

Six-monthly report to Franklin Local Board

1 July – 31 December 2017

Waitawa Regional Park

1.0 Introduction

This report provides the Franklin Local Board with highlights of ATEED's activities in the Franklin Local Board area for the six months 1 July to 31 December 2017.

This report should be read in conjunction with ATEED's Quarter 1 report to Auckland Council (available at www.aucklandnz.com). Additional information will be also available in the forthcoming Quarter 2 report to the Auckland Council CCO Finance and Performance Committee (available 12 March). Although these reports focus primarily on the breadth of ATEED's work at a regional level, much of the work highlighted has significant local impact.

ATEED's Strategic Framework

ATEED's Strategic Framework (Figure 1 below), clearly articulates ATEED's role in enabling Auckland to be a world-class city where talent wants to live, by focussing on five key priorities:

1. Grow the visitor economy
2. Build a culture of innovation and entrepreneurship
3. Attract business and investment
4. Grow and attract skilled talent
5. Build Auckland's global identity.

Through these objectives, we can connect Auckland-wide strategies (the Auckland Plan and Economic Development Strategy) and ATEED's ongoing strategic interventions, growth programmes and projects. The framework below provides the organisation with focus on those areas of our role that will make a difference to Auckland both regionally and locally. The key strategic objectives are supported by more detailed action plans, investment proposals and delivery partnerships.

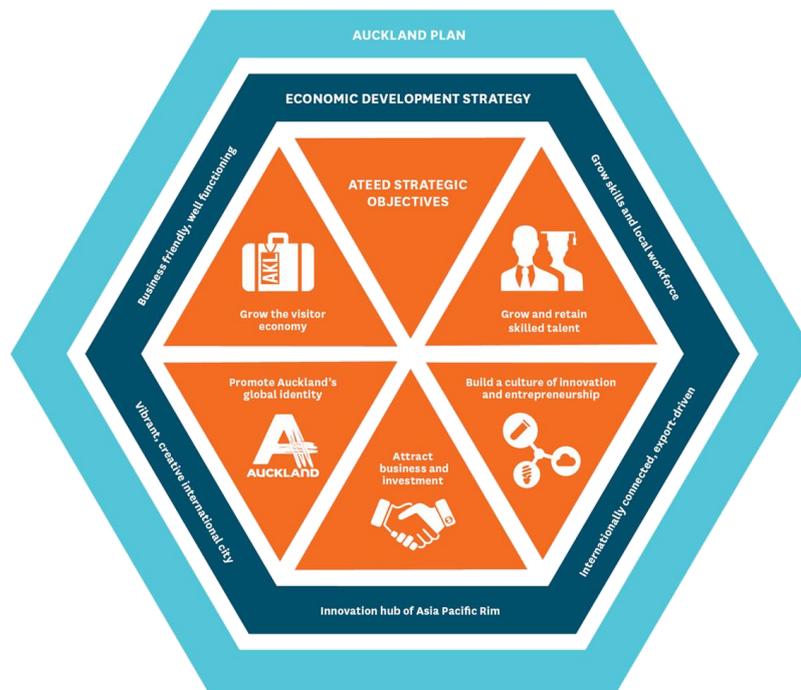

Figure 1 – ATEED's Strategic Framework¹

¹ As per ATEED's Statement of Intent 2017-20

ATEED works with local boards, Council and CCOs to support decision-making on local economic growth and facilitates or coordinates the delivery of local economic development activity. ATEED ensures that the regional activities that ATEED leads or delivers are fully leveraged to support local economic growth and employment. This includes ATEED's support for sub-regional tourism promotion activity and sponsorship, facilitation or delivery of a range of events that, although regional in their reach, have local level impacts.

In addition, ATEED's dedicated Local Economic Development (LED) team works with local boards who allocate Local Development Initiative (LDI) budget to economic development activities. The LED team delivers a range of services² such as the development of proposals, including feasibility studies that enable local boards to directly fund or otherwise advocate for the implementation of local initiatives.

ATEED delivers its services at the local level through business hubs based in the north, west and south of the region, as well as its central office at 139 Quay Street.

