautify our community and advocate for important issues our people face.

Collaborating organisation/individual	Role
CHORUS Ltd.	Provide Permission to paint Cabinets.
Creative Giants	Creative Community of Artists

Demographics

Maori outcomes:

- Māori involvement in the design/concept

We will incorporate Maori and Pacific philosophies into our creative design knowing the power of cultural inclusion and cultural identity to effectively advocate our message of the importance in healthy families.

Target ethnic groups: All/everyone

Promoting SmokeFree: We aim to beautify our community and advocate healthy choices, becoming a healthy member of the community and making positive social impact in the world around us as young people. A Smoke-free Auckland aligns with our core values as a community organisation and individuals. None of our members are smokers.

Deaf Wellbeing Society Incorporated

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Deaf Wellbeing Arts and Craft Coordinator

Location:	Melville Cricket Pavilion, Gillies Avenue		
Summary:	A community centre for the Deaf, where art and craft projects are taught using volunteer art teachers and using volunteer New Zealand Sign Language interpreters. Giving the Deaf community the access to arts and crafts that they may not have had the opportunity to experience due to language barriers and teaching them in a Deaf friendly environment.		
Dates:	01/02/2018 - 18/01/2019	Rain dates:	-
People delivering:	10	People reached:	150

Community benefits

Identified community outcomes:

By providing a Deaf friendly art and craft class we will be able to allow the Auckland Deaf community to experience and express themselves artistically. Give them the opportunity to try something new that language barriers may have prevented them from trying. Our Deaf people will feel safe being in a Deaf environment and will be able to participate in their community group fully. Young Deaf people will have the opportunity to be teachers of certain art class themes and to see Deaf role models in action.

Alignment with local board priorities:

- Community-led development
- Enable young and old to participate in employment, education, training and community service

We have to hold our centre in a central location. Deaf Aucklanders are spread through out Auckland and there is not the funds or resources to hold our Deaf Wellbeing Centre in every area. Deaf need to feel valued and empowered. Our Deaf Wellbeing Centre will create opportunities for the Deaf to experience new forms of arts and crafts. Allow them to express themselves through art. Our art teachers come from a wide range of ethnic backgrounds and are volunteers. Our NZSL interpreters are year 2 and 3 AUT volunteer students that require real life experience. We aim to expose and celebrate our Deaf culture. There are currently approx 50 Deaf in the Otara Papatoetoe area that may attend our centre.

Collaborating organisation/individual	Role
AUT New Zealand Sign Language Interpreters	providing volunteer interpreters
Geneva Elevator	send clients to attend the classes
Volunteering Auckland	advertises our teaching roles on their website
Emerge Aotearoa	send clients to attend the classes

Demographics

Maori outcomes:

- Māori involvement in the design/concept

Some of our volunteer teachers are Maori. This is important as it provides a role model for Deaf Maori youth. Some of the craft classes will have a Maori theme. Eg, Harakeke weaving and Toi whakairo with soap.

Target ethnic groups: All/everyone

Promoting SmokeFree: We will print the smoke free logo on our flyers and face book posts and created events.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	%	%	%	%	%	100%

Financial information

Amount requested: \$1,400.00

Requesting grant for: We have funding from Maungakiekie- Tamaki local board for venue hire until 01/06/18. We request funding towards a coordinator for the art and craft lessons. Ideally we would like to employ a Deaf coordinator for 8 hours a week but are requesting 1 hour per week from Otara Papatōetoe. (the rest we will apply for from other local boards)

If full amount requested is not able to be funded:

Employing a disabled person to help other disabled people is a positive situation. It does not only help the disabled individual earn a living through independence, but it encourages all other disabled people by providing a role model and leader. If we could only get partial funding it would be most beneficial to be put towards a salary.

Cost of participation: Entry to the class will be \$5 this is to cover morning tea.