ATEED's hub in south Auckland is located at 31-33 Manukau Station Road, Manukau, Auckland.

Additional information about ATEED's role and activities can be found at www.aucklandnz.com/ateed

2.0 Franklin Local Board priority economic growth initiatives

ATEED's Local Economic Development team is responsible for managing the delivery of the Local Board's locally-driven initiatives (LDI) budget allocation.

This includes the following projects:

1. Research to identify the value of the rural sector to the Franklin Local Board area

Horticulture and agriculture are important sectors in Franklin, and is supported in the Local Board's LED Action Plan (1.8 Advocacy for management of impacts from residential and other uses' growth on land used for high-value horticulture).

During the period, a memo was circulated to the Local Board outlining several options for this work. ATEED is currently awaiting a response from Horticulture New Zealand regarding progressing discussions. The horticulture sector field trip, led by Horticulture New Zealand was held on the 31 January 2018, and the LED Action Plan refresh is underway. The field trip was well attended by members and councillors, and provided good insight in to some of the challenges the sector faces. These items will inform the final development of the scope for this project.

2. Refresh Franklin LED Action Plan

During the period, scope for the project was developed and circulated to the Local Board for discussion at the workshop on 10 October 2017. The project brief was issued and a contractor appointed. The contractor has since commenced work and has met with the Local Board at a workshop to understand their expectations of the assignment.

² This activity is subject to local boards prioritising local economic development, and subsequently allocating funding to local economic development through their local board agreements.

3. Lion Foundation Young Enterprise Scheme (YES) - funding contribution

Kick Start days (formerly known as E-days) are being delivered by ATEED with support from the Auckland Chamber of Commerce. ATEED's role includes management of the funds provided by Local Boards for the 2018 Kick Start days. As in previous years, there will be five sub-regional events delivered across the region. The new Auckland Chamber of Commerce team will be inviting Local Board members to participate either as student mentors or as observers on the day. More detail about the YES programme is listed under section 5.1 of this report.

4. Pukekohe Prospectus

The purpose of this activity is to provide funding to the Pukekohe Business Association to assist them with the costs of printing and distribution of the Pukekohe Prospectus that was developed in 2017. During the period, printing was completed and payment is being arranged (awaiting a transfer of funds from Plans and Places to ATEED).

5. Support Stage 2 of Development of Hunua Cycle Trail

Stakeholders including Auckland Council Parks, Watercare, Mana Whenua, ATEED and the Local Board have met on a regular basis to progress this. An approach for the development of the trails has been agreed. During the period, the Local Board agreed to appoint a project manager to establish a trust to further the development of the trail. A brief has been developed and is in Council's procurement system with a deadline for submissions in late January. Submissions have been received and the successful contractor will be notified and commence in February.

6. Tongzhou Collaborative Partnership

The Local Board Chair responded to the invitation made in 2016 from the Deputy Mayor of Tongzhou to send a delegation to China. Awaiting a response from Tongzhou before proceeding.

Progress on the delivery of these projects will be reported via the quarterly local board work programme report, generated by Local Board Services.

2.1 ATEED engagement with Franklin Local Board

During the period, ATEED provided a range of advice and information to local boards covering local economic development and tourism initiatives to support their preparations and planning for the Long Term Plan. Councillors have been working through the Long Term Plan, particularly gaining agreement on key items that will be included in the public consultation. ATEED introduced the Destination Strategy to Councillors at an Environment and Community Committee workshop during the end of Q2, and to local board chairs at the Local Board Chair Forum. Individual councillors have met ATEED's GM Destination, and GM Business Attraction and Investment for various ward-based interests.

Support for local tourism

As noted above, ATEED continued to engage with the Local Board regarding the development of the Hunua cycle trail. The governance criteria was identified for the group during the period, and it was determined that the Local Board will lead the establishment of a trust to oversee the trail. The Local Board has allocated \$25,000 to establish the trust, with part of the funds being used to employ a project manager.

The primary point of contact for the Franklin Local Board is Paul Robinson, Local Economic Growth Manager. Paul can be contacted on paul.robinson@aucklandnz.com

3.0 Build a culture of innovation and entrepreneurship

3.1 Supporting business growth by facilitating connections to experts, resources and co-funding

ATEED's business support teams are based in each of the local business hubs to support the growth of Auckland's key internationally-competitive sectors and the city's infrastructure, by assisting local small to medium companies to grow and innovate. A key programme in achieving this is the Regional Business Partnership Network (RBPN) delivered by ATEED's Business and Innovation Advisors, whose role is to connect local businesses to experts and mentors in innovation, R&D and business growth and management. The RBPN allows ATEED to facilitate government funding to qualifying businesses, in the form of Callaghan Innovation R&D grants and RPB business capability vouchers on behalf of NZTE. Every year, these advisors meet approximately 1100 local Auckland companies to understand the opportunities and challenges faced by each company, and connect them to opportunities and support from the business support ecosystem, in conjunction with ATEED and Auckland Council initiatives.

3.2 Business capability building

14 businesses in the Franklin Local Board area met with Business and Innovation Advisors about business capability and received action plans

ATEED focuses on supporting the development of the capability of small businesses by improving business management skills. This is done by carrying out a discovery meeting, assessing the areas of need, and referring the business owner to experts to build their knowledge of business growth. If applicable, the business may be issued a RBPN training/capability development voucher of up to \$5,000 per annum to co-fund eligible business training via registered service providers. This is prioritised to businesses accessing this expert advice for the first time.

There were six vouchers issued to businesses in the Franklin Local Board area to assist with business capability training.

3.3 Innovation and research and development (R&D) advice and assistance to access co-funding

1 business in the Franklin Local Board area met to discuss innovation and research and development requirements.

One business met to discuss their innovation and/or R&D plans with one of the ATEED team and were connected to experts, programmes and/or assisted to apply for Callaghan Innovation project or student grants.

3.4 Connecting businesses

10 Franklin businesses were connected with other opportunities or organisations that may assist their growth and development.

During this period, ATEED's Business and Innovation Advisors connected businesses to the following opportunities or organisations to assist their growth and development:

- Business Mentors New Zealand - 5
- Service providers - 19
- ATEED staff or initiatives – 5
- Other - 10

3.5 Other support for new businesses

Workshops and business clinics

Business clinics offering advice on business challenges and/or ideas are available for those who don't initially wish to register for RBPN services. Four businesses from the Franklin Local Board area attended a business clinic.

3.6 Business and networking events

ATEED supports and runs a number of business and networking events to support and grow businesses.

During the period 1 July to 31 December 2017, approximately 1260 attendees from across the Auckland region attended networking events.

3.7 Business awards

Following a full review of the Local Economic Growth, and Business and Enterprise teams' engagement in the Westpac Auckland Business Awards programme, ATEED has formally agreed a revised agreement for the 2018 programme with the Auckland Chamber of Commerce. ATEED will continue to partner with the Chamber to deliver the programme, however under the new arrangements, the chamber will deliver the awards using its own resource (not ATEED resources), including all workshops, business coaching, marketing material and all associated administrative support. ATEED will nominate companies that are considered to be suitable for the programme. ATEED will continue to be recognised as a delivery partner, maintain an equal branding presence, nominate a guest speaker at the event dinners, and will continue to receive an allocation of two tables at the regional gala dinners and four tables at the 'Best of the Best' dinner each year.

A full schedule of upcoming events can be found on www.aucklandnz.com/business (search keyword: business events).

4.0 Attract business and investment

4.1 Filming activity within the Franklin Local Board area

ATEED's Screen Auckland team facilitated 9 permits for filming television commercials, television programmes, a photo shoot, and a feature film at locations in the Franklin Local Board area.

ATEED's Screen Auckland team provides film facilitation services as part of ATEED's support for the screen and digital sector of Auckland's economy. Screen Auckland facilitates, processes and issues film permits for filming activity in public open space. The team follows robust operational processes, managing filming requests and facilitating liaison with key stakeholders and local boards.

Between 1 July and 31 December 2017, a total of nine film permits³ were issued in the Franklin Local Board area.

At a regional level during the same period, 319 film permits were issued in the Auckland region.