Total expenditure	Total income	Other grants approved	Applicant contribution
\$19,793.06	\$1,000.00	\$16,393.66	\$1,000.00

Expenditure item	Amount
Venue hire: 21 days @\$42.40	\$890.40
8 hours @\$28 per week towards a coordinator	\$11,200.00
Salary for a Deaf CSW present at classes 6.5 hours per fortnight	\$5,000.00
Basic Art supplies	\$702.66
lesson specific art supplies(incidentals required for each theme)	\$2,000.00

Income description	Amount
20 people at \$5 for 25 weeks (unfortunately not everyone can afford to contribute)	\$1,000.00

Life Education Trust Counties Manukau

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: A Pull Apart Torso to teach children preventative health messages

Location:	in our mobile classrooms in the grounds of schools across Otara and Papatoetoe		
Summary:	<p>-Life Education's preventative health programme aims to educate and empower children to make healthy choices which will enable them to live life to the fullest</p> <p>-The PAT (Pull Apart Torso) is used everyday in our mobile classrooms to teach children about how healthy choices can benefit their bodies and how taking substances have negative effects (only taught to intermediate children).</p> <p>-The PAT is up to full medical school teaching standards and has 28 parts</p> <p>-it is an essential resource in our classroom and helps to teach over 7,500 students age 5-13 every year</p> <p>-all lessons using the PAT are planned to be relevant to each year group we teach and are consistently evaluated by the school's teachers who observe them</p>		
Dates:	01/02/2018 - 02/04/2018	Rain dates:	-
People delivering:	1	People reached:	9500 per year

Community benefits

Identified community outcomes:

As part of our preventative health programme in local Otara-Papatoetoe schools, PAT is used to:

- look at where the organs are in relation to each other and how they are connected
- talk about the digestive system, circulatory system and nervous system
- show the children what they kind of look like on the inside e.g. being able to see the veins and arteries inside the lungs so can discuss how oxygen gets into the blood system
- see how the nervous system goes down the spine and by pulling out the removable vertebrae = children are made more aware of workings of their bodies and can share information with their parents and caregivers

Alignment with local board priorities:

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Enable young and old to participate in employment, education, training and community service

All our lessons are based on health & nutrition within the programme strands and the PAT helps instigate discussions for all the following topics:

- 1) Food & Nutrition
- 2) Human Biology
- 3) Relationships & Communities
- 4) Identity & Resilience
- 5) Substances

A parent workshop is offered to families & caregivers at every school where the PAT is used as well

to continue discussions at home & help two-way communication between child & carer. This enables new knowledge to be shared, encouraged & positively

Collaborating organisation/individual	Role
We continually seek and use the latest research from the health sector for new facts that we can use in our lessons eg Department of Health, Heart Foundation, Cancer Society	

Demographics

Maori outcomes:

- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)

As an inclusive organisation we use Te Reo words throughout our lessons and this includes using Te Reo to describe body parts of the PAT and our bodies
 -One of our educators speaks fluent Te Reo which enables us to teach at full immersion schools & kuras to which we have been continually re-invited.

Target ethnic groups: All/everyone

Promoting SmokeFree: -We use the PAT heavily when teaching 'Substances', one of the five core subjects we teach to intermediate students and the negative effects smoking has on your body.
 -We discuss & roleplay the decision-making processes they may come across & go through when seeing their friends & peers smoke or they are offered a variety of substances to smoke.
 -We talk about the effects smoking has on your finances & decision making processes..
 --We are the largest external programme provider working in schools and are proud of the positive trend in the reduced rate of cigarette smoking and marijuana use amongst NZ youth.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
9%	91%	%	%	%	%	%

Financial information

Amount requested: \$1,500.00

Requesting grant for: A PAT - Pull Apart Torso - to help deliver Life Education's preventative health messages

If full amount requested is not able to be funded:

We will put any money granted towards the purchase of a PAT which is critically needed as a much needed resource and fund the rest with our continuous fundraising efforts.

Our cost is \$17.92 per student. We charge schools a nominal fee of \$5 for primary school students age 5 - 11 (receive two lessons)/ \$7 for intermediate students age 11- 13 (receive three lessons)

It looks like we make a profit but the money actually goes straight back into funding the difference between what it costs us per child and what we charge the schools.

Cost of participation: \$1500.00 excl GST

Total expenditure	Total income	Other grants approved	Applicant contribution
\$1,500.00	\$64,790.00	\$1,500.00	\$0.00

Expenditure item	Amount
PAT - Pull Apart Torso	\$1,500.00