5.0 Grow and attract skilled talent

5.1 Growing youth entrepreneurship

Lion Foundation Young Enterprise Scheme (YES)

There are two schools in the Franklin Local Board area currently participating in the YES programme.

The schools include: Pukekohe High School and Waiuku College.

Non-participating schools are: Pukekohe Christian School and Wesley College.

ATEED has delivered the Lion Foundation Young Enterprise Scheme (YES) across Auckland on behalf of the Young Enterprise Trust. The scheme encourages year 12 and 13 students to embrace innovation and business by forming a legal company to produce and sell real-life goods and services.

There were 55 schools participating in the YES programme for 2017, with 1299 students completing the programme. Six Auckland YES companies were recognised at the national awards held in Wellington on 6 December. First place overall went to Olelei from Henderson High School, followed by Clear Free from Rangitoto College in second place. Four other YES Auckland teams were also rewarded with National Excellence awards.

On 1 January 2018, the Auckland Chamber of Commerce became the new delivery partner for the YES. ATEED will maintain a strategic role.

³ A film permit may be issued for filming at multiple locations.

5.2 Youth Employment

Youth Employer Pledge

There are 69 leading Auckland employers who have formally committed to the Youth Employer Pledge.

Through the Youth Employer Pledge, leading Auckland employers formally commit to increasing youth employment and developing their future workforce.

By 30 October, 69 Auckland employers formally committed to the Youth Employer Pledge. The Statement of Intent target requires ATEED to maintain a pool of 50 signatories. These commitments represent approximately 265 youth employment and employability opportunities across key Auckland industries⁴ including hospitality, construction / infrastructure, digital / ICT, and services industries.

#BuildAKL campaign

265 youth helped into employment by ATEED-supported programmes

In the six months to 31 December, 265 youth had been helped into employment by ATEED-supported programmes, including 140 youth recruited by the 70 employers who participated in JobFest (West) held in October 2017.

#BuildAKL campaign results showed that an estimated 1500 young Aucklanders gained employment, and 3000 into direct study/training pathways as a result of campaign exposure. These results were well-received by campaign partners during a presentation to them on 6 December.

JobFest – 11 October 2017

There were 70 businesses who participated in JobFest, held at the Trusts Arena in West Auckland in October.

JobFest (www.jobfest.co.nz) brings together young Auckland job seekers aged 18-24 years and potential employers and job opportunities.

The event is developed and managed by the ATEED Skills team, and delivered by ATEED's Major Events team in partnership with Auckland Council Youth Connections, the Ministry of Social Development (MSD), Careers New Zealand, The Tindall Foundation, and Auckland employers.

On 11 October, approximately 845 young people from across Auckland attended JobFest at The Trusts Arena in West Auckland. Although the number of attendees is lower than previous JobFest events, this JobFest had a specific focus on

⁴ Note, this data is only available at a regional level

NEET (not in employment, education or training) youth and attracting youth attendees. About 69 per cent of attendees were aged 16-24, and 65 per cent of those were NEET. This is the highest percentage of NEET youth to have ever attended JobFest (about twice as many as the May event).

The top three ethnicity selections of attendees were:

1. New Zealand European
2. Māori and Pacific Peoples communities
3. Indian.

About 70 employers exhibited at the October JobFest event. Employers were divided into zones of construction (#Build AKL), west and local job zone, hospitality zone, health sector zone, recruitment agencies, ICT job zone, MSD zone, and a miscellaneous zone.

Based on feedback received from employers to date, the following outcomes can be estimated⁵:

- About 4550 CVs were received in total. This is an average of 65 CVs received per JobFest employer.
- Approximately 1,260 CVs were short-listed for jobs and followed up by employers. This is an average of 18 short-listed candidates per employer.
- There were 420 in-person interviews in total either on the day or in person following JobFest. This is an average of six in-person interviews per employer.
- A total of 280 job offers were made following the event. This is an average of three job offers per employer.
- Approximately 140 people were employed directly as a result of this event. This is an average of two employed people per employer.

Of the 845 JobFest attendees, approximately 198 were in receipt of a Work and Income benefit prior to the event. About 30 of these are no longer receiving a benefit six weeks after JobFest⁶.

⁵ Please note that many of the attendees who handed in CVs were short-listed and interviewed with more than one employer from the event, hence the numbers appear higher than the number of attendees on the day.

⁶ It is yet to be determined if this result is directly due to JobFest, or whether these young people are reflected in the statistics provided by the employers above.

6.0 Grow the Visitor Economy

			
Visitor spend \$8b – up 6.5 per cent compared to the previous year	Satisfaction with ATEED delivered events - 89 per cent for the 2016/17 year	Business event bid win/loss ratio (based on results received in financial year) – 53 per cent (target is 60 per cent)	83,609 international students in Auckland annually, worth \$2.2b to economy – 63 per cent of New Zealand's market share

6.1 Delivering on the Auckland Visitor Plan

The *Auckland Visitor Plan 2021* is one of ATEED's key strategic pillars. The visitor economy continues to grow as the Auckland Visitor Plan, launched by ATEED in 2011, and other related strategies, continue to deliver great results. ATEED's Tourism, Major Events, Auckland Convention Bureau, and Study Auckland teams all contribute to Auckland's visitor economy through the work that the teams deliver.

In the year to October 2017, total tourism spend in Auckland was \$8b, up 6.5 per cent on the previous year. International spend was \$4.3b, up 8.1 per cent for the year. Domestic spend was \$3.7b, and had increased by 4.7 per cent. The year to October 2017 saw 2.64m international visitor arrivals, an increase of 8.6 per cent compared to the previous year. There were 196,064 international visitors in October, up 4.3 per cent compared to October 2016. Holiday visitor arrivals contributed the most to the annual growth, numbers were up 9.5 per cent on the previous 12 months.⁷ The latest visitor statistics are due at the end of February.

The 2017 Spring campaign, *'Love Your Weekend'* featuring proud Aucklanders, Sir John Kirwan was in market from 1 September until 31 November 2017. The campaign targeted local Aucklanders with the objective of growing awareness, local knowledge, pride and the propensity to recommend Auckland as a holiday destination to visiting friends and relatives (VFR). VFR makes up a large portion of visitation to Auckland, with 30 per cent of domestic visitors⁸ and over 43 per cent Australian visitors here for the purpose of visiting friends and family⁹. As hosts, this makes Aucklanders huge influencers on what their guests choose to do and how much they spend while here, in turn shaping the impression these visiting friends and family leave with and the Auckland story they have to tell.

The campaign used the following media channels; TVC, online videos (OnDemand, pre-roll, social), online banners and adshells. There were six regional videos (shown in the table below) featuring Sir

⁷ Source: ITM data, Statistics NZ

⁸ Source: VIP Programme

⁹ Source: Statistics NZ

John Kirwan, each one showcasing the region and highlighting some of the locations and attractions in the region as well as one TVC which ran on TV1.

Table 1 – Regional locations highlighted in the Spring campaign

1. North Auckland	2. South Auckland
Goat Island - Clearyaks	Ambury Regional Park
Tawharanui Beach	Otara Markets
Leigh Sawmill Brewery	Rainbows End
Devonport	Butterfly Creek
3. Hauraki Gulf & Islands	4. West Auckland
Kawau Island	Horse Riding - Woodhill Forest
Rotoroa Island	Muriwai Beach/Cliff tops
Great Barrier Island	Hunting Lodge Winery
5. East Auckland	6. Central Auckland
Omana Regional Park	Pah Homestead (Hillsborough)
Clevedon Market	Home Bay (Herne Bay)
Howick Historical Village	Mt Eden
McNicoll Historic Homestead	One Tree Hill

Campaign evaluation research results¹⁰ show that perceptions of the Auckland region amongst the target audience are favourable overall, and that local residents see Auckland as being a place that offers lots to see and do, and it is a region that they are proud of. The campaign motivated 27 per cent of the audience to get out to the regions, which is considered to be a very positive result.

When promoting the Auckland region, the key motivation factors for audiences include the food and beverage scene, beaches, scenery and range of experiences and attractions available.

ATEED also administers Auckland's official visitor information website. The website contains pages focused on destinations in the Franklin Local Board area, and provides visitors with information about where to go, what to do, and where to stay.

6.2 Delivering on Auckland's Major Events Strategy

ATEED is responsible for the attraction and delivery of major events that align with *Auckland's Major Events Strategy* (MES). The MES identifies four key outcomes which are sought from major events - the ability to expand Auckland's economy, increase visitor nights, enhance Auckland's liveability, and increase Auckland's international profile. ATEED's role in major events differs for each event, however can include attraction, delivery, facilitation and business leverage activities.

¹⁰ Source: TNS Research

Delivered, sponsored and facilitated events

ATEED delivered the Auckland Diwali Festival during Q2. Total unique attendance across the whole weekend of Diwali was 54,700 and a gross attendance of 68,100 (some people attended both event days), which was higher than estimates from previous years. A new and more advanced counting methodology was used, and aligns with the methodology applied to other ATEED delivered events (Tāmaki Herenga Waka Festival, Auckland Lantern Festival and Pasifika Festival). Prior to this, counts were based on photos taken at regular intervals.

Residents in the Franklin Local Board area were also able to enjoy events sponsored by ATEED, including the New Zealand International Film Festival, Matilda the Musical, Rugby League World Cup, the ASB Auckland Marathon, ITM Auckland SuperSprint, and the Farmers Santa Parade to name a few.

A full schedule of major events is available on ATEED's website, aucklandnz.com

6.3 Delivering on Auckland's Business Events Plan

Auckland's Business Events Plan sets a target of growing the business events sector's contribution to the Auckland economy from \$236m in 2013 to \$430m in 2023, and increasing the total number of delegate days to Auckland from 1.98m to 2.55m over the same 10-year period. The *Business Events Plan* works in tandem with the *Auckland Visitor Plan* and *Major Events Strategy* to develop our city as a global events destination.

There were 23 international business event bids submitted or supported as at 31 December (target being 35). Some key highlights include:

- Convention of the International Confederation of Principals 2021 – 1000 delegates, 4000 visitor nights and estimated spend of \$1.4m.
- International Society for Microbial Ecology Symposium 2022 – 1800 delegates, 12,000 visitor nights and estimated tourism spend of \$4.2m.
- AAID Global Conference 2018 – 400 delegates, 1550 visitor nights and estimated tourism spend of \$554,590.

The value of business event bids won in financial year stood at \$8.9m as at 31 December. The three conferences above bring ATEED closer to achieving the annual SOI target of \$22m.

6.4 Delivering on Study Auckland's initiatives

International student enrolments in New Zealand increased by 6 per cent, to 131,609 enrolments in the 2016 academic year. The economic value of New Zealand's international education industry in 2016 is now estimated to be \$4.5b (including \$4.2b onshore and \$242m offshore), an increase of \$200m compared to the 2015 student numbers. Auckland's contribution of this figure is estimated at \$2.25b¹¹, with more than 83,000 international students in Auckland, contributing to 63 per cent market share of New Zealand. The 2016/17 results are expected in August 2018.

The Study Auckland team is partnering with tertiary partners and Ngāti Whātua Ōrākei to pilot a 'Global Citizen' youth leadership programme for tertiary students. The purpose of the pilot is to increase the cultural understanding, social inclusion and leadership potential of international students living in Auckland. This work will build on the innovative values-based international leadership programmes developed by Ngāti Whātua Ōrākei with leading companies including Air New Zealand, Fonterra, Auckland Airport, Westpac and Microsoft. The vision of the leadership programme is that Auckland will be regarded as a progressive education city that appeals to globally connected youth and emerging talent. ATEED's Study Auckland team has received ministerial confirmation from the Ministry of Education regarding a funding application to deliver this project. Planning for the project will commence in early 2018, to attract international students arriving for the semester one intake.

The Study Auckland team is also currently in discussion with the Centre Manager of the Ellen Melville Community Centre to co-design a specialised student engagement programme targeted at international students living and studying in the CBD. This programme design will commence during Q3 of the financial year.
